(b) The Secretary shall, upon the request of any State having in effect a State plan approved under this part, certify to the Secretary of the Treasury for collection pursuant to the provisions of section 6305 of the Internal Revenue Code of 1954³⁰ the amount of any child support obligation (including any support obligation with respect to the parent who is living with the child and receiving assistance under the State program funded under part A) which is assigned to such State or is undertaken to be collected by such State pursuant to section 454(4). No amount may be certified for collection under this subsection except the amount of the delinquency under a court or administrative order for support and upon a showing by the State that such State has made diligent and reasonable efforts to collect such amounts utilizing its own collection mechanisms, and upon an agreement that the State will reimburse the Secretary of the Treasury for any costs involved in making the collection. All reimbursements shall be credited to the appropriation accounts which bore all or part of the costs involved in making the collections. The Secretary after consultation with the Secretary of the Treasury may, by regulation, establish criteria for accepting amounts for collection and for making certification under this subsection including imposing such limitations on the frequency of making such certifications under this subsection.

(c) The Secretary of the Treasury shall from time to time pay to each State for distribution in accordance with the provisions of section 457 the amount of each collection made on behalf of such State pursuant to subsection (b).

(d)(1) Except as provided in paragraph (3), the Secretary shall not approve the initial and annually updated advance automated data processing planning document, referred to in section 454(16), unless he finds that such document, when implemented, will generally carry out the objectives of the management system referred to in such subsection, and such document

(C) sets forth the security and interface requirements to be employed in such management system,

(E) contains an implementation plan and backup procedures to handle possible failures,

³⁰So in law. The reference to the Internal Revenue Code of 1954 probably should be to the Internal Revenue Code of 1986. See section 2 of Public Law 99-514.

(F) contains a summary of proposed improvement of such management system in terms of qualitative and quantitative benefits, and

(G) provides such other information as the Secretary determines under regulation is necessary.

(2)(A) The Secretary shall through the separate organizational unit established pursuant to subsection (a), on a continuing basis, review, assess, and inspect the planning, design, and operation of, management information systems referred to in section 454(16), with a view to determining whether, and to what extent, such systems meet and continue to meet requirements imposed under paragraph (1) and the conditions specified under section 454(16).

(B) If the Secretary finds with respect to any statewide management information system referred to in section 454(16) that there is a failure substantially to comply with criteria, requirements, and other undertakings, prescribed by the advance automated data processing planning document theretofore approved by the Secretary with respect to such system, then the Secretary shall suspend his approval of such document until there is no longer any such failure of such system to comply with such criteria, requirements, and other undertakings so prescribed.

(3) The Secretary may waive any requirement of paragraph (1) or any condition specified under section 454(16), and shall waive the single statewide system requirement under sections 454(16) and 454A, with respect to a State if—

(A) the State demonstrates to the satisfaction of the Secretary that the State has or can develop an alternative system or systems that enable the State—

(i) for purposes of section 409(a)(8), to achieve the paternity establishment percentages (as defined in section 452(g)(2)) and other performance measures that may be established by the Secretary;

(ii) to submit data under section 454(15)(B) that is complete and reliable;

(iii) to substantially comply with the requirements of this part; and

(I) meet all functional requirements of sections 454(16) and 454A;

(II) ensure that calculation of distributions meets the requirements of section 457 and accounts for distributions to children in different families or in different States or sub-State jurisdictions, and for distributions to other States;

(III) ensure that there is only one point of contact in the State which provides seamless case processing for all interstate case processing and coordinated, automated intrastate case management;

(IV) ensure that standardized data elements, forms, and definitions are used throughout the State;

(V) complete the alternative system in no more time than it would take to complete a single statewide system that meets such requirement; and

(VI) process child support cases as quickly, efficiently, and effectively as such cases would be processed through a single statewide system that meets such requirement;

(B)(i) the waiver meets the criteria of paragraphs (1), (2), and (3) of section 1115(c); or

(ii) the State provides assurances to the Secretary that steps will be taken to otherwise improve the State's child support enforcement program; and

(C) in the case of a request to waive the single statewide system requirement, the State has submitted to the Secretary separate estimates of the total cost of a single statewide system that meets such requirement, and of any such alternative system or systems, which shall include estimates of the cost of developing and completing the system and of operating and maintaining the system for 5 years, and the Secretary has agreed with the estimates.

(e) The Secretary shall provide such technical assistance to States as he determines necessary to assist States to plan, design, develop, or install and provide for the security of, the management information systems referred to in section 454(16).

(f) The Secretary shall issue regulations to require that State agencies administering the child support enforcement program under this part enforce medical support included as part of a child support order whenever health care coverage is available to the noncustodial parent at a reasonable cost. A State agency administering the program under this part may enforce medical support against a custodial parent if health care coverage is available to the custodial parent at a reasonable cost, notwithstanding any other provision of this part. Such regulation shall also provide for improved information exchange between such State agencies and the State agencies administering the State medicaid programs under title XIX with respect to the availability of health insurance coverage. For purposes of this part, the term "medical support" may include health care coverage, such as coverage under a health insurance plan (including payment of costs of premiums, co-payments, and deductibles) and payment for medical expenses incurred on behalf of a child.

(g)(1) A State's program under this part shall be found, for purposes of section 409(a)(8), not to have complied substantially with the requirements of this part unless, for any fiscal year beginning on or after October 1, 1994, its paternity establishment percentage for such fiscal year is based on reliable data and (rounded to the nearest whole percentage point) equals or exceeds—

(A) 90 percent;

(B) for a State with a paternity establishment percentage of not less than 75 percent but less than 90 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 2 percentage points;

(C) for a State with a paternity establishment percentage of not less than 50 percent but less than 75 percent for such fiscal year, the paternity establishment percentage of the State

for the immediately preceding fiscal year plus 3 percentage points;

(D) for a State with a paternity establishment percentage of not less than 45 percent but less than 50 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 4 percentage points;

(E) for a State with a paternity establishment percentage of not less than 40 percent but less than 45 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 5 percentage points; or

(F) for a State with a paternity establishment percentage of less than 40 percent for such fiscal year, the paternity establishment percentage of the State for the immediately preceding fiscal year plus 6 percentage points.

In determining compliance under this section, a State may use as its paternity establishment percentage either the State's IV-D paternity establishment percentage (as defined in paragraph (2)(A)) or the State's statewide paternity establishment percentage (as defined in paragraph (2)(B)).

(2) For purposes of this section—

(A) the term “IV-D paternity establishment percentage” means, with respect to a State for a fiscal year, the ratio (expressed as a percentage) that the total number of children—

(iii) the paternity of whom has been established or acknowledged, bears to the total number of children born out of wedlock and (except as provided in such last sentence) with respect to whom assistance was being provided under the State program funded under part A as of the end of the preceding fiscal year or with respect to whom services were being provided under the State's plan approved under this part as of the end of the preceding fiscal year pursuant to an application submitted under section 454(4)(A)(ii);

(B) the term “statewide paternity establishment percentage” means, with respect to a State for a fiscal year, the ratio (expressed as a percentage) that the total number of minor children—

(i) who have been born out of wedlock, and

(ii) the paternity of whom has been established or acknowledged during the fiscal year, bears to the total number of children born out of wedlock during the preceding fiscal year; and

(C) the term “reliable data” means the most recent data available which are found by the Secretary to be reliable for purposes of this section.

For purposes of subparagraphs (A) and (B), the total number of children shall not include any child with respect to whom assistance is being provided under the State program funded under part A by reason of the death of a parent unless paternity is established for such child or any child with respect to whom an applicant or recipient is found by the State to qualify for a good cause or other exception to cooperation pursuant to section 454(29).

(3)(A) The Secretary may modify the requirements of this subsection to take into account such additional variables as the Secretary identifies (including the percentage of children in a State who are born out of wedlock or for whom support has not been established) that affect the ability of a State to meet the requirements of this subsection.

(B) The Secretary shall submit an annual report to the Congress that sets forth the data upon which the paternity establishment percentages for States for a fiscal year are based, lists any additional variables the Secretary has identified under subparagraph (A), and describes State performance in establishing paternity.

(h) The standards required by subsection (a)(1) shall include standards establishing time limits governing the period or periods within which a State must accept and respond to requests (from States, jurisdictions thereof, or individuals who apply for services furnished by the State agency under this part or with respect to whom an assignment pursuant to section 408(a)(3) is in effect) for assistance in establishing and enforcing support orders, including requests to locate noncustodial parents, establish paternity, and initiate proceedings to establish and collect child support awards.

(i) The standards required by subsection (a)(1) shall include standards establishing time limits governing the period or periods within which a State must distribute, in accordance with section 457, amounts collected as child support pursuant to the State’s plan approved under this part.

(j) Out of any money in the Treasury of the United States not otherwise appropriated, there is hereby appropriated to the Secretary for each fiscal year an amount equal to 1 percent of the total amount paid to the Federal Government pursuant to a plan approved under this part during the immediately preceding fiscal year (as determined on the basis of the most recent reliable data available to the Secretary as of the end of the third calendar quarter following the end of such preceding fiscal year) or the amount appropriated under this paragraph³¹ for fiscal year 2002, whichever is greater, which shall be available for use by the Secretary, either directly or through grants, contracts, or interagency agreements, for—

(1) information dissemination and technical assistance to States, training of State and Federal staff, staffing studies, and related activities needed to improve programs under this part

³¹ So in law. The word “paragraph” in subsection (j) probably should read “subsection”.

(including technical assistance concerning State automated systems required by this part); and

(2) research, demonstration, and special projects of regional or national significance relating to the operation of State programs under this part.

The amount appropriated under this subsection shall remain available until expended.

(k)(1) If the Secretary receives a certification by a State agency in accordance with the requirements of section 454(31) that an individual owes arrearages of child support in an amount exceeding \$2,500, the Secretary shall transmit such certification to the Secretary of State for action (with respect to denial, revocation, or limitation of passports) pursuant to paragraph (2).

(2) The Secretary of State shall, upon certification by the Secretary transmitted under paragraph (1), refuse to issue a passport to such individual, and may revoke, restrict, or limit a passport issued previously to such individual.

(3) The Secretary and the Secretary of State shall not be liable to an individual for any action with respect to a certification by a State agency under this section.

(l) The Secretary, through the Federal Parent Locator Service, may aid State agencies providing services under State programs operated pursuant to this part and financial institutions doing business in two or more States in reaching agreements regarding the receipt from such institutions, and the transfer to the State agencies, of information that may be provided pursuant to section 466(a)(17)(A)(i), except that any State that, as of the date of the enactment of this subsection, is conducting data matches pursuant to section 466(a)(17)(A)(i) shall have until January 1, 2000, to allow the Secretary to obtain such information from such institutions that are operating in the State. For purposes of section 1113(d) of the Right to Financial Privacy Act of 1978, a disclosure pursuant to this subsection shall be considered a disclosure pursuant to a Federal statute.

(m) COMPARISONS WITH INSURANCE INFORMATION.—

(1) IN GENERAL.—The Secretary, through the Federal Parent Locator Service, may—

(A) compare information concerning individuals owing past-due support with information maintained by insurers (or their agents) concerning insurance claims, settlements, awards, and payments; and

(B) furnish information resulting from the data matches to the State agencies responsible for collecting child support from the individuals.

(2) LIABILITY.—An insurer (including any agent of an insurer) shall not be liable under any Federal or State law to any person for any disclosure provided for under this subsection, or for any other action taken in good faith in accordance with this subsection.

(n) The Secretary shall use the authorities otherwise provided by law to ensure the compliance of the United States with any multilateral child support convention to which the United States is a party.

(B) Federal reporting and data exchange required under applicable Federal law.

(2) REQUIREMENTS.—The data exchange standards required by paragraph (1) shall, to the extent practicable—

(B) contain interoperable standards developed and maintained by intergovernmental partnerships, such as the National Information Exchange Model;

(C) incorporate interoperable standards developed and maintained by Federal entities with authority over contracting and financial assistance;

(D) be consistent with and implement applicable accounting principles;

(E) be implemented in a manner that is cost-effective and improves program efficiency and effectiveness; and

(F) be capable of being continually upgraded as necessary.

(3) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed to require a change to existing data exchange standards found to be effective and efficient.

The Secretary shall give priority to requests made by any authorized person described in subsection (c)(1). (2) Notwithstanding any other provision of law, whenever the individual who is the head of any department, agency, or instrumentality of the United States receives a request from the Secretary for information authorized to be provided by the Secretary under this section, such individual shall promptly cause a search to be made of the files and records maintained by such department, agency, or instrumentality with a view to determining whether the information requested is contained in any such files or records. (D) equal to 66 percent of the sums expended by the State during the quarter for an alternative statewide system for which a waiver has been granted under section 452(d)(3), but only to the extent that the total of the sums so expended by the State on or after the date of the enactment of this subparagraph does not exceed the least total cost estimate submitted by the State pursuant to section 452(d)(3)(C) in the request for the waiver;

except that no amount shall be paid to any State on account of amounts expended from amounts paid to the State under section 458 or to carry out an agreement which it has entered into pursuant to section 463. In determining the total amounts expended by any State during a quarter, for purposes of this subsection, there shall be excluded an amount equal to the total of any fees collected or other income resulting from services provided under the plan approved under this part.

(2) The percent applicable to quarters in a fiscal year for purposes of paragraph (1)(A) is—

(A) 70 percent for fiscal years 1984, 1985, 1986, and 1987,

(B) 68 percent for fiscal years 1988 and 1989, and

(C) 66 percent for fiscal year 1990 and each fiscal year thereafter.

(3)(A) The Secretary shall pay to each State, for each quarter in fiscal years 1996 and 1997, 90 percent of so much of the State expenditures described in paragraph (1)(B) as the Secretary finds are for a system meeting the requirements specified in section 454(16) (as in effect on September 30, 1995) but limited to the amount approved for States in the advance planning documents of such States submitted on or before September 30, 1995.

(B)(i) The Secretary shall pay to each State or system described in clause (iii), for each quarter in fiscal years 1996 through 2001, the percentage specified in clause (ii) of so much of the State or system expenditures described in paragraph (1)(B) as the Secretary finds are for a system meeting the requirements of sections 454(16) and 454A.

(ii) The percentage specified in this clause is 80 percent.

(iii) For purposes of clause (i), a system described in this clause is a system that has been approved by the Secretary to receive enhanced funding pursuant to the Family Support Act of 1988 (Public Law 100-485; 102 Stat. 2343) for the purpose of developing a system that meets the requirements of sections 454(16) (as in effect on and after September 30, 1995) and 454A, including systems that have received funding for such purpose pursuant to a waiver under section 1115(a).

(4)(A)(i) If—

³⁷ So in law. The phrase “; and” at the end of subsection (a)(1)(B) probably should be a comma.

(I) the Secretary determines that a State plan under section 454 would (in the absence of this paragraph) be disapproved for the failure of the State to comply with a particular subparagraph of section 454(24), and that the State has made and is continuing to make a good faith effort to so comply; and

(II) the State has submitted to the Secretary a corrective compliance plan that describes how, by when, and at what cost the State will achieve such compliance, which has been approved by the Secretary,

then the Secretary shall not disapprove the State plan under section 454, and the Secretary shall reduce the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the fiscal year by the penalty amount.

(ii) All failures of a State during a fiscal year to comply with any of the requirements referred to in the same subparagraph of section 454(24) shall be considered a single failure of the State to comply with that subparagraph during the fiscal year for purposes of this paragraph.

(B) In this paragraph:

(i) The term “penalty amount” means, with respect to a failure of a State to comply with a subparagraph of section 454(24)—

(I) 4 percent of the penalty base, in the case of the first fiscal year in which such a failure by the State occurs (regardless of whether a penalty is imposed under this paragraph with respect to the failure);

(II) 8 percent of the penalty base, in the case of the second such fiscal year;

(III) 16 percent of the penalty base, in the case of the third such fiscal year;

(IV) 25 percent of the penalty base, in the case of the fourth such fiscal year; or

(V) 30 percent of the penalty base, in the case of the fifth or any subsequent such fiscal year.

(ii) The term “penalty base” means, with respect to a failure of a State to comply with a subparagraph of section 454(24) during a fiscal year, the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the preceding fiscal year.

(C)(i) The Secretary shall waive a penalty under this paragraph for any failure of a State to comply with section 454(24)(A) during fiscal year 1998 if—

(I) on or before August 1, 1998, the State has submitted to the Secretary a request that the Secretary certify the State as having met the requirements of such section;

(II) the Secretary subsequently provides the certification as a result of a timely review conducted pursuant to the request; and

(III) the State has not failed such a review.

(ii) If a State with respect to which a reduction is made under this paragraph for a fiscal year with respect to a failure to comply with a subparagraph of section 454(24) achieves compliance with such subparagraph by the beginning of the succeeding fiscal year,

the Secretary shall increase the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the succeeding fiscal year by an amount equal to 90 percent of the reduction for the fiscal year.

(iii) The Secretary shall reduce the amount of any reduction that, in the absence of this clause, would be required to be made under this paragraph by reason of the failure of a State to achieve compliance with section 454(24)(B) during the fiscal year, by an amount equal to 20 percent of the amount of the otherwise required reduction, for each State performance measure described in section 458A(b)(4) with respect to which the applicable percentage under section 458A(b)(6) for the fiscal year is 100 percent, if the Secretary has made the determination described in section 458A(b)(5)(B) with respect to the State for the fiscal year.

(D) The Secretary may not impose a penalty under this paragraph against a State with respect to a failure to comply with section 454(24)(B) for a fiscal year if the Secretary is required to impose a penalty under this paragraph against the State with respect to a failure to comply with section 454(24)(A) for the fiscal year.

(5)(A)(i) If—

(I) the Secretary determines that a State plan under section 454 would (in the absence of this paragraph) be disapproved for the failure of the State to comply with subparagraphs (A) and (B)(i) of section 454(27), and that the State has made and is continuing to make a good faith effort to so comply; and

(II) the State has submitted to the Secretary, not later than April 1, 2000, a corrective compliance plan that describes how, by when, and at what cost the State will achieve such compliance, which has been approved by the Secretary,

then the Secretary shall not disapprove the State plan under section 454, and the Secretary shall reduce the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the fiscal year by the penalty amount.

(ii) All failures of a State during a fiscal year to comply with any of the requirements of section 454B shall be considered a single failure of the State to comply with subparagraphs (A) and (B)(i) of section 454(27) during the fiscal year for purposes of this paragraph.

(B) In this paragraph:

(i) The term “penalty amount” means, with respect to a failure of a State to comply with subparagraphs (A) and (B)(i) of section 454(27)—

(I) 4 percent of the penalty base, in the case of the 1st fiscal year in which such a failure by the State occurs (regardless of whether a penalty is imposed in that fiscal year under this paragraph with respect to the failure), except as provided in subparagraph (C)(ii) of this paragraph;

(II) 8 percent of the penalty base, in the case of the 2nd such fiscal year;

(III) 16 percent of the penalty base, in the case of the 3rd such fiscal year;

(IV) 25 percent of the penalty base, in the case of the 4th such fiscal year; or

(V) 30 percent of the penalty base, in the case of the 5th or any subsequent such fiscal year.

(ii) The term “penalty base” means, with respect to a failure of a State to comply with subparagraphs (A) and (B)(i) of section 454(27) during a fiscal year, the amount otherwise payable to the State under paragraph (1)(A) of this subsection for the preceding fiscal year.

(C)(i) The Secretary shall waive all penalties imposed against a State under this paragraph for any failure of the State to comply with subparagraphs (A) and (B)(i) of section 454(27) if the Secretary determines that, before April 1, 2000, the State has achieved such compliance.

(ii) If a State with respect to which a reduction is required to be made under this paragraph with respect to a failure to comply with subparagraphs (A) and (B)(i) of section 454(27) achieves such compliance on or after April 1, 2000, and on or before September 30, 2000, then the penalty amount applicable to the State shall be 1 percent of the penalty base with respect to the failure involved.

(D) The Secretary may not impose a penalty under this paragraph against a State for a fiscal year for which the amount otherwise payable to the State under paragraph (1)(A) of this subsection is reduced under paragraph (4) of this subsection for failure to comply with section 454(24)(A).

(b)(1) Prior to the beginning of each quarter, the Secretary shall estimate the amount to which a State will be entitled under subsection (a) for such quarter, such estimates to be based on (A) a report filed by the State containing its estimate of the total sum to be expended in such quarter in accordance with the provisions of such subsection, and stating the amount appropriated or made available by the State and its political subdivisions for such expenditures in such quarter, and if such amount is less than the State’s proportionate share of the total sum of such estimated expenditures, the source or sources from which the difference is expected to be derived, and (B) such other investigation as the Secretary may find necessary.

(2) Subject to subsection (d), the Secretary shall then pay, in such installments as he may determine, to the State the amount so estimated, reduced or increased to the extent of any overpayment or underpayment which the Secretary determines was made under this section to such State for any prior quarter and with respect to which adjustment has not already been made under this subsection.

(3) Upon the making of any estimate by the Secretary under this subsection, any appropriations available for payments under this section shall be deemed obligated.

[(c) Repealed.]

(d) Notwithstanding any other provision of law, no amount shall be paid to any State under this section for any quarter, prior to the close of such quarter, unless for the period consisting of all prior quarters for which payment is authorized to be made to such State under subsection (a), there shall have been submitted by the State to the Secretary, with respect to each quarter in such period (other than the last two quarters in such period), a full and complete report (in such form and manner and containing such infor-

mation as the Secretary shall prescribe or require) as to the amount of child support collected and disbursed and all expenditures with respect to which payment is authorized under subsection (a).

(e)(1) In order to encourage and promote the development and use of more effective methods of enforcing support obligations under this part in cases where either the children on whose behalf the support is sought or their noncustodial parents do not reside in the State where such cases are filed, the Secretary is authorized to make grants, in such amounts and on such terms and conditions as the Secretary determines to be appropriate, to States which propose to undertake new or innovative methods of support collection in such cases and which will use the proceeds of such grants to carry out special projects designed to demonstrate and test such methods.

(2) A grant under this subsection shall be made only upon a finding by the Secretary that the project involved is likely to be of significant assistance in carrying out the purpose of this subsection; and with respect to such project the Secretary may waive any of the requirements of this part which would otherwise be applicable, to such extent and for such period as the Secretary determines is necessary or desirable in order to enable the State to carry out the project.

(3) At the time of its application for a grant under this subsection the State shall submit to the Secretary a statement describing in reasonable detail the project for which the proceeds of the grant are to be used, and the State shall from time to time thereafter submit to the Secretary such reports with respect to the project as the Secretary may specify.

(4) Amounts expended by a State in carrying out a special project assisted under this section shall be considered, for purposes of section 458(b) (as amended by section 5(a) of the Child Support Enforcement Amendments of 1984, to have been expended for the operation of the State's plan approved under section 454.

(5) There is authorized to be appropriated the sum of \$7,000,000 for fiscal year 1985, \$12,000,000 for fiscal year 1986, and \$15,000,000 for each fiscal year thereafter, to be used by the Secretary in making grants under this subsection.

(f) The Secretary may make direct payments under this part to an Indian tribe or tribal organization that demonstrates to the satisfaction of the Secretary that it has the capacity to operate a child support enforcement program meeting the objectives of this part, including establishment of paternity, establishment, modification, and enforcement of support orders, and location of absent parents. The Secretary shall promulgate regulations establishing the requirements which must be met by an Indian tribe or tribal organization to be eligible for a grant under this subsection.

75 percent of the State collections base for the fiscal year.

(B) DATA REQUIRED TO BE COMPLETE AND RELIABLE.—Notwithstanding subparagraph (A), the maximum incentive base amount for a State for a fiscal year with respect to a performance measure described in paragraph (4) is zero, unless the Secretary determines, on the basis of an audit performed under section 452(a)(4)(C)(i), that the data which the State submitted pursuant to section 454(15)(B) for the fiscal year and which is used to determine the performance level involved is complete and reliable.

(C) STATE COLLECTIONS BASE.—For purposes of subparagraph (A), the State collections base for a fiscal year is equal to the sum of—

(i) 2 times the sum of—

(B) This paragraph shall apply only with respect to refunds payable under section 6402 of the Internal Revenue Code of 1954⁴¹ after December 31, 1985.

(3)(A) Prior to notifying the Secretary of the Treasury under paragraph (1) or (2) that an individual owes past-due support, the State shall send notice to such individual that a withholding will be made from any refund otherwise payable to such individual. The notice shall also (i) instruct the individual owing the past-due support of the steps which may be taken to contest the State's determination that past-due support is owed or the amount of the past-due support, and (ii) provide information, as may be prescribed by the Secretary of Health and Human Services by regulation in consultation with the Secretary of the Treasury, with respect to procedures to be followed, in the case of a joint return, to protect the share of the refund which may be payable to another person.

(B) If the Secretary of the Treasury determines that an amount should be withheld under paragraph (1) or (2), and that the refund from which it should be withheld is based upon a joint return, the Secretary of the Treasury shall notify the State that the withholding is being made from a refund based upon a joint return, and shall furnish to the State the names and addresses of each taxpayer filing such joint return. In the case of a withholding under paragraph (2), the State may delay distribution of the amount withheld until the State has been notified by the Secretary of the Treasury that the other person filing the joint return has received his or her proper share of the refund, but such delay may not exceed six months.

(C) If the other person filing the joint return with the named individual owing the past-due support takes appropriate action to secure his or her proper share of a refund from which a withholding was made under paragraph (1) or (2), the Secretary of the Treasury shall pay such share to such other person. The Secretary of the Treasury shall deduct the amount of such payment from amounts subsequently payable to the State agency to which the amount originally withheld from such refund was paid.

(D) In any case in which an amount was withheld under paragraph (1) or (2) and paid to a State, and the State subsequently determines that the amount certified as past-due support was in excess of the amount actually owed at the time the amount withheld is to be distributed to or on behalf of the child, the State shall pay

⁴¹So in law. The reference to the Internal Revenue Code of 1954 probably should be to the Internal Revenue Code of 1986. See section 2 of Public Law 99-514.

the excess amount withheld to the named individual thought to have owed the past-due support (or, in the case of amounts withheld on the basis of a joint return, jointly to the parties filing such return).

(b)(1) The Secretary of the Treasury shall issue regulations, approved by the Secretary of Health and Human Services, prescribing the time or times at which States must submit notices of past-due support, the manner in which such notices must be submitted, and the necessary information that must be contained in or accompany the notices. The regulations shall be consistent with the provisions of subsection (a)(3), shall specify the minimum amount of past-due support to which the offset procedure established by subsection (a) may be applied, and the fee that a State must pay to reimburse the Secretary of the Treasury for the full cost of applying the offset procedure, and shall provide that the Secretary of the Treasury will advise the Secretary of Health and Human Services, not less frequently than annually, of the States which have furnished notices of past-due support under subsection (a), the number of cases in each State with respect to which such notices have been furnished, the amount of support sought to be collected under this subsection by each State, and the amount of such collections actually made in the case of each State. Any fee paid to the Secretary of the Treasury pursuant to this subsection may be used to reimburse appropriations which bore all or part of the cost of applying such procedure.

(2) In the case of withholdings made under subsection (a)(2), the regulations promulgated pursuant to this subsection shall include the following requirements:

(A) The withholding shall apply only in the case where the State determines that the amount of the past-due support which will be owed at the time the withholding is to be made, based upon the pattern of payment of support and other enforcement actions being pursued to collect the past-due support, is equal to or greater than \$500. The State may limit the \$500 threshold amount to amounts of past-due support accrued since the time that the State first began to enforce the child support order involved under the State plan, and may limit the application of the withholding to past-due support accrued since such time.

(B) The fee which the Secretary of the Treasury may impose to cover the costs of the withholding and notification may not exceed \$25 per case submitted.

(c) In this part the term “past-due support” means the amount of a delinquency, determined under a court order, or an order of an administrative process established under State law, for support and maintenance of a child (whether or not a minor), or of a child (whether or not a minor) and the parent with whom the child is living.

(d) **APPLICABILITY TO INDIAN TRIBES AND TRIBAL ORGANIZATIONS RECEIVING A GRANT UNDER THIS PART.**—This section, except for the requirement to distribute amounts in accordance with section 457, shall apply to an Indian tribe or tribal organization receiving a grant under section 455(f) in the same manner in which

this section applies to a State with a plan approved under this part.

ALLOTMENTS FROM PAY FOR CHILD AND SPOUSAL SUPPORT OWED BY
MEMBERS OF THE UNIFORMED SERVICES ON ACTIVE DUTY

SEC. 465. [42 U.S.C. 665] (a)(1) In any case in which child support payments or child and spousal support payments are owed by a member of one of the uniformed services (as defined in section 101(3) of title 37, United States Code) on active duty, such member shall be required to make allotments from his pay and allowances (under chapter 13 of title 37, United States Code) as payment of such support, when he has failed to make periodic payments under a support order that meets the criteria specified in section 303(b)(1)(A) of the Consumer Credit Protection Act (15 U.S.C. 1673(b)(1)(A)) and the resulting delinquency in such payments is in a total amount equal to the support payable for two months or longer. Failure to make such payments shall be established by notice from an authorized person (as defined in subsection (b)) to the designated official in the appropriate uniformed service. Such notice (which shall in turn be given to the affected member) shall also specify the person to whom the allotment is to be payable. The amount of the allotment shall be the amount necessary to comply with the order (which, if the order so provides, may include arrearages as well as amounts for current support), except that the amount of the allotment, together with any other amounts withheld for support from the wages of the member, as a percentage of his pay from the uniformed service, shall not exceed the limits prescribed in sections 303(b) and (c) of the Consumer Credit Protection Act (15 U.S.C. 1673(b) and (c)). An allotment under this subsection shall be adjusted or discontinued upon notice from the authorized person.

(2) Notwithstanding the preceding provisions of this subsection, no action shall be taken to require an allotment from the pay and allowances of any member of one of the uniformed services under such provisions (A) until such member has had a consultation with a judge advocate of the service involved (as defined in section 801(13) of title 10, United States Code), or with a judge advocate (as defined in section 801(11) of such title⁴²) in the case of the Coast Guard, or with a legal officer designated by the Secretary concerned (as defined in section 101(5) of title 37, United States Code) in any other case, in person, to discuss the legal and other factors involved with respect to the member's support obligation and his failure to make payments thereon, or (B) until 30 days have elapsed after the notice described in the second sentence of paragraph (1) is given to the affected member in any case where it has not been possible, despite continuing good faith efforts, to arrange such a consultation.

(b) For purposes of this section the term "authorized person" with respect to any member of the uniformed services means—

⁴² So in law. Section 801(11) of title 10, United States Code, referred to in subsection (a)(2), was repealed by section 218(a)(1) of Public Law 109-241, 120 Stat. 526. However, the term "judge advocate" is defined in section 801(13) of title 10, United States Code.

(1) any agent or attorney of a State having in effect a plan approved under this part who has the duty or authority under such plan to seek to recover any amounts owed by such member as child or child and spousal support (including, when authorized under the State plan, any official of a political subdivision); and

(2) the court which has authority to issue an order against such member for the support and maintenance of a child, or any agent of such court.

(c) The Secretary of Defense, in the case of the Army, Navy, Air Force, and Marine Corps, and the Secretary concerned (as defined in section 101(5) of title 37, United States Code) in the case of each of the other uniformed services, shall each issue regulations applicable to allotments to be made under this section, designating the officials to whom notice of failure to make support payments, or notice to discontinue or adjust an allotment, should be given, prescribing the form and content of the notice and specifying any other rules necessary for such Secretary to implement this section.

REQUIREMENT OF STATUTORILY PRESCRIBED PROCEDURES TO
IMPROVE EFFECTIVENESS OF CHILD SUPPORT ENFORCEMENT

SEC. 466. [42 U.S.C. 666] (a) In order to satisfy section 454(20)(A), each State must have in effect laws requiring the use of the following procedures, consistent with this section and with regulations of the Secretary, to increase the effectiveness of the program which the State administers under this part:

(1)(A) Procedures described in subsection (b) for the withholding from income of amounts payable as support in cases subject to enforcement under the State plan.

(B) Procedures under which the income of a person with a support obligation imposed by a support order issued (or modified) in the State before January 1, 1994, if not otherwise subject to withholding under subsection (b), shall become subject to withholding as provided in subsection (b) if arrearages occur, without the need for a judicial or administrative hearing.

(2) Expedited administrative and judicial procedures (including the procedures specified in subsection (c)) for establishing paternity and for establishing, modifying, and enforcing support obligations. The Secretary may waive the provisions of this paragraph with respect to one or more political subdivisions within the State on the basis of the effectiveness and timeliness of support order issuance and enforcement or paternity establishment within the political subdivision (in accordance with the general rule for exemptions under subsection (d)).

(3) Procedures under which the State child support enforcement agency shall request, and the State shall provide, that for the purpose of enforcing a support order under any State plan approved under this part—

(A) any refund of State income tax which would otherwise be payable to a noncustodial parent will be reduced, after notice has been sent to that noncustodial parent of the proposed reduction and the procedures to be followed

to contest it (and after full compliance with all procedural due process requirements of the State), by the amount of any overdue support owed by such noncustodial parent;

(B) the amount by which such refund is reduced shall be distributed in accordance with section 457 in the case of overdue support assigned to a State pursuant to section 408(a)(3) or 471(a)(17), or, in any other case, shall be distributed, after deduction of any fees imposed by the State to cover the costs of collection, to the child or parent to whom such support is owed; and

(C) notice of the noncustodial parent's social security account number (or numbers, if he has more than one such number) and home address shall be furnished to the State agency requesting the refund offset, and to the State agency enforcing the order.

(4) LIENS.—Procedures under which—

(A) liens arise by operation of law against real and personal property for amounts of overdue support owed by a noncustodial parent who resides or owns property in the State; and

(B) the State accords full faith and credit to liens described in subparagraph (A) arising in another State, when the State agency, party, or other entity seeking to enforce such a lien complies with the procedural rules relating to recording or serving liens that arise within the State, except that such rules may not require judicial notice or hearing prior to the enforcement of such a lien.

(5) PROCEDURES CONCERNING PATERNITY ESTABLISHMENT.—

(A) ESTABLISHMENT PROCESS AVAILABLE FROM BIRTH UNTIL AGE 18.—

(i) Procedures which permit the establishment of the paternity of a child at any time before the child attains 18 years of age.

(ii) As of August 16, 1984, clause (i) shall also apply to a child for whom paternity has not been established or for whom a paternity action was brought but dismissed because a statute of limitations of less than 18 years was then in effect in the State.

(B) PROCEDURES CONCERNING GENETIC TESTING.—

(i) GENETIC TESTING REQUIRED IN CERTAIN CONTESTED CASES.—Procedures under which the State is required, in a contested paternity case (unless otherwise barred by State law) to require the child and all other parties (other than individuals found under section 454(29) to have good cause and other exceptions for refusing to cooperate) to submit to genetic tests upon the request of any such party, if the request is supported by a sworn statement by the party—

(I) alleging paternity, and setting forth facts establishing a reasonable possibility of the requisite sexual contact between the parties; or

(II) denying paternity, and setting forth facts establishing a reasonable possibility of the non-existence of sexual contact between the parties.

(ii) OTHER REQUIREMENTS.—Procedures which require the State agency, in any case in which the agency orders genetic testing—

(I) to pay costs of such tests, subject to recoupment (if the State so elects) from the alleged father if paternity is established; and

(II) to obtain additional testing in any case if an original test result is contested, upon request and advance payment by the contestant.

(C) VOLUNTARY PATERNITY ACKNOWLEDGMENT.—

(i) SIMPLE CIVIL PROCESS.—Procedures for a simple civil process for voluntarily acknowledging paternity under which the State must provide that, before a mother and a putative father can sign an acknowledgment of paternity, the mother and the putative father must be given notice, orally, or through the use of video or audio equipment, and in writing, of the alternatives to, the legal consequences of, and the rights (including, if 1 parent is a minor, any rights afforded due to minority status) and responsibilities that arise from, signing the acknowledgment.

(ii) HOSPITAL-BASED PROGRAM.—Such procedures must include a hospital-based program for the voluntary acknowledgment of paternity focusing on the period immediately before or after the birth of a child.

(iii) PATERNITY ESTABLISHMENT SERVICES.—

(I) STATE-OFFERED SERVICES.—Such procedures must require the State agency responsible for maintaining birth records to offer voluntary paternity establishment services.

(II) REGULATIONS.—

(aa) SERVICES OFFERED BY HOSPITALS AND BIRTH RECORD AGENCIES.—The Secretary shall prescribe regulations governing voluntary paternity establishment services offered by hospitals and birth record agencies.

(bb) SERVICES OFFERED BY OTHER ENTITIES.—The Secretary shall prescribe regulations specifying the types of other entities that may offer voluntary paternity establishment services, and governing the provision of such services, which shall include a requirement that such an entity must use the same notice provisions used by, use the same materials used by, provide the personnel providing such services with the same training provided by, and evaluate the provision of such services in the same manner as the provision of such services is evaluated by, voluntary paternity establishment programs of hospitals and birth record agencies.

(iv) USE OF PATERNITY ACKNOWLEDGMENT AFFIDAVIT.—Such procedures must require the State to develop and use an affidavit for the voluntary acknowledgment of paternity which includes the minimum requirements of the affidavit specified by the Secretary under section 452(a)(7) for the voluntary acknowledgment of paternity, and to give full faith and credit to such an affidavit signed in any other State according to its procedures.

(D) STATUS OF SIGNED PATERNITY ACKNOWLEDGMENT.—

(i) INCLUSION IN BIRTH RECORDS.—Procedures under which the name of the father shall be included on the record of birth of the child of unmarried parents only if—

(I) the father and mother have signed a voluntary acknowledgment of paternity; or

(II) a court or an administrative agency of competent jurisdiction has issued an adjudication of paternity.

Nothing in this clause shall preclude a State agency from obtaining an admission of paternity from the father for submission in a judicial or administrative proceeding, or prohibit the issuance of an order in a judicial or administrative proceeding which bases a legal finding of paternity on an admission of paternity by the father and any other additional showing required by State law.

(ii) LEGAL FINDING OF PATERNITY.—Procedures under which a signed voluntary acknowledgment of paternity is considered a legal finding of paternity, subject to the right of any signatory to rescind the acknowledgment within the earlier of—

(I) 60 days; or

(II) the date of an administrative or judicial proceeding relating to the child (including a proceeding to establish a support order) in which the signatory is a party.

(iii) CONTEST.—Procedures under which, after the 60-day period referred to in clause (ii), a signed voluntary acknowledgment of paternity may be challenged in court only on the basis of fraud, duress, or material mistake of fact, with the burden of proof upon the challenger, and under which the legal responsibilities (including child support obligations) of any signatory arising from the acknowledgment may not be suspended during the challenge, except for good cause shown.

(E) BAR ON ACKNOWLEDGMENT RATIFICATION PROCEEDINGS.—Procedures under which judicial or administrative proceedings are not required or permitted to ratify an unchallenged acknowledgment of paternity.

(F) ADMISSIBILITY OF GENETIC TESTING RESULTS.—Procedures—

(i) requiring the admission into evidence, for purposes of establishing paternity, of the results of any genetic test that is—

(I) of a type generally acknowledged as reliable by accreditation bodies designated by the Secretary; and

(II) performed by a laboratory approved by such an accreditation body;

(ii) requiring an objection to genetic testing results to be made in writing not later than a specified number of days before any hearing at which the results may be introduced into evidence (or, at State option, not later than a specified number of days after receipt of the results); and

(iii) making the test results admissible as evidence of paternity without the need for foundation testimony or other proof of authenticity or accuracy, unless objection is made.

(G) PRESUMPTION OF PATERNITY IN CERTAIN CASES.—Procedures which create a rebuttable or, at the option of the State, conclusive presumption of paternity upon genetic testing results indicating a threshold probability that the alleged father is the father of the child.

(H) DEFAULT ORDERS.—Procedures requiring a default order to be entered in a paternity case upon a showing of service of process on the defendant and any additional showing required by State law.

(I) NO RIGHT TO JURY TRIAL.—Procedures providing that the parties to an action to establish paternity are not entitled to a trial by jury.

(J) TEMPORARY SUPPORT ORDER BASED ON PROBABLE PATERNITY IN CONTESTED CASES.—Procedures which require that a temporary order be issued, upon motion by a party, requiring the provision of child support pending an administrative or judicial determination of parentage, if there is clear and convincing evidence of paternity (on the basis of genetic tests or other evidence).

(K) PROOF OF CERTAIN SUPPORT AND PATERNITY ESTABLISHMENT COSTS.—Procedures under which bills for pregnancy, childbirth, and genetic testing are admissible as evidence without requiring third-party foundation testimony, and shall constitute prima facie evidence of amounts incurred for such services or for testing on behalf of the child.

(L) STANDING OF PUTATIVE FATHERS.—Procedures ensuring that the putative father has a reasonable opportunity to initiate a paternity action.

(M) FILING OF ACKNOWLEDGMENTS AND ADJUDICATIONS IN STATE REGISTRY OF BIRTH RECORDS.—Procedures under which voluntary acknowledgments and adjudications of paternity by judicial or administrative processes are filed with the State registry of birth records for comparison with information in the State case registry.

(6) Procedures which require that a noncustodial parent give security, post a bond, or give some other guarantee to secure payment of overdue support, after notice has been sent to such noncustodial parent of the proposed action and of the procedures to be followed to contest it (and after full compliance with all procedural due process requirements of the State).

(7) REPORTING ARREARAGES TO CREDIT BUREAUS.—

(A) IN GENERAL.—Procedures (subject to safeguards pursuant to subparagraph (B)) requiring the State to report periodically to consumer reporting agencies (as defined in section 603(f) of the Fair Credit Reporting Act (15 U.S.C. 1681a(f))) the name of any noncustodial parent who is delinquent in the payment of support, and the amount of overdue support owed by such parent.

(B) SAFEGUARDS.—Procedures ensuring that, in carrying out subparagraph (A), information with respect to a noncustodial parent is reported—

(i) only after such parent has been afforded all due process required under State law, including notice and a reasonable opportunity to contest the accuracy of such information; and

(ii) only to an entity that has furnished evidence satisfactory to the State that the entity is a consumer reporting agency (as so defined).

(8)(A) Procedures under which all child support orders not described in subparagraph (B) will include provision for withholding from income, in order to assure that withholding as a means of collecting child support is available if arrearages occur without the necessity of filing application for services under this part.

(B) Procedures under which all child support orders which are initially issued in the State on or after January 1, 1994, and are not being enforced under this part will include the following requirements:

(i) The income of a noncustodial parent shall be subject to withholding, regardless of whether support payments by such parent are in arrears, on the effective date of the order; except that such income shall not be subject to withholding under this clause in any case where (I) one of the parties demonstrates, and the court (or administrative process) finds, that there is good cause not to require immediate income withholding, or (II) a written agreement is reached between both parties which provides for an alternative arrangement.

(ii) The requirements of subsection (b)(1) (which shall apply in the case of each noncustodial parent against whom a support order is or has been issued or modified in the State, without regard to whether the order is being enforced under the State plan).

(iii) The requirements of paragraphs (2), (5), (6), (7), (8), (9), and (10) of subsection (b), where applicable.

(iv) Withholding from income of amounts payable as support must be carried out in full compliance with all procedural due process requirements of the State.

(9) Procedures which require that any payment or installment of support under any child support order, whether ordered through the State judicial system or through the expedited processes required by paragraph (2), is (on and after the date it is due)—

(A) a judgment by operation of law, with the full force, effect, and attributes of a judgment of the State, including the ability to be enforced,

(B) entitled as a judgment to full faith and credit in such State and in any other State, and

(C) not subject to retroactive modification by such State or by any other State;

except that such procedures may permit modification with respect to any period during which there is pending a petition for modification, but only from the date that notice of such petition has been given, either directly or through the appropriate agent, to the obligee or (where the obligee is the petitioner) to the obligor.

(10) REVIEW AND ADJUSTMENT OF SUPPORT ORDERS UPON REQUEST.—

(A) 3-YEAR CYCLE.—

(i) IN GENERAL.—Procedures under which every 3 years (or such shorter cycle as the State may determine), upon the request of either parent or if there is an assignment under part A, the State shall with respect to a support order being enforced under this part, taking into account the best interests of the child involved—

(I) review and, if appropriate, adjust the order in accordance with the guidelines established pursuant to section 467(a) if the amount of the child support award under the order differs from the amount that would be awarded in accordance with the guidelines;

(II) apply a cost-of-living adjustment to the order in accordance with a formula developed by the State; or

(III) use automated methods (including automated comparisons with wage or State income tax data) to identify orders eligible for review, conduct the review, identify orders eligible for adjustment, and apply the appropriate adjustment to the orders eligible for adjustment under any threshold that may be established by the State.

(ii) OPPORTUNITY TO REQUEST REVIEW OF ADJUSTMENT.—If the State elects to conduct the review under subclause (II) or (III) of clause (i), procedures which permit either party to contest the adjustment, within 30 days after the date of the notice of the adjustment, by making a request for review and, if appropriate, adjustment of the order in accordance with the child support guidelines established pursuant to section 467(a).

(iii) NO PROOF OF CHANGE IN CIRCUMSTANCES NECESSARY IN 3-YEAR CYCLE REVIEW.—Procedures which

provide that any adjustment under clause (i) shall be made without a requirement for proof or showing of a change in circumstances.

(B) PROOF OF SUBSTANTIAL CHANGE IN CIRCUMSTANCES NECESSARY IN REQUEST FOR REVIEW OUTSIDE 3-YEAR CYCLE.—Procedures under which, in the case of a request for a review, and if appropriate, an adjustment outside the 3-year cycle (or such shorter cycle as the State may determine) under clause (i), the State shall review and, if the requesting party demonstrates a substantial change in circumstances, adjust the order in accordance with the guidelines established pursuant to section 467(a).

(C) NOTICE OF RIGHT TO REVIEW.—Procedures which require the State to provide notice not less than once every 3 years to the parents subject to the order informing the parents of their right to request the State to review and, if appropriate, adjust the order pursuant to this paragraph. The notice may be included in the order.

(11) Procedures under which a State must give full faith and credit to a determination of paternity made by any other State, whether established through voluntary acknowledgment or through administrative or judicial processes.

(12) LOCATOR INFORMATION FROM INTERSTATE NETWORKS.—Procedures to ensure that all Federal and State agencies conducting activities under this part have access to any system used by the State to locate an individual for purposes relating to motor vehicles or law enforcement.

(13) RECORDING OF SOCIAL SECURITY NUMBERS IN CERTAIN FAMILY MATTERS.—Procedures requiring that the social security number of—

(A) any applicant for a professional license, driver's license, occupational license, recreational license, or marriage license be recorded on the application;

(B) any individual who is subject to a divorce decree, support order, or paternity determination or acknowledgment be placed in the records relating to the matter; and

(C) any individual who has died be placed in the records relating to the death and be recorded on the death certificate.

For purposes of subparagraph (A), if a State allows the use of a number other than the social security number to be used on the face of the document while the social security number is kept on file at the agency, the State shall so advise any applicants.

(14) HIGH-VOLUME, AUTOMATED ADMINISTRATIVE ENFORCEMENT IN INTERSTATE CASES.—

(A) IN GENERAL.—Procedures under which—

(i) the State shall use high-volume automated administrative enforcement, to the same extent as used for intrastate cases, in response to a request made by another State to enforce support orders, and shall promptly report the results of such enforcement procedure to the requesting State;

(ii) the State may, by electronic or other means, transmit to another State a request for assistance in enforcing support orders through high-volume, automated administrative enforcement, which request—

(I) shall include such information as will enable the State to which the request is transmitted to compare the information about the cases to the information in the data bases of the State; and

(II) shall constitute a certification by the requesting State—

(aa) of the amount of support under an order the payment of which is in arrears; and

(bb) that the requesting State has complied with all procedural due process requirements applicable to each case;

(iii) if the State provides assistance to another State pursuant to this paragraph with respect to a case, neither State shall consider the case to be transferred to the caseload of such other State (but the assisting State may establish a corresponding case based on such other State's request for assistance); and

(iv) the State shall maintain records of—

(I) the number of such requests for assistance received by the State;

(II) the number of cases for which the State collected support in response to such a request; and

(III) the amount of such collected support.

(B) HIGH-VOLUME AUTOMATED ADMINISTRATIVE ENFORCEMENT.—In this part, the term “high-volume automated administrative enforcement”, in interstate cases, means, on request of another State, the identification by a State, through automated data matches with financial institutions and other entities where assets may be found, of assets owned by persons who owe child support in other States, and the seizure of such assets by the State, through levy or other appropriate processes.

(15) PROCEDURES TO ENSURE THAT PERSONS OWING OVERDUE SUPPORT WORK OR HAVE A PLAN FOR PAYMENT OF SUCH SUPPORT.—Procedures under which the State has the authority, in any case in which an individual owes overdue support with respect to a child receiving assistance under a State program funded under part A, to issue an order or to request that a court or an administrative process established pursuant to State law issue an order that requires the individual to—

(A) pay such support in accordance with a plan approved by the court, or, at the option of the State, a plan approved by the State agency administering the State program under this part; or

(B) if the individual is subject to such a plan and is not incapacitated, participate in such work activities (as defined in section 407(d)) as the court, or, at the option of the State, the State agency administering the State program under this part, deems appropriate.

(16) **AUTHORITY TO WITHHOLD OR SUSPEND LICENSES.**—Procedures under which the State has (and uses in appropriate cases) authority to withhold or suspend, or to restrict the use of driver's licenses, professional and occupational licenses, and recreational and sporting licenses of individuals owing overdue support or failing, after receiving appropriate notice, to comply with subpoenas or warrants relating to paternity or child support proceedings.

(17) **FINANCIAL INSTITUTION DATA MATCHES.**—

(A) **IN GENERAL.**—Procedures under which the State agency shall enter into agreements with financial institutions doing business in the State—

(i) to develop and operate, in coordination with such financial institutions, and the Federal Parent Locator Service in the case of financial institutions doing business in two or more States, a data match system, using automated data exchanges to the maximum extent feasible, in which each such financial institution is required to provide for each calendar quarter the name, record address, social security number or other taxpayer identification number, and other identifying information for each noncustodial parent who maintains an account at such institution and who owes past-due support, as identified by the State by name and social security number or other taxpayer identification number; and

(ii) in response to a notice of lien or levy, encumber or surrender, as the case may be, assets held by such institution on behalf of any noncustodial parent who is subject to a child support lien pursuant to paragraph (4).

(B) **REASONABLE FEES.**—The State agency may pay a reasonable fee to a financial institution for conducting the data match provided for in subparagraph (A)(i), not to exceed the actual costs incurred by such financial institution.

(C) **LIABILITY.**—A financial institution shall not be liable under any Federal or State law to any person—

(i) for any disclosure of information to the State agency under subparagraph (A)(i);

(ii) for encumbering or surrendering any assets held by such financial institution in response to a notice of lien or levy issued by the State agency as provided for in subparagraph (A)(ii); or

(iii) for any other action taken in good faith to comply with the requirements of subparagraph (A).

(D) **DEFINITIONS.**—For purposes of this paragraph—

(i) **FINANCIAL INSTITUTION.**—The term “financial institution” has the meaning given to such term by section 469A(d)(1).

(ii) **ACCOUNT.**—The term “account” means a demand deposit account, checking or negotiable withdrawal order account, savings account, time deposit account, or money-market mutual fund account.

(18) ENFORCEMENT OF ORDERS AGAINST PATERNAL OR MATERNAL GRANDPARENTS.—Procedures under which, at the State's option, any child support order enforced under this part with respect to a child of minor parents, if the custodial parent of such child is receiving assistance under the State program under part A, shall be enforceable, jointly and severally, against the parents of the noncustodial parent of such child.

(19) HEALTH CARE COVERAGE.—Procedures under which—

(A) effective as provided in section 401(c)(3) of the Child Support Performance and Incentive Act of 1998, all child support orders enforced pursuant to this part shall include a provision for medical support for the child to be provided by either or both parents, and shall be enforced, where appropriate, through the use of the National Medical Support Notice promulgated pursuant to section 401(b) of the Child Support Performance and Incentive Act of 1998 (and referred to in section 609(a)(5)(C) of the Employee Retirement Income Security Act of 1974 in connection with group health plans covered under title I of such Act, in section 401(e) of the Child Support Performance and Incentive Act of 1998 in connection with State or local group health plans, and in section 401(f) of such Act in connection with church group health plans);

(B) unless alternative coverage is allowed for in any order of the court (or other entity issuing the child support order), in any case in which a parent is required under the child support order to provide such health care coverage and the employer of such parent is known to the State agency—

(i) the State agency uses the National Medical Support Notice to transfer notice of the provision for the health care coverage of the child to the employer;

(ii) within 20 business days after the date of the National Medical Support Notice, the employer is required to transfer the Notice, excluding the severable employer withholding notice described in section 401(b)(2)(C) of the Child Support Performance and Incentive Act of 1998, to the appropriate plan providing any such health care coverage for which the child is eligible;

(iii) in any case in which the parent is a newly hired employee entered in the State Directory of New Hires pursuant to section 453A(e), the State agency provides, where appropriate, the National Medical Support Notice, together with an income withholding notice issued pursuant to subsection (b), within two days after the date of the entry of such employee in such Directory; and

(iv) in any case in which the employment of the parent with any employer who has received a National Medical Support Notice is terminated, such employer is required to notify the State agency of such termination; and

(C) any liability of the obligated parent to such plan for employee contributions which are required under such plan for enrollment of the child is effectively subject to appropriate enforcement, unless the obligated parent contests such enforcement based on a mistake of fact.

Notwithstanding section 454(20)(B), the procedures which are required under paragraphs (3), (4), (6), (7), and (15) need not be used or applied in cases where the State determines (using guidelines which are generally available within the State and which take into account the payment record of the noncustodial parent, the availability of other remedies, and other relevant considerations) that such use or application would not carry out the purposes of this part or would be otherwise inappropriate in the circumstances.

(b) The procedures referred to in subsection (a)(1)(A) (relating to the withholding from income of amounts payable as support) must provide for the following:

(1) In the case of each noncustodial parent against whom a support order is or has been issued or modified in the State, and is being enforced under the State plan, so much of such parent's income must be withheld, in accordance with the succeeding provisions of this subsection, as is necessary to comply with the order and provide for the payment of any fee to the employer which may be required under paragraph (6)(A), up to the maximum amount permitted under section 303(b) of the Consumer Credit Protection Act (15 U.S.C. 1673(b)). If there are arrearages to be collected, amounts withheld to satisfy such arrearages, when added to the amounts withheld to pay current support and provide for the fee, may not exceed the limit permitted under such section 303(b), but the State need not withhold up to the maximum amount permitted under such section in order to satisfy arrearages.

(2) Such withholding must be provided without the necessity of any application therefor in the case of a child (whether or not eligible for assistance under a State program funded under part A) with respect to whom services are already being provided under the State plan under this part, and must be provided in accordance with this subsection on the basis of an application for services under the State plan in the case of any other child in whose behalf a support order has been issued or modified in the State. In either case such withholding must occur without the need for any amendment to the support order involved or for any further action (other than those actions required under this part) by the court or other entity which issued such order.

(3)(A) The income of a noncustodial parent shall be subject to such withholding, regardless of whether support payments by such parent are in arrears, in the case of a support order being enforced under this part that is issued or modified on or after the first day of the 25th month beginning after the date of the enactment of this paragraph, on the effective date of the order; except that such income shall not be subject to such withholding under this subparagraph in any case where (i) one of the parties demonstrates, and the court (or administrative process) finds, that there is good cause not to require imme-

diate income withholding, or (ii) a written agreement is reached between both parties which provides for an alternative arrangement.

(B) The income of a noncustodial parent shall become subject to such withholding, in the case of income not subject to withholding under subparagraph (A), on the date on which the payments which the noncustodial parent has failed to make under a support order are at least equal to the support payable for one month or, if earlier, and without regard to whether there is an arrearage, the earliest of—

(i) the date as of which the noncustodial parent requests that such withholding begin,

(ii) the date as of which the custodial parent requests that such withholding begin, if the State determines, in accordance with such procedures and standards as it may establish, that the request should be approved, or

(iii) such earlier date as the State may select.

(4)(A) Such withholding must be carried out in full compliance with all procedural due process requirements of the State, and the State must send notice to each noncustodial parent to whom paragraph (1) applies—

(i) that the withholding has commenced; and

(ii) of the procedures to follow if the noncustodial parent desires to contest such withholding on the grounds that the withholding or the amount withheld is improper due to a mistake of fact.

(B) The notice under subparagraph (A) of this paragraph shall include the information provided to the employer under paragraph (6)(A).

(5) Such withholding must be administered by the State through the State disbursement unit established pursuant to section 454B, in accordance with the requirements of section 454B.

(6)(A)(i) The employer of any noncustodial parent to whom paragraph (1) applies, upon being given notice as described in clause (ii), must be required to withhold from such noncustodial parent's income the amount specified by such notice (which may include a fee, established by the State, to be paid to the employer unless waived by such employer) and pay such amount (after deducting and retaining any portion thereof which represents the fee so established) to the State disbursement unit within 7 business days after the date the amount would (but for this subsection) have been paid or credited to the employee, for distribution in accordance with this part. The employer shall withhold funds as directed in the notice, except that when an employer receives an income withholding order issued by another State, the employer shall apply the income withholding law of the State of the obligor's principal place of employment in determining—

(I) the employer's fee for processing an income withholding order;

(II) the maximum amount permitted to be withheld from the obligor's income;

(III) the time periods within which the employer must implement the income withholding order and forward the child support payment;

(IV) the priorities for withholding and allocating income withheld for multiple child support obligees; and

(V) any withholding terms or conditions not specified in the order.

An employer who complies with an income withholding notice that is regular on its face shall not be subject to civil liability to any individual or agency for conduct in compliance with the notice.

(ii) The notice given to the employer shall be in a standard format prescribed by the Secretary, and contain only such information as may be necessary for the employer to comply with the withholding order.

(iii) As used in this subparagraph, the term “business day” means a day on which State offices are open for regular business.

(B) Methods must be established by the State to simplify the withholding process for employers to the greatest extent possible, including permitting any employer to combine all withheld amounts into a single payment to each appropriate agency or entity (with the portion thereof which is attributable to each individual employee being separately designated).

(C) The employer must be held liable to the State for any amount which such employer fails to withhold from income due an employee following receipt by such employer of proper notice under subparagraph (A), but such employer shall not be required to vary the normal pay and disbursement cycles in order to comply with this paragraph.

(D) Provision must be made for the imposition of a fine against any employer who—

(i) discharges from employment, refuses to employ, or takes disciplinary action against any noncustodial parent subject to income withholding required by this subsection because of the existence of such withholding and the obligations or additional obligations which it imposes upon the employer; or

(ii) fails to withhold support from income or to pay such amounts to the State disbursement unit in accordance with this subsection.

(7) Support collection under this subsection must be given priority over any other legal process under State law against the same income.

(8) For purposes of subsection (a) and this subsection, the term “income” means any periodic form of payment due to an individual, regardless of source, including wages, salaries, commissions, bonuses, worker’s compensation, disability, payments pursuant to a pension or retirement program, and interest.

(9) The State must extend its withholding system under this subsection so that such system will include withholding from income derived within such State in cases where the applicable support orders were issued in other States, in order to assure that child support owed by noncustodial parents in such

State or any other State will be collected without regard to the residence of the child for whom the support is payable or of such child's custodial parent.

(10) Provision must be made for terminating withholding.

(11) Procedures under which the agency administering the State plan approved under this part may execute a withholding order without advance notice to the obligor, including issuing the withholding order through electronic means.

(c) EXPEDITED PROCEDURES.—The procedures specified in this subsection are the following:

(1) ADMINISTRATIVE ACTION BY STATE AGENCY.—Procedures which give the State agency the authority to take the following actions relating to establishment of paternity or to establishment, modification, or enforcement of support orders, without the necessity of obtaining an order from any other judicial or administrative tribunal, and to recognize and enforce the authority of State agencies of other States to take the following actions:

(A) GENETIC TESTING.—To order genetic testing for the purpose of paternity establishment as provided in section 466(a)(5).

(B) FINANCIAL OR OTHER INFORMATION.—To subpoena any financial or other information needed to establish, modify, or enforce a support order, and to impose penalties for failure to respond to such a subpoena.

(C) RESPONSE TO STATE AGENCY REQUEST.—To require all entities in the State (including for-profit, nonprofit, and governmental employers) to provide promptly, in response to a request by the State agency of that or any other State administering a program under this part, information on the employment, compensation, and benefits of any individual employed by such entity as an employee or contractor, and to sanction failure to respond to any such request.

(D) ACCESS TO INFORMATION CONTAINED IN CERTAIN RECORDS.—To obtain access, subject to safeguards on privacy and information security, and subject to the nonliability of entities that afford such access under this subparagraph, to information contained in the following records (including automated access, in the case of records maintained in automated data bases):

(i) Records of other State and local government agencies, including—

(I) vital statistics (including records of marriage, birth, and divorce);

(II) State and local tax and revenue records (including information on residence address, employer, income and assets);

(III) records concerning real and titled personal property;

(IV) records of occupational and professional licenses, and records concerning the ownership and control of corporations, partnerships, and other business entities;

- (V) employment security records;
- (VI) records of agencies administering public assistance programs;
- (VII) records of the motor vehicle department;
- and
- (VIII) corrections records.

(ii) Certain records held by private entities with respect to individuals who owe or are owed support (or against or with respect to whom a support obligation is sought), consisting of—

(I) the names and addresses of such individuals and the names and addresses of the employers of such individuals, as appearing in customer records of public utilities and cable television companies, pursuant to an administrative subpoena authorized by subparagraph (B); and

(II) information (including information on assets and liabilities) on such individuals held by financial institutions.

(E) CHANGE IN PAYEE.—In cases in which support is subject to an assignment in order to comply with a requirement imposed pursuant to part A, part E, or section 1912, or to a requirement to pay through the State disbursement unit established pursuant to section 454B, upon providing notice to obligor and obligee, to direct the obligor or other payor to change the payee to the appropriate government entity.

(F) INCOME WITHHOLDING.—To order income withholding in accordance with subsections (a)(1)(A) and (b).

(G) SECURING ASSETS.—In cases in which there is a support arrearage, to secure assets to satisfy any current support obligation and the arrearage by—

(i) intercepting or seizing periodic or lump-sum payments from—

(I) a State or local agency, including unemployment compensation, workers' compensation, and other benefits; and

(II) judgments, settlements, and lotteries;

(ii) attaching and seizing assets of the obligor held in financial institutions;

(iii) attaching public and private retirement funds; and

(iv) imposing liens in accordance with subsection (a)(4) and, in appropriate cases, to force sale of property and distribution of proceeds.

(H) INCREASE MONTHLY PAYMENTS.—For the purpose of securing overdue support, to increase the amount of monthly support payments to include amounts for arrearages, subject to such conditions or limitations as the State may provide.

Such procedures shall be subject to due process safeguards, including (as appropriate) requirements for notice, opportunity to contest the action, and opportunity for an appeal on the record to an independent administrative or judicial tribunal.

(2) SUBSTANTIVE AND PROCEDURAL RULES.—The expedited procedures required under subsection (a)(2) shall include the following rules and authority, applicable with respect to all proceedings to establish paternity or to establish, modify, or enforce support orders:

(A) LOCATOR INFORMATION; PRESUMPTIONS CONCERNING NOTICE.—Procedures under which—

(i) each party to any paternity or child support proceeding is required (subject to privacy safeguards) to file with the State case registry upon entry of an order, and to update as appropriate, information on location and identity of the party, including social security number, residential and mailing addresses, telephone number, driver's license number, and name, address, and telephone number of employer; and

(ii) in any subsequent child support enforcement action between the parties, upon sufficient showing that diligent effort has been made to ascertain the location of such a party, the court or administrative agency of competent jurisdiction shall deem State due process requirements for notice and service of process to be met with respect to the party, upon delivery of written notice to the most recent residential or employer address filed with the State case registry pursuant to clause (i).

(B) STATEWIDE JURISDICTION.—Procedures under which—

(i) the State agency and any administrative or judicial tribunal with authority to hear child support and paternity cases exerts statewide jurisdiction over the parties; and

(ii) in a State in which orders are issued by courts or administrative tribunals, a case may be transferred between local jurisdictions in the State without need for any additional filing by the petitioner, or service of process upon the respondent, to retain jurisdiction over the parties.

(3) COORDINATION WITH ERISA.—Notwithstanding subsection (d) of section 514 of the Employee Retirement Income Security Act of 1974 (relating to effect on other laws), nothing in this subsection shall be construed to alter, amend, modify, invalidate, impair, or supersede subsections (a), (b), and (c) of such section 514 as it applies with respect to any procedure referred to in paragraph (1) and any expedited procedure referred to in paragraph (2), except to the extent that such procedure would be consistent with the requirements of section 206(d)(3) of such Act (relating to qualified domestic relations orders) or the requirements of section 609(a) of such Act (relating to qualified medical child support orders) if the reference in such section 206(d)(3) to a domestic relations order and the reference in such section 609(a) to a medical child support order were a reference to a support order referred to in paragraphs (1) and (2) relating to the same matters, respectively.

(d) If a State demonstrates to the satisfaction of the Secretary, through the presentation to the Secretary of such data pertaining to caseloads, processing times, administrative costs, and average support collections, and such other data or estimates as the Secretary may specify, that the enactment of any law or the use of any procedure or procedures required by or pursuant to this section will not increase the effectiveness and efficiency of the State child support enforcement program, the Secretary may exempt the State, subject to the Secretary's continuing review and to termination of the exemption should circumstances change, from the requirement to enact the law or use the procedure or procedures involved.

(e) For purposes of this section, the term "overdue support" means the amount of a delinquency pursuant to an obligation determined under a court order, or an order of an administrative process established under State law, for support and maintenance of a minor child which is owed to or on behalf of such child, or for support and maintenance of the noncustodial parent's spouse (or former spouse) with whom the child is living if and to the extent that spousal support (with respect to such spouse or former spouse) would be included for purposes of section 454(4). At the option of the State, overdue support may include amounts which otherwise meet the definition in the first sentence of this subsection but which are owed to or on behalf of a child who is not a minor child. The option to include support owed to children who are not minors shall apply independently to each procedure specified under this section.

(f) **UNIFORM INTERSTATE FAMILY SUPPORT ACT.**—In order to satisfy section 454(20)(A), each State must have in effect the Uniform Interstate Family Support Act, as approved by the American Bar Association on February 9, 1993, including any amendments officially adopted as of September 30, 2008 by the National Conference of Commissioners on Uniform State Laws.

(g) **LAWS VOIDING FRAUDULENT TRANSFERS.**—In order to satisfy section 454(20)(A), each State must have in effect—

- (1)(A) the Uniform Fraudulent Conveyance Act of 1981;
- (B) the Uniform Fraudulent Transfer Act of 1984; or
- (C) another law, specifying indicia of fraud which create a prima facie case that a debtor transferred income or property to avoid payment to a child support creditor, which the Secretary finds affords comparable rights to child support creditors; and
- (2) procedures under which, in any case in which the State knows of a transfer by a child support debtor with respect to which such a prima facie case is established, the State must—
 - (A) seek to void such transfer; or
 - (B) obtain a settlement in the best interests of the child support creditor.

STATE GUIDELINES FOR CHILD SUPPORT AWARDS

SEC. 467. [42 U.S.C. 667] (a) Each State, as a condition for having its State plan approved under this part, must establish guidelines for child support award amounts within the State. The guidelines may be established by law or by judicial or administrative action, and shall be reviewed at least once every 4 years to en-

sure that their application results in the determination of appropriate child support award amounts.

(b)(1) The guidelines established pursuant to subsection (a) shall be made available to all judges and other officials who have the power to determine child support awards within such State.

(2) There shall be a rebuttable presumption, in any judicial or administrative proceeding for the award of child support, that the amount of the award which would result from the application of such guidelines is the correct amount of child support to be awarded. A written finding or specific finding on the record that the application of the guidelines would be unjust or inappropriate in a particular case, as determined under criteria established by the State, shall be sufficient to rebut the presumption in that case.

(c) The Secretary shall furnish technical assistance to the States for establishing the guidelines, and each State shall furnish the Secretary with copies of its guidelines.

ENCOURAGEMENT OF STATES TO ADOPT SIMPLE CIVIL PROCESS FOR VOLUNTARILY ACKNOWLEDGING PATERNITY AND A CIVIL PROCEDURE FOR ESTABLISHING PATERNITY IN CONTESTED CASES

(2) individuals who are not such recipients.

(d) RULE OF INTERPRETATION.—For purposes of subsection (a)(2), a service has actually been provided when the task described by the service has been accomplished.

SEC. 469A. [42 U.S.C. 669a] NONLIABILITY FOR FINANCIAL INSTITUTIONS PROVIDING FINANCIAL RECORDS TO STATE CHILD SUPPORT ENFORCEMENT AGENCIES IN CHILD SUPPORT CASES.

(a) IN GENERAL.—Notwithstanding any other provision of Federal or State law, a financial institution shall not be liable under any Federal or State law to any person for disclosing any financial record of an individual to a State child support enforcement agency

attempting to establish, modify, or enforce a child support obligation of such individual, or for disclosing any such record to the Federal Parent Locator Service pursuant to section 466(a)(17)(A).

(b) PROHIBITION OF DISCLOSURE OF FINANCIAL RECORD OBTAINED BY STATE CHILD SUPPORT ENFORCEMENT AGENCY.—A State child support enforcement agency which obtains a financial record of an individual from a financial institution pursuant to subsection (a) may disclose such financial record only for the purpose of, and to the extent necessary in, establishing, modifying, or enforcing a child support obligation of such individual.

(c) CIVIL DAMAGES FOR UNAUTHORIZED DISCLOSURE.—

(3) DAMAGES.—In any action brought under paragraph (1), upon a finding of liability on the part of the defendant, the defendant shall be liable to the plaintiff in an amount equal to the sum of—

(A) the greater of—

(i) \$1,000 for each act of unauthorized disclosure of a financial record with respect to which such defendant is found liable; or

(ii) the sum of—

(I) the actual damages sustained by the plaintiff as a result of such unauthorized disclosure; plus

(II) in the case of a willful disclosure or a disclosure which is the result of gross negligence, punitive damages; plus

(B) the costs (including attorney's fees) of the action.

(d) DEFINITIONS.—For purposes of this section—

(a) **IN GENERAL.**—The Administration for Children and Families shall make grants under this section to enable States to establish and administer programs to support and facilitate noncustodial parents' access to and visitation of their children, by means of activities including mediation (both voluntary and mandatory), counseling, education, development of parenting plans, visitation enforcement (including monitoring, supervision and neutral drop-off and pickup), and development of guidelines for visitation and alternative custody arrangements.

(b) **AMOUNT OF GRANT.**—The amount of the grant to be made to a State under this section for a fiscal year shall be an amount equal to the lesser of—

(1) 90 percent of State expenditures during the fiscal year for activities described in subsection (a); or

(2) the allotment of the State under subsection (c) for the fiscal year.

(c) **ALLOTMENTS TO STATES.**—

(1) **IN GENERAL.**—The allotment of a State for a fiscal year is the amount that bears the same ratio to \$10,000,000 for grants under this section for the fiscal year as the number of children in the State living with only 1 biological parent bears to the total number of such children in all States.

PART E—FEDERAL PAYMENTS FOR FOSTER CARE, PREVENTION, AND PERMANENCY

PURPOSE: APPROPRIATION

SEC. 470. [42 U.S.C. 670] For the purpose of enabling each State to provide, in appropriate cases, foster care and transitional independent living programs for children who otherwise would

have been eligible for assistance under the State's plan approved under part A (as such plan was in effect on June 1, 1995), adoption assistance for children with special needs, kinship guardianship assistance, and prevention services or programs specified in section 471(e)(1), there are authorized to be appropriated for each fiscal year such sums as may be necessary to carry out the provisions of this part. The sums made available under this section shall be used for making payments to States which have submitted, and had approved by the Secretary, State plans under this part.

STATE PLAN FOR FOSTER CARE AND ADOPTION ASSISTANCE

SEC. 471. [42 U.S.C. 671] (a) In order for a State to be eligible for payments under this part, it shall have a plan approved by the Secretary which—

(1) provides for foster care maintenance payments in accordance with section 472, adoption assistance in accordance with section 473, and, at the option of the State, services or programs specified in subsection (e)(1) of this section for children who are candidates for foster care or who are pregnant or parenting foster youth and the parents or kin caregivers of the children, in accordance with the requirements of that subsection;

(2) provides that the State agency responsible for administering the program authorized by subpart 1 of part B of this title shall administer, or supervise the administration of, the program authorized by this part;

(3) provides that the plan shall be in effect in all political subdivisions of the State, and, if administered by them, be mandatory upon them;

(4) provides that the State shall assure that the programs at the local level assisted under this part will be coordinated with the programs at the State or local level assisted under parts A and B of this title, under subtitle 1 of title XX⁴³ of this Act, and under any other appropriate provision of Federal law;

(5) provides that the State will, in the administration of its programs under this part, use such methods relating to the establishment and maintenance of personnel standards on a merit basis as are found by the Secretary to be necessary for the proper and efficient operation of the programs, except that the Secretary shall exercise no authority with respect to the selection, tenure of office, or compensation of any individual employed in accordance with such methods;

(6) provides that the State agency referred to in paragraph (2) (hereinafter in this part referred to as the "State agency") will make such reports, in such form and containing such information as the Secretary may from time to time require, and comply with such provisions as the Secretary may from time to time find necessary to assure the correctness and verification of such reports;

(7) provides that the State agency will monitor and conduct periodic evaluations of activities carried out under this part;

⁴³ So in law. The reference to "subtitle 1" in paragraph (4) probably should be to "subtitle A".

(8) subject to subsection (c), provides safeguards which restrict the use of or disclosure of information concerning individuals assisted under the State plan to purposes directly connected with (A) the administration of the plan of the State approved under this part, the plan or program of the State under part A, B, or D of this title or under title I, V, X, XIV, XVI (as in effect in Puerto Rico, Guam, and the Virgin Islands), XIX, or XX, the program established by title II, or the supplemental security income program established by title XVI, (B) any investigation, prosecution, or criminal or civil proceeding, conducted in connection with the administration of any such plan or program, (C) the administration of any other Federal or federally assisted program which provides assistance, in cash or in kind, or services, directly to individuals on the basis of need, (D) any audit or similar activity conducted in connection with the administration of any such plan or program by any governmental agency which is authorized by law to conduct such audit or activity, and (E) reporting and providing information pursuant to paragraph (9) to appropriate authorities with respect to known or suspected child abuse or neglect; and the safeguards so provided shall prohibit disclosure, to any committee or legislative body (other than an agency referred to in clause (D) with respect to an activity referred to in such clause), of any information which identifies by name or address any such applicant or recipient; except that nothing contained herein shall preclude a State from providing standards which restrict disclosures to purposes more limited than those specified herein, or which, in the case of adoptions, prevent disclosure entirely;

(9) provides that the State agency will—

(A) report to an appropriate agency or official, known or suspected instances of physical or mental injury, sexual abuse or exploitation, or negligent treatment or maltreatment of a child receiving aid under part B or this part under circumstances which indicate that the child's health or welfare is threatened thereby;

(B) provide such information with respect to a situation described in subparagraph (A) as the State agency may have; and

(C) not later than—

(i) 1 year after the date of enactment of this subparagraph, demonstrate to the Secretary that the State agency has developed, in consultation with State and local law enforcement, juvenile justice systems, health care providers, education agencies, and organizations with experience in dealing with at-risk children and youth, policies and procedures (including relevant training for caseworkers) for identifying, documenting in agency records, and determining appropriate services with respect to—

(I) any child or youth over whom the State agency has responsibility for placement, care, or supervision and who the State has reasonable cause to believe is, or is at risk of being, a sex

trafficking victim (including children for whom a State child welfare agency has an open case file but who have not been removed from the home, children who have run away from foster care and who have not attained 18 years of age or such older age as the State has elected under section 475(8) of this Act, and youth who are not in foster care but are receiving services under section 477 of this Act); and

(II) at the option of the State, any individual who has not attained 26 years of age, without regard to whether the individual is or was in foster care under the responsibility of the State; and

(ii) 2 years after such date of enactment, demonstrate to the Secretary that the State agency is implementing the policies and procedures referred to in clause (i).

(10) provides—

(A) for the establishment or designation of a State authority or authorities that shall be responsible for establishing and maintaining standards for foster family homes and child care institutions which are reasonably in accord with recommended standards of national organizations concerned with standards for the institutions or homes, including standards related to admission policies, safety, sanitation, and protection of civil rights, and which shall permit use of the reasonable and prudent parenting standard;

(B) that the standards established pursuant to subparagraph (A) shall be applied by the State to any foster family home or child care institution receiving funds under this part or part B and shall require, as a condition of each contract entered into by a child care institution to provide foster care, the presence on-site of at least 1 official who, with respect to any child placed at the child care institution, is designated to be the caregiver who is authorized to apply the reasonable and prudent parent standard to decisions involving the participation of the child in age or developmentally-appropriate activities, and who is provided with training in how to use and apply the reasonable and prudent parent standard in the same manner as prospective foster parents are provided the training pursuant to paragraph (24);

(C) that the standards established pursuant to subparagraph (A) shall include policies related to the liability of foster parents and private entities under contract by the State involving the application of the reasonable and prudent parent standard, to ensure appropriate liability for caregivers when a child participates in an approved activity and the caregiver approving the activity acts in accordance with the reasonable and prudent parent standard; and

(D) that a waiver of any standards established pursuant to subparagraph (A) may be made only on a case-by-

case basis for nonsafety standards (as determined by the State) in relative foster family homes for specific children in care;

(11) provides for periodic review of the standards referred to in the preceding paragraph and amounts paid as foster care maintenance payments and adoption assistance to assure their continuing appropriateness;

(12) provides for granting an opportunity for a fair hearing before the State agency to any individual whose claim for benefits available pursuant to this part is denied or is not acted upon with reasonable promptness;

(13) provides that the State shall arrange for a periodic and independently conducted audit of the programs assisted under this part and part B of this title, which shall be conducted no less frequently than once every three years;

(10) APPLICATION.—

(A) IN GENERAL.—The provision of services or programs under this subsection to or on behalf of a child described in paragraph (2) shall not be considered to be receipt of aid or assistance under the State plan under this part for purposes of eligibility for any other program established under this Act, nor shall the provision of such services or programs be construed to permit the State to reduce medical or other assistance available to a recipient of such services or programs.

(B) CANDIDATES IN KINSHIP CARE.—A child described in paragraph (2) for whom such services or programs under this subsection are provided for more than 6 months while in the home of a kin caregiver, and who would satisfy the AFDC eligibility requirement of section 472(a)(3)(A)(ii)(II) but for residing in the home of the caregiver for more than 6 months, is deemed to satisfy that requirement for purposes of determining whether the child is eligible for foster care maintenance payments under section 472.

(C) PAYER OF LAST RESORT.—In carrying out its responsibilities to ensure access to services or programs under this subsection, the State agency shall not be considered to be a legally liable third party for purposes of satisfying a financial commitment for the cost of providing

such services or programs with respect to any individual for whom such cost would have been paid for from another public or private source but for the enactment of this subsection (except that whenever considered necessary to prevent a delay in the receipt of appropriate early intervention services by a child or family in a timely fashion, funds provided under section 474(a)(6) may be used to pay the provider of services or programs pending reimbursement from the public or private source that has ultimate responsibility for the payment).

SEC. 472. [42 U.S.C. 672] (a) IN GENERAL.—

(1) ELIGIBILITY.—Each State with a plan approved under this part shall make foster care maintenance payments on behalf of each child who has been removed from the home of a relative specified in section 406(a) (as in effect on July 16, 1996) into foster care if—

(A) the removal and foster care placement met, and the placement continues to meet, the requirements of paragraph (2); and

(B) the child, while in the home, would have met the AFDC eligibility requirement of paragraph (3).

(2) REMOVAL AND FOSTER CARE PLACEMENT REQUIREMENTS.—The removal and foster care placement of a child meet the requirements of this paragraph if—

(A) the removal and foster care placement are in accordance with—

(i) a voluntary placement agreement entered into by a parent or legal guardian of the child who is the relative referred to in paragraph (1); or

(ii) a judicial determination to the effect that continuation in the home from which removed would be contrary to the welfare of the child and that reasonable efforts of the type described in section 471(a)(15) for a child have been made;

(B) the child's placement and care are the responsibility of—

(i) the State agency administering the State plan approved under section 471;

(ii) any other public agency with which the State agency administering or supervising the administration of the State plan has made an agreement which is in effect; or

(iii) an Indian tribe or a tribal organization (as defined in section 479B(a)) or a tribal consortium that has a plan approved under section 471 in accordance with section 479B; and

(C) the child has been placed in a foster family home, with a parent residing in a licensed residential family-based treatment facility, but only to the extent permitted under subsection (j), or in a child-care institution, but only to the extent permitted under subsection (k).

(3) AFDC ELIGIBILITY REQUIREMENT.—

(A) IN GENERAL.—A child in the home referred to in paragraph (1) would have met the AFDC eligibility requirement of this paragraph if the child—

(i) would have received aid under the State plan approved under section 402 (as in effect on July 16, 1996) in the home, in or for the month in which the agreement was entered into or court proceedings leading to the determination referred to in paragraph (2)(A)(ii) of this subsection were initiated; or

(ii)(I) would have received the aid in the home, in or for the month referred to in clause (i), if application had been made therefor; or

(II) had been living in the home within 6 months before the month in which the agreement was entered into or the proceedings were initiated, and would have received the aid in or for such month, if, in such month, the child had been living in the home with the relative referred to in paragraph (1) and application for the aid had been made.

(B) RESOURCES DETERMINATION.—For purposes of subparagraph (A), in determining whether a child would have received aid under a State plan approved under section 402 (as in effect on July 16, 1996), a child whose resources (determined pursuant to section 402(a)(7)(B), as so in effect) have a combined value of not more than \$10,000 shall be considered a child whose resources have a combined value of not more than \$1,000 (or such lower amount as the State may determine for purposes of section 402(a)(7)(B)).

(4) ELIGIBILITY OF CERTAIN ALIEN CHILDREN.—Subject to title IV of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, if the child is an alien disqualified under section 245A(h) or 210(f) of the Immigration and Nationality Act from receiving aid under the State plan approved under section 402 in or for the month in which the agreement described in paragraph (2)(A)(i) was entered into or court proceedings leading to the determination described in paragraph (2)(A)(ii) were initiated, the child shall be considered to satisfy the requirements of paragraph (3), with respect to the month, if the child would have satisfied the requirements but for the disqualification.

(b) Foster care maintenance payments may be made under this part only on behalf of a child described in subsection (a) of this section who is—

(1) in the foster family home of an individual, whether the payments therefor are made to such individual or to a public or private child-placement or child-care agency, or

(2) in a child-care institution, whether the payments therefor are made to such institution or to a public or private child-placement or child-care agency, which payments shall be limited so as to include in such payments only those items which are included in the term “foster care maintenance payments” (as defined in section 475(4)).

(c) DEFINITIONS.—For purposes of this part:

(1) FOSTER FAMILY HOME.—

(A) IN GENERAL.—The term “foster family home” means the home of an individual or family—

(i) that is licensed or approved by the State in which it is situated as a foster family home that meets the standards established for the licensing or approval; and

(ii) in which a child in foster care has been placed in the care of an individual, who resides with the child and who has been licensed or approved by the State to be a foster parent—

(I) that the State deems capable of adhering to the reasonable and prudent parent standard;

(II) that provides 24-hour substitute care for children placed away from their parents or other caretakers; and

(III) that provides the care for not more than six children in foster care.

(B) STATE FLEXIBILITY.—The number of foster children that may be cared for in a home under subparagraph (A) may exceed the numerical limitation in subparagraph (A)(ii)(III), at the option of the State, for any of the following reasons:

(i) To allow a parenting youth in foster care to remain with the child of the parenting youth.

(ii) To allow siblings to remain together.

(iii) To allow a child with an established meaningful relationship with the family to remain with the family.

(iv) To allow a family with special training or skills to provide care to a child who has a severe disability.

(C) RULE OF CONSTRUCTION.—Subparagraph (A) shall not be construed as prohibiting a foster parent from renting the home in which the parent cares for a foster child placed in the parent’s care.

(2) CHILD-CARE INSTITUTION.—

(A) IN GENERAL.—The term “child-care institution” means a private child-care institution, or a public child-care institution which accommodates no more than 25 children, which is licensed by the State in which it is situated or has been approved by the agency of the State responsible for licensing or approval of institutions of this type as meeting the standards established for the licensing.

(B) SUPERVISED SETTINGS.—In the case of a child who has attained 18 years of age, the term shall include a supervised setting in which the individual is living independently, in accordance with such conditions as the Secretary shall establish in regulations.

(C) EXCLUSIONS.—The term shall not include detention facilities, forestry camps, training schools, or any other facility operated primarily for the detention of children who are determined to be delinquent.

(d) Notwithstanding any other provision of this title, Federal payments may be made under this part with respect to amounts expended by any State as foster care maintenance payments under this section, in the case of children removed from their homes pursuant to voluntary placement agreements as described in subsection (a), only if (at the time such amounts were expended) the State has fulfilled all of the requirements of section 422(b)(8).

(e) No Federal payment may be made under this part with respect to amounts expended by any State as foster care maintenance payments under this section, in the case of any child who was removed from his or her home pursuant to a voluntary placement agreement as described in subsection (a) and has remained in voluntary placement for a period in excess of 180 days, unless there has been a judicial determination by a court of competent jurisdiction (within the first 180 days of such placement) to the effect that such placement is in the best interests of the child.

(f) For the purposes of this part and part B of this title, (1) the term “voluntary placement” means an out-of-home placement of a minor, by or with participation of a State agency, after the parents or guardians of the minor have requested the assistance of the agency and signed a voluntary placement agreement; and (2) the term “voluntary placement agreement” means a written agreement, binding on the parties to the agreement, between the State agency, any other agency acting on its behalf, and the parents or guardians of a minor child which specifies, at a minimum, the legal status of the child and the rights and obligations of the parents or guardians, the child, and the agency while the child is in placement.

(g) In any case where—

(1) the placement of a minor child in foster care occurred pursuant to a voluntary placement agreement entered into by the parents or guardians of such child as provided in subsection (a), and

(2) such parents or guardians request (in such manner and form as the Secretary may prescribe) that the child be returned to their home or to the home of a relative,

the voluntary placement agreement shall be deemed to be revoked unless the State agency opposes such request and obtains a judicial determination, by a court of competent jurisdiction, that the return of the child to such home would be contrary to the child’s best interests.

(h)(1) For purposes of title XIX, any child with respect to whom foster care maintenance payments are made under this section is deemed to be a dependent child as defined in section 406 (as in effect as of July 16, 1996) and deemed to be a recipient of aid to families with dependent children under part A of this title (as so in effect). For purposes of subtitle 1 of title XX⁴⁷, any child with respect to whom foster care maintenance payments are made under this section is deemed to be a minor child in a needy family under a State program funded under part A of this title and is deemed to be a recipient of assistance under such part.

⁴⁷So in law. The reference to “subtitle 1” in subsection (h)(1) probably should read “subtitle A”.

(2) For purposes of paragraph (1), a child whose costs in a foster family home or child care institution are covered by the foster care maintenance payments being made with respect to the child's minor parent, as provided in section 475(4)(B), shall be considered a child with respect to whom foster care maintenance payments are made under this section.

(i) ADMINISTRATIVE COSTS ASSOCIATED WITH OTHERWISE ELIGIBLE CHILDREN NOT IN LICENSED FOSTER CARE SETTINGS.—Expenditures by a State that would be considered administrative expenditures for purposes of section 474(a)(3) if made with respect to a child who was residing in a foster family home or child-care institution shall be so considered with respect to a child not residing in such a home or institution—

(1) in the case of a child who has been removed in accordance with subsection (a) of this section from the home of a relative specified in section 406(a) (as in effect on July 16, 1996), only for expenditures—

(A) with respect to a period of not more than the lesser of 12 months or the average length of time it takes for the State to license or approve a home as a foster home, in which the child is in the home of a relative and an application is pending for licensing or approval of the home as a foster family home; or

(B) with respect to a period of not more than 1 calendar month when a child moves from a facility not eligible for payments under this part into a foster family home or child care institution licensed or approved by the State; and

(2) in the case of any other child who is potentially eligible for benefits under a State plan approved under this part and at imminent risk of removal from the home, only if—

(A) reasonable efforts are being made in accordance with section 471(a)(15) to prevent the need for, or if necessary to pursue, removal of the child from the home; and

(B) the State agency has made, not less often than every 6 months, a determination (or redetermination) as to whether the child remains at imminent risk of removal from the home.

(j) CHILDREN PLACED WITH A PARENT RESIDING IN A LICENSED RESIDENTIAL FAMILY-BASED TREATMENT FACILITY FOR SUBSTANCE ABUSE.—

(1) IN GENERAL.—Notwithstanding the preceding provisions of this section, a child who is eligible for foster care maintenance payments under this section, or who would be eligible for the payments if the eligibility were determined without regard to paragraphs (1)(B) and (3) of subsection (a), shall be eligible for the payments for a period of not more than 12 months during which the child is placed with a parent who is in a licensed residential family-based treatment facility for substance abuse, but only if—

(A) the recommendation for the placement is specified in the child's case plan before the placement;

(B) the treatment facility provides, as part of the treatment for substance abuse, parenting skills training,

parent education, and individual and family counseling; and

(C) the substance abuse treatment, parenting skills training, parent education, and individual and family counseling is provided under an organizational structure and treatment framework that involves understanding, recognizing, and responding to the effects of all types of trauma and in accordance with recognized principles of a trauma-informed approach and trauma-specific interventions to address the consequences of trauma and facilitate healing.

(2) APPLICATION.—With respect to children for whom foster care maintenance payments are made under paragraph (1), only the children who satisfy the requirements of paragraphs (1)(B) and (3) of subsection (a) shall be considered to be children with respect to whom foster care maintenance payments are made under this section for purposes of subsection (h) or section 473(b)(3)(B).

(k) LIMITATION ON FEDERAL FINANCIAL PARTICIPATION.—

(1) IN GENERAL.—Beginning with the third week for which foster care maintenance payments are made under this section on behalf of a child placed in a child-care institution, no Federal payment shall be made to the State under section 474(a)(1) for amounts expended for foster care maintenance payments on behalf of the child unless—

(A) the child is placed in a child-care institution that is a setting specified in paragraph (2) (or is placed in a licensed residential family-based treatment facility consistent with subsection (j)); and

(B) in the case of a child placed in a qualified residential treatment program (as defined in paragraph (4)), the requirements specified in paragraph (3) and section 475A(c) are met.

(2) SPECIFIED SETTINGS FOR PLACEMENT.—The settings for placement specified in this paragraph are the following:

(3) ASSESSMENT TO DETERMINE APPROPRIATENESS OF PLACEMENT IN A QUALIFIED RESIDENTIAL TREATMENT PROGRAM.—

(A) DEADLINE FOR ASSESSMENT.—In the case of a child who is placed in a qualified residential treatment program, if the assessment required under section 475A(c)(1) is not completed within 30 days after the placement is made, no Federal payment shall be made to the State under section

474(a)(1) for any amounts expended for foster care maintenance payments on behalf of the child during the placement.

(B) DEADLINE FOR TRANSITION OUT OF PLACEMENT.—If the assessment required under section 475A(c)(1) determines that the placement of a child in a qualified residential treatment program is not appropriate, a court disapproves such a placement under section 475A(c)(2), or a child who has been in an approved placement in a qualified residential treatment program is going to return home or be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home, Federal payments shall be made to the State under section 474(a)(1) for amounts expended for foster care maintenance payments on behalf of the child while the child remains in the qualified residential treatment program only during the period necessary for the child to transition home or to such a placement. In no event shall a State receive Federal payments under section 474(a)(1) for amounts expended for foster care maintenance payments on behalf of a child who remains placed in a qualified residential treatment program after the end of the 30-day period that begins on the date a determination is made that the placement is no longer the recommended or approved placement for the child.

(4) QUALIFIED RESIDENTIAL TREATMENT PROGRAM.—For purposes of this part, the term “qualified residential treatment program” means a program that—

(A) has a trauma-informed treatment model that is designed to address the needs, including clinical needs as appropriate, of children with serious emotional or behavioral disorders or disturbances and, with respect to a child, is able to implement the treatment identified for the child by the assessment of the child required under section 475A(c);

(iv) Any other independent, not-for-profit accrediting organization approved by the Secretary.

- (D) In determining the eligibility for adoption assistance payments of a child in a legal guardianship arrangement described in section 471(a)(28), the placement of the child with the relative guardian involved and any kinship guardianship assistance payments made on behalf of the child shall be considered never to have been made.
- (3) The amount of the payments to be made in any case under clauses (i) and (ii) of paragraph (1)(B) shall be determined through agreement between the adoptive parents and the State or local agency administering the program under this section, which shall take into consideration the circumstances of the adopting parents and the needs of the child being adopted, and may be readjusted periodically, with the concurrence of the adopting parents (which may be specified in the adoption assistance agreement), depending upon changes in such circumstances.  - (ii) who has not attained 18 years of age, if the State determines that the parents or relative guardians, as the case may be, are no longer legally responsible for the support of the child; or

(iii) if the State determines that the child is no longer receiving any support from the parents or relative guardians, as the case may be.

(B) Parents or relative guardians who have been receiving adoption assistance payments or kinship guardianship assistance payments under this section shall keep the State or local agency administering the program under this section informed of circumstances which would, pursuant to this subsection, make them ineligible for the payments, or eligible for the payments in a different amount.

(5) For purposes of this part, individuals with whom a child (who has been determined by the State, pursuant to subsection (c), to be a child with special needs) is placed for adoption in accordance with applicable State and local law shall be eligible for such payments, during the period of the placement, on the same terms and subject to the same conditions as if such individuals had adopted such child.

(6)(A) For purposes of paragraph (1)(B)(i), the term “non-recurring adoption expenses” means reasonable and necessary adoption fees, court costs, attorney fees, and other expenses which are directly related to the legal adoption of a child with special needs and which are not incurred in violation of State or Federal law.

(7)(A) Notwithstanding any other provision of this subsection, no payment may be made to parents with respect to any applicable child for a fiscal year that—

(i) would be considered a child with special needs under subsection (c)(2);

(ii) is not a citizen or resident of the United States; and

(iii) was adopted outside of the United States or was brought into the United States for the purpose of being adopted.

(8)(A) A State shall calculate the savings (if any) resulting from the application of paragraph (2)(A)(ii) to all applicable children for a fiscal year, using a methodology specified by the Secretary or an alternate methodology proposed by the State and approved by the Secretary.

(B) A State shall annually report to the Secretary—

(i) the methodology used to make the calculation described in subparagraph (A), without regard to whether any savings are found;

(ii) the amount of any savings referred to in subparagraph (A); and

(iii) how any such savings are spent, accounting for and reporting the spending separately from any other spending reported to the Secretary under part B or this part.

(C) The Secretary shall make all information reported pursuant to subparagraph (B) available on the website of the Department of Health and Human Services in a location easily accessible to the public.

(D)(i) A State shall spend an amount equal to the amount of the savings (if any) in State expenditures under this part resulting from the application of paragraph (2)(A)(ii) to all applicable children for a fiscal year, to provide to children of families any service that may be provided under part B or this part. A State shall spend not less than 30 percent of any such savings on post-adoption services, post-guardianship services, and services to support and sustain positive permanent outcomes for children who otherwise might enter into foster care under the responsibility of the State, with at least $\frac{2}{3}$ of the spending by the State to comply with such 30 percent requirement being spent on post-adoption and post-guardianship services.

(ii) Any State spending required under clause (i) shall be used to supplement, and not supplant, any Federal or non-Federal funds used to provide any service under part B or this part.

(b)(1) For purposes of title XIX, any child who is described in paragraph (3) is deemed to be a dependent child as defined in section 406 (as in effect as of July 16, 1996) and deemed to be a recipient of aid to families with dependent children under part A of this title (as so in effect) in the State where such child resides.

(2) For purposes of subtitle 1 of title XX⁴⁸, any child who is described in paragraph (3) is deemed to be a minor child in a needy family under a State program funded under part A of this title and deemed to be a recipient of assistance under such part.

(3) A child described in this paragraph is any child—

(A)(i) who is a child described in subsection (a)(2), and

(ii) with respect to whom an adoption assistance agreement is in effect under this section (whether or not adoption assistance payments are provided under the agreement or are being made under this section), including any such child who has been placed for adoption in accordance with applicable State and local law (whether or not an interlocutory or other judicial decree of adoption has been issued),

(B) with respect to whom foster care maintenance payments are being made under section 472, or

(C) with respect to whom kinship guardianship assistance payments are being made pursuant to subsection (d).

(4) For purposes of paragraphs (1) and (2), a child whose costs in a foster family home or child-care institution are covered by the foster care maintenance payments being made with respect to the child's minor parent, as provided in section 475(4)(B), shall be considered a child with respect to whom foster care maintenance payments are being made under section 472.

⁴⁸So in law. The reference to "subtitle 1" in subsection (b)(2) probably should read "subtitle A".

(1) in the case of a child who is not an applicable child for a fiscal year, the child shall not be considered a child with special needs unless—

(A) the State has determined that the child cannot or should not be returned to the home of his parents; and

(B) the State had first determined (A) that there exists with respect to the child a specific factor or condition (such as his ethnic background, age, or membership in a minority or sibling group, or the presence of factors such as medical conditions or physical, mental, or emotional handicaps) because of which it is reasonable to conclude that such child cannot be placed with adoptive parents without providing adoption assistance under this section or medical assistance under title XIX, and (B) that, except where it would be against the best interests of the child because of such factors as the existence of significant emotional ties with prospective adoptive parents while in the care of such parents as a foster child, a reasonable, but unsuccessful, effort has been made to place the child with appropriate adoptive parents without providing adoption assistance under this section or medical assistance under title XIX; or

(2) in the case of a child who is an applicable child for a fiscal year, the child shall not be considered a child with special needs unless—

(A) the State has determined, pursuant to a criterion or criteria established by the State, that the child cannot or should not be returned to the home of his parents;

(B)(i) the State has determined that there exists with respect to the child a specific factor or condition (such as ethnic background, age, or membership in a minority or sibling group, or the presence of factors such as medical conditions or physical, mental, or emotional handicaps) because of which it is reasonable to conclude that the child cannot be placed with adoptive parents without providing adoption assistance under this section and medical assistance under title XIX; or

(ii) the child meets all medical or disability requirements of title XVI with respect to eligibility for supplemental security income benefits; and

(C) the State has determined that, except where it would be against the best interests of the child because of such factors as the existence of significant emotional ties with prospective adoptive parents while in the care of the parents as a foster child, a reasonable, but unsuccessful, effort has been made to place the child with appropriate adoptive parents without providing adoption assistance under this section or medical assistance under title XIX.

(d) KINSHIP GUARDIANSHIP ASSISTANCE PAYMENTS FOR CHILDREN.—

(1) KINSHIP GUARDIANSHIP ASSISTANCE AGREEMENT.—

(A) IN GENERAL.—In order to receive payments under section 474(a)(5), a State shall—

(2) LIMITATIONS ON AMOUNT OF KINSHIP GUARDIANSHIP ASSISTANCE PAYMENT.—A kinship guardianship assistance payment on behalf of a child shall not exceed the foster care maintenance payment which would have been paid on behalf of the child if the child had remained in a foster family home.

(3) CHILD'S ELIGIBILITY FOR A KINSHIP GUARDIANSHIP ASSISTANCE PAYMENT.—

(A) IN GENERAL.—A child is eligible for a kinship guardianship assistance payment under this subsection if the State agency determines the following:

(i) The child has been—

(I) removed from his or her home pursuant to a voluntary placement agreement or as a result of a judicial determination to the effect that continuation in the home would be contrary to the welfare of the child; and

(II) eligible for foster care maintenance payments under section 472 while residing for at least 6 consecutive months in the home of the prospective relative guardian.

(ii) Being returned home or adopted are not appropriate permanency options for the child.

(iii) The child demonstrates a strong attachment to the prospective relative guardian and the relative

guardian has a strong commitment to caring permanently for the child.

(iv) With respect to a child who has attained 14 years of age, the child has been consulted regarding the kinship guardianship arrangement.

(B) TREATMENT OF SIBLINGS.—With respect to a child described in subparagraph (A) whose sibling or siblings are not so described—

(ii) kinship guardianship assistance payments may be paid on behalf of each sibling so placed.

(C) ELIGIBILITY NOT AFFECTED BY REPLACEMENT OF GUARDIAN WITH A SUCCESSOR GUARDIAN.—In the event of the death or incapacity of the relative guardian, the eligibility of a child for a kinship guardianship assistance payment under this subsection shall not be affected by reason of the replacement of the relative guardian with a successor legal guardian named in the kinship guardianship assistance agreement referred to in paragraph (1) (including in any amendment to the agreement), notwithstanding subparagraph (A) of this paragraph and section 471(a)(28).

(a) GRANT AUTHORITY.—Subject to the availability of such amounts as may be provided in advance in appropriations Acts for this purpose, the Secretary shall make a grant to each State that is an incentive-eligible State for a fiscal year in an amount equal to the adoption and legal guardianship incentive payment payable to the State under this section for the fiscal year, which shall be payable in the immediately succeeding fiscal year.

(b) INCENTIVE-ELIGIBLE STATE.—A State is an incentive-eligible State for a fiscal year if—

(1) the State has a plan approved under this part for the fiscal year;

(3) NO WAIVER OF AFCARS REQUIREMENTS.—This section shall not be construed to alter or affect any requirement of section 479 or of any regulation prescribed under such section with respect to reporting of data by States, or to waive any penalty for failure to comply with such a requirement.

(1) IN GENERAL.—Except as provided in paragraphs (2) and (3), the adoption and legal guardianship incentive payment payable to a State for a fiscal year under this section shall be equal to the sum of—

(ii) the product (rounded to the nearest whole number) of—

(I) the base rate of foster child adoptions for the State for the fiscal year; and

(II) the number of children in foster care under the supervision of the State on the last day of the preceding fiscal year;

(B) \$7,500, multiplied by the amount (if any) by which—

(2) PRO RATA ADJUSTMENT IF INSUFFICIENT FUNDS AVAILABLE.—For any fiscal year, if the total amount of adoption incentive payments otherwise payable under paragraph (1) for a fiscal year exceeds the amount appropriated pursuant to subsection (h) for the fiscal year, the amount of the adoption incentive payment payable to each State under paragraph (1) for the fiscal year shall be—

(A) the amount of the adoption and legal guardianship incentive payment that would otherwise be payable to the State under paragraph (1) for the fiscal year; multiplied by

(B) the percentage represented by the amount so appropriated for the fiscal year, divided by the total amount of adoption and legal guardianship incentive payments otherwise payable under paragraph (1) for the fiscal year.

(3) INCREASED ADOPTION AND LEGAL GUARDIANSHIP INCENTIVE PAYMENT FOR TIMELY ADOPTIONS.—

(A) IN GENERAL.—If for any of fiscal years 2013 through 2015, the total amount of adoption and legal guardianship incentive payments payable under paragraph (1) of this subsection are less than the amount appropriated under subsection (h) for the fiscal year, then, from the remainder of the amount appropriated for the fiscal year that is not required for such payments (in this paragraph referred to as the “timely adoption award pool”), the Secretary shall increase the adoption incentive payment determined under paragraph (1) for each State that the Secretary determines is a timely adoption award State for the fiscal year by the award amount determined for the fiscal year under subparagraph (C).

(B) TIMELY ADOPTION AWARD STATE DEFINED.—A State is a timely adoption award State for a fiscal year if the Secretary determines that, for children who were in foster care under the supervision of the State at the time of adoptive placement, the average number of months from removal of children from their home to the placement of children in finalized adoptions is less than 24 months.

(C) AWARD AMOUNT.—For purposes of subparagraph (A), the award amount determined under this subparagraph with respect to a fiscal year is the amount equal to

the timely adoption award pool for the fiscal year divided by the number of timely adoption award States for the fiscal year.

(e) 36-MONTH⁴⁹ AVAILABILITY OF INCENTIVE PAYMENTS.— Payments to a State under this section in a fiscal year shall remain available for use by the State for the 36-month period beginning with the month in which the payments are made.

Amounts expended by a State in accordance with the preceding sentence shall be disregarded in determining State expenditures for purposes of Federal matching payments under sections 424, 434, and 474.

⁴⁹Section 205(1) of Public Law 113–183 provided for an amendment to the heading of subsection (e). The amendment struck “24-month” and inserted “36-month”; but it probably should have been made to strike “24-Month” so that the letter “m” in the word “month” appeared with an initial uppercase or large capital letter. Such amendment was carried out to reflect the probable intent of Congress.

(5) BASE RATE OF PRE-ADOLESCENT CHILD ADOPTIONS AND PRE-ADOLESCENT FOSTER CHILD GUARDIANSHIPS.—The term “base rate of pre-adolescent child adoptions and pre-adolescent foster child guardianships” means, with respect to a State and a fiscal year, the lesser of—

(12) FOSTER CHILD GUARDIANSHIP.—The term “foster child guardianship” means, with respect to a State, the exit of a child from foster care under the responsibility of the State to live with a legal guardian, if the State has reported to the Secretary—

(A) that the State agency has determined that—

(i) the child has been removed from his or her home pursuant to a voluntary placement agreement or as a result of a judicial determination to the effect that continuation in the home would be contrary to the welfare of the child;

(2) DESCRIPTION OF THE CHARACTER OF THE TECHNICAL ASSISTANCE.—The technical assistance provided under paragraph (1) may support the goal of encouraging more adoptions out of the foster care system, when adoptions promote the best interests of children, and may include the following:

(A) The development of best practice guidelines for expediting termination of parental rights.

(B) Models to encourage the use of concurrent planning.

(C) The development of specialized units and expertise in moving children toward adoption as a permanency goal.

(2) the amount, if any, allotted to the State under section 477(c)(3) for the fiscal year in which the quarter occurs, reduced by the total of the amounts payable to the State under this subsection for such purposes for all prior quarters in the fiscal year.

(2) If the Secretary finds that the State has failed to submit the data, as so required, by the end of the 6-month period referred to in paragraph (1) of this subsection, then, notwithstanding subsection (a) of this section and any regulations promulgated under section 1123A(b)(3), the Secretary shall reduce the amounts otherwise payable to the State under this part, for each quarter ending in the 6-month period (and each quarter ending in each subsequent consecutively occurring 6-month period until the Secretary finds that the State has submitted the data, as so required), by—

(A) $\frac{1}{6}$ of 1 percent of the total amount expended by the State for administration of foster care activities under the State plan approved under this part in the quarter so ending, in the case of the 1st 6-month period during which the failure continues; or

(B) $\frac{1}{4}$ of 1 percent of the total amount so expended, in the case of the 2nd or any subsequent such 6-month period.

SEC. 475. [42 U.S.C. 675] As used in this part or part B of this title:

(1) The term “case plan” means a written document which meets the requirements of section 475A and includes at least the following:

(A) A description of the type of home or institution in which a child is to be placed, including a discussion of the safety and appropriateness of the placement and how the agency which is responsible for the child plans to carry out the voluntary placement agreement entered into or judicial determination made with respect to the child in accordance with section 472(a)(1).⁵³

(B) A plan for assuring that the child receives safe and proper care and that services are provided to the parents, child, and foster parents in order to improve the conditions in the parents’ home, facilitate return of the child to his own safe home or the permanent placement of the child, and address the needs of the child while in foster care, including a discussion of the appropriateness of the services that have been provided to the child under the plan. With respect to a child who has attained 14 years of age, the plan developed for the child in accordance with this paragraph, and any revision or addition to the plan, shall be developed in consultation with the child and, at the option of the child, with up to 2 members of the case planning team who are chosen by the child and who are not a foster parent of, or caseworker for, the child. A State may reject an individual selected by a child to be a member of the case planning team at any time if the State has good cause to believe that the individual would not act in the best interests of the child. One individual selected by a child to be a member of the child’s case planning team may be designated to be the child’s advisor and, as necessary, advocate, with respect to the application of the reasonable and prudent parent standard to the child.

(vii) any other relevant health and education information concerning the child determined to be appropriate by the State agency.

(D) For a child who has attained 14 years of age or over, a written description of the programs and services which will help such child prepare for the transition from foster care to a successful adulthood.

(E) In the case of a child with respect to whom the permanency plan is adoption or placement in another permanent home, documentation of the steps the agency is taking to find an adoptive family or other permanent living arrangement for the child, to place the child with an adoptive family, a fit and willing relative, a legal guardian, or in another planned permanent living arrangement, and to finalize the adoption or legal guardianship. At a minimum, such documentation shall include child specific recruitment efforts such as the use of State, regional, and national adoption exchanges including electronic exchange systems to facilitate orderly and timely in-State and interstate placements.

(F) In the case of a child with respect to whom the permanency plan is placement with a relative and receipt of kinship guardianship assistance payments under section 473(d), a description of—

(i) the steps that the agency has taken to determine that it is not appropriate for the child to be returned home or adopted;

(ii) the reasons for any separation of siblings during placement;

(iii) the reasons why a permanent placement with a fit and willing relative through a kinship guardianship assistance arrangement is in the child's best interests;

(iv) the ways in which the child meets the eligibility requirements for a kinship guardianship assistance payment;

(v) the efforts the agency has made to discuss adoption by the child's relative foster parent as a more permanent alternative to legal guardianship and, in the case of a relative foster parent who has chosen not to pursue adoption, documentation of the reasons therefor; and

(vi) the efforts made by the State agency to discuss with the child's parent or parents the kinship guardianship assistance arrangement, or the reasons why the efforts were not made.

(G) A plan for ensuring the educational stability of the child while in foster care, including—

(i) assurances that each placement of the child in foster care takes into account the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement; and

(ii)(I) an assurance that the State agency has coordinated with appropriate local educational agencies (as defined under section 8101 of the Elementary and Secondary Education Act of 1965) to ensure that the child remains in the school in which the child is enrolled at the time of each placement; or

(II) if remaining in such school is not in the best interests of the child, assurances by the State agency and the local educational agencies to provide immediate and appropriate enrollment in a new school, with all of the educational records of the child provided to the school.

(2) The term “parents” means biological or adoptive parents or legal guardians, as determined by applicable State law.

(3) The term “adoption assistance agreement” means a written agreement, binding on the parties to the agreement, between the State agency, other relevant agencies, and the prospective adoptive parents of a minor child which at a minimum (A) specifies the nature and amount of any payments, services, and assistance to be provided under such agreement, and (B) stipulates that the agreement shall remain in effect regardless of the State of which the adoptive parents are residents at any given time. (5) The term “case review system” means a procedure for assuring that—

(A) each child has a case plan designed to achieve placement in a safe setting that is the least restrictive (most family like) and most appropriate setting available and in close proximity to the parents’ home, consistent

with the best interest and special needs of the child, which—

(i) if the child has been placed in a foster family home or child-care institution a substantial distance from the home of the parents of the child, or in a State different from the State in which such home is located, sets forth the reasons why such placement is in the best interests of the child, and

(ii) if the child has been placed in foster care outside the State in which the home of the parents of the child is located, requires that, periodically, but not less frequently than every 6 months, a caseworker on the staff of the State agency of the State in which the home of the parents of the child is located, of the State in which the child has been placed, or of a private agency under contract with either such State, visit such child in such home or institution and submit a report on such visit to the State⁵⁴ in which the home of the parents of the child is located,⁵⁵

(B) the status of each child is reviewed periodically but no less frequently than once every six months by either a court or by administrative review (as defined in paragraph (6)) in order to determine the safety of the child, the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, and the extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care, and to project a likely date by which the child may be returned to and safely maintained in the home or placed for adoption or legal guardianship, and, for a child for whom another planned permanent living arrangement has been determined as the permanency plan, the steps the State agency is taking to ensure the child's foster family home or child care institution is following the reasonable and prudent parent standard and to ascertain whether the child has regular, ongoing opportunities to engage in age or developmentally appropriate activities (including by consulting with the child in an age-appropriate manner about the opportunities of the child to participate in the activities);

(C) with respect to each such child, (i) procedural safeguards will be applied, among other things, to assure each child in foster care under the supervision of the State of a permanency hearing to be held, in a family or juvenile court or another court (including a tribal court) of competent jurisdiction, or by an administrative body appointed or approved by the court, no later than 12 months after the date the child is considered to have entered foster care (as determined under subparagraph (F)) (and not less frequently than every 12 months thereafter during the continuation of foster care), which hearing shall determine the

(E) in the case of a child who has been in foster care under the responsibility of the State for 15 of the most recent 22 months, or, if a court of competent jurisdiction has determined a child to be an abandoned infant (as defined under State law) or has made a determination that the parent has committed murder of another child of the parent, committed voluntary manslaughter of another child of the parent, aided or abetted, attempted, conspired, or solicited to commit such a murder or such a voluntary manslaughter, or committed a felony assault that has resulted in serious bodily injury to the child or to another child of the parent, the State shall file a petition to terminate the parental rights of the child's parents (or, if such a petition has been filed by another party, seek to be joined as a party to the petition), and, concurrently, to identify, recruit, process, and approve a qualified family for an adoption, unless—

(i) at the option of the State, the child is being cared for by a relative;

(ii) a State agency has documented in the case plan (which shall be available for court review) a compelling reason for determining that filing such a petition would not be in the best interests of the child; or

(iii) the State has not provided to the family of the child, consistent with the time period in the State case plan, such services as the State deems necessary for the safe return of the child to the child's home, if reasonable efforts of the type described in section 471(a)(15)(B)(ii) are required to be made with respect to the child;

(F) a child shall be considered to have entered foster care on the earlier of—

SEC. 475A. [42 U.S.C. 675a] ADDITIONAL CASE PLAN AND CASE REVIEW SYSTEM REQUIREMENTS.

(a) **REQUIREMENTS FOR ANOTHER PLANNED PERMANENT LIVING ARRANGEMENT.**—In the case of any child for whom another planned permanent living arrangement is the permanency plan determined for the child under section 475(5)(C), the following requirements shall apply for purposes of approving the case plan for the child and the case system review procedure for the child:

(1) **DOCUMENTATION OF INTENSIVE, ONGOING, UNSUCCESSFUL EFFORTS FOR FAMILY PLACEMENT.**—At each permanency hearing held with respect to the child, the State agency documents the intensive, ongoing, and, as of the date of the hearing, unsuccessful efforts made by the State agency to return the child home or secure a placement for the child with a fit and willing relative (including adult siblings), a legal guardian, or an adoptive parent, including through efforts that utilize search technology (including social media) to find biological family members for the children.

(2) **REDETERMINATION OF APPROPRIATENESS OF PLACEMENT AT EACH PERMANENCY HEARING.**—The State agency shall implement procedures to ensure that, at each permanency hearing held with respect to the child, the court or administrative body appointed or approved by the court conducting the hearing on the permanency plan for the child does the following:

(A) Ask the child about the desired permanency outcome for the child.

(B) Make a judicial determination explaining why, as of the date of the hearing, another planned permanent liv-

ing arrangement is the best permanency plan for the child and provide compelling reasons why it continues to not be in the best interests of the child to—

- (i) return home;
- (ii) be placed for adoption;
- (iii) be placed with a legal guardian; or
- (iv) be placed with a fit and willing relative.

(3) DEMONSTRATION OF SUPPORT FOR ENGAGING IN AGE OR DEVELOPMENTALLY-APPROPRIATE ACTIVITIES AND SOCIAL EVENTS.—At each permanency hearing held with respect to the child, the State agency shall document the steps the State agency is taking to ensure that—

(A) the child's foster family home or child care institution is following the reasonable and prudent parent standard; and

(B) the child has regular, ongoing opportunities to engage in age or developmentally appropriate activities (including by consulting with the child in an age-appropriate manner about the opportunities of the child to participate in the activities).

(b) LIST OF RIGHTS.—The case plan for any child in foster care under the responsibility of the State who has attained 14 years of age shall include—

(1) a document that describes the rights of the child with respect to education, health, visitation, and court participation, the right to be provided with the documents specified in section 475(5)(I) in accordance with that section, and the right to stay safe and avoid exploitation; and

(2) a signed acknowledgment by the child that the child has been provided with a copy of the document and that the rights contained in the document have been explained to the child in an age-appropriate way.

(c) ASSESSMENT, DOCUMENTATION, AND JUDICIAL DETERMINATION REQUIREMENTS FOR PLACEMENT IN A QUALIFIED RESIDENTIAL TREATMENT PROGRAM.—In the case of any child who is placed in a qualified residential treatment program (as defined in section 472(k)(4)), the following requirements shall apply for purposes of approving the case plan for the child and the case system review procedure for the child:

(1)(A) Within 30 days of the start of each placement in such a setting, a qualified individual (as defined in subparagraph (D)) shall—

(i) assess the strengths and needs of the child using an age-appropriate, evidence-based, validated, functional assessment tool approved by the Secretary;

(ii) determine whether the needs of the child can be met with family members or through placement in a foster family home or, if not, which setting from among the settings specified in section 472(k)(2) would provide the most effective and appropriate level of care for the child in the least restrictive environment and be consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child; and

(iii) develop a list of child-specific short- and long-term mental and behavioral health goals.

(B)(i) The State shall assemble a family and permanency team for the child in accordance with the requirements of clauses (ii) and (iii). The qualified individual conducting the assessment required under subparagraph (A) shall work in conjunction with the family of, and permanency team for, the child while conducting and making the assessment.

(ii) The family and permanency team shall consist of all appropriate biological family members, relative, and fictive kin of the child, as well as, as appropriate, professionals who are a resource to the family of the child, such as teachers, medical or mental health providers who have treated the child, or clergy. In the case of a child who has attained age 14, the family and permanency team shall include the members of the permanency planning team for the child that are selected by the child in accordance with section 475(5)(C)(iv).

(iii) The State shall document in the child's case plan—

(I) the reasonable and good faith effort of the State to identify and include all the individuals described in clause (ii) on the child's family and permanency team;

(II) all contact information for members of the family and permanency team, as well as contact information for other family members and fictive kin who are not part of the family and permanency team;

(III) evidence that meetings of the family and permanency team, including meetings relating to the assessment required under subparagraph (A), are held at a time and place convenient for family;

(IV) if reunification is the goal, evidence demonstrating that the parent from whom the child was removed provided input on the members of the family and permanency team;

(V) evidence that the assessment required under subparagraph (A) is determined in conjunction with the family and permanency team;

(VI) the placement preferences of the family and permanency team relative to the assessment that recognizes children should be placed with their siblings unless there is a finding by the court that such placement is contrary to their best interest; and

(VII) if the placement preferences of the family and permanency team and child are not the placement setting recommended by the qualified individual conducting the assessment under subparagraph (A), the reasons why the preferences of the team and of the child were not recommended.

(C) In the case of a child who the qualified individual conducting the assessment under subparagraph (A) determines should not be placed in a foster family home, the qualified individual shall specify in writing the reasons why the needs of the child cannot be met by the family of the child or in a foster family home. A shortage or lack of foster family homes shall not be an acceptable reason for determining that the needs of

the child cannot be met in a foster family home. The qualified individual also shall specify in writing why the recommended placement in a qualified residential treatment program is the setting that will provide the child with the most effective and appropriate level of care in the least restrictive environment and how that placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child.

(D)(i) Subject to clause (ii), in this subsection, the term “qualified individual” means a trained professional or licensed clinician who is not an employee of the State agency and who is not connected to, or affiliated with, any placement setting in which children are placed by the State.

(ii) The Secretary may approve a request of a State to waive any requirement in clause (i) upon a submission by the State, in accordance with criteria established by the Secretary, that certifies that the trained professionals or licensed clinicians with responsibility for performing the assessments described in subparagraph (A) shall maintain objectivity with respect to determining the most effective and appropriate placement for a child.

(2) Within 60 days of the start of each placement in a qualified residential treatment program, a family or juvenile court or another court (including a tribal court) of competent jurisdiction, or an administrative body appointed or approved by the court, independently, shall—

(A) consider the assessment, determination, and documentation made by the qualified individual conducting the assessment under paragraph (1);

(B) determine whether the needs of the child can be met through placement in a foster family home or, if not, whether placement of the child in a qualified residential treatment program provides the most effective and appropriate level of care for the child in the least restrictive environment and whether that placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child; and

(C) approve or disapprove the placement.

(3) The written documentation made under paragraph (1)(C) and documentation of the determination and approval or disapproval of the placement in a qualified residential treatment program by a court or administrative body under paragraph (2) shall be included in and made part of the case plan for the child.

(4) As long as a child remains placed in a qualified residential treatment program, the State agency shall submit evidence at each status review and each permanency hearing held with respect to the child—

(A) demonstrating that ongoing assessment of the strengths and needs of the child continues to support the determination that the needs of the child cannot be met through placement in a foster family home, that the placement in a qualified residential treatment program provides the most effective and appropriate level of care for the

child in the least restrictive environment, and that the placement is consistent with the short- and long-term goals for the child, as specified in the permanency plan for the child;

(B) documenting the specific treatment or service needs that will be met for the child in the placement and the length of time the child is expected to need the treatment or services; and

(C) documenting the efforts made by the State agency to prepare the child to return home or to be placed with a fit and willing relative, a legal guardian, or an adoptive parent, or in a foster family home.

(5) In the case of any child who is placed in a qualified residential treatment program for more than 12 consecutive months or 18 nonconsecutive months (or, in the case of a child who has not attained age 13, for more than 6 consecutive or nonconsecutive months), the State agency shall submit to the Secretary—

(A) the most recent versions of the evidence and documentation specified in paragraph (4); and

The Secretary may waive the limitation contained in paragraph (3) upon the request of a State if the Secretary finds that there are extraordinary circumstances to justify the waiver and that granting the waiver will assist in carrying out this title.

(4) GRANT AMOUNTS.—

(A) BASE GRANTS.—

(i) IN GENERAL.—

(I) GENERAL RULE.—With respect to each of fiscal years 2023 through 2027 for which an eligible entity not referred to in subsection (k)(2)(A) is awarded a base grant under this section, the amount of the grant payable to the eligible entity for the fiscal year is the amount described by clause (ii) of this subparagraph with respect to the eligible entity, except as provided in subclause (II) of this clause.

(II) ADJUSTMENTS TO ENSURE STABLE FUNDING.—If the amount otherwise payable to an eligible entity under subclause (I) for fiscal year 2023 is less than 90 percent, or greater than 110 percent, of the amount payable under this section to the eligible entity for the program for fiscal year 2021, the Secretary shall increase the amount otherwise so payable to 90 percent, or decrease the amount otherwise so payable to 110 percent, as the case may be, of the amount otherwise so payable.

(III) ADJUSTMENT TO ENSURE ALL BASE GRANT FUNDS ARE ALLOCATED.—If the amount described by subclause (I)(aa) is different than the total of the amounts otherwise described by subclause (I) after applying subclause (II), the Secretary shall increase or decrease the amounts otherwise so described after applying subclause (II) by such equal percentage as is necessary to reduce that difference to zero.

(IV) MINIMUM BASE GRANT AMOUNT.—Notwithstanding the preceding provisions of this clause, the amount described by this clause with respect to an eligible entity shall be not less than \$1,000,000.

(ii) SUBMISSION OF STATEMENT EXPRESSING INTEREST IN ADDITIONAL MATCHING FUNDS IF AVAILABLE.—Before the beginning of a fiscal year for which an eligible entity desires a matching grant under this subparagraph for a program operated under this section, the eligible entity shall submit to the Secretary a statement as to whether the eligible entity desires additional matching grant funds that may be made available under clause (iii) for the fiscal year.

(II) STATE ALLOTMENTS.—The Secretary shall allot to each eligible entity that has made such a submission for a fiscal year—

(d) Payments pursuant to subsection (c) shall be made in advance on the basis of estimates by the Secretary and adjustments may be made in future payments under this section to take account of overpayments or underpayments in amounts previously paid.

(e) The amount of any allotment to a State under subsection (b) for any fiscal year which the State certifies to the Secretary will not be required for carrying out the purposes of this section in such State shall be available for reallocation from time to time, on such dates as the Secretary may fix, to other States which the Secretary determines have need in carrying out such purposes for sums in excess of those previously allotted to them under this section and will be able to use such excess amounts during such fiscal year; such reallocations to be made on the basis provided in subsection (b) for the initial allotments to the States. Any amount so reallocated to a State shall be deemed part of its allotment under such subsection.

The Secretary may relieve any individual of his obligation to so repay, in whole or in part, whenever and to the extent that requirement of such repayment would, in his judgment, be inequitable or would be contrary to the purposes of any of the public welfare programs established by this Act.

(B) EXCEPTION IN THE CASE OF INCOMPETENCY.—Subparagraph (A) shall not apply in any case in which the qualified individual is, as of the date of the Commissioner of Social Security's determination, legally incompetent under the laws of the jurisdiction in which the individual resides.

(3) PAYMENT OF RETROACTIVE BENEFITS.—Payment of any benefits which are deferred or suspended pending the selection of a representative payee shall be made to the qualified individual or the representative payee as a single sum or over such period of time as the Commissioner of Social Security determines is in the best interest of the qualified individual.

(f) HEARING.—Any qualified individual who is dissatisfied with a determination by the Commissioner of Social Security to make payment of the qualified individual's benefit to a representative payee under subsection (a) of this section or with the designation of a particular person to serve as representative payee shall be entitled to a hearing by the Commissioner of Social Security to the same extent as is provided in section 809(a), and to judicial review of the Commissioner of Social Security's final decision as is provided in section 809(b).

(g) NOTICE REQUIREMENTS.—

(1) IN GENERAL.—In advance, to the extent practicable, of the payment of a qualified individual's benefit to a representative payee under subsection (a), the Commissioner of Social Security shall provide written notice of the Commissioner's initial

determination to so make the payment. The notice shall be provided to the qualified individual, except that, if the qualified individual is legally incompetent, then the notice shall be provided solely to the legal guardian or legal representative of the qualified individual.

(2) SPECIFIC REQUIREMENTS.—Any notice required by paragraph (1) shall be clearly written in language that is easily understandable to the reader, shall identify the person to be designated as the qualified individual's representative payee, and shall explain to the reader the right under subsection (f) of the qualified individual or of the qualified individual's legal guardian or legal representative—

(A) to appeal a determination that a representative payee is necessary for the qualified individual;

(B) to appeal the designation of a particular person to serve as the representative payee of the qualified individual; and

(C) to review the evidence upon which the designation is based and to submit additional evidence.

(h) ACCOUNTABILITY MONITORING.—

(1) IN GENERAL.—In any case where payment under this title is made to a person other than the qualified individual entitled to the payment, the Commissioner of Social Security shall establish a system of accountability monitoring under which the person shall report not less often than annually with respect to the use of the payments. The Commissioner of Social Security shall establish and implement statistically valid procedures for reviewing the reports in order to identify instances in which persons are not properly using the payments.

(2) SPECIAL REPORTS.—Notwithstanding paragraph (1), the Commissioner of Social Security may require a report at any time from any person receiving payments on behalf of a qualified individual, if the Commissioner of Social Security has reason to believe that the person receiving the payments is misusing the payments.

(3)(A) Paragraph (1) shall not apply in any case where the other person to whom such payment is made is the spouse of the individual entitled to such payment.

(B) The Commissioner of Social Security shall establish and implement procedures as necessary for the Commissioner to determine the eligibility of such parties for the exemption provided in subparagraph (A). The Commissioner shall prescribe such regulations as may be necessary to determine eligibility for such exemption.

(4) AUTHORITY TO REDIRECT DELIVERY OF BENEFIT PAYMENTS WHEN A REPRESENTATIVE PAYEE FAILS TO PROVIDE REQUIRED ACCOUNTING.—In any case in which the person described in paragraph (1) or (2) receiving benefit payments on behalf of a qualified individual fails to submit a report required by the Commissioner of Social Security under paragraph (1) or (2), the Commissioner may, after furnishing notice to such person and the qualified individual, require that such person appear in person at a United States Government facility designated by the Social Security Administration as serving the

area in which the qualified individual resides in order to receive such benefit payments.

(5) MAINTAINING LISTS OF PAYEES.—The Commissioner of Social Security shall maintain lists which shall be updated periodically of—

(6) MAINTAINING LISTS OF AGENCIES.—The Commissioner of Social Security shall maintain lists, which shall be updated periodically, of public agencies and community-based nonprofit social service agencies which are qualified to serve as representative payees pursuant to this section and which are located in the jurisdiction in which any qualified individual resides.

(i) RESTITUTION.—In any case where the negligent failure of the Commissioner of Social Security to investigate or monitor a representative payee results in misuse of benefits by the representative payee, the Commissioner of Social Security shall make payment to the qualified individual or the individual's alternative representative payee of an amount equal to the misused benefits. In any case in which a representative payee that—

(A)² is not an individual; or

(B)² is an individual who, for any month during a period when misuse occurs, serves 15 or more individuals who are beneficiaries under this title, title II, title XVI, or any combination of such titles;

misuses all or part of an individual's benefit paid to such representative payee, the Commissioner of Social Security shall pay to the beneficiary or the beneficiary's alternative representative payee an amount equal to the amount of such benefit so misused. The provisions of this paragraph are subject to the limitations of subsection (1)(2). The Commissioner of Social Security shall make a good faith effort to obtain restitution from the terminated representative payee.

(j) MISUSE OF BENEFITS.—For purposes of this title, misuse of benefits by a representative payee occurs in any case in which the representative payee receives payment under this title for the use and benefit of another person under this title and converts such payment, or any part thereof, to a use other than for the use and benefit of such person. The Commissioner of Social Security may prescribe by regulation the meaning of the term "use and benefit" for purposes of this subsection.

(k) PERIODIC ONSITE REVIEW.—

² So in original. Paragraph is designated incorrectly as a subparagraph.

(1) IN GENERAL.—In addition to such other reviews of representative payees as the Commissioner of Social Security may otherwise conduct, the Commissioner may provide for the periodic onsite review of any person or agency that receives the benefits payable under this title (alone or in combination with benefits payable under title II or title XVI) to another individual pursuant to the appointment of such person or agency as a representative payee under this section, section 205(j), or section 1631(a)(2) in any case in which—

(A) the representative payee is a person who serves in that capacity with respect to 15 or more such individuals; or

(B) the representative payee is an agency that serves in that capacity with respect to 50 or more such individuals.

(2) REPORT.—Within 120 days after the end of each fiscal year, the Commissioner shall submit to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate a report on the results of periodic onsite reviews conducted during the fiscal year pursuant to paragraph (1) and of any other reviews of representative payees conducted during such fiscal year in connection with benefits under this title. Each such report shall describe in detail all problems identified in such reviews and any corrective action taken or planned to be taken to correct such problems, and shall include—

(A) the number of such reviews;

(B) the results of such reviews;

(C) the number of cases in which the representative payee was changed and why;

(D) the number of cases involving the exercise of expedited, targeted oversight of the representative payee by the Commissioner conducted upon receipt of an allegation of misuse of funds, failure to pay a vendor, or a similar irregularity;

(E) the number of cases discovered in which there was a misuse of funds;

(F) how any such cases of misuse of funds were dealt with by the Commissioner;

(G) the final disposition of such cases of misuse of funds, including any criminal penalties imposed; and

(H) such other information as the Commissioner deems appropriate.

(I) LIABILITY FOR MISUSED AMOUNTS.—

(1) IN GENERAL.—If the Commissioner of Social Security or a court of competent jurisdiction determines that a representative payee that is not a Federal, State, or local government agency has misused all or part of a qualified individual's benefit that was paid to such representative payee under this section, the representative payee shall be liable for the amount misused, and such amount (to the extent not repaid by the representative payee) shall be treated as an overpayment of benefits under this title to the representative payee for all purposes of this Act and related laws pertaining to the recovery of such

overpayments. Subject to paragraph (2), upon recovering all or any part of such amount, the Commissioner shall make payment of an amount equal to the recovered amount to such qualified individual or such qualified individual's alternative representative payee.

(2) LIMITATION.—The total of the amount paid to such individual or such individual's alternative representative payee under paragraph (1) and the amount paid under subsection (i) may not exceed the total benefit amount misused by the representative payee with respect to such individual.

SEC. 808. [42 U.S.C. 1008] OVERPAYMENTS AND UNDERPAYMENTS.

(a) IN GENERAL.—Whenever the Commissioner of Social Security finds that more or less than the correct amount of payment has been made to any person under this title, proper adjustment or recovery shall be made, as follows:

(1) With respect to payment to a person of more than the correct amount, the Commissioner of Social Security shall decrease any payment under this title to which the overpaid person (if a qualified individual) is entitled, or shall require the overpaid person or his or her estate to refund the amount in excess of the correct amount, or, if recovery is not obtained under these two methods, shall seek or pursue recovery by means of reduction in tax refunds based on notice to the Secretary of the Treasury, as authorized under section 3720A of title 31, United States Code.

(2) With respect to payment of less than the correct amount to a qualified individual who, at the time the Commissioner of Social Security is prepared to take action with respect to the underpayment—

(A) is living, the Commissioner of Social Security shall make payment to the qualified individual (or the qualified individual's representative payee designated under section 807) of the balance of the amount due the underpaid qualified individual; or

(B) is deceased, the balance of the amount due shall revert to the general fund of the Treasury.

(b) WAIVER OF RECOVERY OF OVERPAYMENT.—In any case in which more than the correct amount of payment has been made, there shall be no adjustment of payments to, or recovery by the United States from, any person who is without fault if the Commissioner of Social Security determines that the adjustment or recovery would defeat the purpose of this title or would be against equity and good conscience.

(c) LIMITED IMMUNITY FOR DISBURSING OFFICERS.—A disbursing officer may not be held liable for any amount paid by the officer if the adjustment or recovery of the amount is waived under subsection (b), or adjustment under subsection (a) is not completed before the death of the qualified individual against whose benefits deductions are authorized.

(d) AUTHORIZED COLLECTION PRACTICES.—

(1) IN GENERAL.—With respect to any delinquent amount, the Commissioner of Social Security may use the collection

practices described in sections 3711(e), 3716, and 3718 of title 31, United States Code, as in effect on October 1, 1994.

(2) DEFINITION.—For purposes of paragraph (1), the term “delinquent amount” means an amount—

(a) HEARINGS.—

(1) IN GENERAL.—The Commissioner of Social Security shall make findings of fact and decisions as to the rights of any individual applying for payment under this title. The Commissioner of Social Security shall provide reasonable notice and opportunity for a hearing to any individual who is or claims to be a qualified individual and is in disagreement with any determination under this title with respect to entitlement to, or the amount of, benefits under this title, if the individual requests a hearing on the matter in disagreement within 60 days after notice of the determination is received, and, if a hearing is held, shall, on the basis of evidence adduced at the hearing affirm, modify, or reverse the Commissioner of Social Security’s findings of fact and the decision. The Commissioner of Social Security may, on the Commissioner of Social Security’s own motion, hold such hearings and conduct such investigations and other proceedings as the Commissioner of Social Security deems necessary or proper for the administration of this title. (2) EFFECT OF FAILURE TO TIMELY REQUEST REVIEW.—A failure to timely request review of an initial adverse determination with respect to an application for any payment under this title or an adverse determination on reconsideration of such an initial determination shall not serve as a basis for denial of a subsequent application for any payment under this title if the applicant demonstrates that the applicant failed to so request such a review acting in good faith reliance upon incorrect, incomplete, or misleading information, relating to the

consequences of reapplying for payments in lieu of seeking review of an adverse determination, provided by any officer or employee of the Social Security Administration.

(3) NOTICE REQUIREMENTS.—In any notice of an adverse determination with respect to which a review may be requested under paragraph (1), the Commissioner of Social Security shall describe in clear and specific language the effect on possible entitlement to benefits under this title of choosing to reapply in lieu of requesting review of the determination.

(b) JUDICIAL REVIEW.—The final determination of the Commissioner of Social Security after a hearing under subsection (a)(1) shall be subject to judicial review as provided in section 205(g) to the same extent as the Commissioner of Social Security's final determinations under section 205.

(A) the Commissioner of Social Security making a benefit payment that should not have been made, or

(B) an individual suffering a financial loss due to the defendant's violation of subsection (a) in his or her capacity as the individual's representative payee appointed pursuant to section 807(i).

(2) RELATED PROVISIONS.—Sections 3612, 3663, and 3664 of title 18, United States Code, shall apply with respect to the issuance and enforcement of orders of restitution under this subsection. In so applying such sections, the Commissioner of Social Security shall be considered the victim.

EMPLOYMENT SECURITY ADMINISTRATION ACCOUNT

Establishment of Account

SEC. 901. [42 U.S.C. 1101] (a) There is hereby established in the Unemployment Trust Fund an employment security administration account.

Appropriations to Account

(b)(1) There is hereby appropriated to the Unemployment Trust Fund for credit to the employment security administration account, out of any moneys in the Treasury not otherwise appropriated, for the fiscal year ending June 30, 1961, and for each fiscal year thereafter, an amount equal to 100 per centum of the tax (including interest, penalties, and additions to the tax) received during the fiscal year under the Federal Unemployment Tax Act and covered into the Treasury.

(2) The amount appropriated by paragraph (1) shall be transferred at least monthly from the general fund of the Treasury to the Unemployment Trust Fund and credited to the employment security administration account. Each such transfer shall be based on estimates made by the Secretary of the Treasury of the amounts received in the Treasury. Proper adjustments shall be made in the amounts subsequently transferred, to the extent prior estimates (including estimates for the fiscal year ending June 30, 1960) were in excess of or were less than the amounts required to be transferred.

(3) The Secretary of the Treasury is directed to pay from time to time from the employment security administration account into the Treasury, as repayments to the account for refunding internal revenue collections, amounts equal to all refunds made after June 30, 1960, of amounts received as tax under the Federal Unemployment Tax Act (including interest on such refunds).

Administrative Expenditures

(c)(1) There are hereby authorized to be made available for expenditure out of the employment security administration account for the fiscal year ending June 30, 1971, and for each fiscal year thereafter—

(A) such amounts (not in excess of the applicable limit provided by paragraph (3) and, with respect to clause (ii), not in excess of the limit provided by paragraph (4)) as the Congress may deem appropriate for the purpose of—

(i) assisting the States in the administration of their unemployment compensation laws as provided in title III (including administration pursuant to agreements under any Federal unemployment compensation law),

(ii) the establishment and maintenance of systems of public employment offices in accordance with the Act of June 6, 1933, as amended (29 U.S.C., secs. 49–49n), and

(iii) carrying into effect section 4103 of title 38 of the United States Code;

(B) such amounts (not in excess of the limit provided by paragraph (4) with respect to clause (iii)) as the Congress may deem appropriate for the necessary expenses of the Department of Labor for the performance of its functions under—

(i) this title and titles III and XII of this Act,

(ii) the Federal Unemployment Tax Act,

(iii) the provisions of the Act of June 6, 1933, as amended,

(iv) chapter 41 (except section 4103) of title 38 of the United States Code, and

(v) any Federal unemployment compensation law.

The term “necessary expenses” as used in this subparagraph (B) shall include the expense of reimbursing a State for salaries and other expenses of employees of such State temporarily assigned or detailed to duty with the Department of Labor and of paying such employees for travel expenses, transportation of household goods, and per diem in lieu of subsistence while away from their regular duty stations in the State, at rates authorized by law for civilian employees of the Federal Government.

(2) The Secretary of the Treasury is directed to pay from the employment security administration account into the Treasury as miscellaneous receipts the amount estimated by him which will be expended during a three-month period by the Treasury Department for the performance of its functions under—

(A) this title and titles III and XII of this Act, including the expenses of banks for servicing unemployment benefit payment and clearing accounts which are offset by the maintenance of balances of Treasury funds with such banks,

(B) the Federal Unemployment Tax Act, and

(C) any Federal unemployment compensation law with respect to which responsibility for administration is vested in the Secretary of Labor.

If it subsequently appears that the estimates under this paragraph in any particular period were too high or too low, appropriate adjustments shall be made by the Secretary of the Treasury in future payments.

(3)(A) For purposes of paragraph (1)(A), the limitation on the amount authorized to be made available for any fiscal year after June 30, 1970, is, except as provided in subparagraph (B) and in the second sentence of section 901(f)(3)(A), an amount equal to 95 percent of the amount estimated and set forth in the budget of the United States Government for such fiscal year as the amount by which the net receipts during such year under the Federal Unemployment Tax Act will exceed the amount transferred under section 905(b) during such year to the extended unemployment compensation account.

(B) The limitation established by subparagraph (A) is increased by any unexpended amount retained in the employment security administration account in accordance with section 901(f)(2)(B).

(C) Each estimate of net receipts under this paragraph shall be based upon a tax rate of 0.6 percent.

(4) For purposes of paragraphs (1)(A)(ii) and (1)(B)(iii) the amount authorized to be made available out of the employment security administration account for any fiscal year after June 30, 1972, shall reflect the proportion of the total cost of administering the system of public employment offices in accordance with the Act of June 6, 1933, as amended, and of the necessary expenses of the Department of Labor for the performance of its functions under the provisions of such Act, as the President determines is an appropriate charge to the employment security administration account, and reflects in his annual budget for such year. The President's determination, after consultation with the Secretary, shall take into account such factors as the relationship between employment subject to State laws and the total labor force in the United States, the number of claimants and the number of job applicants, and such other factors as he finds relevant.

(5)(A) There are authorized to be appropriated out of the employment security administration account to carry out program integrity activities, in addition to any amounts available under paragraph (1)(A)(i)—

- (v) \$98,000,000 for fiscal year 2002.

(B) In any fiscal year in which a State receives funds appropriated pursuant to this paragraph, the State shall expend a proportion of the funds appropriated pursuant to paragraph (1)(A)(i) to carry out program integrity activities that is not less than the proportion of the funds appropriated under such paragraph that was expended by the State to carry out program integrity activities in fiscal year 1997.

(C) For purposes of this paragraph, the term "program integrity activities" means initial claims review activities, eligibility review activities, benefit payments control activities, and employer liability auditing activities.

Additional Tax Attributable to Reduced Credits

(d)(1) The Secretary of the Treasury is directed to transfer from the employment security administration account—

(A) To the Federal unemployment account, an amount equal to the amount by which—

(i) 100 per centum of the additional tax received under the Federal Unemployment Tax Act with respect to any State by reason of the reduced credits provisions of section 3302(c)(3) of such Act and covered into the Treasury for the repayment of advances made to the State under section 1201, exceeds

(ii) the amount transferred to the account of such State pursuant to subparagraph (B) of this paragraph.

Any amount transferred pursuant to this subparagraph shall be credited against, and shall operate to reduce, that balance

³ So in original. The word "for" should be inserted.

of advances, made under section 1201 to the State, with respect to which employers paid such additional tax.

(B) To the account (in the Unemployment Trust Fund) of the State with respect to which employers paid such additional tax, an amount equal to the amount by which such additional tax received and covered into the Treasury exceeds that balance of advances, made under section 1201 to the State, with respect to which employers paid such additional tax.

(2) Transfers under this subsection shall be as of the beginning of the month succeeding the month in which the moneys were credited to the employment security administration account pursuant to subsection (b)(2).

Revolving Fund

(e)(1) There is hereby established in the Treasury a revolving fund which shall be available to make the advances authorized by this subsection. There are hereby authorized to be appropriated, without fiscal year limitation, to such revolving fund such amounts as may be necessary for the purposes of this section.

(2) The Secretary of the Treasury is directed to advance from time to time from the revolving fund to the employment security administration account such amounts as may be necessary for the purposes of this section. If the net balance in the employment security administration account as of the beginning of any fiscal year equals 40 percent of the amount of the total appropriation by the Congress out of the employment security administration account for the preceding fiscal year, no advance may be made under this subsection during such fiscal year.

(3) Advances to the employment security administration account made under this subsection shall bear interest until repaid at a rate equal to the average rate of interest (computed as of the end of the calendar month next preceding the date of such advance) borne by all interest-bearing obligations of the United States then forming a part of the public debt; except that where such average rate is not a multiple of one-eighth of 1 per centum, the rate of interest shall be the multiple of one-eighth of 1 per centum next lower than such average rate.

(4) Advances to the employment security administration account made under this subsection, plus interest accrued thereon, shall be repaid by the transfer from time to time, from the employment security administration account to the revolving fund, of such amounts as the Secretary of the Treasury, in consultation with the Secretary of Labor, determines to be available in the employment security administration account for such repayment. Any amount transferred as a repayment under this paragraph shall be credited against, and shall operate to reduce, any balance of advances (plus accrued interest) repayable under this subsection.

Determination of Excess and Amount To Be Retained in Employment Security Administration Account

(f)(1) The Secretary of the Treasury shall determine as of the close of each fiscal year (beginning with the fiscal year ending June

30, 1961) the excess in the employment security administration account.

(2) The excess in the employment security administration account as of the close of any fiscal year is the amount by which the net balance in such account as of such time (after the application of section 902(b) and section 901(f)(3)(C)) exceeds the net balance in the employment security administration account as of the beginning of that fiscal year (including the fiscal year for which the excess is being computed) for which the net balance was higher than as of the beginning of any other such fiscal year.

(3)(A) The excess determined as provided in paragraph (2) as of the close of any fiscal year after June 30, 1972, shall be retained (as of the beginning of the succeeding fiscal year) in the employment security administration account until the amount in such account is equal to 40 percent of the amount of the total appropriation by the Congress out of the employment security administration account for the fiscal year for which the excess is determined. Three-eighths of the amount in the employment security administration account as of the beginning of any fiscal year after June 30, 1972, or \$150 million, whichever is the lesser, is authorized to be made available for such fiscal year pursuant to subsection (c)(1) for additional costs of administration due to an increase in the rate of insured unemployment for a calendar quarter of at least 15 percent over the rate of insured unemployment for the corresponding calendar quarter in the immediately preceding year.

(B) If the entire amount of the excess determined as provided in paragraph (2) as of the close of any fiscal year after June 30, 1972, is not retained in the employment security administration account, there shall be transferred (as of the beginning of the succeeding fiscal year) to the extended unemployment compensation account the balance of such excess or so much thereof as is required to increase the amount in the extended unemployment compensation account to the limit provided in section 905(b)(2).

(C) If as of the close of any fiscal year after June 30, 1972, the amount in the extended unemployment compensation account exceeds the limit provided in section 905(b)(2), such excess shall be transferred to the employment security administration account as of the close of such fiscal year.

(4) For the purposes of this section, the net balance in the employment security administration account as of any time is the amount in such account as of such time reduced by the sum of—

(A) the amounts then subject to transfer pursuant to subsection (d), and

(B) the balance of advances (plus interest accrued thereon) then repayable to the revolving fund established by subsection (e).

The net balance in the employment security administration account as of the beginning of any fiscal year shall be determined after the disposition of the excess in such account as of the close of the preceding fiscal year.

TRANSFERS TO FEDERAL UNEMPLOYMENT ACCOUNT AND REPORT TO CONGRESS⁴TRANSFERS TO FEDERAL UNEMPLOYMENT ACCOUNT⁵

SEC. 902. [42 U.S.C. 1102] (a) Whenever the Secretary of the Treasury determines pursuant to section 901(f) that there is an excess in the employment security administration account as of the close of any fiscal year and the entire amount of such excess is not retained in the employment security administration account or transferred to the extended unemployment compensation account as provided in section 901(f)(3), there shall be transferred (as of the beginning of the succeeding fiscal year) to the Federal unemployment account the balance of such excess or so much thereof as is required to increase the amount in the Federal unemployment account to whichever of the following is the greater:

- (1) \$550 million, or
- (2) the amount (determined by the Secretary of Labor and certified by him to the Secretary of the Treasury) equal to 0.5 percent of the total wages subject (determined without any limitation on amount) to contributions under all State unemployment compensation laws for the calendar year ending during the fiscal year for which the excess is determined.

Transfers to Employment Security Administration Account

(b) The amount, if any, by which the amount in the Federal unemployment account as of the close of any fiscal year exceeds the greater of the amounts specified in paragraphs (1) and (2) of subsection (a) shall be transferred to the employment security administration account as of the close of such fiscal year.

REPORT TO THE CONGRESS⁷

⁷Section 209(c) of the Job Creation and Worker Assistance Act of 2002 (P.L. 107-147; 116 Stat. 32) provides:

“(c) LIMITATIONS ON TRANSFERS.—Section 903(b) of the Social Security Act shall apply to transfers under section 903(d) of such Act (as amended by this section). For purposes of the preceding sentence, such section 903(b) shall be deemed to be amended as follows:”.

Subsection (b)(1), as amended by subsection (c), reads:

(b)(1) If the Secretary of Labor finds that on the transfer date described in subsection (d)(5)—

(A) a State is not eligible for certification under section 303, or

(B) the law of a State is not approvable under section 3304 of the Federal Unemployment Tax Act,

then the amount available for transfer to such State's account shall, in lieu of being so transferred, remain in the Federal unemployment account. If, during fiscal year 2002 (after the transfer date described in subsection (d)(5)), the Secretary of Labor finds and certifies to the Secretary of the Treasury that such State is eligible for certification under section 303, that the law of such State is approvable under such section 3304, or both, the Secretary of the Treasury shall transfer such amount from the Federal unemployment account to the account of such State. If the Secretary of Labor does not so find and certify to the Secretary of the Treasury before the close of such fiscal year then the amount which was available for transfer to such State's account under subsection (d) shall (as of the close of fiscal year 2002) become unrestricted as to use as part of the Federal unemployment account.

AMOUNTS TRANSFERRED TO STATE ACCOUNTS

In General

SEC. 903. [42 U.S.C. 1103] (a)(1) If as of the close of any fiscal year after the fiscal year ending June 30, 1972, the amount in the extended unemployment compensation account has reached the limit provided in section 905(b)(2) and the amount in the Federal unemployment account has reached the limit provided in section 902(a) and all advances and interest pursuant to section 905(d) and section 1203 have been repaid, and there remains in the employment security administration account any amount over the amount provided in section 901(f)(3)(A), such excess amount, except as provided in subsection (b), shall be transferred (as of the beginning of the succeeding fiscal year) to the accounts of the States in the Unemployment Trust Fund.

(2) Each State's share of the funds to be transferred under this subsection as of any October 1—

(A) shall be determined by the Secretary of Labor and certified by such Secretary to the Secretary of the Treasury before such date, and

(B) shall bear the same ratio to the total amount to be so transferred as—

(i) the amount of wages subject to tax under section 3301 of the Internal Revenue Code of 1986 during the preceding calendar year which are determined by the Secretary of Labor to be attributable to the State, bears to

(ii) the total amount of wages subject to such tax during such year.

[(3) Repealed by section 209(a)(1)(A) of the Job Creation and Worker Assistance Act of 2002 (P.L. 107-147, 116 Stat. 31).]

Limitations on Transfers

(b)⁸(1) If the Secretary of Labor finds that on October 1 of any fiscal year—

(A) a State is not eligible for certification under section 303, or

(B) the law of a State is not approvable under section 3304 of the Federal Unemployment Tax Act,

then the amount available for transfer to such State's account shall, in lieu of being so transferred, be transferred to the Federal unemployment account as of the beginning of such October 1. If, during the fiscal year beginning on such October 1, the Secretary of Labor finds and certifies to the Secretary of the Treasury that such State is eligible for certification under section 303, that the law of such State is approvable under such section 3304, or both,

⁸ See footnote for section 902(c).

the Secretary of the Treasury shall transfer such amount from the Federal unemployment account to the account of such State. If the Secretary of Labor does not so find and certify to the Secretary of the Treasury before the close of such fiscal year then the amount which was available for transfer to such State's account as of October 1 of such fiscal year shall (as of the close of such fiscal year) become unrestricted as to use as part of the Federal unemployment account.

(2) The amount which, but for this paragraph, would be transferred to the account of a State under subsection (a) or paragraph (1) of this subsection shall be reduced (but not below zero) by the balance of advances made to the State under section 1201. The sum by which such amount is reduced shall—

(A) be transferred to or retained in (as the case may be) the Federal unemployment account, and

(B) be credited against, and operate to reduce—

(i) first, any balance of advances made before the date of the enactment of the Employment Security Act of 1960 to the State under section 1201, and

(ii) second, any balance of advances made on or after such date to the State under section 1201.

Use of Transferred Amounts

(c)(1) Except as provided in paragraph (2), amounts transferred to the account of a State pursuant to subsections (a) and (b) shall be used only in the payment of cash benefits to individuals with respect to their unemployment, exclusive of expenses of administration.

(2) A State may, pursuant to a specific appropriation made by the legislative body of the State, use money withdrawn from its account in the payment of expenses incurred by it for the administration of its unemployment compensation law and public employment offices if and only if—

(A) the purposes and amounts were specified in the law making the appropriation,

(B) the appropriation law did not authorize the obligation of such money after the close of the two-year period which began on the date of enactment of the appropriation law,

(C) the money is withdrawn and the expenses are incurred after such date of enactment,

(D)(i) the appropriation law limits the total amount which may be obligated under such appropriation at any time to an amount which does not exceed, at any such time, the amount by which—

(I) the aggregate of the amounts transferred to the account of such State pursuant to subsections (a) and (b), exceeds

(II) the aggregate of the amounts used by the State pursuant to this subsection and charged against the amounts transferred to the account of such State, and

(ii) for purposes of clause (i), amounts used by a State for administration shall be chargeable against transferred amounts at the exact time the obligation is entered into, and

(E) the use of the money is accounted for in accordance with standards established by the Secretary of Labor.

(3)(A) If—

(i) amounts transferred to the account of a State pursuant to subsections (a) and (b) of this section were used in payment of unemployment benefits to individuals; and

(ii) the Governor of such State submits a request to the Secretary of Labor that such amounts be restored under this paragraph,

then the amounts described in clause (i) shall be restored to the status of funds transferred under subsections (a) and (b) of this section which have not been used by eliminating any charge against amounts so transferred for the use of such amounts in the payment of unemployment benefits.

(B) Subparagraph (A) shall apply only to the extent that the amounts described in clause (i) of such subparagraph do not exceed the amount then in the State's account.

(C) Subparagraph (A) shall not apply if the State has a balance of advances made to its account under title XII of this Act.

(D) If the Secretary of Labor determines that the requirements of this paragraph are met with respect to any request, the Secretary shall notify the Governor of the State that such requirements are met with respect to such request and the amount restored under this paragraph. Such restoration shall be as of the first day of the first month following the month in which the notification is made.

Special Transfer in Fiscal Year 2002

(d)(1) The Secretary of the Treasury shall transfer (as of the date determined under paragraph (5)) from the Federal unemployment account to the account of each State in the Unemployment Trust Fund the amount determined with respect to such State under paragraph (2).

(2)(A) The amount to be transferred under this subsection to a State account shall (as determined by the Secretary of Labor and certified by such Secretary to the Secretary of the Treasury) be equal to—

(i) the amount which would have been required to have been transferred under this section to such account at the beginning of fiscal year 2002 if—

(I) section 209(a)(1) of the Temporary Extended Unemployment Compensation Act of 2002 had been enacted before the close of fiscal year 2001, and

(II) section 5402 of Public Law 105-33 (relating to increase in Federal unemployment account ceiling) had not been enacted,

minus

(ii) the amount which was in fact transferred under this section to such account at the beginning of fiscal year 2002.

(B) Notwithstanding the provisions of subparagraph (A)—

(i) the aggregate amount transferred to the States under this subsection may not exceed a total of \$8,000,000,000; and

(ii) all amounts determined under subparagraph (A) shall be reduced ratably, if and to the extent necessary in order to comply with the limitation under clause (i).

(3)(A) Except as provided in paragraph (4), amounts transferred to a State account pursuant to this subsection may be used only in the payment of cash benefits—

- (i) to individuals with respect to their unemployment, and
- (ii) which are allowable under subparagraph (B) or (C).

(B)(i) At the option of the State, cash benefits under this paragraph may include amounts which shall be payable as—

(I) regular compensation, or

(II) additional compensation, upon the exhaustion of any temporary extended unemployment compensation (if such State has entered into an agreement under the Temporary Extended Unemployment Compensation Act of 2002), for individuals eligible for regular compensation under the unemployment compensation law of such State.

(ii) Any additional compensation under clause (i) may not be taken into account for purposes of any determination relating to the amount of any extended compensation for which an individual might be eligible.

(C)(i) At the option of the State, cash benefits under this paragraph may include amounts which shall be payable to 1 or more categories of individuals not otherwise eligible for regular compensation under the unemployment compensation law of such State, including those described in clause (iii).

(ii) The benefits paid under this subparagraph to any individual may not, for any period of unemployment, exceed the maximum amount of regular compensation authorized under the unemployment compensation law of such State for that same period, plus any additional compensation (described in subparagraph (B)(i)) which could have been paid with respect to that amount.

(iii) The categories of individuals described in this clause include the following:

(I) Individuals who are seeking, or available for, only part-time (and not full-time) work.

(II) Individuals who would be eligible for regular compensation under the unemployment compensation law of such State under an alternative base period.

(D) Amounts transferred to a State account under this subsection may be used in the payment of cash benefits to individuals only for weeks of unemployment beginning after the date of enactment of this subsection.

(4) Amounts transferred to a State account under this subsection may be used for the administration of its unemployment compensation law and public employment offices (including in connection with benefits described in paragraph (3) and any recipients thereof), subject to the same conditions as set forth in subsection (c)(2) (excluding subparagraph (B) thereof, and deeming the reference to “subsections (a) and (b)” in subparagraph (D) thereof to include this subsection).

(5) Transfers under this subsection shall be made within 10 days after the date of enactment of this paragraph.

(e) SPECIAL TRANSFER IN FISCAL YEAR 2006.—Not later than 10 days after the date of the enactment of this subsection, the Secretary of the Treasury shall transfer from the Federal unemployment account—

(1) \$15,000,000 to the account of Alabama in the Unemployment Trust Fund;

(2) \$400,000,000 to the account of Louisiana in the Unemployment Trust Fund; and

(3) \$85,000,000 to the account of Mississippi in the Unemployment Trust Fund.

Special Transfers in Fiscal Years 2009, 2010, and 2011 for
Modernization

(f)(1)(A) In addition to any other amounts, the Secretary of Labor shall provide for the making of unemployment compensation modernization incentive payments (hereinafter “incentive payments”) to the accounts of the States in the Unemployment Trust Fund, by transfer from amounts reserved for that purpose in the Federal unemployment account, in accordance with succeeding provisions of this subsection.

(B) The maximum incentive payment allowable under this subsection with respect to any State shall, as determined by the Secretary of Labor, be equal to the amount obtained by multiplying \$7,000,000,000 by the same ratio as would apply under subsection (a)(2)(B) for purposes of determining such State’s share of any excess amount (as described in subsection (a)(1)) that would have been subject to transfer to State accounts, as of October 1, 2008, under the provisions of subsection (a).

(C) Of the maximum incentive payment determined under subparagraph (B) with respect to a State—

(i) one-third shall be transferred to the account of such State upon a certification under paragraph (4)(B) that the State law of such State meets the requirements of paragraph (2); and

(ii) the remainder shall be transferred to the account of such State upon a certification under paragraph (4)(B) that the State law of such State meets the requirements of paragraph (3).

(2) The State law of a State meets the requirements of this paragraph if such State law—

(A) uses a base period that includes the most recently completed calendar quarter before the start of the benefit year for purposes of determining eligibility for unemployment compensation; or

(B) provides that, in the case of an individual who would not otherwise be eligible for unemployment compensation under the State law because of the use of a base period that does not include the most recently completed calendar quarter before the start of the benefit year, eligibility shall be determined using a base period that includes such calendar quarter.

(3) The State law of a State meets the requirements of this paragraph if such State law includes provisions to carry out at least 2 of the following subparagraphs:

(A) An individual shall not be denied regular unemployment compensation under any State law provisions relating to availability for work, active search for work, or refusal to accept work, solely because such individual is seeking only part-time work (as defined by the Secretary of Labor), except that the State law provisions carrying out this subparagraph may exclude an individual if a majority of the weeks of work in such individual's base period do not include part-time work (as so defined).

(B) An individual shall not be disqualified from regular unemployment compensation for separating from employment if that separation is for any compelling family reason. For purposes of this subparagraph, the term "compelling family reason" means the following:

(i)⁹ One or both of the following offenses as selected by the State, but in making such selection, the resulting change in the State law shall not supercede any other provision of law relating to unemployment insurance to the extent that such other provision provides broader access to unemployment benefits for victims of such selected offense or offenses:

(I) Domestic violence, verified by such reasonable and confidential documentation as the State law may require, which causes the individual reasonably to believe that such individual's continued employment would jeopardize the safety of the individual or of any member of the individual's immediate family (as defined by the Secretary of Labor); and

(II) Sexual assault, verified by such reasonable and confidential documentation as the State law may require, which causes the individual reasonably to believe that such individual's continued employment would jeopardize the safety of the individual or of any member of the individual's immediate family (as defined by the Secretary of Labor).

(C)(i) Weekly unemployment compensation is payable under this subparagraph to any individual who is unemployed (as determined under the State unemployment compensation law), has exhausted all rights to regular unemployment compensation under the State law, and is enrolled and making satisfactory progress in a State-approved training program or in a job training program authorized under the Workforce Investment Act of 1998, except that such compensation is not required to be paid to an individual who is receiving similar stipends or other training allowances for non-training costs.

(ii) Each State-approved training program or job training program referred to in clause (i) shall prepare individuals who have been separated from a declining occupation, or who have been involuntarily and indefinitely separated from employment as a result of a permanent reduction of operations at the indi-

vidual's place of employment, for entry into a high-demand occupation.

(iii) The amount of unemployment compensation payable under this subparagraph to an individual for a week of unemployment shall be equal to—

(I) the individual's average weekly benefit amount (including dependents' allowances) for the most recent benefit year, less

(II) any deductible income, as determined under State law.

The total amount of unemployment compensation payable under this subparagraph to any individual shall be equal to at least 26 times the individual's average weekly benefit amount (including dependents' allowances) for the most recent benefit year.

(D) Dependents' allowances are provided, in the case of any individual who is entitled to receive regular unemployment compensation and who has any dependents (as defined by State law), in an amount equal to at least \$15 per dependent per week, subject to any aggregate limitation on such allowances which the State law may establish (but which aggregate limitation on the total allowance for dependents paid to an individual may not be less than \$50 for each week of unemployment or 50 percent of the individual's weekly benefit amount for the benefit year, whichever is less), except that a State law may provide for a reasonable reduction in the amount of any such allowance for a week of less than total unemployment.

(4)(A) Any State seeking an incentive payment under this subsection shall submit an application therefor at such time, in such manner, and complete with such information as the Secretary of Labor may within 60 days after the date of the enactment of this subsection prescribe (whether by regulation or otherwise), including information relating to compliance with the requirements of paragraph (2) or (3), as well as how the State intends to use the incentive payment to improve or strengthen the State's unemployment compensation program. The Secretary of Labor shall, within 30 days after receiving a complete application, notify the State agency of the State of the Secretary's findings with respect to the requirements of paragraph (2) or (3) (or both).

(B)(i) If the Secretary of Labor finds that the State law provisions (disregarding any State law provisions which are not then currently in effect as permanent law or which are subject to discontinuation) meet the requirements of paragraph (2) or (3), as the case may be, the Secretary of Labor shall thereupon make a certification to that effect to the Secretary of the Treasury, together with a certification as to the amount of the incentive payment to be transferred to the State account pursuant to that finding. The Secretary of the Treasury shall make the appropriate transfer within 7 days after receiving such certification.

(ii) For purposes of clause (i), State law provisions which are to take effect within 12 months after the date of their certification under this subparagraph shall be considered to be in effect as of the date of such certification.

(C)(i) No certification of compliance with the requirements of paragraph (2) or (3) may be made with respect to any State whose State law is not otherwise eligible for certification under section 303 or approvable under section 3304 of the Federal Unemployment Tax Act.

(ii) No certification of compliance with the requirements of paragraph (3) may be made with respect to any State whose State law is not in compliance with the requirements of paragraph (2).

(iii) No application under subparagraph (A) may be considered if submitted before the date of the enactment of this subsection or after the latest date necessary (as specified by the Secretary of Labor) to ensure that all incentive payments under this subsection are made before October 1, 2011.

(5)(A) Except as provided in subparagraph (B), any amount transferred to the account of a State under this subsection may be used by such State only in the payment of cash benefits to individuals with respect to their unemployment (including for dependents' allowances and for unemployment compensation under paragraph (3)(C)), exclusive of expenses of administration.

(B) A State may, subject to the same conditions as set forth in subsection (c)(2) (excluding subparagraph (B) thereof, and deeming the reference to "subsections (a) and (b)" in subparagraph (D) thereof to include this subsection), use any amount transferred to the account of such State under this subsection for the administration of its unemployment compensation law and public employment offices.

(6) Out of any money in the Federal unemployment account not otherwise appropriated, the Secretary of the Treasury shall reserve \$7,000,000,000 for incentive payments under this subsection. Any amount so reserved shall not be taken into account for purposes of any determination under section 902, 910, or 1203 of the amount in the Federal unemployment account as of any given time. Any amount so reserved for which the Secretary of the Treasury has not received a certification under paragraph (4)(B) by the deadline described in paragraph (4)(C)(iii) shall, upon the close of fiscal year 2011, become unrestricted as to use as part of the Federal unemployment account.

(7) For purposes of this subsection, the terms "benefit year", "base period", and "week" have the respective meanings given such terms under section 205 of the Federal-State Extended Unemployment Compensation Act of 1970 (26 U.S.C. 3304 note).

Special Transfer in Fiscal Year 2009 for Administration

(g)(1) In addition to any other amounts, the Secretary of the Treasury shall transfer from the employment security administration account to the account of each State in the Unemployment Trust Fund, within 30 days after the date of the enactment of this subsection, the amount determined with respect to such State under paragraph (2).

(2) The amount to be transferred under this subsection to a State account shall (as determined by the Secretary of Labor and certified by such Secretary to the Secretary of the Treasury) be equal to the amount obtained by multiplying \$500,000,000 by the

same ratio as determined under subsection (f)(1)(B) with respect to such State.

(3) Any amount transferred to the account of a State as a result of the enactment of this subsection may be used by the State agency of such State only in the payment of expenses incurred by it for—

(A) the administration of the provisions of its State law carrying out the purposes of subsection (f)(2) or any subparagraph of subsection (f)(3);

(B) improved outreach to individuals who might be eligible for regular unemployment compensation by virtue of any provisions of the State law which are described in subparagraph (A);

(C) the improvement of unemployment benefit and unemployment tax operations, including responding to increased demand for unemployment compensation; and

(D) staff-assisted reemployment services for unemployment compensation claimants.

Emergency Transfers in Fiscal Year 2020 for Administration

(h)(1)(A) In addition to any other amounts, the Secretary of Labor shall provide for the making of emergency administration grants in fiscal year 2020 to the accounts of the States in the Unemployment Trust Fund, in accordance with succeeding provisions of this subsection.

(B) The amount of an emergency administration grant with respect to a State shall, as determined by the Secretary of Labor, be equal to the amount obtained by multiplying \$1,000,000,000 by the same ratio as would apply under subsection (a)(2)(B) for purposes of determining such State's share of any excess amount (as described in subsection (a)(1)) that would have been subject to transfer to State accounts, as of October 1, 2019, under the provisions of subsection (a).

(C) Of the emergency administration grant determined under subparagraph (B) with respect to a State—

(i) not later than 60 days after the date of enactment of this subsection, 50 percent shall be transferred to the account of such State upon a certification by the Secretary of Labor to the Secretary of the Treasury that the State meets the requirements of paragraph (2); and

(ii) only with respect to a State in which the number of unemployment compensation claims has increased by at least 10 percent over the same quarter in the previous calendar year, the remainder shall be transferred to the account of such State upon a certification by the Secretary of Labor to the Secretary of the Treasury that the State meets the requirements of paragraph (3).

(2) The requirements of this paragraph with respect to a State are the following:

(A) The State requires employers to provide notification of the availability of unemployment compensation to employees at the time of separation from employment. Such notification may be based on model notification language issued by the Secretary of Labor.

(B)¹⁰ The State ensures that applications for unemployment compensation, and assistance with the application process, are accessible, to the extent practicable in at least two of the following: in person, by phone, or online.

(C) The State notifies applicants when an application is received and is being processed, and in any case in which an application is unable to be processed, provides information about steps the applicant can take to ensure the successful processing of the application.

(3) The requirements of this paragraph with respect to a State are the following:

(A) The State has expressed its commitment to maintain and strengthen access to the unemployment compensation system, including through initial and continued claims.

(B) The State has demonstrated steps it has taken or will take to ease eligibility requirements and access to unemployment compensation for claimants, including waiving work search requirements and the waiting week, and non-charging employers directly impacted by COVID-19 due to an illness in the workplace or direction from a public health official to isolate or quarantine workers.

(4) Any amount transferred to the account of a State under this subsection may be used by such State only for the administration of its unemployment compensation law, including by taking such steps as may be necessary to ensure adequate resources in periods of high demand.

(5) Not later than 1 year after the date of enactment of the Emergency Unemployment Insurance Stabilization and Access Act of 2020, each State receiving emergency administration grant funding under paragraph (1)(C)(i) shall submit to the Secretary of Labor, the Committee on Ways and Means of the House of Representatives, and the Committee on Finance of the Senate, a report that includes—

(A) an analysis of the reciprocity rate for unemployment compensation in the State as such rate has changed over time;

(B) a description of steps the State intends to take to increase such reciprocity rate.

(6)(A) Notwithstanding any other provision of law, the Secretary of the Treasury shall transfer from the general fund of the Treasury (from funds not otherwise appropriated) to the employment security administration account (as established by section 901 of the Social Security Act) such sums as the Secretary of Labor estimates to be necessary for purposes of making the transfers described in paragraph (1)(C).

(B) There are appropriated from the general fund of the Treasury, without fiscal year limitation, the sums referred to in the preceding sentence and such sums shall not be required to be repaid.

Transfers for Federal Reimbursement of State Unemployment Funds

(i)(1)(A) In addition to any other amounts, the Secretary of Labor shall provide for the transfer of funds with respect to the ap-

plicable period to the accounts of the States in the Unemployment Trust Fund, by transfer from amounts reserved for that purpose in the Federal unemployment account, in accordance with the succeeding provisions of this subsection.

(B) The amount of funds transferred to the account of a State under subparagraph (A) during the applicable period shall, as determined by the Secretary of Labor and except as otherwise provided in this subparagraph, be equal to one-half of the amounts of compensation (as defined in section 3306(h) of the Internal Revenue Code of 1986) attributable under the State law to service to which section 3309(a) of such Code applies and to service provided by employees of an entity created by Public Law 85–874 (20 U.S.C. 76h et seq.) that were paid by the State for weeks of unemployment beginning and ending during such period. With respect to the amounts of such compensation paid for weeks of unemployment beginning after March 31, 2021, and ending on or before September 6, 2021, the preceding sentence shall be applied by substituting “75 percent” for “one-half”. Such transfers shall be made at such times as the Secretary of Labor considers appropriate.

(C) Notwithstanding any other provision of law, funds transferred to the account of a State under subparagraph (A) shall be used exclusively to reduce the amounts required to be paid in lieu of contributions into the State unemployment fund pursuant to such section by governmental entities and other organizations described in section 3309(a) of such Code or an entity created by Public Law 85–874 (20 U.S.C. 76h et seq.).

(D) For purposes of this paragraph, the term “applicable period” means the period beginning on March 13, 2020, and ending on September 6, 2021.

(2)(A) Notwithstanding any other provision of law, the Secretary of the Treasury shall transfer from the general fund of the Treasury (from funds not otherwise appropriated) to the Federal unemployment account such sums as the Secretary of Labor estimates to be necessary for purposes of making the transfers described in paragraph (1).

(B) There are appropriated from the general fund of the Treasury, without fiscal year limitation, the sums referred to in subparagraph (A) and such sums shall not be required to be repaid.

UNEMPLOYMENT TRUST FUND

Establishment, etc.

SEC. 904. [42 U.S.C. 1104] (a) There is hereby established in the Treasury of the United States a trust fund to be known as the “Unemployment Trust Fund”, hereinafter in this title called the “Fund”. The Secretary of the Treasury is authorized and directed to receive and hold in the Fund all moneys deposited therein by a State agency from a State unemployment fund, or by the Railroad Retirement Board to the credit of the railroad unemployment insurance account or the railroad unemployment insurance administration fund, or otherwise deposited in or credited to the Fund or any account therein. Such deposit may be made directly with the

Secretary of the Treasury, with any depository¹¹ designated by him for such purpose, or with any Federal Reserve Bank.

Investments

(b) It shall be the duty of the Secretary of the Treasury to invest such portion of the Fund as is not, in his judgment, required to meet current withdrawals. Such investment may be made only in interest-bearing obligations of the United States or in obligations guaranteed as to both principal and interest by the United States. For such purpose such obligations may be acquired (1) on original issue at the issue price, or (2) by purchase of outstanding obligations at the market price. The purposes for which obligations of the United States may be issued under chapter 31 of title 31, United States Code, are hereby extended to authorize the issuance at par of special obligations exclusively to the Fund. Such special obligations shall bear interest at a rate equal to the average rate of interest, computed as of the end of the calendar month next preceding the date of such issue, borne by all interest-bearing obligations of the United States then forming part of the public debt; except that where such average rate is not a multiple of one-eighth of 1 per centum, the rate of interest of such special obligations shall be the multiple of one-eighth of 1 per centum next lower than such average rate. Obligations other than such special obligations may be acquired for the Fund only on such terms as to provide an investment yield not less than the yield which would be required in the case of special obligations if issued to the Fund upon the date of such acquisition. Advances made to the Federal unemployment account pursuant to section 1203 shall not be invested.

Sale or Redemption of Obligations

(c) Any obligations acquired by the Fund (except special obligations issued exclusively to the Fund) may be sold at the market price, and such special obligations may be redeemed at par plus accrued interest.

Treatment of Interest and Proceeds

(d) The interest on, and the proceeds from the sale or redemption of, any obligations held in the Fund shall be credited to and form a part of the Fund.

Separate Book Accounts

(e) The Fund shall be invested as a single fund, but the Secretary of the Treasury shall maintain a separate book account for each State agency, the employment security administration account, the Federal unemployment account, the railroad unemployment insurance account, and the railroad unemployment insurance administration fund and shall credit quarterly (on March 31, June 30, September 30, and December 31, of each year) to each account, on the basis of the average daily balance of such account, a proportionate part of the earnings of the Fund for the quarter ending on

¹¹ As in original. Possibly should be "depository".

such date. For the purpose of this subsection, the average daily balance shall be computed—

(1) in the case of any State account, by reducing (but not below zero) the amount in the account by the balance of advances made to the State under section 1201, and

(2) in the case of the Federal unemployment account—

(A) by adding to the amount in the account the aggregate of the reductions under paragraph (1), and

(B) by subtracting from the sum so obtained the balance of advances made under section 1203 to the account.

Payments to State Agencies and Railroad Retirement Board

(f) The Secretary of the Treasury is authorized and directed to pay out of the Fund to any State agency such amount as it may duly requisition, not exceeding the amount standing to the account of such State agency at the time of such payment. The Secretary of the Treasury is authorized and directed to make such payments out of the railroad unemployment insurance account for the payment of benefits, and out of the railroad unemployment insurance administration fund for the payment of administrative expenses, as the Railroad Retirement Board may duly certify, not exceeding the amount standing to the credit of such account or such fund, as the case may be, at the time of such payment.

Federal Unemployment Account

(g) There is hereby established in the Unemployment Trust Fund a Federal unemployment account.

TRANSFERS TO FEDERAL UNEMPLOYMENT ACCOUNT AND REPORT TO CONGRESS ¹²

ESTABLISHMENT OF ACCOUNT ¹²

SEC. 905. [42 U.S.C. 1105] (a) There is hereby established in the Unemployment Trust Fund an extended unemployment compensation account. For the purposes provided for in section 904(e), such account shall be maintained as a separate book account.

Transfers to Account

(b)(1) Except as provided in paragraph (3), the Secretary of the Treasury shall transfer (as of the close of each month) from the employment security administration account to the extended unemployment compensation account established by subsection (a), an amount (determined by such Secretary) equal to 20 percent of the amount by which—

(A) the transfers to the employment security administration account pursuant to section 901(b)(2) during such month, exceed

(B) the payments during such month from the employment security administration account pursuant to section 901 (b)(3) and (d).

¹²The style of headings for section 905 and subsection (a) are so in original. The styles for each do not conform with the style of section and subsection headings throughout the Act.

If for any such month the payments referred to in subparagraph (B) exceed the transfers referred to in subparagraph (A), proper adjustments shall be made in the amounts subsequently transferred.

(2) Whenever the Secretary of the Treasury determines pursuant to section 901(f) that there is an excess in the employment security administration account as of the close of any fiscal year beginning after June 30, 1972, there shall be transferred (as of the beginning of the succeeding fiscal year) to the extended unemployment compensation account the total amount of such excess or so much thereof as is required to increase the amount in the extended unemployment compensation account to whichever of the following is the greater:

(A) \$750,000,000, or

(B) the amount (determined by the Secretary of Labor and certified by him to the Secretary of the Treasury) equal to 0.5 percent of the total wages subject (determined without any limitation on amount) to contributions under all State unemployment compensation laws for the calendar year ending during the fiscal year for which the excess is determined.

(3) The Secretary of the Treasury shall make no transfer pursuant to paragraph (1) as of the close of any month if he determines that the amount in the extended unemployment compensation account is equal to (or in excess of) the limitation provided in paragraph (2).

(d) There are hereby authorized to be appropriated, without fiscal year limitation, to the extended unemployment compensation account, as repayable advances, such sums as may be necessary to carry out the purposes of the Federal-State Extended Unemployment Compensation Act of 1970. Amounts appropriated as repayable advances shall be repaid by transfers from the extended unemployment compensation account to the general fund of the Treasury, at such times as the amount in the extended unemployment compensation account is determined by the Secretary of the Treasury, in consultation with the Secretary of Labor, to be adequate for such purpose. Repayments under the preceding sentence shall be made whenever the Secretary of the Treasury (after consultation with the Secretary of Labor) determines that the amount then in the account exceeds the amount necessary to meet the anticipated payments from the account during the next 3 months. Any amount transferred as a repayment under this subsection shall be credited against, and shall operate to reduce, any balance

of advances repayable under this subsection. Amounts appropriated as repayable advances for purposes of this subsection shall bear interest at a rate equal to the average rate of interest, computed as of the end of the calendar month next preceding the date of such advance, borne by all interest bearing obligations of the United States then forming part of the public debt; except that in cases in which such average rate is not a multiple of one-eighth of 1 percent, the rate of interest shall be the multiple of one-eighth of 1 percent next lower than such average rate.

UNEMPLOYMENT COMPENSATION RESEARCH PROGRAM

SEC. 906. [42 U.S.C. 1106] (a) The Secretary of Labor shall—

(1) establish a continuing and comprehensive program of research to evaluate the unemployment compensation system. Such research shall include, but not be limited to, a program of factual studies covering the role of unemployment compensation under varying patterns of unemployment including those in seasonal industries, the relationship between the unemployment compensation and other social insurance programs, the effect of State eligibility and disqualification provisions, the personal characteristics, family situations, employment background and experience of claimants, with the results of such studies to be made public; and

(2) establish a program of research to develop information (which shall be made public) as to the effect and impact of extending coverage to excluded groups with first attention to agricultural labor.

(b) To assist in the establishment and provide for the continuation of the comprehensive research program relating to the unemployment compensation system, there are hereby authorized to be appropriated for the fiscal year ending June 30, 1971, and for each fiscal year thereafter, such sums, not to exceed \$8,000,000, as may be necessary to carry out the purposes of this section. From the sums authorized to be appropriated by this subsection the Secretary may provide for the conduct of such research through grants or contracts.

The Secretary may relieve any individual of his obligation to so repay, in whole or in part, whenever and to the extent that such repayment would, in his judgment, be inequitable or would be contrary to the purposes of any of the programs established by this section.

(c) The Secretary, with the concurrence of the State, may detail Federal employees to State unemployment compensation administration and the Secretary may concur in the detailing of State employees to the United States Department of Labor for temporary periods for training or for purposes of unemployment compensation administration, and the provisions of section 507 of the Elementary and Secondary Education Act of 1965 (79 Stat. 27) or any more general program of interchange enacted by a law amending, supplementing, or replacing section 507 shall apply to any such assignment.

(i) disregard payments made under sub-capitated arrangements for services such as primary care case management; and

(ii) if the reimbursement floor for physician services applicable under a managed care contract satisfies the requirements of subparagraph (A) for the fiscal year in which the contract is entered into or renewed, such reimbursement floor shall be deemed to satisfy such requirements for the subsequent fiscal year.

SEC. 1109. [42 U.S.C. 1309] Any amount which is disregarded (or set aside for future needs) in determining the eligibility of and amount of the aid or assistance for any individual under a State plan approved under title I, X, XIV, XVI, or XIX, shall not be taken into consideration in determining the eligibility of and amount of aid or assistance for any other individual under a State plan approved under any other of such titles.

COOPERATIVE RESEARCH OR DEMONSTRATION PROJECTS

SEC. 1110. [42 U.S.C. 1310] (a)(1) There are hereby authorized to be appropriated for the fiscal year ending June 30, 1957, \$5,000,000 and for each fiscal year thereafter such sums as the Congress may determine for (A) making grants to States and public and other organizations and agencies for paying part of the cost of research or demonstration projects such as those relating to the prevention and reduction of dependency, or which will aid in effecting coordination of planning between private and public welfare agencies or which will help improve the administration and effectiveness of programs carried on or assisted under the Social Security Act and programs related thereto, and (B) making contracts or jointly financed cooperative arrangements with States and public

and other organizations and agencies for the conduct of research or demonstration projects relating to such matters.

(2) No contract or jointly financed cooperative arrangement shall be entered into, and no grant shall be made, under paragraph (1), until the Secretary (or the Commissioner, with respect to any jointly financed cooperative agreement or grant concerning titles II or XVI) obtains the advice and recommendations of specialists who are competent to evaluate the proposed projects as to soundness of their design, the possibilities of securing productive results, the adequacy of resources to conduct the proposed research or demonstrations, and their relationship to other similar research or demonstrations already completed or in process.

(3) Grants and payments under contracts or cooperative arrangements under paragraph (1) may be made either in advance or by way of reimbursement, as may be determined by the Secretary (or the Commissioner, with respect to any jointly financed cooperative agreement or grant concerning title II or XVI); and shall be made in such installments and on such conditions as the Secretary (or the Commissioner, as applicable) finds necessary to carry out the purposes of this subsection.

(b)(1) The Commissioner is authorized to waive any of the requirements, conditions, or limitations of title XVI (or to waive them only for specified purposes, or to impose additional requirements, conditions, or limitations) to such extent and for such period as the Commissioner finds necessary to carry out one or more experimental, pilot, or demonstration projects which, in the Commissioner's judgment, are likely to assist in promoting the objectives or facilitate the administration of such title. Any costs for benefits under or administration of any such project (including planning for the project and the review and evaluation of the project and its results), in excess of those that would have been incurred without regard to the project, shall be met by the Commissioner from amounts available to the Commissioner for this purpose from appropriations made to carry out such title. The costs of any such project which is carried out in coordination with one or more related projects under other titles of this Act shall be allocated among the appropriations available for such projects and any Trust Funds involved, in a manner determined by the Commissioner with respect to the old-age, survivors, and disability insurance programs under title II and the supplemental security income program under title XVI, and by the Secretary with respect to other titles of this Act, taking into consideration the programs (or types of benefit) to which the project (or part of a project) is most closely related or which the project (or part of a project) is intended to benefit. If, in order to carry out a project under this subsection, the Commissioner requests a State to make supplementary payments (or the Commissioner makes them pursuant to an agreement under section 1616) to individuals who are not eligible therefor, or in amounts or under circumstances in which the State does not make such payments, the Commissioner shall reimburse such State for the non-Federal share of such payments from amounts appropriated to carry out title XVI. If, in order to carry out a project under this subsection, the Secretary requests a State to provide medical assistance under its plan approved under title XIX to indi-

viduals who are not eligible therefor, or in amounts or under circumstances in which the State does not provide such medical assistance, the Secretary shall reimburse such State for the non-Federal share of such assistance from amounts appropriated to carry out title XVI, which shall be provided by the Commissioner to the Secretary for this purpose.

(2) With respect to the participation of recipients of supplemental security income benefits in experimental, pilot, or demonstration projects under this subsection—

(A) the Commissioner is not authorized to carry out any project that would result in a substantial reduction in any individual's total income and resources as a result of his or her participation in the project;

(B) the Commissioner may not require any individual to participate in a project; and the Commissioner shall assure (i) that the voluntary participation of individuals in any project is obtained through informed written consent which satisfies the requirements for informed consent established by the Commissioner for use in any experimental, pilot, or demonstration project in which human subjects are at risk, and (ii) that any individual's voluntary agreement to participate in any project may be revoked by such individual at any time;

(C) the Commissioner shall, to the extent feasible and appropriate, include recipients who are under age 18 as well as adult recipients; and

(D) the Commissioner shall include in the projects carried out under this section such experimental, pilot, or demonstration projects as may be necessary to ascertain the feasibility of treating alcoholics and drug addicts to prevent the onset of irreversible medical conditions which may result in permanent disability, including programs in residential care treatment centers.

(c)(1) In addition to the amount otherwise appropriated in any other law to carry out subsection (a) for fiscal year 2004, up to \$8,500,000 is authorized and appropriated and shall be used by the Commissioner of Social Security under this subsection for purposes of conducting a statistically valid survey to determine how payments made to individuals, organizations, and State or local government agencies that are representative payees for benefits paid under title II or XVI are being managed and used on behalf of the beneficiaries for whom such benefits are paid.

(2) Not later than 18 months after the date of enactment of this subsection, the Commissioner of Social Security shall submit a report on the survey conducted in accordance with paragraph (1) to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate.

(2) POLICIES FOR COOPERATION.—The Committee shall advise the Secretary and the Attorney General on practical and general policies concerning the cooperation of Federal, State, local, and tribal governments, child welfare agencies, social service providers, physical health and mental health providers, victim service providers, State or local courts with responsibility for conducting or supervising proceedings relating to child welfare or social services for children and their families, Federal, State, and local police, juvenile detention centers, and runaway and homeless youth programs, schools, the gaming and entertainment industry, and businesses and organizations that provide services to youth, on responding to sex trafficking, including the development and implementation of—

(A) successful interventions with children and youth who are exposed to conditions that make them vulnerable to, or victims of, sex trafficking; and

(B) recommendations for administrative or legislative changes necessary to use programs, properties, or other resources owned, operated, or funded by the Federal Government to provide safe housing for children and youth who

are sex trafficking victims and provide support to entities that provide housing or other assistance to the victims.

(3) BEST PRACTICES AND RECOMMENDATIONS FOR STATES.—

(A) IN GENERAL.—Within 2 years after the establishment of the Committee, the Committee shall develop 2 tiers (referred to in this subparagraph as “Tier I” and “Tier II”) of recommended best practices for States to follow in combating the sex trafficking of children and youth. Tier I shall provide States that have not yet substantively addressed the sex trafficking of children and youth with an idea of where to begin and what steps to take. Tier II shall provide States that are already working to address the sex trafficking of children and youth with examples of policies that are already being used effectively by other States to address sex trafficking.

(B) DEVELOPMENT.—The best practices shall be based on multidisciplinary research and promising, evidence-based models and programs as reflected in State efforts to meet the requirements of sections 101 and 102 of the Preventing Sex Trafficking and Strengthening Families Act.

(C) CONTENT.—The best practices shall be user-friendly, incorporate the most up-to-date technology, and include the following:

(i) Sample training materials, protocols, and screening tools that, to the extent possible, accommodate for regional differences among the States, to prepare individuals who administer social services to identify and serve children and youth who are sex trafficking victims or at-risk of sex trafficking.

(ii) Multidisciplinary strategies to identify victims, manage cases, and improve services for all children and youth who are at risk of sex trafficking, or are sex trafficking victims, in the United States.

(iii) Sample protocols and recommendations based on current States’ efforts, accounting for regional differences between States that provide for effective, cross-system collaboration between Federal, State, local, and tribal governments, child welfare agencies, social service providers, physical health and mental health providers, victim service providers, State or local courts with responsibility for conducting or supervising proceedings relating to child welfare or social services for children and their families, the gaming and entertainment industry, Federal, State, and local police, juvenile detention centers and runaway and homeless youth programs, housing resources that are appropriate for housing child and youth victims of trafficking, schools, and businesses and organizations that provide services to children and youth. These protocols and recommendations should include strategies to identify victims and collect, document, and share data across systems and agencies, and should be designed to help agencies better understand the type of sex trafficking involved, the scope of the problem, the

needs of the population to be served, ways to address the demand for trafficked children and youth and increase prosecutions of traffickers and purchasers of children and youth, and the degree of victim interaction with multiple systems.

(iv) Developing the criteria and guidelines necessary for establishing safe residential placements for foster children who have been sex trafficked as well as victims of trafficking identified through interaction with law enforcement.

(v) Developing training guidelines for caregivers that serve children and youth being cared for outside the home.

(D) INFORMING STATES OF BEST PRACTICES.—The Committee, in coordination with the National Governors Association, Secretary and Attorney General, shall ensure that State Governors and child welfare agencies are notified and informed on a quarterly basis of the best practices and recommendations for States, and notified 6 months in advance that the Committee will be evaluating the extent to which States adopt the Committee's recommendations.

(E) REPORT ON STATE IMPLEMENTATION.—Within 3 years after the establishment of the Committee, the Committee shall submit to the Secretary and the Attorney General, as part of its final report as well as for online and publicly available publication, a description of what each State has done to implement the recommendations of the Committee.

(e) REPORTS.—

(1) IN GENERAL.—The Committee shall submit an interim and a final report on the work of the Committee to—

(A) the Secretary;

(B) the Attorney General;

(C) the Committee on Finance of the Senate; and

(D) the Committee on Ways and Means of the House of Representatives.

(2) REPORTING DATES.—The interim report shall be submitted not later than 3 years after the establishment of the Committee. The final report shall be submitted not later than 4 years after the establishment of the Committee.

(f) ADMINISTRATION.—

(1) AGENCY SUPPORT.—The Secretary shall direct the head of the Administration for Children and Families of the Department of Health and Human Services to provide all necessary support for the Committee.

(2) MEETINGS.—

(A) IN GENERAL.—The Committee will meet at the call of the Secretary at least twice each year to carry out this section, and more often as otherwise required.

(B) ACCOMMODATION FOR COMMITTEE MEMBERS UNABLE TO ATTEND IN PERSON.—The Secretary shall create a process through which Committee members who are unable to travel to a Committee meeting in person may par-

ticipate remotely through the use of video conference, teleconference, online, or other means.

(3) SUBCOMMITTEES.—The Committee may establish subcommittees or working groups, as necessary and consistent with the mission of the Committee. The subcommittees or working groups shall have no authority to make decisions on behalf of the Committee, nor shall they report directly to any official or entity listed in subsection (d).

(4) RECORDKEEPING.—The records of the Committee and any subcommittees and working groups shall be maintained in accordance with appropriate Department of Health and Human Services policies and procedures and shall be available for public inspection and copying, subject to the Freedom of Information Act (5 U.S.C. 552).

(g) TERMINATION.—The Committee shall terminate 5 years after the date of its establishment, but the Secretary shall continue to operate and update, as necessary, an Internet website displaying the State best practices, recommendations, and evaluation of State-by-State implementation of the Secretary's recommendations.

(h) DEFINITION.—For the purpose of this section, the term “sex trafficking” includes the definition set forth in section 103(10) of the Trafficking Victims Protection Act of 2000 (22 U.S.C. 7102(10)) and “severe form of trafficking in persons” described in section 103(9)(A) of such Act.

DEMONSTRATION PROJECTS

SEC. 1115. [42 U.S.C. 1315] (a) In the case of any experimental, pilot, or demonstration project which, in the judgment of the Secretary, is likely to assist in promoting the objectives of title I, X, XIV, XVI, or XIX, or part A or D of title IV, in a State or States—

(1) the Secretary may waive compliance with any of the requirements of section 2, 402, 454, 1002, 1402, 1602, or 1902, as the case may be, to the extent and for the period he finds necessary to enable such State or States to carry out such project, and

(2)(A) costs of such project which would not otherwise be included as expenditures under section 3, 455, 1003, 1403, 1603, or 1903, as the case may be, and which are not included as part of the costs of projects under section 1110, shall, to the extent and for the period prescribed by the Secretary, be regarded as expenditures under the State plan or plans approved under such title, or for administration of such State plan or plans, as may be appropriate, or

(B) costs of such project which would not otherwise be a permissible use of funds under part A of title IV and which are not included as part of the costs of projects under section 1110, shall to the extent and for the period prescribed by the Secretary, be regarded as a permissible use of funds under such part.

In addition, not to exceed \$4,000,000 of the aggregate amount appropriated for payments to States under such titles for any fiscal year beginning after June 30, 1967, shall be available, under such

terms and conditions as the Secretary may establish, for payments to States to cover so much of the cost of such projects as is not covered by payments under such titles and is not included as part of the cost of projects for purposes of section 1110.

(b)(1) In the case of any experimental, pilot, or demonstration project undertaken under subsection (a) to assist in promoting the objectives of part D of title IV, the project—

(A) must be designed to improve the financial well-being of children or otherwise improve the operation of the child support program;

(B) may not permit modifications in the child support program which would have the effect of disadvantaging children in need of support; and

(C) must not result in increased cost to the Federal Government under part A of such title.

(2) An Indian tribe or tribal organization operating a program under section 455(f) shall be considered a State for purposes of authority to conduct an experimental, pilot, or demonstration project under subsection (a) to assist in promoting the objectives of part D of title IV and receiving payments under the second sentence of that subsection. The Secretary may waive compliance with any requirements of section 455(f) or regulations promulgated under that section to the extent and for the period the Secretary finds necessary for an Indian tribe or tribal organization to carry out such project. Costs of the project which would not otherwise be included as expenditures of a program operating under section 455(f) and which are not included as part of the costs of projects under section 1110, shall, to the extent and for the period prescribed by the Secretary, be regarded as expenditures under a tribal plan or plans approved under such section, or for the administration of such tribal plan or plans, as may be appropriate. An Indian tribe or tribal organization applying for or receiving start-up program development funding pursuant to section 309.16 of title 45, Code of Federal Regulations, shall not be considered to be an Indian tribe or tribal organization operating a program under section 455(f) for purposes of this paragraph.

(c)(1)(A) The Secretary shall enter into agreements with up to 8 States submitting applications under this subsection for the purpose of conducting demonstration projects in such States to test and evaluate the use, with respect to individuals who received aid under part A of title IV in the preceding month (on the basis of the unemployment of the parent who is the principal earner), of a number greater than 100 for the number of hours per month that such individuals may work and still be considered to be unemployed for purposes of section 407. If any State submits an application under this subsection for the purpose of conducting a demonstration project to test and evaluate the total elimination of the 100-hour rule, the Secretary shall approve at least one such application.

(B) If any State with an agreement under this subsection so requests, the demonstration project conducted pursuant to such agreement may test and evaluate the complete elimination of the 100-hour rule and of any other durational standard that might be applied in defining unemployment for purposes of determining eligibility under section 407.

(2) Notwithstanding section 402(a)(1), a demonstration project conducted under this subsection may be conducted in one or more political subdivisions of the State.

(3) An agreement under this subsection shall be entered into between the Secretary and the State agency designated under section 402(a)(3). Such agreement shall provide for the payment of aid under the applicable State plan under part A of title IV as though section 407 had been modified to reflect the definition of unemployment used in the demonstration project but shall also provide that such project shall otherwise be carried out in accordance with all of the requirements and conditions of section 407 (and, except as provided in paragraph (2), any related requirements and conditions under part A of title IV).

(4) A demonstration project under this subsection may be commenced any time after September 30, 1990, and shall be conducted for such period of time as the agreement with the Secretary may provide; except that, in no event may a demonstration project under this section be conducted after September 30, 1995.

(5)(A) Any State with an agreement under this subsection shall evaluate the comparative cost and employment effects of the use of the definition of unemployment in its demonstration project under this section by use of experimental and control groups comprised of a random sample of individuals receiving aid under section 407 and shall furnish the Secretary with such information as the Secretary determines to be necessary to evaluate the results of the project conducted by the State.

(B) The Secretary shall report the results of the demonstration projects conducted under this subsection to the Congress not later than 6 months after all such projects are completed.

(d)(1) An application or renewal of any experimental, pilot, or demonstration project undertaken under subsection (a) to promote the objectives of title XIX or XXI in a State that would result in an impact on eligibility, enrollment, benefits, cost-sharing, or financing with respect to a State program under title XIX or XXI (in this subsection referred to as a "demonstration project") shall be considered by the Secretary in accordance with the regulations required to be promulgated under paragraph (2).

(2) Not later than 180 days after the date of enactment of this subsection, the Secretary shall promulgate regulations relating to applications for, and renewals of, a demonstration project that provide for—

(A) a process for public notice and comment at the State level, including public hearings, sufficient to ensure a meaningful level of public input;

(B) requirements relating to—

(i) the goals of the program to be implemented or renewed under the demonstration project;

(ii) the expected State and Federal costs and coverage projections of the demonstration project; and

(iii) the specific plans of the State to ensure that the demonstration project will be in compliance with title XIX or XXI;

(C) a process for providing public notice and comment after the application is received by the Secretary, that is sufficient to ensure a meaningful level of public input;

(D) a process for the submission to the Secretary of periodic reports by the State concerning the implementation of the demonstration project; and

(E) a process for the periodic evaluation by the Secretary of the demonstration project.

(3) The Secretary shall annually report to Congress concerning actions taken by the Secretary with respect to applications for demonstration projects under this section.

(e)(1) The provisions of this subsection shall apply to the extension of any State-wide comprehensive demonstration project (in this subsection referred to as “waiver project”) for which a waiver of compliance with requirements of title XIX is granted under subsection (a).

(2) During the 6-month period ending 1 year before the date the waiver under subsection (a) with respect to a waiver project would otherwise expire, the chief executive officer of the State which is operating the project may submit to the Secretary a written request for an extension, of up to 3 years (5 years, in the case of a waiver described in section 1915(h)(2)), of the project.

(3) If the Secretary fails to respond to the request within 6 months after the date it is submitted, the request is deemed to have been granted.

(4) If such a request is granted, the deadline for submittal of a final report under the waiver project is deemed to have been extended until the date that is 1 year after the date the waiver project would otherwise have expired.

(5) The Secretary shall release an evaluation of each such project not later than 1 year after the date of receipt of the final report.

(6) Subject to paragraphs (4) and (7), the extension of a waiver project under this subsection shall be on the same terms and conditions (including applicable terms and conditions relating to quality and access of services, budget neutrality, data and reporting requirements, and special population protections) that applied to the project before its extension under this subsection.

(7) If an original condition of approval of a waiver project was that Federal expenditures under the project not exceed the Federal expenditures that would otherwise have been made, the Secretary shall take such steps as may be necessary to ensure that, in the extension of the project under this subsection, such condition continues to be met. In applying the previous sentence, the Secretary shall take into account the Secretary’s best estimate of rates of change in expenditures at the time of the extension.

(f) An application by the chief executive officer of a State for an extension of a waiver project the State is operating under an extension under subsection (e) (in this subsection referred to as the “waiver project”) shall be submitted and approved or disapproved in accordance with the following:

(1) The application for an extension of the waiver project shall be submitted to the Secretary at least 120 days prior to the expiration of the current period of the waiver project.

(2) Not later than 45 days after the date such application is received by the Secretary, the Secretary shall notify the State if the Secretary intends to review the terms and conditions of the waiver project. A failure to provide such notification shall be deemed to be an approval of the application.

(3) Not later than 45 days after the date a notification is made in accordance with paragraph (2), the Secretary shall inform the State of proposed changes in the terms and conditions of the waiver project. A failure to provide such information shall be deemed to be an approval of the application.

(4) During the 30-day period that begins on the date information described in paragraph (3) is provided to a State, the Secretary shall negotiate revised terms and conditions of the waiver project with the State.

(5)(A) Not later than 120 days after the date an application for an extension of the waiver project is submitted to the Secretary (or such later date agreed to by the chief executive officer of the State), the Secretary shall—

(i) approve the application subject to such modifications in the terms and conditions—

(I) as have been agreed to by the Secretary and the State; or

(II) in the absence of such agreement, as are determined by the Secretary to be reasonable, consistent with the overall objectives of the waiver project, and not in violation of applicable law; or

(ii) disapprove the application.

(B) A failure by the Secretary to approve or disapprove an application submitted under this subsection in accordance with the requirements of subparagraph (A) shall be deemed to be an approval of the application subject to such modifications in the terms and conditions as have been agreed to (if any) by the Secretary and the State.

(6) An approval of an application for an extension of a waiver project under this subsection shall be for a period not to exceed 3 years (5 years, in the case of a waiver described in section 1915(h)(2)).

(7) An extension of a waiver project under this subsection shall be subject to the final reporting and evaluation requirements of paragraphs (4) and (5) of subsection (e) (taking into account the extension under this subsection with respect to any timing requirements imposed under those paragraphs).

(g) REQUIREMENT OF BUDGET NEUTRALITY FOR MEDICAID DEMONSTRATION PROJECTS.—

(1) IN GENERAL.—Beginning January 1 2027, the Secretary may not approve an application for (or renewal or amendment of) an experimental, pilot, or demonstration project undertaken under subsection (a) to promote the objectives of title XIX in a State (in this subsection referred to as a “Medicaid demonstration project”) unless the Chief Actuary for the Centers for Medicare & Medicaid Services certifies that such project, or, in the case of a renewal, the duration of the preceding waiver, is not expected to result in an increase in the amount of Federal expenditures compared to the amount that such ex-

penditures would otherwise be in the absence of such project. For purposes of this subsection, expenditures for the coverage of populations and services that the State could have otherwise provided through its Medicaid State plan or other authority under title XIX, including expenditures that could be made under such authority but for the provision of such services at a different site of service than authorized under such State plan or other authority, shall be considered expenditures in the absence of such a project.

(2) TREATMENT OF SAVINGS.—In the event that expenditures with respect to a State under a Medicaid demonstration project are, during an approval period for such project, less than the amount of such expenditures that would have otherwise been made in the absence of such project, the Secretary shall specify the methodology to be used with respect to the subsequent approval period for such project for purposes of taking the difference between such expenditures into account.

CENTER FOR MEDICARE AND MEDICAID INNOVATION

SEC. 1115A. [42 U.S.C. 1315a] (a) CENTER FOR MEDICARE AND MEDICAID INNOVATION ESTABLISHED.—

(1) IN GENERAL.—There is created within the Centers for Medicare & Medicaid Services a Center for Medicare and Medicaid Innovation (in this section referred to as the “CMI”) to carry out the duties described in this section. The purpose of the CMI is to test innovative payment and service delivery models to reduce program expenditures under the applicable titles while preserving or enhancing the quality of care furnished to individuals under such titles. In selecting such models, the Secretary shall give preference to models that also improve the coordination, quality, and efficiency of health care services furnished to applicable individuals defined in paragraph (4)(A).

(2) DEADLINE.—The Secretary shall ensure that the CMI is carrying out the duties described in this section by not later than January 1, 2011.

(3) CONSULTATION.—In carrying out the duties under this section, the CMI shall consult representatives of relevant Federal agencies, and clinical and analytical experts with expertise in medicine and health care management. The CMI shall use open door forums or other mechanisms to seek input from interested parties.

(2) SELECTION OF MODELS TO BE TESTED.—

(A) IN GENERAL.—The Secretary shall select models to be tested from models where the Secretary determines that there is evidence that the model addresses a defined population for which there are deficits in care leading to poor clinical outcomes or potentially avoidable expenditures. The Secretary shall focus on models expected to reduce program costs under the applicable title while preserving or enhancing the quality of care received by individuals receiving benefits under such title. The models selected under this subparagraph may include, but are not limited to, the models described in subparagraph (B).

(B) OPPORTUNITIES.—The models described in this subparagraph are the following models:

(i) Promoting broad payment and practice reform in primary care, including patient-centered medical home models for high-need applicable individuals, medical homes that address women’s unique health care needs, and models that transition primary care practices away from fee-for-service based reimbursement and toward comprehensive payment or salary-based payment.

(ii) Contracting directly with groups of providers of services and suppliers to promote innovative care delivery models, such as through risk-based comprehensive payment or salary-based payment.

(iii) Utilizing geriatric assessments and comprehensive care plans to coordinate the care (including through interdisciplinary teams) of applicable individuals with multiple chronic conditions and at least one of the following:

(viii) Establishing community-based health teams to support small-practice medical homes by assisting the primary care practitioner in chronic care management, including patient self-management, activities.

(ix) Assisting applicable individuals in making informed health care choices by paying providers of services and suppliers for using patient decision-support tools, including tools that meet the standards developed and identified under section 936(c)(2)(A) of the Public Health Service Act, that improve applicable individual and caregiver understanding of medical treatment options.

(x) Allowing States to test and evaluate fully integrating care for dual eligible individuals in the State, including the management and oversight of all funds under the applicable titles with respect to such individuals.

(xi) Allowing States to test and evaluate systems of all-payer payment reform for the medical care of residents of the State, including dual eligible individuals.

(xii) Aligning nationally recognized, evidence-based guidelines of cancer care with payment incentives under title XVIII in the areas of treatment planning and follow-up care planning for applicable individuals described in clause (i) or (iii) of subsection (a)(4)(A) with cancer, including the identification of gaps in applicable quality measures.

(xiv) Funding home health providers who offer chronic care management services to applicable individuals in cooperation with interdisciplinary teams.

(xv) Promoting improved quality and reduced cost by developing a collaborative of high-quality, low-cost health care institutions that is responsible for—

(xvii) Promoting greater efficiencies and timely access to outpatient services (such as outpatient physical therapy services) through models that do not require a physician or other health professional to refer the service or be involved in establishing the plan of care for the service, when such service is furnished by a health professional who has the authority to furnish the service under existing State law.

(xviii) Establishing comprehensive payments to Healthcare Innovation Zones, consisting of groups of providers that include a teaching hospital, physicians, and other clinical entities, that, through their structure, operations, and joint-activity deliver a full spectrum of integrated and comprehensive health care services to applicable individuals while also incorporating innovative methods for the clinical training of future health care professionals.

(xix) Utilizing, in particular in entities located in medically underserved areas and facilities of the Indian Health Service (whether operated by such Service or by an Indian tribe or tribal organization (as those terms are defined in section 4 of the Indian Health Care Improvement Act)), telehealth services—

(I) in treating behavioral health issues (such as post-traumatic stress disorder) and stroke; and

(II) to improve the capacity of non-medical providers and non-specialized medical providers to provide health services for patients with chronic complex conditions.

(xx) Utilizing a diverse network of providers of services and suppliers to improve care coordination for applicable individuals described in subsection (a)(4)(A)(i) with 2 or more chronic conditions and a history of prior-year hospitalization through interventions developed under the Medicare Coordinated Care Demonstration Project under section 4016 of the Balanced Budget Act of 1997 (42 U.S.C. 1395b–1 note).

(xxi) Focusing primarily on physicians' services (as defined in section 1848(j)(3)) furnished by physicians who are not primary care practitioners.

(xxii) Focusing on practices of 15 or fewer professionals.

(xxiii) Focusing on risk-based models for small physician practices which may involve two-sided risk and prospective patient assignment, and which examine risk-adjusted decreases in mortality rates, hospital readmissions rates, and other relevant and appropriate clinical measures.

(xxiv) Focusing primarily on title XIX, working in conjunction with the Center for Medicaid and CHIP Services.

(xxv) Providing, for the adoption and use of certified EHR technology (as defined in section 1848(o)(4)) to improve the quality and coordination of care through the electronic documentation and exchange of health information, incentive payments to behavioral health providers (such as psychiatric hospitals (as defined in section 1861(f)), community mental health centers (as defined in section 1861(ff)(3)(B)), hospitals that participate in a State plan under title XIX or a waiver of such plan, treatment facilities that participate in such a State plan or such a waiver, mental health or substance use disorder providers that participate in such a State plan or such a waiver, clinical psychologists (as defined in section 1861(ii)), nurse practitioners (as defined in section 1861(aa)(5)) with respect to the provision of psychiatric services, and clinical social workers (as defined in section 1861(hh)(1))).

(C) ADDITIONAL FACTORS FOR CONSIDERATION.—In selecting models for testing under subparagraph (A), the CMI may consider the following additional factors:

(i) Whether the model includes a regular process for monitoring and updating patient care plans in a manner that is consistent with the needs and preferences of applicable individuals.

(ii) Whether the model places the applicable individual, including family members and other informal caregivers of the applicable individual, at the center of the care team of the applicable individual.

(iii) Whether the model provides for in-person contact with applicable individuals.

(iv) Whether the model utilizes technology, such as electronic health records and patient-based remote monitoring systems, to coordinate care over time and across settings.

(v) Whether the model provides for the maintenance of a close relationship between care coordinators, primary care practitioners, specialist physicians, community-based organizations, and other providers of services and suppliers.

(vi) Whether the model relies on a team-based approach to interventions, such as comprehensive care assessments, care planning, and self-management coaching.

(vii) Whether, under the model, providers of services and suppliers are able to share information with patients, caregivers, and other providers of services and suppliers on a real time basis.

(viii) Whether the model demonstrates effective linkage with other public sector payers, private sector payers, or statewide payment models.

(3) BUDGET NEUTRALITY.—

(A) INITIAL PERIOD.—The Secretary shall not require, as a condition for testing a model under paragraph (1), that the design of such model ensure that such model is budget neutral initially with respect to expenditures under the applicable title.

(B) TERMINATION OR MODIFICATION.—The Secretary shall terminate or modify the design and implementation of a model unless the Secretary determines (and the Chief Actuary of the Centers for Medicare & Medicaid Services, with respect to program spending under the applicable title, certifies), after testing has begun, that the model is expected to—

(i) improve the quality of care (as determined by the Administrator of the Centers for Medicare & Medicaid Services) without increasing spending under the applicable title;

(ii) reduce spending under the applicable title without reducing the quality of care; or

(iii) improve the quality of care and reduce spending.

Such termination may occur at any time after such testing has begun and before completion of the testing.

(4) EVALUATION.—

(A) IN GENERAL.—The Secretary shall conduct an evaluation of each model tested under this subsection. Such evaluation shall include an analysis of—

(i) the quality of care furnished under the model, including the measurement of patient-level outcomes and patient-centeredness criteria determined appropriate by the Secretary; and

(ii) the changes in spending under the applicable titles by reason of the model.

(B) INFORMATION.—The Secretary shall make the results of each evaluation under this paragraph available to the public in a timely fashion and may establish requirements for States and other entities participating in the testing of models under this section to collect and report information that the Secretary determines is necessary to monitor and evaluate such models.

(C) MEASURE SELECTION.—To the extent feasible, the Secretary shall select measures under this paragraph that reflect national priorities for quality improvement and patient-centered care consistent with the measures described in 1890(b)(7)(B).

(c) EXPANSION OF MODELS (PHASE II).—Taking into account the evaluation under subsection (b)(4), the Secretary may, through rulemaking, expand (including implementation on a nationwide basis) the duration and the scope of a model that is being tested under subsection (b) or a demonstration project under section 1866C, to the extent determined appropriate by the Secretary, if—

(1) the Secretary determines that such expansion is expected to—

(A) reduce spending under applicable title without reducing the quality of care; or

(B) improve the quality of patient care without increasing spending;

(2) the Chief Actuary of the Centers for Medicare & Medicaid Services certifies that such expansion would reduce (or would not result in any increase in) net program spending under applicable titles; and

(3) the Secretary determines that such expansion would not deny or limit the coverage or provision of benefits under the applicable title for applicable individuals.

In determining which models or demonstration projects to expand under the preceding sentence, the Secretary shall focus on models and demonstration projects that improve the quality of patient care and reduce spending.

(d) IMPLEMENTATION.—

(1) WAIVER AUTHORITY.—The Secretary may waive such requirements of titles XI and XVIII and of sections 1902(a)(1), 1902(a)(13), 1903(m)(2)(A)(iii), and 1934 (other than subsections (b)(1)(A) and (c)(5) of such section) as may be necessary solely for purposes of carrying out this section with respect to testing models described in subsection (b).

(2) LIMITATIONS ON REVIEW.—There shall be no administrative or judicial review under section 1869, section 1878, or otherwise of—

(A) the selection of models for testing or expansion under this section;

(B) the selection of organizations, sites, or participants to test those models selected;

ADMINISTRATIVE AND JUDICIAL REVIEW OF CERTAIN ADMINISTRATIVE DETERMINATIONS

SEC. 1116. [42 U.S.C. 1316] (a)(1) Whenever a State plan is submitted to the Secretary by a State for approval under title I, X, XIV, XVI, or XIX, he shall, not later than 90 days after the date the plan is submitted to him, make a determination as to whether

it conforms to the requirements for approval under such title. The 90- day period provided herein may be extended by written agreement of the Secretary and the affected State.

(2) Any State dissatisfied with a determination of the Secretary under paragraph (1) with respect to any plan may, within 60 days after it has been notified of such determination, file a petition with the Secretary for reconsideration of the issue of whether such plan conforms to the requirements for approval under such title. Within 30 days after receipt of such a petition, the Secretary shall notify the State of the time and place at which a hearing will be held for the purpose of reconsidering such issue. Such hearing shall be held not less than 20 days nor more than 60 days after the date notice of such hearing is furnished to such State, unless the Secretary and such State agree in writing to holding the hearing at another time. The Secretary shall affirm, modify, or reverse his original determination within 60 days of the conclusion of the hearing.

(3) Any State which is dissatisfied with a final determination made by the Secretary on such a reconsideration or a final determination of the Secretary under section 4, 1004, 1404, 1604, or 1904 may, within 60 days after it has been notified of such determination, file with the United States court of appeals for the circuit in which such State is located a petition for review of such determination. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which he based his determination as provided in section 2112 of title 28, United States Code.

(4) The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall certify to the court the transcript and record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(5) The court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.

(b) For the purposes of subsection (a), any amendment of a State plan approved under title I, X, XIV, XVI, or XIX, may, at the option of the State, be treated as the submission of a new State plan.

(c) Action pursuant to an initial determination of the Secretary described in subsection (a) shall not be stayed pending reconsideration, but in the event that the Secretary subsequently determines that his initial determination was incorrect he shall certify restitution forthwith in a lump sum of any funds incorrectly withheld or otherwise denied.

(d) Whenever the Secretary determines that any item or class of items on account of which Federal financial participation is claimed under title I, X, XIV, XVI, or part A of title IV, shall be

disallowed for such participation, the State shall be entitled to and upon request shall receive a reconsideration of the disallowance.

(e)(1) Whenever the Secretary determines that any item or class of items on account of which Federal financial participation is claimed under title XIX shall be disallowed for such participation, the State shall be entitled to and upon request shall receive a reconsideration of the disallowance, provided that such request is made during the 60-day period that begins on the date the State receives notice of the disallowance.

(2)(A) A State may appeal a disallowance of a claim for federal financial participation under title XIX by the Secretary, or an unfavorable reconsideration of a disallowance, during the 60-day period that begins on the date the State receives notice of the disallowance or of the unfavorable reconsideration, in whole or in part, to the Departmental Appeals Board, established in the Department of Health and Human Services (in this paragraph referred to as the "Board"), by filing a notice of appeal with the Board.

(B) The Board shall consider a State's appeal of a disallowance of such a claim (or of an unfavorable reconsideration of a disallowance) on the basis of such documentation as the State may submit and as the Board may require to support the final decision of the Board. In deciding whether to uphold a disallowance of such a claim or any portion thereof, the Board shall be bound by all applicable laws and regulations and shall conduct a thorough review of the issues, taking into account all relevant evidence. The Board's decision of an appeal under subparagraph (A) shall be the final decision of the Secretary and shall be subject to reconsideration by the Board only upon motion of either party filed during the 60-day period that begins on the date of the Board's decision or to judicial review in accordance with subparagraph (C).

(C) A State may obtain judicial review of a decision of the Board by filing an action in any United States District Court located within the appealing State (or, if several States jointly appeal the disallowance of claims for Federal financial participation under section 1903, in any United States District Court that is located within any State that is a party to the appeal) or the United States District Court for the District of Columbia. Such an action may only be filed—

(i) if no motion for reconsideration was filed within the 60-day period specified in subparagraph (B), during such 60-day period; or

(ii) if such a motion was filed within such period, during the 60-day period that begins on the date of the Board's decision on such motion.

ALTERNATIVE FEDERAL PAYMENT WITH RESPECT TO PUBLIC
ASSISTANCE EXPENDITURES

SEC. 1118. [42 U.S.C. 1318] In the case of any State which has in effect a plan approved under title XIX for any calendar quarter, the total of the payments to which such State is entitled for such quarter, and for each succeeding quarter in the same fiscal year (which for purposes of this section means the 4 calendar quarters ending with September 30), under paragraphs (1) and (2) of sections 3(a), 1003(a), 1403(a), and 1603(a) shall, at the option of the State, be determined by application of the Federal medical assistance percentage (as defined in section 1905), instead of the percentages provided under each such section, to the expenditures under its State plans approved under titles I, X, XIV, and XVI, which would be included in determining the amounts of the Federal payments to which such State is entitled under such sections, but without regard to any maximum on the dollar amounts per recipient which may be counted under such sections. For purposes of the preceding sentence, the term "Federal medical assistance percentage" shall, in the case of Puerto Rico, the Virgin Islands, and Guam, mean 75 per centum.

BY RECIPIENT OF AID OR ASSISTANCE

SEC. 1119. [42 U.S.C. 1319] In the case of an expenditure for repairing the home owned by an individual who is receiving aid or assistance, other than medical assistance to the aged, under a State plan approved under title I, X, XIV, or XVI, if—

(1) the State agency or local agency administering the plan approved under such title has made a finding (prior to making such expenditure) that (A) such home is so defective that continued occupancy is unwarranted, (B) unless repairs are made to such home, rental quarters will be necessary for such individual, and (C) the cost of rental quarters to take care of the needs of such individual (including his spouse living with him in such home and any other individual whose needs were taken into account in determining the need of such individual) would exceed (over such time as the Secretary may specify) the cost of repairs needed to make such home habitable together

with other costs attributable to continued occupancy of such home, and

(2) no such expenditures were made for repairing such home pursuant to any prior finding under this section, the amount paid to any such State for any quarter under section 3(a), 1003(a), 1403(a), or 1603(a) shall be increased by 50 per centum of such expenditures, except that the excess above \$500 expended with respect to any one home shall not be included in determining such expenditures.

[42 U.S.C. 1320] No payment shall be made under this Act with respect to any experimental, pilot, demonstration, or other project all or any part of which is wholly financed with Federal funds made available under this Act (without any State, local, or other non-Federal financial participation) unless such project shall have been personally approved by the Secretary or Under Secretary of Health and Human Services.

UNIFORM REPORTING SYSTEMS FOR HEALTH SERVICES FACILITIES AND ORGANIZATIONS

SEC. 1121. [42 U.S.C. 1320a] (a) For the purposes of reporting the cost of services provided by, of planning, and of measuring and comparing the efficiency of and effective use of services in, hospitals, skilled nursing facilities, intermediate care facilities, home health agencies, health maintenance organizations, and other types of health services facilities and organizations to which payment may be made under this Act, the Secretary shall establish by regulation, for each such type of health services facility or organization, a uniform system for the reporting by a facility or organization of that type of the following information:

- (1) The aggregate cost of operation and the aggregate volume of services.
- (2) The costs and volume of services for various functional accounts and subaccounts.
- (3) Rates, by category of patient and class of purchaser.
- (4) Capital assets, as defined by the Secretary, including (as appropriate) capital funds, debt service, lease agreements used in lieu of capital funds, and the value of land, facilities, and equipment.
- (5) Discharge and bill data.

The uniform reporting system for a type of health services facility or organization shall provide for appropriate variation in the application of the system to different classes of facilities or organizations within that type and shall be established, to the extent practicable, consistent with the cooperative system for producing comparable and uniform health information and statistics described in section 306(e)(1) of the Public Health Service Act. In reporting under such a system, hospitals shall employ such chart of accounts, definitions, principles, and statistics as the Secretary may prescribe in order to reach a uniform reconciliation of financial and statistical data for specified uniform reports to be provided to the Secretary.

(b) The Secretary shall—

(1) monitor the operation of the systems established under subsection (a);

(2) assist with and support demonstrations and evaluations of the effectiveness and cost of the operation of such systems and encourage State adoption of such systems; and

(3) periodically revise such systems to improve their effectiveness and diminish their cost.

(c) The Secretary shall provide information obtained through use of the uniform reporting systems described in subsection (a) in a useful manner and format to appropriate agencies and organizations, including health systems agencies (designated under section 1515 of the Public Health Service Act) and State health planning and development agencies (designated under section 1521 of such Act), as may be necessary to carry out such agencies' and organizations' functions.

LIMITATION ON FEDERAL PARTICIPATION FOR CAPITAL EXPENDITURES

SEC. 1122. [42 U.S.C. 1320a-1] (a) The purpose of this section is to assure that Federal funds appropriated under titles XVIII and XIX are not used to support unnecessary capital expenditures made by or on behalf of health care facilities which are reimbursed under any of such titles and that, to the extent possible, reimbursement under such titles shall support planning activities with respect to health services and facilities in the various States.

(b) The Secretary, after consultation with the Governor (or other chief executive officer) and with appropriate local public officials, shall make an agreement with any State which is able and willing to do so under which a designated planning agency (which shall be an agency described in clause (ii) of subsection (d)(1)(B) that has a governing body or advisory board at least half of whose members represent consumer interests) will—

(1) make, and submit to the Secretary together with such supporting materials as he may find necessary, findings and recommendations with respect to capital expenditures proposed by or on behalf of any health care facility in such State within the field of its responsibilities,

(2) receive from other agencies described in clause (ii) of subsection (d)(1)(B), and submit to the Secretary together with such supporting material as he may find necessary, the findings and recommendations of such other agencies with respect to capital expenditures proposed by or on behalf of health care facilities in such State within the fields of their respective responsibilities, and

(3) establish and maintain procedures pursuant to which a person proposing any such capital expenditure may appeal a recommendation by the designated agency and will be granted an opportunity for a fair hearing by such agency or person other than the designated agency as the Governor (or other chief executive officer) may designate to hold such hearings, whenever and to the extent that the findings of such designated agency or any such other agency indicate that any such expenditure is not consistent with the standards, criteria, or plans developed pursuant to the Public Health Service Act to meet the need

for adequate health care facilities in the area covered by the plan or plans so developed.

(c) The Secretary shall pay any such State from the general fund in the Treasury, in advance or by way of reimbursement as may be provided in the agreement with it (and may make adjustments in such payments on account of overpayments or underpayments previously made), for the reasonable cost of performing the functions specified in subsection (b).

(d)(1) Except as provided in paragraph (2), if the Secretary determines that—

(A) neither the planning agency designated in the agreement described in subsection (b) nor an agency described in clause (ii) of subparagraph (B) of this paragraph had been given notice of any proposed capital expenditure (in accordance with such procedure or in such detail as may be required by such agency) at least 60 days prior to obligation for such expenditure; or

(B)(i) the planning agency so designated or an agency so described had received such timely notice of the intention to make such capital expenditure and had, within a reasonable period after receiving such notice and prior to obligation for such expenditure, notified the person proposing such expenditure that the expenditure would not be in conformity with the standards, criteria, or plans developed by such agency or any other agency described in clause (ii) for adequate health care facilities in such State or in the area for which such other agency has responsibility, and

(ii) the planning agency so designated had, prior to submitting to the Secretary the findings referred to in subsection (b)—

(I) consulted with, and taken into consideration the findings and recommendations of, the State planning agencies established pursuant to sections 314(a) and 604(a) of the Public Health Service Act (to the extent that either such agency is not the agency so designated) as well as the public or nonprofit private agency or organization responsible for the comprehensive regional, metropolitan area, or other local area plan or plans referred to in section 314(b) of the Public Health Service Act and covering the area in which the health care facility proposing such capital expenditure is located (where such agency is not the agency designated in the agreement), or, if there is no such agency, such other public or nonprofit private agency or organization (if any) as performs, as determined in accordance with criteria included in regulations, similar functions, and

(II) granted to the person proposing such capital expenditure an opportunity for a fair hearing with respect to such findings;

then, for such period as he finds necessary in any case to effectuate the purpose of this section, he shall, in determining the Federal payments to be made under titles XVIII and XIX with respect to services furnished in the health care facility for which such capital expenditure is made, not include any amount which is attributable to depreciation, interest on borrowed funds, a return on equity cap-

ital (in the case of proprietary facilities), or other expenses related to such capital expenditure. With respect to any organization which is reimbursed on a per capita or a fixed fee or negotiated rate basis, in determining the Federal payments to be made under titles XVIII and XIX, the Secretary shall exclude an amount which in his judgment is a reasonable equivalent to the amount which would otherwise be excluded under this subsection if payment were to be made on other than a per capita or a fixed fee or negotiated rate basis.

(2) If the Secretary, after submitting the matters involved to the advisory council established or designated under subsection (i), determines that an exclusion of expenses related to any capital expenditure of any health care facility would discourage the operation or expansion of such facility which has demonstrated to his satisfaction proof of capability to provide comprehensive health care services (including institutional services) efficiently, effectively, and economically, or would otherwise be inconsistent with the effective organization and delivery of health services or the effective administration of title XVIII or XIX, he shall not exclude such expenses pursuant to paragraph (1).

(e) Where a person obtains under lease or comparable arrangement any facility or part thereof, or equipment for a facility, which would have been subject to an exclusion under subsection (d) if the person had acquired it by purchase, the Secretary shall (1) in computing such person's rental expense in determining the Federal payments to be made under titles XVIII and XIX with respect to services furnished in such facility, deduct the amount which in his judgment is a reasonable equivalent of the amount that would have been excluded if the person had acquired such facility or such equipment by purchase, and (2) in computing such person's return on equity capital deduct any amount deposited under the terms of the lease or comparable arrangement.

(f) Any person dissatisfied with a determination by the Secretary under this section may within six months following notification of such determination request the Secretary to reconsider such determination. A determination by the Secretary under this section shall not be subject to administrative or judicial review.

(g) For the purposes of this section, a "capital expenditure" is an expenditure which, under generally accepted accounting principles, is not properly chargeable as an expense of operation and maintenance and which (1) exceeds \$600,000 (or such lesser amount as the State may establish), (2) changes the bed capacity of the facility with respect to which such expenditure is made, or (3) substantially changes the services of the facility with respect to which such expenditure is made. For purposes of clause (1) of the preceding sentence, the cost of the studies, surveys, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of the plant and equipment with respect to which such expenditure is made shall be included in determining whether such expenditure exceeds the dollar amount specified in clause (1).

(h) The provisions of this section shall not apply to a religious nonmedical health care institution (as defined in section 1861(ss)(1)).

(i)(1) The Secretary shall establish a national advisory council, or designate an appropriate existing national advisory council, to advise and assist him in the preparation of general regulations to carry out the purposes of this section and on policy matters arising in the administration of this section, including the coordination of activities under this section with those under other parts of this Act or under other Federal or federally assisted health programs.

(2) The Secretary shall make appropriate provision for consultation between and coordination of the work of the advisory council established or designated under paragraph (1) and the Federal Hospital Council, the National Advisory Health Council, the Health Insurance Benefits Advisory Council, and other appropriate national advisory councils with respect to matters bearing on the purposes and administration of this section and the coordination of activities under this section with related Federal health programs.

(3) If an advisory council is established by the Secretary under paragraph (1), it shall be composed of members who are not otherwise in the regular full-time employ of the United States, and who shall be appointed by the Secretary without regard to the civil service laws from among leaders in the fields of the fundamental sciences, the medical sciences, and the organization, delivery, and financing of health care, and persons who are State or local officials or are active in community affairs or public or civic affairs or who are representative of minority groups. Members of such advisory council, while attending meetings of the council or otherwise serving on business of the council, shall be entitled to receive compensation at rates fixed by the Secretary, but not exceeding the maximum rate specified at the time of such service for grade GS-18 in section 5332 of title 5, United States Code, including travel-time, and while away from their homes or regular places of business they may also be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of such title 5 for persons in the Government service employed intermittently.

(j) A capital expenditure made by or on behalf of a health care facility shall not be subject to review pursuant to this section if 75 percent of the patients who can reasonably be expected to use the service with respect to which the capital expenditure is made will be individuals enrolled in an eligible organization as defined in section 1876(b), and if the Secretary determines that such capital expenditure is for services and facilities which are needed by such organization in order to operate efficiently and economically and which are not otherwise readily accessible to such organization because—

(1) the facilities do not provide common services at the same site (as usually provided by the organization),

(2) the facilities are not available under a contract of reasonable duration,

(3) full and equal medical staff privileges in the facilities are not available,

(4) arrangements with such facilities are not administratively feasible, or

(5) the purchase of such services is more costly than if the organization provided the services directly.

SEC. 1123. [42 U.S.C. 1320a-2] EFFECT OF FAILURE TO CARRY OUT STATE PLAN.

In an action brought to enforce a provision of the Social Security Act, such provision is not to be deemed unenforceable because of its inclusion in a section of the Act requiring a State plan or specifying the required contents of a State plan. This section is not intended to limit or expand the grounds for determining the availability of private actions to enforce State plan requirements other than by overturning any such grounds applied in *Suter v. Artist M.*, 112 S. Ct. 1360 (1992), but not applied in prior Supreme Court decisions respecting such enforceability; provided, however, that this section is not intended to alter the holding in *Suter v. Artist M.*, that section 471(a)(15) of the Act is not enforceable in a private right of action.

- (2) implementing regulations promulgated by the Secretary, and
- (3) the relevant approved State plans.

(b) **ELEMENTS OF REVIEW SYSTEM.**—The regulations referred to in subsection (a) shall—

- (1) specify the timetable for conformity reviews of State programs, including—
 - (A) an initial review of each State program;
 - (B) a timely review of a State program following a review in which such program was found not to be in substantial conformity; and
 - (C) less frequent reviews of State programs which have been found to be in substantial conformity, but such regulations shall permit the Secretary to reinstate more frequent reviews based on information which indicates that a State program may not be in conformity;

(2) specify the requirements subject to review (which shall include determining whether the State program is in conformity with the requirement of section 471(a)(27)), and the criteria to be used to measure conformity with such requirements and to determine whether there is a substantial failure to so conform;

(3) specify the method to be used to determine the amount of any Federal matching funds to be withheld (subject to paragraph (4)) due to the State program's failure to so conform, which ensures that—

- (A) such funds will not be withheld with respect to a program, unless it is determined that the program fails substantially to so conform;

- (B) such funds will not be withheld for a failure to so conform resulting from the State's reliance upon and correct use of formal written statements of Federal law or policy provided to the State by the Secretary; and
- (C) the amount of such funds withheld is related to the extent of the failure to so conform; and
- (4) require the Secretary, with respect to any State program found to have failed substantially to so conform—
 - (A) to afford the State an opportunity to adopt and implement a corrective action plan, approved by the Secretary, designed to end the failure to so conform;
 - (B) to make technical assistance available to the State to the extent feasible to enable the State to develop and implement such a corrective action plan;
 - (C) to suspend the withholding of any Federal matching funds under this section while such a corrective action plan is in effect; and
 - (D) to rescind any such withholding if the failure to so conform is ended by successful completion of such a corrective action plan.
- (c) PROVISIONS FOR ADMINISTRATIVE AND JUDICIAL REVIEW.—The regulations referred to in subsection (a) shall—
 - (1) require the Secretary, not later than 10 days after a final determination that a program of the State is not in conformity, to notify the State of—
 - (A) the basis for the determination; and
 - (B) the amount of the Federal matching funds (if any) to be withheld from the State;
 - (2) afford the State an opportunity to appeal the determination to the Departmental Appeals Board within 60 days after receipt of the notice described in paragraph (1), (or, if later after failure to continue or to complete a corrective action plan); and
 - (3) afford the State an opportunity to obtain judicial review of an adverse decision of the Board, within 60 days after the State receives notice of the decision of the Board, by appeal to the district court of the United States for the judicial district in which the principal or headquarters office of the agency responsible for administering the program is located.

The Secretary may not initiate an action under this section with respect to any claim, request for payment, or other occurrence described in this section later than six years after the date the claim was presented, the request for payment was made, or the occurrence took place. The Secretary may initiate an action under this section by serving notice of the action in any manner authorized by Rule 4 of the Federal Rules of Civil Procedure.

(2) The Secretary shall not make a determination adverse to any person under subsection (a) or (b) until the person has been

given written notice and an opportunity for the determination to be made on the record after a hearing at which the person is entitled to be represented by counsel, to present witnesses, and to cross-examine witnesses against the person.

(3) In a proceeding under subsection (a) or (b) which—

(A) is against a person who has been convicted (whether upon a verdict after trial or upon a plea of guilty or nolo contendere) of a Federal crime charging fraud or false statements, and

(B) involves the same transaction as in the criminal action, the person is estopped from denying the essential elements of the criminal offense.

(4) The official conducting a hearing under this section may sanction a person, including any party or attorney, for failing to comply with an order or procedure, failing to defend an action, or other misconduct as would interfere with the speedy, orderly, or fair conduct of the hearing. Such sanction shall reasonably relate to the severity and nature of the failure or misconduct. Such sanction may include—

A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary, and thereupon the Secretary shall file in the Court the record in the proceeding as provided in section 2112 of title 28, United States Code. Upon such filing, the court shall have jurisdiction of the proceeding and of the question determined therein, and shall have the power to make and enter

upon the pleadings, testimony, and proceedings set forth in such record a decree affirming, modifying, remanding for further consideration, or setting aside, in whole or in part, the determination of the Secretary and enforcing the same to the extent that such order is affirmed or modified. No objection that has not been urged before the Secretary shall be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances. The findings of the Secretary with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive. If any party shall apply to the court for leave to adduce additional evidence and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the hearing before the Secretary, the court may order such additional evidence to be taken before the Secretary and to be made a part of the record. The Secretary may modify his findings as to the facts, or make new findings, by reason of additional evidence so taken and filed, and he shall file with the court such modified or new findings, which findings with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive, and his recommendations, if any, for the modification or setting aside of his original order. Upon the filing of the record with it, the jurisdiction of the court shall be exclusive and its judgment and decree shall be final, except that the same shall be subject to review by the Supreme Court of the United States, as provided in section 1254 of title 28, United States Code.

(f) Civil money penalties and assessments imposed under this section may be compromised by the Secretary and may be recovered in a civil action in the name of the United States brought in United States district court for the district where the claim or specified claim (as defined in subsection (r)) was presented, or where the claimant (or, with respect to a person described in subsection (o), the person) resides, as determined by the Secretary. Amounts recovered under this section shall be paid to the Secretary and disposed of as follows:

(1)(A) In the case of amounts recovered arising out of a claim under title XIX, there shall be paid to the State agency an amount bearing the same proportion to the total amount recovered as the State's share of the amount paid by the State agency for such claim bears to the total amount paid for such claim.

(B) In the case of amounts recovered arising out of a claim under an allotment to a State under title V, there shall be paid to the State agency an amount equal to three-sevenths of the amount recovered.

(2) Such portion of the amounts recovered as is determined to have been paid out of the trust funds under sections 1817 and 1841 shall be repaid to such trust funds.

(3) With respect to amounts recovered arising out of a claim under a Federal health care program (as defined in section 1128B(f)), the portion of such amounts as is determined to have been paid by the program shall be repaid to the program, and the portion of such amounts attributable to the amounts

recovered under this section by reason of the amendments made by the Health Insurance Portability and Accountability Act of 1996 (as estimated by the Secretary) shall be deposited into the Federal Hospital Insurance Trust Fund pursuant to section 1817(k)(2)(C).

(4) The remainder of the amounts recovered shall be deposited as miscellaneous receipts of the Treasury of the United States.

The amount of such penalty or assessment, when finally determined, or the amount agreed upon in compromise, may be deducted from any sum then or later owing by the United States or a State agency (or, in the case of a penalty or assessment under subsection (o), by a specified State agency (as defined in subsection (q)(6)), to the person against whom the penalty or assessment has been assessed.

(g) A determination by the Secretary to impose a penalty, assessment, or exclusion under subsection (a) or (b) shall be final upon the expiration of the sixty-day period referred to in subsection (e). Matters that were raised or that could have been raised in a hearing before the Secretary or in an appeal pursuant to subsection (e) may not be raised as a defense to a civil action by the United States to collect a penalty, assessment, or exclusion assessed under this section.

(h) Whenever the Secretary's determination to impose a penalty, assessment, or exclusion under subsection (a) or (b) becomes final, he shall notify the appropriate State or local medical or professional organization, the appropriate State agency or agencies administering or supervising the administration of State health care programs (as defined in section 1128(h)), and the appropriate utilization and quality control peer review organization, and the appropriate State or local licensing agency or organization (including the agency specified in section 1864(a) and 1902(a)(33)) that such a penalty, assessment, or exclusion has become final and the reasons therefor.

(B) DESIGN OF REGULATIONS.—Such regulations with respect to specific elements or formality of a program shall, in the case of an organization that operates 5 or more facilities, vary with the size of the organization, such

(E) The organization must have taken reasonable steps to achieve compliance with its standards, such as by utilizing monitoring and auditing systems reasonably de-

(F) The standards must have been consistently enforced through appropriate disciplinary mechanisms, including, as appropriate, discipline of individuals responsible for the failure to detect an offense.

If any party shall apply to the court for leave to adduce additional evidence and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the hearing before the Commissioner of Social Security, the court may order such additional evidence to be taken before the Commissioner of Social Security and to be made a part of the record. The Commissioner of Social Security may modify such findings as to the facts, or make new findings, by reason of additional evidence so taken and filed, and the Secretary shall file with the court such modified or new findings, which findings with respect to questions of fact, if supported by substantial evidence on the record considered as a whole shall be conclusive, and the Secretary's recommendations, if any, for the modification or setting aside of the Secretary's original order.

(f) A determination pursuant to subsection (a) by the Commissioner of Social Security to impose a penalty or assessment, or to recommend an exclusion shall be final upon the expiration of the 60-day period referred to in subsection (d). (A) IDENTIFY 1 OR MORE GOALS.—

(i) IN GENERAL.—The State shall demonstrate that the demonstration project is designed to accomplish 1 or more of the following goals:

(I) Increase permanency for all infants, children, and youth by reducing the time in foster placements when possible and promoting a successful transition to adulthood for older youth.

(II) Increase positive outcomes for infants, children, youth, and families in their homes and communities, including tribal communities, and improve the safety and well-being of infants, children, and youth.

(III) Prevent child abuse and neglect and the re-entry of infants, children, and youth into foster care.

(ii) LONG-TERM THERAPEUTIC FAMILY TREATMENT CENTERS; ADDRESSING DOMESTIC VIOLENCE.—With respect to a demonstration project that is designed to accomplish 1 or more of the goals described in clause (i), the State may elect to establish a program—

(I) to permit foster care maintenance payments to be made under part E of title IV to a long-term therapeutic family treatment center (as described in paragraph (8)(B)) on behalf of a child residing in the center; or

(II) to identify and address domestic violence that endangers children and results in the placement of children in foster care.

(B) DEMONSTRATE READINESS.—The State shall demonstrate through a narrative description the State’s capac-

ity to effectively use the authority to conduct a demonstration project under this section by identifying changes the State has made or plans to make in policies, procedures, or other elements of the State's child welfare program that will enable the State to successfully achieve the goal or goals of the project.

(C) DEMONSTRATE IMPLEMENTED OR PLANNED CHILD WELFARE PROGRAM IMPROVEMENT POLICIES.—

(i) IN GENERAL.—The State shall demonstrate that the State has implemented, or plans to implement within 3 years of the date on which the State submits its application to conduct the demonstration project or 2 years after the date on which the Secretary approves such demonstration project (whichever is later), at least 2 of the child welfare program improvement policies described in paragraph (7).

(ii) PREVIOUS IMPLEMENTATION.—For purposes of the requirement described in clause (i), at least 1 of the child welfare program improvement policies to be implemented by the State shall be a policy that the State has not previously implemented as of the date on which the State submits an application to conduct the demonstration project.

(iii) IMPLEMENTATION REVIEW.—The Secretary may terminate the authority of a State to conduct a demonstration project under this section if, after the 3-year period following approval of the demonstration project, the State has not made significant progress in implementing the child welfare program improvement policies proposed by the State under clause (i).

(4) LIMITATION ON ELIGIBILITY.—The Secretary may not authorize a State to conduct a demonstration project under this section if the State fails to provide health insurance coverage to any child with special needs (as determined under section 473(c)) for whom there is in effect an adoption assistance agreement between a State and an adoptive parent or parents.

(5) REQUIREMENT TO CONSIDER EFFECT OF PROJECT ON TERMS AND CONDITIONS OF CERTAIN COURT ORDERS.—In considering an application to conduct a demonstration project under this section that has been submitted by a State in which there is in effect a court order determining that the State's child welfare program has failed to comply with the provisions of part B or E of title IV, or with the Constitution of the United States, the Secretary shall take into consideration the effect of approving the proposed project on the terms and conditions of the court order related to the failure to comply and the ability of the State to implement a corrective action plan approved under section 1123A.

(6) INAPPLICABILITY OF RANDOM ASSIGNMENT FOR CONTROL GROUPS AS A FACTOR FOR APPROVAL OF DEMONSTRATION PROJECTS.—For purposes of evaluating an application to conduct a demonstration project under this section, the Secretary shall not take into consideration whether such project requires

random assignment of children and families to groups served under the project and to control groups.

(7) CHILD WELFARE PROGRAM IMPROVEMENT POLICIES.—For purposes of paragraph (3)(C), the child welfare program improvement policies described in this paragraph are the following:

(A) The establishment of a bill of rights for infants, children, and youth in foster care that is widely shared and clearly outlines protections for infants, children, and youth, such as assuring frequent visits with parents, siblings, and caseworkers, access to attorneys, and participation in age-appropriate extracurricular activities, and procedures for ensuring the protections are provided.

(B) The development and implementation of a plan for meeting the health and mental health needs of infants, children, and youth in foster care that includes ensuring that the provision of health and mental health care is child-specific, comprehensive, appropriate, and consistent (through means such as ensuring the infant, child, or youth has a medical home, regular wellness medical visits, and addressing the issue of trauma, when appropriate).

(C) The inclusion in the State plan under section 471 of an amendment implementing the option under subsection (a)(28) of that section to enter into kinship guardianship assistance agreements.

(D) The election under the State plan under section 471 to define a “child” for purposes of the provision of foster care maintenance payments, adoption assistance payments, and kinship guardianship assistance payments, so as to include individuals described in each of subclauses (I), (II), and (III) of section 475(8)(B)(i) who have not attained age 21.

(E) The development and implementation of a plan that ensures congregate care is used appropriately and reduces the placement of children and youth in such care.

(G) The development and implementation of a plan to improve the recruitment and retention of high quality foster family homes trained to help assist infants, children, and youth swiftly secure permanent families. Supports for foster families under such a plan may include increasing maintenance payments to more adequately meet the needs of infants, children, and youth in foster care and expanding training, respite care, and other support services for foster parents.

(H) The establishment of procedures designed to assist youth as they prepare for their transition out of foster care, such as arranging for participation in age-appropriate extra-curricular activities, providing appropriate access to cell phones, computers, and opportunities to obtain

a driver's license, providing notification of all sibling placements if siblings are in care and sibling location if siblings are out of care, and providing counseling and financial support for post-secondary education.

(I) The inclusion in the State plan under section 471 of a description of State procedures for—

(i) ensuring that youth in foster care who have attained age 16 are engaged in discussions, including during the development of the transition plans required under paragraphs (1)(D) and (5)(H) of section 475, that explore whether the youth wishes to reconnect with the youth's biological family, including parents, grandparents, and siblings, and, if so, what skills and strategies the youth will need to successfully and safely reconnect with those family members;

(ii) providing appropriate guidance and services to youth whom affirm an intent to reconnect with biological family members on how to successfully and safely manage such reconnections; and

(iii) making, when appropriate, efforts to include biological family members in such reconnection efforts.

(J) The establishment of one or more of the following programs designed to prevent infants, children, and youth from entering foster care or to provide permanency for infants, children, and youth in foster care:

(i) An intensive family finding program.

(ii) A kinship navigator program.

(iii) A family counseling program, such as a family group decision-making program, and which may include in-home peer support for families.

(vi) A mentoring program.

(8) DEFINITIONS.—In this subsection—

(A) the term “youth” means, with respect to a State, an individual who has attained age 12 but has not attained the age at which an individual is no longer considered to be a child under the State plans under parts B and E of title IV, and

(b) **WAIVER AUTHORITY.**—The Secretary may waive compliance with any requirement of part B or E of title IV which (if applied) would prevent a State from carrying out a demonstration project under this section or prevent the State from effectively achieving the purpose of such a project, except that the Secretary may not waive—

(1) any provision of section 422(b)(8), or section 479; or

(2) any provision of such part E, to the extent that the waiver would impair the entitlement of any qualified child or family to benefits under a State plan approved under such part E.

(c) **TREATMENT AS PROGRAM EXPENDITURES.**—For purposes of parts B and E of title IV, the Secretary shall consider the expenditures of any State to conduct a demonstration project under this section to be expenditures under subpart 1 or 2 of such part B, or under such part E, as the State may elect.

(d) **DURATION OF DEMONSTRATION.**—

(1) **IN GENERAL.**—Subject to paragraph (2), a demonstration project under this section may be conducted for not more than 5 years, unless in the judgment of the Secretary, the demonstration project should be allowed to continue.

(8) such additional information as the Secretary may require.

(f) EVALUATIONS.—Each State authorized to conduct a demonstration project under this section shall obtain an evaluation by an independent contractor of the effectiveness of the project, using an evaluation design approved by the Secretary which provides for—

(1) STATE REPORTS; PUBLIC AVAILABILITY.—Each State authorized to conduct a demonstration project under this section shall—

(h) COST NEUTRALITY.—The Secretary may not authorize a State to conduct a demonstration project under this section unless the Secretary determines that the total amount of Federal funds that will be expended under (or by reason of) the project over its approved term (or such portion thereof or other period as the Secretary may find appropriate) will not exceed the amount of such funds that would be expended by the State under the State plans approved under parts B and E of title IV if the project were not conducted.

(i) INDIAN TRIBES OPERATING IV-E PROGRAMS CONSIDERED STATES.—An Indian tribe, tribal organization, or tribal consortium that has elected to operate a program under part E of title IV in

SEC. 1130A. [42 U.S.C. 1320a–10] In an action brought to enforce a provision of the Social Security Act, such provision is not to be deemed unenforceable because of its inclusion in a section of the Act requiring a State plan or specifying the required contents of a State plan. This section is not intended to limit or expand the grounds for determining the availability of private actions to enforce State plan requirements other than by overturning any such grounds applied in *Suter v. Artist M.*, 112 S. Ct. 1360 (1992), but not applied in prior Supreme Court decisions respecting such enforceability: *Provided, however*, That this section is not intended to alter the holding in *Suter v. Artist M.* that section 471(a)(15) of the Act is not enforceable in a private right of action.

(b) The Secretary shall waive the requirement imposed under subsection (a) with respect to the filing of any claim if he determines (in accordance with regulations) that there was good cause for the failure by the State to file such claim within the period prescribed under subsection (a). Any such waiver shall be only for such additional period of time as may be necessary to provide the State with a reasonable opportunity to file such claim. A failure to file a claim within such time period which is attributable to neglect or administrative inadequacies shall be deemed not to be for good cause.

extent feasible, in any emergency area and during an emergency period (as defined in subsection (g)(1))—

(1) that sufficient health care items and services are available to meet the needs of individuals in such area enrolled in the programs under titles XVIII, XIX, and XXI; and

(2) that health care providers (as defined in subsection (g)(2)) that furnish such items and services in good faith, but that are unable to comply with one or more requirements described in subsection (b), may be reimbursed for such items and services and exempted from sanctions for such noncompliance, absent any determination of fraud or abuse.

(b) SECRETARIAL AUTHORITY.—To the extent necessary to accomplish the purpose specified in subsection (a), the Secretary is authorized, subject to the provisions of this section, to temporarily waive or modify the application of, with respect to health care items and services furnished by a health care provider (or classes of health care providers) in any emergency area (or portion of such an area) during any portion of an emergency period, the requirements of titles XVIII, XIX, or XXI, or any regulation thereunder (and the requirements of this title other than this section, and regulations thereunder, insofar as they relate to such titles), pertaining to—

(A) a transfer of an individual who has not been stabilized in violation of subsection (c) of such section if the transfer is necessitated by the circumstances of the declared emergency in the emergency area during the emergency period; or

(B) the direction or relocation of an individual to receive medical screening in an alternative location—

(i) pursuant to an appropriate State emergency preparedness plan; or

(ii) in the case of a public health emergency described in subsection (g)(1)(B) that involves a pandemic infectious disease, pursuant to a State pandemic preparedness plan or a plan referred to in clause (i), whichever is applicable in the State;

(4) sanctions under section 1877(g) (relating to limitations on physician referral);

(5) deadlines and timetables for performance of required activities, except that such deadlines and timetables may only be modified, not waived;

(6) limitations on payments under section 1851(i) for health care items and services furnished to individuals enrolled in a Medicare+Choice plan by health care professionals or facilities not included under such plan;

(7) sanctions and penalties that arise from noncompliance with the following requirements (as promulgated under the authority of section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note)—

(A) section 164.510 of title 45, Code of Federal Regulations, relating to—

(i) requirements to obtain a patient's agreement to speak with family members or friends; and

(ii) the requirement to honor a request to opt out of the facility directory;

(B) section 164.520 of such title, relating to the requirement to distribute a notice; or

(C) section 164.522 of such title, relating to—

(i) the patient's right to request privacy restrictions; and

(ii) the patient's right to request confidential communications;

(8) in the case of a telehealth service (as defined in paragraph (4)(F) of section 1834(m)) furnished in any emergency area (or portion of such an area) during any portion of any emergency period, the requirements of section 1834(m); and

(9) any requirement under section 1861(s)(7) or section 1834(l) that an ambulance service include the transport of an individual to the extent necessary to allow payment for ground ambulance services furnished in response to a 911 call (or the equivalent in areas without a 911 call system) in cases in which an individual would have been transported to a destination permitted under Medicare regulations (as described in section 410.40 to title 42, Code of Federal Regulations (or successor regulations)) but such transport did not occur as a result of community-wide emergency medical service (EMS) protocols due to the public health emergency described in subsection (g)(1)(B).

Insofar as the Secretary exercises authority under paragraph (6) with respect to individuals enrolled in a Medicare+Choice plan, to the extent possible given the circumstances, the Secretary shall reconcile payments made on behalf of such enrollees to ensure that the enrollees do not pay more than would be required had they received services from providers within the network of the plan and may reconcile payments to the organization offering the plan to ensure that such organization pays for services for which payment is included in the capitation payment it receives under part C of title XVIII. A waiver or modification provided for under paragraph (3) or (7) shall only be in effect if such actions are taken in a manner that does not discriminate among individuals on the basis of their source of payment or of their ability to pay, and, except in the case of a waiver or modification to which the fifth sentence of this sub-

section applies, shall be limited to a 72-hour period beginning upon implementation of a hospital disaster protocol. A waiver or modification under such paragraph (7) shall be withdrawn after such period and the provider shall comply with the requirements under such paragraph for any patient still under the care of the provider. If a public health emergency described in subsection (g)(1)(B) involves a pandemic infectious disease (such as pandemic influenza), the duration of a waiver or modification under paragraph (3) shall be determined in accordance with subsection (e) as such subsection applies to public health emergencies. Ground ambulance services for which payment is made pursuant to paragraph (9) shall be paid at the base rate that would have been paid under the fee schedule established under 1834(l) (excluding any mileage payment) if the individual had been so transported and, with respect to ambulance services furnished by a critical access hospital or an entity described in paragraph (8) of such section, at the amount that otherwise would be paid under such paragraph.

(c) **AUTHORITY FOR RETROACTIVE WAIVER.**—A waiver or modification of requirements pursuant to this section may, at the Secretary's discretion, be made retroactive to the beginning of the emergency period or any subsequent date in such period specified by the Secretary.

(d) **CERTIFICATION TO CONGRESS.**—The Secretary shall provide a certification and advance written notice to the Congress at least two days before exercising the authority under this section with respect to an emergency area. Such a certification and notice shall include—

(1) a description of—

(A) the specific provisions that will be waived or modified;

(B) the health care providers to whom the waiver or modification will apply;

(3) TICKET TERMS.—A ticket issued under paragraph (1) shall consist of a document which evidences the Commissioner's agreement to pay (as provided in paragraph (4)) an employment network, which is serving under the Program and to which such ticket is assigned by the beneficiary, for such employment services, vocational rehabilitation services, and

other support services as the employment network may provide to the beneficiary.

(4) PAYMENTS TO EMPLOYMENT NETWORKS.—The Commissioner shall pay an employment network under the Program in accordance with the outcome payment system under subsection (h)(2) or under the outcome-milestone payment system under subsection (h)(3) (whichever is elected pursuant to subsection (h)(1)). An employment network may not request or receive compensation for such services from the beneficiary.

(c) STATE PARTICIPATION.—

(1) IN GENERAL.—Each State agency administering or supervising the administration of the State plan approved under title I of the Rehabilitation Act of 1973 (29 U.S.C. 720 et seq.) may elect to participate in the Program as an employment network with respect to a disabled beneficiary. If the State agency does elect to participate in the Program, the State agency also shall elect to be paid under the outcome payment system or the outcome-milestone payment system in accordance with subsection (h)(1). With respect to a disabled beneficiary that the State agency does not elect to have participate in the Program, the State agency shall be paid for services provided to that beneficiary under the system for payment applicable under section 222(d) and subsections (d) and (e) of section 1615. The Commissioner shall provide for periodic opportunities for exercising such elections.

(3) AGREEMENTS BETWEEN STATE AGENCIES AND EMPLOYMENT NETWORKS.—State agencies and employment networks shall enter into agreements regarding the conditions under which services will be provided when an individual is referred by an employment network to a State agency for services. The Commissioner shall establish by regulations the timeframe within which such agreements must be entered into and the mechanisms for dispute resolution between State agencies and employment networks with respect to such agreements.

(d) RESPONSIBILITIES OF THE COMMISSIONER.—

(1) SELECTION AND QUALIFICATIONS OF PROGRAM MANAGERS.—The Commissioner shall enter into agreements with 1 or more organizations in the private or public sector for service as a program manager to assist the Commissioner in admin-

istering the Program. Any such program manager shall be selected by means of a competitive bidding process, from among organizations in the private or public sector with available expertise and experience in the field of vocational rehabilitation or employment services.

(2) **TENURE, RENEWAL, AND EARLY TERMINATION.**—Each agreement entered into under paragraph (1) shall provide for early termination upon failure to meet performance standards which shall be specified in the agreement and which shall be weighted to take into account any performance in prior terms. Such performance standards shall include—

(A) measures for ease of access by beneficiaries to services; and

(B) measures for determining the extent to which failures in obtaining services for beneficiaries fall within acceptable parameters, as determined by the Commissioner.

(3) **PRECLUSION FROM DIRECT PARTICIPATION IN DELIVERY OF SERVICES IN OWN SERVICE AREA.**—Agreements under paragraph (1) shall preclude—

(A) direct participation by a program manager in the delivery of employment services, vocational rehabilitation services, or other support services to beneficiaries in the service area covered by the program manager's agreement; and

(B) the holding by a program manager of a financial interest in an employment network or service provider which provides services in a geographic area covered under the program manager's agreement.

(4) **SELECTION OF EMPLOYMENT NETWORKS.**—

(A) **IN GENERAL.**—The Commissioner shall select and enter into agreements with employment networks for service under the Program. Such employment networks shall be in addition to State agencies serving as employment networks pursuant to elections under subsection (c).

(B) **ALTERNATE PARTICIPANTS.**—In any State where the Program is being implemented, the Commissioner shall enter into an agreement with any alternate participant that is operating under the authority of section 222(d)(2) in the State as of the date of the enactment of this section and chooses to serve as an employment network under the Program.

(5) **TERMINATION OF AGREEMENTS WITH EMPLOYMENT NETWORKS.**—The Commissioner shall terminate agreements with employment networks for inadequate performance, as determined by the Commissioner.

(6) **QUALITY ASSURANCE.**—The Commissioner shall provide for such periodic reviews as are necessary to provide for effective quality assurance in the provision of services by employment networks. The Commissioner shall solicit and consider the views of consumers and the program manager under which the employment networks serve and shall consult with providers of services to develop performance measurements. The Commissioner shall ensure that the results of the periodic reviews are made available to beneficiaries who are prospective

service recipients as they select employment networks. The Commissioner shall ensure that the periodic surveys of beneficiaries receiving services under the Program are designed to measure customer service satisfaction.

(7) DISPUTE RESOLUTION.—The Commissioner shall provide for a mechanism for resolving disputes between beneficiaries and employment networks, between program managers and employment networks, and between program managers and providers of services. The Commissioner shall afford a party to such a dispute a reasonable opportunity for a full and fair review of the matter in dispute.

(e) PROGRAM MANAGERS.—

(1) IN GENERAL.—A program manager shall conduct tasks appropriate to assist the Commissioner in carrying out the Commissioner's duties in administering the Program.

(2) RECRUITMENT OF EMPLOYMENT NETWORKS.—A program manager shall recruit, and recommend for selection by the Commissioner, employment networks for service under the Program. The program manager shall carry out such recruitment and provide such recommendations, and shall monitor all employment networks serving in the Program in the geographic area covered under the program manager's agreement, to the extent necessary and appropriate to ensure that adequate choices of services are made available to beneficiaries. Employment networks may serve under the Program only pursuant to an agreement entered into with the Commissioner under the Program incorporating the applicable provisions of this section and regulations thereunder, and the program manager shall provide and maintain assurances to the Commissioner that payment by the Commissioner to employment networks pursuant to this section is warranted based on compliance by such employment networks with the terms of such agreement and this section. The program manager shall not impose numerical limits on the number of employment networks to be recommended pursuant to this paragraph.

(3) FACILITATION OF ACCESS BY BENEFICIARIES TO EMPLOYMENT NETWORKS.—A program manager shall facilitate access by beneficiaries to employment networks. The program manager shall ensure that each beneficiary is allowed changes in employment networks without being deemed to have rejected services under the Program. When such a change occurs, the program manager shall reassign the ticket based on the choice of the beneficiary. Upon the request of the employment network, the program manager shall make a determination of the allocation of the outcome or milestone-outcome payments based on the services provided by each employment network. The program manager shall establish and maintain lists of employment networks available to beneficiaries and shall make such lists generally available to the public. The program manager shall ensure that all information provided to disabled beneficiaries pursuant to this paragraph is provided in accessible formats.

(4) ENSURING AVAILABILITY OF ADEQUATE SERVICES.—The program manager shall ensure that employment services, voca-

Services provided under the Program may include case management, work incentives planning, supported employment, career planning, career plan development, vocational assessment, job training, placement, follow-up services, and such other services as may be specified by the Commissioner under the Program. The program manager shall ensure that such services are available in each service area.

(f) EMPLOYMENT NETWORKS.—

(1) QUALIFICATIONS FOR EMPLOYMENT NETWORKS.—

(A) IN GENERAL.—Each employment network serving under the Program shall consist of an agency or instrumentality of a State (or a political subdivision thereof) or a private entity, that assumes responsibility for the coordination and delivery of services under the Program to individuals assigning to the employment network tickets to work and self-sufficiency issued under subsection (b).

(B) ONE-STOP DELIVERY SYSTEMS.—An employment network serving under the Program may consist of a one-stop delivery system established under section 121(e) of the Workforce Innovation and Opportunity Act.

(C) COMPLIANCE WITH SELECTION CRITERIA.—No employment network may serve under the Program unless it meets and maintains compliance with both general selection criteria (such as professional and educational qualifications, where applicable) and specific selection criteria (such as substantial expertise and experience in providing relevant employment services and supports).

(D) SINGLE OR ASSOCIATED PROVIDERS ALLOWED.—An employment network shall consist of either a single provider of such services or of an association of such providers organized so as to combine their resources into a single entity. An employment network may meet the requirements of subsection (e)(4) by providing services directly, or by entering into agreements with other individuals or entities providing appropriate employment services, vocational rehabilitation services, or other support services.

(2) REQUIREMENTS RELATING TO PROVISION OF SERVICES.—Each employment network serving under the Program shall be required under the terms of its agreement with the Commissioner to—

(A) serve prescribed service areas; and

(B) take such measures as are necessary to ensure that employment services, vocational rehabilitation services, and other support services provided under the Pro-

gram by, or under agreements entered into with, the employment network are provided under appropriate individual work plans that meet the requirements of subsection (g).

(3) ANNUAL FINANCIAL REPORTING.—Each employment network shall meet financial reporting requirements as prescribed by the Commissioner.

(4) PERIODIC OUTCOMES REPORTING.—Each employment network shall prepare periodic reports, on at least an annual basis, itemizing for the covered period specific outcomes achieved with respect to specific services provided by the employment network. Such reports shall conform to a national model prescribed under this section. Each employment network shall provide a copy of the latest report issued by the employment network pursuant to this paragraph to each beneficiary upon enrollment under the Program for services to be received through such employment network. Upon issuance of each report to each beneficiary, a copy of the report shall be maintained in the files of the employment network. The program manager shall ensure that copies of all such reports issued under this paragraph are made available to the public under reasonable terms.

(g) INDIVIDUAL WORK PLANS.—

(1) REQUIREMENTS.—Each employment network shall—

(A) take such measures as are necessary to ensure that employment services, vocational rehabilitation services, and other support services provided under the Program by, or under agreements entered into with, the employment network are provided under appropriate individual work plans that meet the requirements of subparagraph (C);

(B) develop and implement each such individual work plan, in partnership with each beneficiary receiving such services, in a manner that affords such beneficiary the opportunity to exercise informed choice in selecting an employment goal and specific services needed to achieve that employment goal;

(C) ensure that each individual work plan includes at least—

(i) a statement of the vocational goal developed with the beneficiary, including, as appropriate, goals for earnings and job advancement;

(ii) a statement of the services and supports that have been deemed necessary for the beneficiary to accomplish that goal;

(iii) a statement of any terms and conditions related to the provision of such services and supports; and

(iv) a statement of understanding regarding the beneficiary's rights under the Program (such as the right to retrieve the ticket to work and self-sufficiency if the beneficiary is dissatisfied with the services being provided by the employment network) and remedies available to the individual, including information on

the availability of advocacy services and assistance in resolving disputes through the State grant program authorized under section 1150;

(D) provide a beneficiary the opportunity to amend the individual work plan if a change in circumstances necessitates a change in the plan; and

(E) make each beneficiary's individual work plan available to the beneficiary in, as appropriate, an accessible format chosen by the beneficiary.

An individual work plan established pursuant to this subsection shall be treated, for purposes of section 51(d)(6)(B)(i) of the Internal Revenue Code of 1986, as an individualized written plan for employment under a State plan for vocational rehabilitation services approved under the Rehabilitation Act of 1973.

(2) EFFECTIVE UPON WRITTEN APPROVAL.—A beneficiary's individual work plan shall take effect upon written approval by the beneficiary or a representative of the beneficiary and a representative of the employment network that, in providing such written approval, acknowledges assignment of the beneficiary's ticket to work and self-sufficiency.

(h) EMPLOYMENT NETWORK PAYMENT SYSTEMS.—

(1) ELECTION OF PAYMENT SYSTEM BY EMPLOYMENT NETWORKS.—

(A) IN GENERAL.—The Program shall provide for payment authorized by the Commissioner to employment networks under either an outcome payment system or an outcome-milestone payment system. Each employment network shall elect which payment system will be utilized by the employment network, and, for such period of time as such election remains in effect, the payment system so elected shall be utilized exclusively in connection with such employment network (except as provided in subparagraph (B)).

(B) NO CHANGE IN METHOD OF PAYMENT FOR BENEFICIARIES WITH TICKETS ALREADY ASSIGNED TO THE EMPLOYMENT NETWORKS.—Any election of a payment system by an employment network that would result in a change in the method of payment to the employment network for services provided to a beneficiary who is receiving services from the employment network at the time of the election shall not be effective with respect to payment for services provided to that beneficiary and the method of payment previously selected shall continue to apply with respect to such services.

(2) OUTCOME PAYMENT SYSTEM.—

(A) IN GENERAL.—The outcome payment system shall consist of a payment structure governing employment networks electing such system under paragraph (1)(A) which meets the requirements of this paragraph.

(B) PAYMENTS MADE DURING OUTCOME PAYMENT PERIOD.—The outcome payment system shall provide for a schedule of payments to an employment network, in connection with each individual who is a beneficiary, for each

month, during the individual's outcome payment period, for which benefits (described in paragraphs (3) and (4) of subsection (k)) are not payable to such individual because of work or earnings.

(C) COMPUTATION OF PAYMENTS TO EMPLOYMENT NETWORK.—The payment schedule of the outcome payment system shall be designed so that—

(i) the payment for each month during the outcome payment period for which benefits (described in paragraphs (3) and (4) of subsection (k)) are not payable is equal to a fixed percentage of the payment calculation base for the calendar year in which such month occurs; and

(ii) such fixed percentage is set at a percentage which does not exceed 40 percent.

(3) OUTCOME-MILESTONE PAYMENT SYSTEM.—

(A) IN GENERAL.—The outcome-milestone payment system shall consist of a payment structure governing employment networks electing such system under paragraph (1)(A) which meets the requirements of this paragraph.

(B) EARLY PAYMENTS UPON ATTAINMENT OF MILESTONES IN ADVANCE OF OUTCOME PAYMENT PERIODS.—The outcome-milestone payment system shall provide for 1 or more milestones, with respect to beneficiaries receiving services from an employment network under the Program, that are directed toward the goal of permanent employment. Such milestones shall form a part of a payment structure that provides, in addition to payments made during outcome payment periods, payments made prior to outcome payment periods in amounts based on the attainment of such milestones.

(C) LIMITATION ON TOTAL PAYMENTS TO EMPLOYMENT NETWORK.—The payment schedule of the outcome milestone payment system shall be designed so that the total of the payments to the employment network with respect to each beneficiary is less than, on a net present value basis (using an interest rate determined by the Commissioner that appropriately reflects the cost of funds faced by providers), the total amount to which payments to the employment network with respect to the beneficiary would be limited if the employment network were paid under the outcome payment system.

(4) DEFINITIONS.—In this subsection:

(A) PAYMENT CALCULATION BASE.—The term “payment calculation base” means, for any calendar year—

(i) in connection with a title II disability beneficiary, the average disability insurance benefit payable under section 223 for all beneficiaries for months during the preceding calendar year; and

(B) OUTCOME PAYMENT PERIOD.—The term “outcome payment period” means, in connection with any individual who had assigned a ticket to work and self-sufficiency to an employment network under the Program, a period—

(ii) ending with the 60th month (consecutive or otherwise), ending after such date, for which such benefits are not payable to such individual by reason of engagement in substantial gainful activity or by reason of earnings from work activity.

(5) PERIODIC REVIEW AND ALTERATIONS OF PRESCRIBED SCHEDULES.—

(A) PERCENTAGES AND PERIODS.—The Commissioner shall periodically review the percentage specified in paragraph (2)(C), the total payments permissible under paragraph (3)(C), and the period of time specified in paragraph (4)(B) to determine whether such percentages, such permissible payments, and such period provide an adequate incentive for employment networks to assist beneficiaries to enter the workforce, while providing for appropriate economies. The Commissioner may alter such percentage, such total permissible payments, or such period of time to the extent that the Commissioner determines, on the basis of the Commissioner’s review under this paragraph, that such an alteration would better provide the incentive and economies described in the preceding sentence.

(B) NUMBER AND AMOUNTS OF MILESTONE PAYMENTS.—The Commissioner shall periodically review the number and amounts of milestone payments established by the Commissioner pursuant to this section to determine whether they provide an adequate incentive for employment networks to assist beneficiaries to enter the workforce, taking into account information provided to the Commissioner by program managers, the Ticket to Work and Work Incentives Advisory Panel established by section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999, and other reliable sources. The Commissioner may from time to time alter the number and amounts of milestone payments initially established by the Commissioner pursuant to this section to the extent that the Commissioner determines that such an alteration would allow an adequate incentive for employment networks to assist beneficiaries to enter the workforce. Such alteration shall be based on information provided to the Commissioner by program managers, the Ticket to Work

and Work Incentives Advisory Panel established by section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999, or other reliable sources.

(C) REPORT ON THE ADEQUACY OF INCENTIVES.—The Commissioner shall submit to the Congress not later than 36 months after the date of the enactment of the Ticket to Work and Work Incentives Improvement Act of 1999 a report with recommendations for a method or methods to adjust payment rates under subparagraphs (A) and (B), that would ensure adequate incentives for the provision of services by employment networks of—

- (i) individuals with a need for ongoing support and services;
- (ii) individuals with a need for high-cost accommodations;
- (iii) individuals who earn a subminimum wage; and
- (iv) individuals who work and receive partial cash benefits.

The Commissioner shall consult with the Ticket to Work and Work Incentives Advisory Panel established under section 101(f) of the Ticket to Work and Work Incentives Improvement Act of 1999 during the development and evaluation of the study. The Commissioner shall implement the necessary adjusted payment rates prior to full implementation of the Ticket to Work and Self-Sufficiency Program.

(i) SUSPENSION OF DISABILITY REVIEWS.—During any period for which an individual is using, as defined by the Commissioner, a ticket to work and self-sufficiency issued under this section, the Commissioner (and any applicable State agency) may not initiate a continuing disability review or other review under section 221 of whether the individual is or is not under a disability or a review under title XVI similar to any such review under section 221.

PART B—PEER REVIEW OF THE UTILIZATION AND QUALITY OF HEALTH CARE SERVICES

PURPOSE

SEC. 1151. [42 U.S.C. 1320c] The purpose of this part is to establish the contracting process which the Secretary must follow pursuant to the requirements of section 1862(g) of this Act, including the definition of the quality improvement organizations with which the Secretary shall contract, the functions such quality improvement organizations are to perform, the confidentiality of medical records, and related administrative matters to facilitate the carrying out of the purposes of this part.

DEFINITION OF QUALITY IMPROVEMENT ORGANIZATION

SEC. 1152. [42 U.S.C. 1320c-1] The term “quality improvement organization” means an entity which—

(1) is able, as determined by the Secretary, to perform its functions under this part in a manner consistent with the efficient and effective administration of this part and title XVIII;

(2) has at least one individual who is a representative of health care providers on its governing body; and

(3) has at least one individual who is a representative of consumers on its governing body.

CONTRACTS WITH QUALITY IMPROVEMENT ORGANIZATIONS

SEC. 1153. [42 U.S.C. 1320c-2] (a) The Secretary shall establish throughout the United States such local, State, regional, national, or other geographic areas as the Secretary determines appropriate with respect to which contracts under this part will be made.

(b)(1) The Secretary shall enter into contracts with one or more quality improvement organizations for each area established under subsection (a) if a qualified organization is available in such area and such organization and the Secretary have negotiated a pro-

posed contract which the Secretary determines will be carried out by such organization in a manner consistent with the efficient and effective administration of this part. In entering into contracts with such qualified organizations, the Secretary shall, to the extent appropriate, seek to ensure that each of the functions described in section 1154(a) are carried out within an area established under subsection (a). If more than one such qualified organization will be operating in an area, the Secretary shall ensure that there is no duplication of the functions carried out by such organizations within the area.

(2)(A) Prior to November 15, 1984, the Secretary shall not enter into a contract under this part with any entity which is, or is affiliated with (through management, ownership, or common control), an entity (other than a self-insured employer) which directly or indirectly makes payments to any practitioner or provider whose health care services are reviewed by such entity or would be reviewed by such entity if it entered into a contract with the Secretary under this part. For purposes of this paragraph, an entity shall not be considered to be affiliated with another entity which makes payments (directly or indirectly) to any practitioner or provider, by reason of management, ownership, or common control, if the management, ownership, or common control consists only of members of the governing board being affiliated (through management, ownership, or common control) with a health maintenance organization or competitive medical plan which is an "eligible organization" as defined in section 1876(b).

(B) If, after November 14, 1984, the Secretary determines that there is no other entity available for an area with which the Secretary can enter into a contract under this part or the Secretary determines that there is a more qualified entity to perform one or more of the functions in section 1154(a), the Secretary may then enter into a contract under this part with an entity described in subparagraph (A) for such area if such entity otherwise meets the requirements of this part.

(3)(A) The Secretary shall not enter into a contract under this part with any entity which is, or is affiliated with (through management, ownership, or common control), a health care facility within the area served by such entity or which would be served by such entity if it entered into a contract with the Secretary under this part.

(B) For purposes of subparagraph (A), an entity shall not be considered to be affiliated with a health care facility by reason of management, ownership, or common control if the management, ownership, or common control consists only of not more than 20 percent of the members of the governing board of the entity being affiliated (through management, ownership, or common control) with one or more of such facilities.

(4) The Secretary may consider a variety of factors in selecting the contractors that the Secretary determines would provide for the most efficient and effective administration of this part, such as geographic location, size, and prior experience in health care quality improvement. Quality improvement organizations operating as of January 1, 2012, shall be allowed to compete for new contracts (as determined appropriate by the Secretary) along with other quali-

fied organizations and are eligible for renewal of contracts for terms five years thereafter (as determined appropriate by the Secretary).

(c) Each contract with an organization under this section shall provide that—

(1) the organization shall perform a function or functions under section 1154 directly or may subcontract for the performance of all or some of such function or functions (and for purposes of paragraphs (2) and (3) of subsection (b), a subcontract under this paragraph shall not constitute an affiliation with the subcontractor);

(2) the Secretary shall have the right to evaluate the quality and effectiveness of the organization in carrying out the functions specified in the contract;

(3) the contract shall be for an initial term of five years and shall be renewable for terms of five years thereafter;

(4) the Secretary shall include in the contract negotiated objectives against which the organization's performance will be judged, and negotiated specifications for use of regional norms, or modifications thereof based on national norms, for performing review functions under the contract; and

(5) reimbursement shall be made to the organization on a monthly basis, with payments for any month being made consistent with the Federal Acquisition Regulation.

In evaluating the performance of quality improvement organizations under contracts under this part, the Secretary shall place emphasis on the performance of such organizations in educating providers and practitioners (particularly those in rural areas) concerning the review process and criteria being applied by the organization.

【Subsection (d) was repealed by section 261(b)(3)(C) of PL 112-40】

(e)(1) Except as provided in paragraph (2), contracting authority of the Secretary under this section may be carried out without regard to any provision of law relating to the making, performance, amendment, or modification of contracts of the United States as the Secretary may determine to be inconsistent with the purposes of this part. The Secretary may use different contracting methods with respect to different geographical areas.

(2) If a quality improvement organization with a contract under this section is required to carry out a review function in addition to any function required to be carried out at the time the Secretary entered into or renewed the contract with the organization, the Secretary shall, before requiring such organization to carry out such additional function, negotiate the necessary contractual modifications, including modifications that provide for an appropriate adjustment (in light of the cost of such additional function) to the amount of reimbursement made to the organization.

(f) Any determination by the Secretary to terminate or not to renew a contract under this section shall not be subject to judicial review.

(g) The Secretary shall provide that fiscal intermediaries furnish to quality improvement organizations, each month on a timely

basis, data necessary to initiate the review process under section 1154(a) on a timely basis. If the Secretary determines that a fiscal intermediary is unable to furnish such data on a timely basis, the Secretary shall require the hospital to do so.

(h)(1) The Secretary shall publish in the Federal Register any new policy or procedure adopted by the Secretary that affects substantially the performance of contract obligations under this section not less than 30 days before the date on which such policy or procedure is to take effect. This paragraph shall not apply to the extent it is inconsistent with a statutory deadline.

(2) The Secretary shall publish in the Federal Register the general criteria and standards used for evaluating the efficient and effective performance of contract obligations under this section and shall provide opportunity for public comment with respect to such criteria and standards.

(3) The Secretary shall regularly furnish each quality improvement organization with a contract under this section with a report that documents the performance of the organization in relation to the performance of other such organizations.

FUNCTIONS OF QUALITY IMPROVEMENT ORGANIZATIONS

SEC. 1154. [42 U.S.C. 1320c-3] (a) Subject to subsection (b), any quality improvement organization entering into a contract with the Secretary under this part must perform one or more of the following functions:

(1) The organization shall review some or all of the professional activities in the area, subject to the terms of the contract and subject to the requirements of subsection (d), of physicians and other health care practitioners and institutional and noninstitutional providers of health care services in the provision of health care services and items for which payment may be made (in whole or in part) under title XVIII (including where payment is made for such services to eligible organizations pursuant to contracts under section 1876, to Medicare Advantage organizations pursuant to contracts under part C, and to prescription drug sponsors pursuant to contracts under part D) for the purpose of determining whether—

(A) such services and items are or were reasonable and medically necessary and whether such services and items are not allowable under subsection (a)(1) or (a)(9) of section 1862;

(B) the quality of such services meets professionally recognized standards of health care; and

(C) in case such services and items are proposed to be provided in a hospital or other health care facility on an inpatient basis, such services and items could, consistent with the provision of appropriate medical care, be effectively provided more economically on an outpatient basis or in an inpatient health care facility of a different type. If the organization performs such reviews with respect to a type of health care practitioner other than medical doctors, the organization shall establish procedures for the involvement of health care practitioners of that type in such reviews.

(2) The organization shall determine, on the basis of the review carried out under subparagraphs (A), (B), and (C) of paragraph (1), whether payment shall be made for services under title XVIII. Such determination shall constitute the conclusive determination on those issues for purposes of payment under title XVIII, except that payment may be made if—

(A) such payment is allowed by reason of section 1879;

(B) in the case of inpatient hospital services or extended care services, the quality improvement organization determines that additional time is required in order to arrange for postdischarge care, but payment may be continued under this subparagraph for not more than two days, but only in the case where the provider of such services did not know and could not reasonably have been expected to know (as determined under section 1879) that payment would not otherwise be made for such services under title XVIII prior to notification by the organization under paragraph (3);

(C) such determination is changed as the result of any hearing or review of the determination under section 1155; or

(D) such payment is authorized under section 1861(v)(1)(G).

The organization shall identify cases for which payment should not be made by reason of paragraph (1)(B) only through the use of criteria developed pursuant to guidelines established by the Secretary.

(3)(A) Subject to subparagraphs (B) and (D), whenever the organization makes a determination that any health care services or items furnished or to be furnished to a patient by any practitioner or provider are disapproved, the organization shall promptly notify such patient and the agency or organization responsible for the payment of claims under title XVIII of this Act of such determination.

(B) The notification under subparagraph (A) with respect to services or items disapproved by reason of subparagraph (A) or (C) of paragraph (1) shall not occur until 20 days after the date that the organization has—

(i) made a preliminary notification to such practitioner or provider of such proposed determination, and

(ii) provided such practitioner or provider an opportunity for discussion and review of the proposed determination.

(C) The discussion and review conducted under subparagraph (B)(ii) shall not affect the rights of a practitioner or provider to a formal reconsideration of a determination under this part (as provided under section 1155).

(D) The notification under subparagraph (A) with respect to services or items disapproved by reason of paragraph (1)(B) shall not occur until after—

(i) the organization has notified the practitioner or provider involved of the determination and of the practitioner's or provider's right to a formal reconsideration of the determination under section 1155, and

(ii) if the provider or practitioner requests such a reconsideration, the organization has made such a reconsideration.

If a provider or practitioner is provided a reconsideration, such reconsideration shall be in lieu of any subsequent reconsideration to which the provider or practitioner may be otherwise entitled under section 1155, but shall not affect the right of a beneficiary from seeking reconsideration under such section of the organization's determination (after any reconsideration requested by the provider or physician under clause (ii)).

(E)(i) In the case of services and items provided by a physician that were disapproved by reason of paragraph (1)(B), the notice to the patient shall state the following: "In the judgment of the quality improvement organization, the medical care received was not acceptable under the medicare program. The reasons for the denial have been discussed with your physician.

(ii) In the case of services or items provided by an entity or practitioner other than a physician, the Secretary may substitute the entity or practitioner which provided the services or items for the term "physician" in the notice described in clause (i).

(4)(A) The organization shall, after consultation with the Secretary, determine the types and kinds of cases (whether by type of health care or diagnosis involved, or whether in terms of other relevant criteria relating to the provision of health care services) with respect to which such organization will, in order to most effectively carry out the purposes of this part, exercise review authority under the contract. The organization shall notify the Secretary periodically with respect to such determinations. Each quality improvement organization shall provide that a reasonable proportion of its activities are involved with reviewing, under paragraph (1)(B), the quality of services and that a reasonable allocation of such activities is made among the different cases and settings (including post-acute-care settings, ambulatory settings, and health maintenance organizations). In establishing such allocation, the organization shall consider (i) whether there is reason to believe that there is a particular need for reviews of particular cases or settings because of previous problems regarding quality of care, (ii) the cost of such reviews and the likely yield of such reviews in terms of number and seriousness of quality of care problems likely to be discovered as a result of such reviews, and (iii) the availability and adequacy of alternative quality review and assurance mechanisms.

(B) The contract of each organization shall provide for the review of services (including both inpatient and outpatient services) provided by eligible organizations pursuant to a risk-sharing contract under section 1876 (or that is subject to review under section 1882(t)(3)) for the purpose of determining whether the quality of such services meets professionally recognized standards of health care, including whether appropriate health care services have not been provided or have been provided in inappropriate settings and whether individuals en-

rolled with an eligible organization have adequate access to health care services provided by or through such organization (as determined, in part, by a survey of individuals enrolled with the organization who have not yet used the organization to receive such services). The contract of each organization shall also provide that with respect to health care provided by a health maintenance organization or competitive medical plan under section 1876, the organization shall maintain a beneficiary outreach program designed to apprise individuals receiving care under such section of the role of the peer review system, of the rights of the individual under such system, and of the method and purposes for contacting the organization. The previous two sentences shall not apply with respect to a contract year if another entity has been awarded a contract under subparagraph (C)²⁸. Under the contract the level of effort expended by the organization on reviews under this subparagraph shall be equivalent, on a per enrollee basis, to the level of effort expended by the organization on utilization and quality reviews performed with respect to individuals not enrolled with an eligible organization.

(5) The organization shall consult with nurses and other professional health care practitioners (other than physicians described in section 1861(r)(1)) and with representatives of institutional and noninstitutional providers of health care services, with respect to the organization's responsibility for the review under paragraph (1) of the professional activities of such practitioners and providers.

(6)(A) The organization shall, consistent with the provisions of its contract under this part, apply professionally developed norms of care, diagnosis, and treatment based upon typical patterns of practice within the geographic area served by the organization as principal points of evaluation and review, taking into consideration national norms where appropriate. Such norms with respect to treatment for particular illnesses or health conditions shall include—

(i) the types and extent of the health care services which, taking into account differing, but acceptable, modes of treatment and methods of organizing and delivering care, are considered within the range of appropriate diagnosis and treatment of such illness or health condition, consistent with professionally recognized and accepted patterns of care; and

(ii) the type of health care facility which is considered, consistent with such standards, to be the type in which health care services which are medically appropriate for such illness or condition can most economically be provided.

As a component of the norms described in clause (i) or (ii), the organization shall take into account the special problems associated with delivering care in remote rural areas, the availability of service alternatives to inpatient hospitalization, and other appropriate factors (such as the distance from a patient's

residence to the site of care, family support, availability of proximate alternative sites of care, and the patient's ability to carry out necessary or prescribed self-care regimens) that could adversely affect the safety or effectiveness of treatment provided on an outpatient basis.

(B) The organization shall—

(i) offer to provide, several times each year, for a physician representing the organization to meet (at a hospital or at a regional meeting) with medical and administrative staff of each hospital (the services of which are reviewed by the organization) respecting the organization's review of the hospital's services for which payment may be made under title XVIII, and

(ii) publish (not less often than annually) and distribute to providers and practitioners whose services are subject to review a report that describes the organization's findings with respect to the types of cases in which the organization has frequently determined that (I) inappropriate or unnecessary care has been provided, (II) services were rendered in an inappropriate setting, or (III) services did not meet professionally recognized standards of health care.

(7) The organization, to the extent necessary and appropriate to the performance of the contract, shall—

(A)(i) make arrangements to utilize the services of persons who are practitioners of, or specialists in, the various areas of medicine (including dentistry, optometry, and podiatry, or other types of health care, which persons shall, to the maximum extent practicable, be individuals engaged in the practice of their profession within the area served by such organization; and

(ii) in the case of psychiatric and physical rehabilitation services, make arrangements to ensure that (to the extent possible) initial review of such services be made by a physician who is trained in psychiatry or physical rehabilitation (as appropriate).²⁹

(B) undertake such professional inquiries either before or after, or both before and after, the provision of services with respect to which such organization has a responsibility for review which in the judgment of such organization will facilitate its activities;

(C) examine the pertinent records of any practitioner or provider of health care services providing services with respect to which such organization has a responsibility for review under paragraph (1); and

(D) inspect the facilities in which care is rendered or services are provided (which are located in such area) of any practitioner or provider of health care services providing services with respect to which such organization has a responsibility for review under paragraph (1).

(8) The organization shall perform such duties and functions and assume such responsibilities and comply with such

(9)(A) The organization shall collect such information relevant to its functions, and keep and maintain such records, in such form as the Secretary may require to carry out the purposes of this part, and shall permit access to and use of any such information and records as the Secretary may require for such purposes, subject to the provisions of section 1160.

(B) If the organization finds, after reasonable notice to and opportunity for discussion with the physician or practitioner concerned, that the physician or practitioner has furnished services in violation of section 1156(a) and the organization determines that the physician or practitioner should enter into a corrective action plan under section 1156(b)(1), the organization shall notify the State board or boards responsible for the licensing or disciplining of the physician or practitioner of its finding and of any action taken as a result of the finding.

(10) The organization shall coordinate activities, including information exchanges, which are consistent with economical and efficient operation of programs among appropriate public and private agencies or organizations including—

(13) Notwithstanding paragraph (4), the organization shall perform the review described in paragraph (1) with respect to early readmission cases to determine if the previous inpatient hospital services and the post-hospital services met professionally recognized standards of health care. Such reviews may be performed on a sample basis if the organization and the Secretary determine it to be appropriate. In this paragraph, an "early readmission case" is a case in which an individual, after discharge from a hospital, is readmitted to a hospital less than 31 days after the date of the most recent previous discharge.

(14) The organization shall conduct an appropriate review of all written complaints about the quality of services (for which payment may otherwise be made under title XVIII) not meeting professionally recognized standards of health care, if the complaint is filed with the organization by an individual entitled to benefits for such services under such title (or a per-

son acting on the individual's behalf). The organization shall inform the individual (or representative) of the organization's final disposition of the complaint. Before the organization concludes that the quality of services does not meet professionally recognized standards of health care, the organization must provide the practitioner or person concerned with reasonable notice and opportunity for discussion.

(15) During each year of the contract entered into under section 1153(b), the organization shall perform on-site review activities as the Secretary determines appropriate.

(16) The organization shall provide for a review and report to the Secretary when requested by the Secretary under section 1867(d)(3). The organization shall provide reasonable notice of the review to the physician and hospital involved. Within the time period permitted by the Secretary, the organization shall provide a reasonable opportunity for discussion with the physician and hospital involved, and an opportunity for the physician and hospital to submit additional information, before issuing its report to the Secretary under such section.

(17) The organization shall execute its responsibilities under subparagraphs (A) and (B) of paragraph (1) by offering to providers, practitioners, Medicare Advantage organizations offering Medicare Advantage plans under part C, and prescription drug sponsors offering prescription drug plans under part D quality improvement assistance pertaining to prescription drug therapy. For purposes of this part and title XVIII, the functions described in this paragraph shall be treated as a review function.

(18) The organization shall perform, subject to the terms of the contract, such other activities as the Secretary determines may be necessary for the purposes of improving the quality of care furnished to individuals with respect to items and services for which payment may be made under title XVIII.

(b) A quality improvement organization entering into a contract with the Secretary to perform a function described in a paragraph under subsection (a) must perform all of the activities described in such paragraph, except to the extent otherwise negotiated with the Secretary pursuant to the contract or except for a function for which the Secretary determines it is not appropriate for the organization to perform, such as a function that could cause a conflict of interest with another function.

(c)(1) No physician shall be permitted to review—

(A) health care services provided to a patient if he was directly responsible for providing such services; or

[(2)–(5) Repealed]

(f) The Secretary, in consultation with appropriate experts, shall identify methods that would be available to assist quality improvement organizations (under subsection (a)(4)) in identifying those cases which are more likely than others to be associated with a quality of services which does not meet professionally recognized standards of health care.

RIGHT TO HEARING AND JUDICIAL REVIEW

SEC. 1155. [42 U.S.C. 1320c–4] Any beneficiary who is entitled to benefits under title XVIII, and, subject to section 1154(a)(3)(D), any practitioner or provider, who is dissatisfied with a determination made by a contracting quality improvement organization in conducting its review responsibilities under this part, shall be entitled to a reconsideration of such determination by the reviewing organization. Where the reconsideration is adverse to the beneficiary and where the matter in controversy is \$200 or more, such beneficiary shall be entitled to a hearing by the Secretary (to the same extent as beneficiaries under title II are entitled to a hearing by the Commissioner of Social Security under section 205(b)). For purposes of the preceding sentence, subsection (l) of section 205 shall apply, except that any reference in such subsection to the Commissioner of Social Security or the Social Security Administration shall be deemed a reference to the Secretary or the Department of Health and Human Services, respectively. Where the amount in controversy is \$2,000 or more, such beneficiary shall be entitled to judicial review of any final decision relating to a reconsideration described in this subsection.

OBLIGATIONS OF HEALTH CARE PRACTITIONERS AND PROVIDERS OF HEALTH CARE SERVICES; SANCTIONS AND PENALTIES; HEARINGS AND REVIEW

SEC. 1156. [42 U.S.C. 1320c–5] (a) It shall be the obligation of any health care practitioner and any other person (including a hospital or other health care facility, organization, or agency) who

provides health care services for which payment may be made (in whole or in part) under this Act, to assure, to the extent of his authority that services or items ordered or provided by such practitioner or person to beneficiaries and recipients under this Act—

(1) will be provided economically and only when, and to the extent, medically necessary;

(2) will be of a quality which meets professionally recognized standards of health care; and

(3) will be supported by evidence of medical necessity and quality in such form and fashion and at such time as may reasonably be required by a reviewing quality improvement organization in the exercise of its duties and responsibilities.

(b)(1) If after reasonable notice and opportunity for discussion with the practitioner or person concerned, and, if appropriate, after the practitioner or person has been given a reasonable opportunity to enter into and complete a corrective action plan (which may include remedial education) agreed to by the organization, and has failed successfully to complete such plan, any organization having a contract with the Secretary under this part determines that such practitioner or person has—

(A) failed in a substantial number of cases substantially to comply with any obligation imposed on him under subsection (a), or

(B) grossly and flagrantly violated any such obligation in one or more instances,

such organization shall submit a report and recommendations to the Secretary. If the Secretary agrees with such determination, the Secretary (in addition to any other sanction provided under law) may exclude (permanently or for such period as the Secretary may prescribe, except that such period may not be less than 1 year) such practitioner or person from eligibility to provide services under this Act on a reimbursable basis. If the Secretary fails to act upon the recommendations submitted to him by such organization within 120 days after such submission, such practitioner or person shall be excluded from eligibility to provide services on a reimbursable basis until such time as the Secretary determines otherwise.

(2) A determination made by the Secretary under this subsection to exclude a practitioner or person shall be effective on the same date and in the same manner as an exclusion from participation under the programs under this Act becomes effective under section 1128(c), and shall (subject to the minimum period specified in the second sentence of paragraph (1)) remain in effect until the Secretary finds and gives reasonable notice to the public that the basis for such determination has been removed and that there is reasonable assurance that it will not recur.

(3) In lieu of the sanction authorized by paragraph (1), the Secretary may require that (as a condition to the continued eligibility of such practitioner or person to provide such health care services on a reimbursable basis) such practitioner or person pays to the United States, in case such acts or conduct involved the provision or ordering by such practitioner or person of health care services which were medically improper or unnecessary, an amount not in excess of up to \$10,000 for each instance of the medically improper or unnecessary services so provided. Such amount may be deducted

from any sums owing by the United States (or any instrumentality thereof) to the practitioner or person from whom such amount is claimed.

(4) Any practitioner or person furnishing services described in paragraph (1) who is dissatisfied with a determination made by the Secretary under this subsection shall be entitled to reasonable notice and opportunity for a hearing thereon by the Secretary to the same extent as is provided in section 205(b), and to judicial review of the Secretary's final decision after such hearing as is provided in section 205(g).

(5) Before the Secretary may effect an exclusion under paragraph (2) in the case of a provider or practitioner located in a rural health professional shortage area or in a county with a population of less than 70,000, the provider or practitioner adversely affected by the determination is entitled to a hearing before an administrative law judge (described in section 205(b)) respecting whether the provider or practitioner should be able to continue furnishing services to individuals entitled to benefits under this Act, pending completion of the administrative review procedure under paragraph (4). If the judge does not determine, by a preponderance of the evidence, that the provider or practitioner will pose a serious risk to such individuals if permitted to continue furnishing such services, the Secretary shall not effect the exclusion under paragraph (2) until the provider or practitioner has been provided reasonable notice and opportunity for an administrative hearing thereon under paragraph (4).

(6) When the Secretary effects an exclusion of a physician under paragraph (2), the Secretary shall notify the State board responsible for the licensing of the physician of the exclusion.

(c) It shall be the duty of each quality improvement organization to use such authority or influence it may possess as a professional organization, and to enlist the support of any other professional or governmental organization having influence or authority over health care practitioners and any other person (including a hospital or other health care facility, organization, or agency) providing health care services in the area served by such review organization, in assuring that each practitioner or person (referred to in subsection (a)) providing health care services in such area shall comply with all obligations imposed on him under subsection (a).

(c) No doctor of medicine or osteopathy and no provider (including directors, trustees, employees, or officials thereof) of health care services shall be civilly liable to any person under any law of the United States or of any State (or political subdivision thereof) on account of any action taken by him in compliance with or reliance upon professionally developed norms of care and treatment applied by an organization under contract pursuant to section 1153 operating in the area where such doctor of medicine or osteopathy or provider took such action; but only if—

(1) he takes such action in the exercise of his profession as a doctor of medicine or osteopathy or in the exercise of his functions as a provider of health care services; and

(2) he exercised due care in all professional conduct taken or directed by him and reasonably related to, and resulting from, the actions taken in compliance with or reliance upon such professionally accepted norms of care and treatment.

(d) The Secretary shall make payment to an organization under contract with him pursuant to this part, or to any member or employee thereof, or to any person who furnishes legal counsel or services to such organization, in an amount equal to the reasonable amount of the expenses incurred, as determined by the Secretary, in connection with the defense of any suit, action, or proceeding brought against such organization, member, or employee related to the performance of any duty or function under such contract by such organization, member, or employee.

(i) IN GENERAL.—The Secretary shall not provide for a delay under—

(I) paragraph (2)(A) unless a request is made for such a delay by a manufacturer of a biosimilar biological product prior to the selected drug publication date for the list published under subsection (a) with respect to the initial price applicability year for which the biological product may have been included as a selected drug on such list but for subparagraph (2)(A); or

(II) paragraph (2)(B)(iii) unless a request is made for such a delay by such a manufacturer prior to the selected drug publication date for the list published under subsection (a) with respect to the initial price applicability year that is 1 year after the initial price applicability year for which the biological product described in subsection (a) would have been included as a selected drug on such list but for paragraph (2)(A).

(ii) INFORMATION AND DOCUMENTS.—

(I) IN GENERAL.—A request made under clause (i) shall be submitted to the Secretary by such manufacturer at a time and in a form and manner specified by the Secretary, and contain—

(aa) information and documents necessary for the Secretary to make determinations under this subsection, as specified by the Secretary and including, to the extent available, items described in subclause (III); and

(bb) all agreements related to the biosimilar biological product filed with the Federal Trade Commission or the Assistant Attorney General pursuant to subsections (a) and (c) of section 1112 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003.

(II) ADDITIONAL INFORMATION AND DOCUMENTS.—After the Secretary has reviewed the request and materials submitted under subclause (I), the manufacturer shall submit any additional information and documents requested by the Secretary necessary to make determinations under this subsection.

(III) ITEMS DESCRIBED.—The items described in this clause are the following:

(aa) The manufacturing schedule for such biosimilar biological product submitted to the Food and Drug Administration during its review of the application under such section 351(k).

(bb) Disclosures (in filings by the manufacturer of such biosimilar biological product with the Securities and Exchange Commission required under section 12(b), 12(g), 13(a), or 15(d) of the Securities Exchange Act of 1934 about capital investment, revenue expectations, and actions taken by the manufacturer that are typical of the normal course of business in the year (or the 2 years, as applicable) before marketing of a biosimilar biological product) that pertain to the marketing of such biosimilar biological product, or comparable documentation that is distributed to the shareholders of privately held companies.

(C) AGGREGATION RULE.—

(i) IN GENERAL.—All persons treated as a single employer under subsection (a) or (b) of section 52 of the Internal Revenue Code of 1986, or in a partnership, shall be treated as one manufacturer for purposes of paragraph (2)(D)(iv).

(ii) PARTNERSHIP DEFINED.—In clause (i), the term “partnership” means a syndicate, group, pool, joint venture, or other organization through or by means of which any business, financial operation, or venture is carried on by the manufacturer of the biological product and the manufacturer of the biosimilar biological product.

(2) RULES DESCRIBED.—The rules described in this paragraph are the following:

(A) DELAYED SELECTION AND NEGOTIATION FOR 1 YEAR.—If a determination of high likelihood is made under paragraph (3), the Secretary shall delay the inclusion of the biological product as a selected drug on the list pub-

lished under subsection (a) until such list is published with respect to the initial price applicability year that is 1 year after the initial price applicability year for which the biological product would have been included as a selected drug on such list.

(B) IF NOT LICENSED AND MARKETING DURING THE INITIAL DELAY.—

(i) IN GENERAL.—If, during the time period between the selected drug publication date on which the biological product would have been included on the list as a selected drug pursuant to subsection (a) but for subparagraph (A) and the selected drug publication date with respect to the initial price applicability year that is 1 year after the initial price applicability year for which such biological product would have been included as a selected drug on such list, the Secretary determines that the biosimilar biological product for which the manufacturer submitted the request under paragraph (1)(B)(i)(II) (and for which the Secretary previously made a high likelihood determination under paragraph (3)) has not been licensed and marketed under section 351(k) of the Public Health Service Act, the Secretary shall, at the request of such manufacturer—

(I) reevaluate whether there is a high likelihood (as described in paragraph (3)) that such biosimilar biological product will be licensed and marketed under such section 351(k) before the date that is 2 years after the selected drug publication date for which such biological product would have been included as a selected drug on such list published but for subparagraph (A); and

(II) evaluate whether, on the basis of clear and convincing evidence, the manufacturer of such biosimilar biological product has made a significant amount of progress (as determined by the Secretary) towards both such licensure and the marketing of such biosimilar biological product (based on information from items described in subclauses (I)(bb) and (II) of paragraph (1)(B)(ii)) since the receipt by the Secretary of the request made by such manufacturer under paragraph (1)(B)(i)(I).

(ii) SELECTION AND NEGOTIATION.—If the Secretary determines that there is not a high likelihood that such biosimilar biological product will be licensed and marketed as described in clause (i)(I) or there has not been a significant amount of progress as described in clause (i)(II)—

(I) the Secretary shall include the biological product as a selected drug on the list published under subsection (a) with respect to the initial price applicability year that is 1 year after the initial price applicability year for which such biological

cal product would have been included as a selected drug on such list but for subparagraph (A); and

(II) the manufacturer of such biological product shall pay a rebate under paragraph (4) with respect to the year for which such manufacturer would have provided access to a maximum fair price for such biological product but for subparagraph (A).

(iii) SECOND 1-YEAR DELAY.—If the Secretary determines that there is a high likelihood that such biosimilar biological product will be licensed and marketed (as described in clause (i)(I)) and a significant amount of progress has been made by the manufacturer of such biosimilar biological product towards such licensure and marketing (as described in clause (i)(II)), the Secretary shall delay the inclusion of the biological product as a selected drug on the list published under subsection (a) until the selected drug publication date of such list with respect to the initial price applicability year that is 2 years after the initial price applicability year for which such biological product would have been included as a selected drug on such list but for this subsection.

(C) IF NOT LICENSED AND MARKETED DURING THE YEAR TWO DELAY.—If, during the time period between the selected drug publication date of the list for which the biological product would have been included as a selected drug but for subparagraph (B)(iii) and the selected drug publication date with respect to the initial price applicability year that is 2 years after the initial price applicability year for which such biological product would have been included as a selected drug on such list but for this subsection, the Secretary determines that such biosimilar biological product has not been licensed and marketed—

(i) the Secretary shall include such biological product as a selected drug on such list with respect to the initial price applicability year that is 2 years after the initial price applicability year for which such biological product would have been included as a selected drug on such list; and

(ii) the manufacturer of such biological product shall pay a rebate under paragraph (4) with respect to the years for which such manufacturer would have provided access to a maximum fair price for such biological product but for this subsection.

(D) LIMITATIONS ON DELAYS.—

(i) LIMITED TO 2 YEARS.—In no case shall the Secretary delay the inclusion of a biological product on the list published under subsection (a) for more than 2 years.

(ii) EXCLUSION OF BIOLOGICAL PRODUCTS THAT TRANSITIONED TO A LONG-MONOPOLY DRUG DURING THE DELAY.—In the case of a biological product for which

the inclusion on the list published pursuant to subsection (a) was delayed by 1 year under subparagraph (A) and for which there would have been a change in status to a long-monopoly drug (as defined in section 1194(c)(5)) if such biological product had been a selected drug, in no case may the Secretary provide for a second 1-year delay under subparagraph (B)(iii).

(iii) EXCLUSION OF BIOLOGICAL PRODUCTS IF MORE THAN 1 YEAR SINCE LICENSURE.—In no case shall the Secretary delay the inclusion of a biological product on the list published under subsection (a) if more than 1 year has elapsed since the biosimilar biological product has been licensed under section 351(k) of the Public Health Service Act and marketing has not commenced for such biosimilar biological product.

(iv) CERTAIN MANUFACTURERS OF BIOSIMILAR BIOLOGICAL PRODUCTS EXCLUDED.—In no case shall the Secretary delay the inclusion of a biological product as a selected drug on the list published under subsection (a) if Secretary determined that the manufacturer of the biosimilar biological product described in paragraph (1)(A)—

(I) is the same as the manufacturer of the reference product described in such paragraph or is treated as being the same pursuant to paragraph (1)(C); or

(II) has, based on information from items described in paragraph (1)(B)(ii)(I)(bb), entered into any agreement described in such paragraph with the manufacturer of the reference product described in paragraph (1)(A) that—

(aa) requires or incentivizes the manufacturer of the biosimilar biological product to submit a request described in paragraph (1)(B); or

(bb) restricts the quantity (either directly or indirectly) of the biosimilar biological product that may be sold in the United States over a specified period of time.

(3) HIGH LIKELIHOOD.—For purposes of this subsection, there is a high likelihood described in paragraph (1) or paragraph (2), as applicable, if the Secretary finds that—

(A) an application for licensure under section 351(k) of the Public Health Service Act for the biosimilar biological product has been accepted for review or approved by the Food and Drug Administration; and

(B) information from items described in sub clauses (I)(bb) and (III) of paragraph (1)(B)(ii) submitted to the Secretary by the manufacturer requesting a delay under such paragraph provides clear and convincing evidence that such biosimilar biological product will, within the time period specified under paragraph (1)(A) or (2)(B)(i)(I), be marketed.

(4) REBATE.—

(A) IN GENERAL.—For purposes of subparagraphs (B)(ii)(II) and (C)(ii) of paragraph (2), in the case of a biological product for which the inclusion on the list under subsection (a) was delayed under this subsection and for which the Secretary has negotiated and entered into an agreement under section 1193 with respect to such biological product, the manufacturer shall be required to pay a rebate to the Secretary at such time and in such manner as determined by the Secretary.

(B) AMOUNT.—Subject to subparagraph (C), the amount of the rebate under subparagraph (A) with respect to a biological product shall be equal to the estimated amount—

(i) in the case of a biological product that is a covered part D drug (as defined in section 1860D–2(e)), that is the sum of the products of—

(I) 75 percent of the amount by which—

(aa) the average manufacturer price, as reported by the manufacturer of such covered part D drug under section 1927 (or, if not reported by such manufacturer under section 1927, as reported by such manufacturer to the Secretary pursuant to the agreement under section 1193(a)) for such biological product, with respect to each of the calendar quarters of the price applicability period that would have applied but for this subsection; exceeds

(bb) in the initial price applicability year that would have applied but for a delay under—

(AA) paragraph (2)(A), the maximum fair price negotiated under section 1194 for such biological product under such agreement; or

(BB) paragraph (2)(B)(iii), such maximum fair price, increased as described in section 1195(b)(1)(A); and

(II) the number of units dispensed under part D of title XVIII for such covered part D drug during each such calendar quarter of such price applicability period; and

(ii) in the case of a biological product for which payment may be made under part B of title XVIII, that is the sum of the products of—

(I) 80 percent of the amount by which—

(aa) the payment amount for such biological product under section 1847A(b), with respect to each of the calendar quarters of the price applicability period that would have applied but for this subsection; exceeds

(bb) in the initial price applicability year that would have applied but for a delay under—

(AA) paragraph (2)(A), the maximum fair price negotiated under section 1194 for such biological product under such agreement; or

(BB) paragraph (2)(B)(iii), such maximum fair price, increased as described in section 1195(b)(1)(A); and

(II) the number of units (excluding units that are packaged into the payment amount for an item or service and are not separately payable under such part B) of the billing and payment code of such biological product administered or furnished under such part B during each such calendar quarter of such price applicability period.

(C) SPECIAL RULE FOR DELAYED BIOLOGICAL PRODUCTS THAT ARE LONG-MONOPOLY DRUGS.—

(i) IN GENERAL.—In the case of a biological product with respect to which a rebate is required to be paid under this paragraph, if such biological product qualifies as a long-monopoly drug (as defined in section 1194(c)(5)) at the time of its inclusion on the list published under subsection (a), in determining the amount of the rebate for such biological product under subparagraph (B), the amount described in clause (ii) shall be substituted for the maximum fair price described in clause (i)(I) or (ii)(I) of such subparagraph (B), as applicable.

(ii) AMOUNT DESCRIBED.—The amount described in this clause is an amount equal to 65 percent of the average non-Federal average manufacturer price for the biological product for 2021 (or, in the case that there is not an average non-Federal average manufacturer price available for such biological product for 2021, for the first full year following the market entry for such biological product), increased by the percentage increase in the consumer price index for all urban consumers (all items; United States city average) from September 2021 (or December of such first full year following the market entry), as applicable, to September of the year prior to the selected drug publication date with respect to the initial price applicability year that would have applied but for this subsection.

(D) REBATE DEPOSITS.—Amounts paid as rebates under this paragraph shall be deposited into—

(i) in the case payment is made for such biological product under part B of title XVIII, the Federal Supplementary Medical Insurance Trust Fund established under section 1841; and

(ii) in the case such biological product is a covered part D drug (as defined in section 1860D–2(e)), the Medicare Prescription Drug Account under section 1860D–16 in such Trust Fund.

(5) DEFINITIONS OF BIOSIMILAR BIOLOGICAL PRODUCT.—In this subsection, the term “biosimilar biological product” has the meaning given such term in section 1847A(c)(6).

(C) CLARIFICATION.—Nothing in subparagraph (B)(ii) shall limit the transition of a selected drug described in paragraph (3)(A) to a long-monopoly drug if the selected drug meets the definition of a long-monopoly drug.

(5) LONG-MONOPOLY DRUG DEFINED.—

(A) IN GENERAL.—In this part, subject to subparagraph (B), the term “long-monopoly drug” means, with respect to an initial price applicability year, a selected drug for which at least 16 years have elapsed since the date of approval of such drug under section 505(c) of the Federal Food, Drug, and Cosmetic Act or since the date of licensure of such drug under section 351(a) of the Public Health Service Act, as applicable.

(e) FACTORS.—For purposes of negotiating the maximum fair price of a selected drug under this part with the manufacturer of the drug, the Secretary shall consider the following factors, as applicable to the drug, as the basis for determining the offers and counteroffers under subsection (b) for the drug:

(1) MANUFACTURER-SPECIFIC DATA.—The following data, with respect to such selected drug, as submitted by the manufacturer:

(A) Research and development costs of the manufacturer for the drug and the extent to which the manufacturer has recouped research and development costs.

(B) Current unit costs of production and distribution of the drug.

(C) Prior Federal financial support for novel therapeutic discovery and development with respect to the drug.

(D) The extent to which such drug and therapeutic alternatives to such drug address unmet medical needs for a condition for which treatment or diagnosis is not addressed adequately by available therapy.

In using evidence described in subparagraph (C), the Secretary shall not use evidence from comparative clinical effectiveness research in a manner that treats extending the life of an elderly, disabled, or terminally ill individual as of lower value than

extending the life of an individual who is younger, nondisabled, or not terminally ill.

(f) RENEGOTIATION PROCESS.—

(1) IN GENERAL.—In the case of a renegotiation-eligible drug (as defined in paragraph (2)) that is selected under paragraph (3), the Secretary shall provide for a process of renegotiation (for years (beginning with 2028) during the price applicability period, with respect to such drug) of the maximum fair price for such drug consistent with paragraph (4).

(A) IN GENERAL.—The Secretary shall specify the process for renegotiation of maximum fair prices with the manufacturer of a renegotiation-eligible drug selected for renegotiation under this subsection.

(B) CONSISTENT WITH NEGOTIATION PROCESS.—The process specified under subparagraph (A) shall, to the extent practicable, be consistent with the methodology and process established under subsection (b) and in accordance with subsections (c), (d), and (e), and for purposes of apply-

TITLE XII—ADVANCES TO STATE UNEMPLOYMENT FUNDS¹

TABLE OF CONTENTS OF TITLE²

Sec. 1201. Advances to State unemployment funds.

Sec. 1202. Repayment by States of advances to State unemployment funds.

Sec. 1203. Advances to Federal unemployment account.

Sec. 1204. Definition of Governor.

ADVANCES TO STATE UNEMPLOYMENT FUNDS

SEC. 1201. [42 U.S.C. 1321] (a)(1) Advances shall be made to the States from the Federal unemployment account in the Unemployment Trust Fund as provided in this section, and shall be repayable, with interest to the extent provided in section 1202(b), in the manner provided in sections 901(d)(1), 903(b)(2), and 1202. An advance to a State for the payment of compensation in any 3-month period may be made if—

(A) the Governor of the State applies therefor no earlier than the first day of the month preceding the first month of such 3 month period, and

(B) he furnishes to the Secretary of Labor his estimate of the amount of an advance which will be required by the State for the payment of compensation in each month of such 3-month period.

(2) In the case of any application for an advance under this section to any State for any 3-month period, the Secretary of Labor shall—

(A) determine the amount (if any) which he finds will be required by such State for the payment of compensation in each month of such 3-month period, and

(B) certify to the Secretary of the Treasury the amount (not greater than the amount estimated by the Governor of the State) determined under subparagraph (A).

³⁴ The comma followed by a period at the end of paragraph (2) is so in law. Section 11002(a)(5) of Public Law 117–169 provides for an amendment to insert “the application of section 1192(f),” after “section 1192(e)”. Such amendment was made to “section 1198(b)(2)” and probably should have been made to “section 1198(2)”.

¹ Title XII of the Social Security Act is administered by the Department of Labor.

² This table of contents does not appear in the law.

The aggregate of the amounts certified by the Secretary of Labor with respect to any 3-month period shall not exceed the amount which the Secretary of the Treasury reports to the Secretary of Labor is available in the Federal unemployment account for advances with respect to each month of such 3-month period.

(3) For purposes of this subsection—

(A) an application for an advance shall be made on such forms and shall contain such information and data (fiscal and other wise) concerning the operation and administration of the State unemployment compensation law, as the Secretary of Labor deems necessary or relevant to the performance of his duties under this title,

(B) the amount required by any State for the payment of compensation in any month shall be determined with due allowance for contingencies and taking into account all other amounts that will be available in the State's unemployment fund for the payment of compensation in such month, and

(C) the term "compensation" means cash benefits payable to individuals with respect to their unemployment, exclusive of expenses of administration.

(b) The Secretary of the Treasury shall, prior to audit or settlement by the General Accounting Office, transfer in monthly installments from the Federal unemployment account to the account of the State in the Unemployment Trust Fund the amount certified under subsection (a) by the Secretary of Labor (but not exceeding that portion of the balance in the Federal unemployment account at the time of the transfer which is not restricted as to use pursuant to section 903(b)(1)). The amount of any monthly installment so transferred shall not exceed the amount estimated by the State to be required for the payment of compensation for the month with respect to which such installment is made.

REPAYMENT BY STATES OF ADVANCES TO STATE UNEMPLOYMENT FUNDS

SEC. 1202. [42 U.S.C. 1322] (a) The Governor of any State may at any time request that funds be transferred from the account of such State to the Federal unemployment account in repayment of part or all of that balance of advances, made to such State under section 1201, specified in the request. The Secretary of Labor shall certify to the Secretary of the Treasury the amount and balance specified in the request; and the Secretary of the Treasury shall promptly transfer such amount in reduction of such balance.

(b)(1) Except as otherwise provided in this subsection, each State shall pay interest on any advance made to such State under section 1201. Interest so payable with respect to periods during any calendar year shall be at the rate determined under paragraph (4) for such calendar year.

(2) No interest shall be required to be paid under paragraph (1) with respect to any advance or advances made during any calendar year if—

(A) such advances are repaid in full before the close of September 30 of the calendar year in which the advances were made,

(B) no other advance was made to such State under section 1201 during such calendar year and after the date on which the repayment of the advances was completed, and

(C) such State meets funding goals, established under regulations issued by the Secretary of Labor, relating to the accounts of the States in the Unemployment Trust Fund.

(3)(A) Interest payable under paragraph (1) which was attributable to periods during any fiscal year shall be paid by the State to the Secretary of the Treasury prior to the first day of the following fiscal year. If interest is payable under paragraph (1) on any advance (hereinafter this subparagraph referred to as the "first advance") by reason of another advance made to such State after September 30 of the calendar year in which the first advance was made, interest on such first advance attributable to periods before such September 30 shall be paid not later than the day after the date on which the other advance was made.

(B) Notwithstanding subparagraph (A), in the case of any advance made during the last 5 months of any fiscal year, interest on such advance attributable to periods during such fiscal year shall not be required to be paid before the last day of the succeeding taxable year. Any interest the time for payment of which is deferred by the preceding sentence shall bear interest in the same manner as if it were an advance made on the day on which it would have been required to be paid but for this subparagraph.

(C)(i) In the case of any State which meets the requirements of clause (ii) for any calendar year, any interest otherwise required to be paid under this subsection during such calendar year shall be paid as Alloy

(I) 25 percent of the amount otherwise required to be paid on or before any day during such calendar year shall be paid on or before such day; and

(II) 25 percent of the amount otherwise required to be paid on or before such day shall be paid on or before the corresponding day in each of the 3 succeeding calendar years.

No interest shall accrue on such deferred interest.

(ii) A State meets the requirements of this clause for any calendar year if the rate of insured unemployment (as determined for purposes of section 203 of the Federal-State Extended Unemployment Compensation Act of 1970) under the State law of the period consisting of the first 6 months of the preceding calendar year equaled or exceeded 7.5 percent.

(4) The interest rate determined under this paragraph with respect to any calendar year is a percentage (but not in excess of 10 percent) determined by dividing—

(A) the aggregate amount credited under section 904(e) to State accounts on the last day of the last calendar quarter of the immediately preceding calendar year, by

(B) the aggregate of the average daily balances of the State accounts for such quarter as determined under section 904(e).

(5) Interest required to be paid under paragraph (1) shall not be paid (directly or indirectly) by a State from amounts in its unemployment fund. If the Secretary of Labor determines that any State action results in the paying of such interest directly or indirectly (by an equivalent reduction in State unemployment taxes or

otherwise) from such unemployment fund, the Secretary of Labor shall not certify such State's unemployment compensation law under section 3304 of the Internal Revenue Code of 1954. Such noncertification shall be made in accordance with section 3304(c) of such Code.

(6)(A) For purposes of paragraph (2), any voluntary repayment shall be applied against advances made under section 1201 on the last made first repaid basis. Any other repayment of such an advance shall be applied against advances on a first made first repaid basis.

(B) For purposes of this paragraph, the term "voluntary repayment" means any repayment made under subsection (a).

(7) This subsection shall only apply to advances made on or after April 1, 1982.

(8)(A) With respect to interest due under this section on September 30 of 1983, 1984, or 1985 (other than interest previously deferred under paragraph (3)(C)), a State may pay 80 percent of such interest in four annual installments of at least 20 percent beginning with the year after the year in which it is otherwise due, if such State meets the criteria of subparagraph (B). No interest shall accrue on such deferred interest.

(B) To meet the criteria of this subparagraph a State must

(i) have taken no action since October 1, 1982, which would reduce its net unemployment tax effort or the net solvency of its unemployment system (as determined for purposes of section 3302(f) of the Internal Revenue Code of 1954); and

(ii)(I) have taken an action (as certified by the Secretary of Labor) after March 31, 1982, which would have increased revenue liabilities and decreased benefits under the State's unemployment compensation system (hereinafter referred to as a "solvency effort") by a combined total of the applicable percent age (as compared to such revenues and benefits as would have been in effect without such State action) for the calendar year for which the deferral is requested; or

(II) have had, for taxable year 1982, an average unemployment tax rate which was equal to or greater than 2.0 percent of the total of the wages (as determined without any limitation on amount) attributable to such State subject to contribution under the State unemployment compensation law with respect to such taxable year.

In the case of the first year for which there is a deferral (over a year period) of the interest otherwise payable for such year, the applicable percentage shall be 25 percent. In the case of the second such year, the applicable percentage shall be 35 percent. In the case of the third such year, the applicable percentage Shall be 50 percent.

(C)(i) The base year is the first year for which deferral under this provision is requested and subsequently granted. The Secretary of Labor shall estimate the unemployment rate for the base year. To determine whether a State meets the requirements of subparagraph (B)(ii)(I), the Secretary of Labor shall determine the percentage by which the benefits and taxes in the base year with the application of the action referred to in subparagraph (B)(ii)(I) are lower or greater, as the case may be, than such benefits and taxes

would have been without the application of such action. In making this determination, the Secretary shall deem the application of the action referred to in subparagraph (B)(ii)(I) to have been effective for the base year to the same extent as such action is effective for the year following the year for which the deferral is sought. Once a deferral is approved under clause (ii)(I) of subparagraph (B) a State must continue to maintain its solvency effort. Failure to do so shall result in the State being required to make immediate payment of all deferred interest.

(ii) Increases in the taxable wage base from \$6,000 to \$7,000 or increases after 1984 in the maximum tax rate to 5.4 percent shall not be counted for purposes of meeting the requirement of subparagraph

(D) In the case of a State which produces a solvency effort of 50 percent, 80 percent, and 90 percent rather than the 25 percent, 35 percent, and 50 percent required under subparagraph (B), the interest shall be computed at an interest rate which is 1 percentage point less than the otherwise applicable interest rate.

(9) Any interest otherwise due from a State on September 30 of a calendar year after 1982 may be deferred (and no interest shall accrue on such deferred interest) for a grace period of not to exceed 9 months if, for the most recent 12-month period for which data are available before the date such interest is otherwise due, the State had an average total unemployment rate of 13.5 percent or greater.

(10)(A) With respect to the period beginning on the date of enactment of the Emergency Unemployment Insurance Stabilization and Access Act of 2020 and ending on September 6, 2021—

(i) any interest payment otherwise due from a State under this subsection during such period shall be deemed to have been made by the State; and

(ii) no interest shall accrue during such period on any advance or advances made under section 1201 to a State.

(B) The provisions of subparagraph (A) shall have no effect on the requirement for interest payments under this subsection after the period described in such subparagraph or on the accrual of interest under this subsection after such period.

(c) Interest paid by States in accordance with this section shall be credited to the Federal unemployment account established by section 904(g) in the Unemployment Trust Fund.

ADVANCES TO FEDERAL UNEMPLOYMENT ACCOUNT

SEC. 1203. [42 U.S.C. 1323] There are hereby authorized to be appropriated to the Federal unemployment account, as repayable advances, such sums as may be necessary to carry out the purposes of this title. Amounts appropriated as repayable advances shall be repaid by transfers from the Federal unemployment account to the general fund of the Treasury, at such times as the amount in the Federal unemployment account is determined by the Secretary of the Treasury, in consultation with the Secretary of Labor, to be adequate for such purpose. Any amount transferred as a repayment under this section shall be credited against, and shall operate to reduce, any balance of advances repayable under this section. Whenever, after the application of sections 901(f)(3) and 902(a)

with respect to the excess in the employment security administration account as of the close of any fiscal year, there remains any portion of such excess, so much of such remainder as does not exceed the balance of advances made pursuant to this section shall be transferred to the general fund of the Treasury and shall be credited against, and shall operate to reduce, such balance of advances. Amounts appropriated as repayable advances for purposes of this subsection shall bear interest at a rate equal to the average rate of interest, computed as of the end of the calendar month next preceding the date of such advance, borne by all interest bearing obligations of the United States then forming part of the public debt; except that in cases in which such average rate is not a multiple of one-eighth of 1 percent, the rate of interest shall be the multiple of one-eighth of 1 percent next lower than such average rate.

Period for Determination of Benefits

(c)(1) An individual's eligibility for a benefit under this title for a month shall be determined on the basis of the individual's (and eligible spouse's, if any) income, resources, and other relevant characteristics in such month, and, except as provided in paragraphs (2), (3), (4), (5), and (6), the amount of such benefit shall be determined for such month on the basis of income and other characteristics in the first or, if the Commissioner of Social Security so determines, second month preceding such month. Eligibility for and the amount of such benefits shall be redetermined at such time or times as may be provided by the Commissioner of Social Security.

(2) The amount of such benefit for the month in which an application for benefits becomes effective (or, if the Commissioner of Social Security so determines, for such month and the following month) and for any month immediately following a month of ineligibility for such benefits (or, if the Commissioner of Social Security so determines, for such month and the following month) shall—

(A) be determined on the basis of the income of the individual and the eligible spouse, if any, of such individual and other relevant circumstances in such month; and

(B)² in the case of the first month following a period of ineligibility in which eligibility is restored after the first day of such month, bear the same ratio to the amount of the benefit which would have been payable to such individual if eligibility had been restored on the first day of such month as the number of days in such month including and following the date of restoration of eligibility bears to the total number of days in such month.

(3) For purposes of this subsection, an increase in the benefit amount payable under title II (over the amount payable in the preceding month, or, at the election of the Commissioner of Social Security, the second preceding month) to an individual receiving benefits under this title shall be included in the income used to determine the benefit under this title of such individual for any month which is—

(A) the first month in which the benefit amount payable to such individual under this title is increased pursuant to section 1617, or

(B) at the election of the Commissioner of Social Security, the month immediately following such month.

(4)(A) Notwithstanding paragraph (3), if the Commissioner of Social Security determines that reliable information is currently available with respect to the income and other circumstances of an individual for a month (including information with respect to a class of which such individual is a member and information with respect to scheduled cost-of-living adjustments under other benefit programs), the benefit amount of such individual under this title for such month may be determined on the basis of such information.

(B) The Commissioner of Social Security shall prescribe by regulation the circumstances in which information with respect to an event may be taken into account pursuant to subparagraph (A) in determining benefit amounts under this title.

(5) Notwithstanding paragraphs (1) and (2), any income which is paid to or on behalf of an individual in any month pursuant to (A) a State program funded under part A of title IV, (B) section 472 of this Act (relating to foster care assistance), (C) section 412(e) of the Immigration and Nationality Act (relating to assistance for refugees), (D) section 501(a) of Public Law 96-422 (relating to assistance for Cuban and Haitian entrants), or (E) the Act of November 2, 1921 (42 Stat. 208), as amended (relating to assistance furnished by the Bureau of Indian Affairs), shall be taken into account in de-

(6) The dollar amount in effect under subsection (b) as a result of any increase in benefits under this title by reason of section 1617 shall be used to determine the value of any in-kind support and maintenance required to be taken into account in determining the benefit payable under this title to an individual (and the eligible spouse, if any, of the individual) for the 1st 2 months for which the increase in benefits applies.

(7) For purposes of this subsection, an application of an individual for benefits under this title shall be effective on the later of—

(A) the first day of the month following the date such application is filed, or

(B) the first day of the month following the date such individual becomes eligible for such benefits with respect to such application.

(8) The Commissioner of Social Security may waive the limitations specified in subparagraphs (A) and (B) of subsection (e)(1) on an individual's eligibility and benefit amount for a month (to the extent either such limitation is applicable by reason of such individual's presence throughout such month in a hospital, extended care facility, nursing home, or intermediate care facility) if such waiver would promote the individual's removal from such institution or facility. Upon waiver of such limitations, the Commissioner of Social Security shall apply, to the month preceding the month of removal, or, if the Commissioner of Social Security so determines, the two months preceding the month of removal, the benefit rate that is appropriate to such individual's living arrangement subsequent to his removal from such institution or facility.

(9)(A)³ Notwithstanding paragraphs (1) and (2), any non-recurring income which is paid to an individual in the first month of any period of eligibility shall be taken into account in determining the amount of the benefit under this title of such individual (and his eligible spouse, if any) only for that month, and shall not be taken into account in determining the amount of the benefit for any other month.

(B) For purposes of subparagraph (A), payments to an individual in varying amounts from the same or similar source for the same or similar purpose shall not be considered to be nonrecurring income.

For purposes of this subsection, a medical treatment facility that provides services described in section 1917(c)(1)(C) shall be considered to be receiving payments with respect to an individual under a State plan approved under title XIX during any period of ineligibility of such individual provided for under the State plan pursuant to section 1917(c).

(C) As used in subparagraph (A), the term “public institution” does not include a publicly operated community residence which serves no more than 16 residents.

(F) An individual who is an eligible individual or an eligible spouse for a month by reason of subparagraph (E) shall not be treated as being eligible under section 1619(a) or (b) for such month for purposes of clause (ii) of such subparagraph.

(H) The Commissioner of Social Security shall establish procedures for the determinations required by clauses (i) and (ii) of subparagraph (G), and may enter into agreements for making such determinations (or for providing information or assistance in connection with the making of such determinations) with appropriate State and local public and private agencies and organizations. Such procedures and agreements shall include the provision of appropriate assistance to individuals who, because of their physical or mental condition, are limited in their ability to furnish the information needed in connection with the making of such determinations.

(I)(i) The Commissioner shall enter into an agreement, with any interested State or local institution comprising a jail, prison, penal institution, or correctional facility, or with any other interested State or local institution a purpose of which is to confine individuals as described in section 202(x)(1)(A)(ii), under which—

(II) the Commissioner shall pay to any such institution, with respect to each individual who receives in the month preceding the first month throughout which such individual is an inmate of the jail, prison, penal institution, or correctional facility that furnishes information respecting such individual pursuant to subclause (I), or is confined in the institution (that so furnishes such information) as described in section 202(x)(1)(A)(ii), a benefit under this title for such preceding month, and who is determined by the Commissioner to be ineligible for benefits under this title by reason of confinement based on the information provided by such institution, \$400 (subject to reduction under clause (ii)) if the institution furnishes the information described in subclause (I) to the Commissioner within 15 days after the date such individual becomes an inmate of such institution, or \$200 (subject to reduction under clause (ii)) if the institution furnishes such information after 15 days after such date but within 90 days after such date.

(ii) The dollar amounts specified in clause (i)(II) shall be reduced by 50 percent if the Commissioner is also required to make

a payment to the institution with respect to the same individual under an agreement entered into under section 202(x)(3)(B).

(iii) The Commissioner shall provide, on a reimbursable basis,⁵ information obtained pursuant to agreements entered into under clause (i) to any Federal or federally-assisted cash, food, or medical assistance program for eligibility and other administrative purposes under such program, for statistical and research activities conducted by Federal and State agencies, and to the Secretary of the Treasury for the purposes of tax administration, debt collection, and identifying, preventing, and recovering improper payments under federally funded programs.

(iv) Payments to institutions required by clause (i)(II) shall be made from funds otherwise available for the payment of benefits under this title and shall be treated as direct spending for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985.

(v)(I) The Commissioner may disclose information received pursuant to this paragraph to any officer, employee, agent, or contractor of the Department of the Treasury whose official duties require such information to assist in the identification, prevention, and recovery of improper payments or in the collection of delinquent debts owed to the United States, including payments certified by the head of an executive, judicial, or legislative paying agency, and payments made to individuals whose eligibility, or continuing eligibility, to participate in a Federal program (including those administered by a State or political subdivision thereof) is being reviewed.

(II) Notwithstanding the provisions of section 552a of title 5, United States Code, or any other provision of Federal or State law, the Secretary of the Treasury may compare information disclosed under subclause (I) with any other personally identifiable information derived from a Federal system of records or similar records maintained by a Federal contractor, a Federal grantee, or an entity administering a Federal program or activity and may redisclose such comparison of information to any paying or administering agency and to the head of the Federal Bureau of Prisons and the head of any State agency charged with the administration of prisons with respect to inmates whom the Secretary of the Treasury has determined may have been issued, or facilitated in the issuance of, an improper payment.

(III) The comparison of information disclosed under subclause (I) shall not be considered a matching program for purposes of section 552a of title 5, United States Code.

(J) For the purpose of carrying out this paragraph, the Commissioner of Social Security shall conduct periodic computer matches with data maintained by the Secretary of Health and Human Services under title XVIII or XIX. ⁵Section 204 of the Foster Care Independence Act of 1999 (P.L. 106–169) amended this clause (before its redesignation by section 402(c)(1)(B) of P.L. 106–170; 113 Stat. 1909) “by striking ‘is authorized to’ and inserting ‘shall’”. Section 402(a)(3)(B) of the Ticket to Work and Work Incentives Improvement Act of 1999 (P.L. 106–170) attempts to amend this clause “by striking ‘is authorized to provide, on a reimbursable basis,’ and inserting ‘shall maintain, and shall provide on a reimbursable basis,’”. (2) No person shall be an eligible individual or eligible spouse for purposes of this title if, after notice to such person by the Commissioner of Social Security that it is likely that such person is eligible for any payments of the type enumerated in section 1612(a)(2)(B), such person fails within 30 days to take all appropriate steps to apply for and (if eligible) obtain any such payments.

(3) Notwithstanding anything to the contrary in the criteria being used by the Commissioner of Social Security in determining when a husband and wife are to be considered two eligible individuals for purposes of this title and when they are to be considered an eligible individual with an eligible spouse, the State agency administering or supervising the administration of a State plan under any other program under this Act may (in the administration of such plan) treat a husband and wife living in the same medical treatment facility described in paragraph (1)(B) as though they were an eligible individual with his or her eligible spouse for purposes of this title (rather than two eligible individuals), after they have continuously lived in the same such facility for 6 months, if treating such husband and wife as two eligible individuals would prevent either of them from receiving benefits or assistance under such plan or reduce the amount thereof.

(4)(A) No person shall be considered an eligible individual or eligible spouse for purposes of this title with respect to any month if during such month the person is—

(i) fleeing to avoid prosecution, or custody or confinement after conviction, under the laws of the place from which the person flees, for a crime, or an attempt to commit a crime, which is a felony under the laws of the place from which the person flees, or, in jurisdictions that do not define crimes as felonies, is punishable by death or imprisonment for a term exceeding 1 year regardless of the actual sentence imposed; or

(ii) violating a condition of probation or parole imposed under Federal or State law.

(B) Notwithstanding subparagraph (A), the Commissioner shall, for good cause shown, treat the person referred to in subparagraph (A) as an eligible individual or eligible spouse if the Commissioner determines that—

(i) a court of competent jurisdiction has found the person not guilty of the criminal offense, dismissed the charges relating to the criminal offense, vacated the warrant for arrest of the person for the criminal offense, or issued any similar exonerating order (or taken similar exonerating action), or

(ii) the person was erroneously implicated in connection with the criminal offense by reason of identity fraud.

(C) Notwithstanding subparagraph (A), the Commissioner may, for good cause shown based on mitigating circumstances, treat the person referred to in subparagraph (A) as an eligible individual or eligible spouse if the Commissioner determines that—

(i) the offense described in subparagraph (A)(i) or underlying the imposition of the probation or parole described in subparagraph (A)(ii) was nonviolent and not drug-related, and

(ii) in the case of a person who is not considered an eligible individual or eligible spouse pursuant to subparagraph (A)(ii), the action that resulted in the violation of a condition of probation or parole was nonviolent and not drug-related.

(5) Notwithstanding any other provision of law (other than section 6103 of the Internal Revenue Code of 1986 and section 1106(c) of this Act), the Commissioner shall furnish any Federal, State, or local law enforcement officer, upon the written request of the officer, with the current address, Social Security number, and photograph (if applicable) of any recipient of benefits under this title, if the officer furnishes the Commissioner with the name of the recipient, and other identifying information as reasonably required by the Commissioner to establish the unique identity of the recipient, and notifies the Commissioner that—

(A) the recipient is described in clause (i) or (ii) of paragraph (4)(A); and

(B) the location or apprehension of the recipient is within the officer's official duties.

For purposes of the preceding sentence, after an individual has been outside the United States for any period of 30 consecutive days, he shall be treated as remaining outside the United States until he has been in the United States for a period of 30 consecutive days.

(2) For a period of not more than 1 year, the first sentence of paragraph (1) shall not apply to any individual who—

(A) was eligible to receive a benefit under this title for the month immediately preceding the first month during all of which the individual was outside the United States; and

(B) demonstrates to the satisfaction of the Commissioner of Social Security that the absence of the individual from the United States will be—

(i) for not more than 1 year; and

(ii) for the purpose of conducting studies as part of an educational program that is—

(I) designed to substantially enhance the ability of the individual to engage in gainful employment;

(II) sponsored by a school, college, or university in the United States; and

(III) not available to the individual in the United States.

(h) In determining eligibility for, and the amount of, benefits payable under this section in the case of any individual or any individual and his spouse (as the case may be) who—

(1) received aid or assistance for December 1973 under a plan of a State approved under title X or XVI,

Disposition of Resources

(b)(1) The Commissioner of Social Security shall prescribe the period or periods of time within which, and the manner in which, various kinds of property must be disposed of in order not to be included in determining an individual's eligibility for benefits. Any portion of the individual's benefits paid for any such period shall be conditioned upon such disposal; and any benefits so paid shall (at the time of the disposal) be considered overpayments to the extent they would not have been paid had the disposal occurred at the beginning of the period for which such benefits were paid.

(2) Notwithstanding the provisions of paragraph (1), the Commissioner of Social Security shall not require the disposition of any real property for so long as it cannot be sold because (A) it is jointly owned (and its sale would cause undue hardship, due to loss of housing, for the other owner or owners), (B) its sale is barred by a legal impediment, or (C) as determined under regulations issued by the Commissioner of Social Security, the owner's reasonable efforts to sell it have been unsuccessful.

Disposal of Resources for Less Than Fair Market Value

(c)(1)(A)(i) If an individual or the spouse of an individual disposes of resources for less than fair market value on or after the look-back date described in clause (ii)(I), the individual is ineligible for benefits under this title for months during the period beginning on the date described in clause (iii) and equal to the number of months calculated as provided in clause (iv).

(ii)(I) The look-back date described in this subclause is a date that is 36 months before the date described in subclause (II).

(II) The date described in this subclause is the date on which the individual applies for benefits under this title or, if later, the date on which the individual (or the spouse of the individual) disposes of resources for less than fair market value.

(iii) The date described in this clause is the first day of the first month in or after which resources were disposed of for less than fair market value and which does not occur in any other period of ineligibility under this paragraph.

(iv) The number of months calculated under this clause shall be equal to—

(I) the total, cumulative uncompensated value of all resources so disposed of by the individual (or the spouse of the

individual) on or after the look-back date described in clause (ii)(I); divided by

(II) the amount of the maximum monthly benefit payable under section 1611(b), plus the amount (if any) of the maximum State supplementary payment corresponding to the State's payment level applicable to the individual's living arrangement and eligibility category that would otherwise be payable to the individual by the Commissioner pursuant to an agreement under section 1616(a) of this Act or section 212(b) of Public Law 93-66, for the month in which occurs the date described in clause (ii)(II),

rounded, in the case of any fraction, to the nearest whole number, but shall not in any case exceed 36 months.

(B)(i) Notwithstanding subparagraph (A), this subsection shall not apply to a transfer of a resource to a trust if the portion of the trust attributable to the resource is considered a resource available to the individual pursuant to subsection (e)(3) (or would be so considered but for the application of subsection (e)(4)).

(ii) In the case of a trust established by an individual or an individual's spouse (within the meaning of subsection (e)), if from such portion of the trust, if any, that is considered a resource available to the individual pursuant to subsection (e)(3) (or would be so considered but for the application of subsection (e)(4)) or the residue of the portion on the termination of the trust—

(I) there is made a payment other than to or for the benefit of the individual; or

(II) no payment could under any circumstance be made to the individual,

then, for purposes of this subsection, the payment described in clause (I) or the foreclosure of payment described in clause (II) shall be considered a transfer of resources by the individual or the individual's spouse as of the date of the payment or foreclosure, as the case may be.

(C) An individual shall not be ineligible for benefits under this title by reason of the application of this paragraph to a disposal of resources by the individual or the spouse of the individual, to the extent that—

(i) the resources are a home and title to the home was transferred to—

(I) the spouse of the transferor;

(II) a child of the transferor who has not attained 21 years of age, or is blind or disabled;

(III) a sibling of the transferor who has an equity interest in such home and who was residing in the transferor's home for a period of at least 1 year immediately before the date the transferor becomes an institutionalized individual; or

(IV) a son or daughter of the transferor (other than a child described in subclause (II)) who was residing in the transferor's home for a period of at least 2 years immediately before the date the transferor becomes an institutionalized individual, and who provided care to the transferor which permitted the transferor to reside at home rather than in such an institution or facility;

- (ii) the resources—
 - (I) were transferred to the transferor's spouse or to another for the sole benefit of the transferor's spouse;
 - (II) were transferred from the transferor's spouse to another for the sole benefit of the transferor's spouse;
 - (III) were transferred to, or to a trust (including a trust described in section 1917(d)(4)) established solely for the benefit of, the transferor's child who is blind or disabled; or
 - (IV) were transferred to a trust (including a trust described in section 1917(d)(4)) established solely for the benefit of an individual who has not attained 65 years of age and who is disabled;
 - (iii) a satisfactory showing is made to the Commissioner of Social Security (in accordance with regulations promulgated by the Commissioner) that—
 - (I) the individual who disposed of the resources intended to dispose of the resources either at fair market value, or for other valuable consideration;
 - (II) the resources were transferred exclusively for a purpose other than to qualify for benefits under this title; or
 - (III) all resources transferred for less than fair market value have been returned to the transferor; or
 - (iv) the Commissioner determines, under procedures established by the Commissioner, that the denial of eligibility would work an undue hardship as determined on the basis of criteria established by the Commissioner.
- (D) For purposes of this subsection, in the case of a resource held by an individual in common with another person or persons in a joint tenancy, tenancy in common, or similar arrangement, the resource (or the affected portion of such resource) shall be considered to be disposed of by the individual when any action is taken, either by the individual or by any other person, that reduces or eliminates the individual's ownership or control of such resource.
- (E) In the case of a transfer by the spouse of an individual that results in a period of ineligibility for the individual under this subsection, the Commissioner shall apportion the period (or any portion of the period) among the individual and the individual's spouse if the spouse becomes eligible for benefits under this title.
- (F) For purposes of this paragraph—
- (i) the term "benefits under this title" includes payments of the type described in section 1616(a) of this Act and of the type described in section 212(b) of Public Law 93-66;

 - (iii) the term "trust" has the meaning given such term in subsection (e)(6)(A) of this section.
- (2)(A) At the time an individual (and the individual's eligible spouse, if any) applies for benefits under this title, and at the time the eligibility of an individual (and such spouse, if any) for such benefits is redetermined, the Commissioner of Social Security shall—

(i) inform such individual of the provisions of paragraph (1) and section 1917(c) providing for a period of ineligibility for benefits under this title and title XIX, respectively, for individuals who make certain dispositions of resources for less than fair market value, and inform such individual that information obtained pursuant to clause (ii) will be made available to the State agency administering a State plan under title XIX (as provided in subparagraph (B)); and

(ii) obtain from such individual information which may be used in determining whether or not a period of ineligibility for such benefits would be required by reason of paragraph (1) or section 1917(c).

(B) The Commissioner of Social Security shall make the information obtained under subparagraph (A)(ii) available, on request, to any State agency administering a State plan approved under title XIX.

Funds Set Aside for Burial Expenses

(d)(1) In determining the resources of an individual, there shall be excluded an amount, not in excess of \$1,500 each with respect to such individual and his spouse (if any), that is separately identifiable and has been set aside to meet the burial and related expenses of such individual or spouse.

(2) The amount of \$1,500, referred to in paragraph (1), with respect to an individual shall be reduced by an amount equal to (A) the total face value of all insurance policies on his life which are owned by him or his spouse and the cash surrender value of which has been excluded in determining the resources of such individual or of such individual and his spouse, and (B) the total of any amounts in an irrevocable trust (or other irrevocable arrangement) available to meet the burial and related expenses of such individual or his spouse.

(3) If the Commissioner of Social Security finds that any part of the amount excluded under paragraph (1) was used for purposes other than those for which it was set aside in cases where the inclusion of any portion of the amount would cause the resources of such individual, or of such individual and spouse, to exceed the limits specified in paragraph (1) or (2) (whichever may be applicable) of section 1611(a), he shall reduce any future benefits payable to the eligible individual (or to such individual and his spouse) by an amount equal to such part.

(4) The Commissioner of Social Security may provide by regulations that whenever an amount set aside to meet burial and related expenses is excluded under paragraph (1) in determining the resources of an individual, any interest earned or accrued on such amount (and left to accumulate), and any appreciation in the value of prepaid burial arrangements for which such amount was set aside, shall also be excluded (to such extent and subject to such conditions or limitations as such regulations may prescribe) in determining the resources (and the income) of such individual.

(2)(A) For purposes of this subsection, an individual shall be considered to have established a trust if any assets of the individual (or of the individual's spouse) are transferred to the trust other than by will.

(B) In the case of an irrevocable trust to which are transferred the assets of an individual (or of the individual's spouse) and the assets of any other person, this subsection shall apply to the portion of the trust attributable to the assets of the individual (or of the individual's spouse).

(C) This subsection shall apply to a trust without regard to—

- (i) the purposes for which the trust is established;
- (ii) whether the trustees have or exercise any discretion under the trust;
- (iii) any restrictions on when or whether distributions may be made from the trust; or
- (iv) any restrictions on the use of distributions from the trust.

(3)(A) In the case of a revocable trust established by an individual, the corpus of the trust shall be considered a resource available to the individual.

(B) In the case of an irrevocable trust established by an individual, if there are any circumstances under which payment from the trust could be made to or for the benefit of the individual (or of the individual's spouse), the portion of the corpus from which payment to or for the benefit of the individual (or of the individual's spouse) could be made shall be considered a resource available to the individual.

(4) The Commissioner of Social Security may waive the application of this subsection with respect to an individual if the Commissioner determines that such application would work an undue hardship (as determined on the basis of criteria established by the Commissioner) on the individual.

(5) This subsection shall not apply to a trust described in subparagraph (A) or (C) of section 1917(d)(4).

(6) For purposes of this subsection—

(A) the term “trust” includes any legal instrument or device that is similar to a trust;

(B) the term “corpus” means, with respect to a trust, all property and other interests held by the trust, including accumulated earnings and any other addition to the trust after its establishment (except that such term does not include any such earnings or addition in the month in which the earnings or addition is credited or otherwise transferred to the trust); and

(ii) the Commissioner of Social Security shall apply the eligibility criteria for new applicants for benefits under title XVI of such Act;

(iii) the Commissioner shall give such redetermination priority over all continuing eligibility reviews and other reviews under such title; and

(iv) such redetermination shall be counted as a review or redetermination otherwise required to be made under section 208 of the Social Security Independence and Program Improvements Act of 1994 or any other provision of title XVI of the Social Security Act.

(B) GRANDFATHER PROVISION.—The provisions of, and amendments made by, subsections (a) and (b) of this section, and the redetermination under subparagraph (A), shall only apply with respect to the benefits of an individual described in subparagraph (A) for months beginning on or after the later of July 1, 1997, or the date of the redetermination with respect to such individual.

him to work, there shall be excluded from such earnings an amount equal to the cost (to such individual) of any attendant care services, medical devices, equipment, prostheses, and similar items and services (not including routine drugs or routine medical services unless such drugs or services are necessary for the control of the disabling condition) which are necessary (as determined by the Commissioner of Social Security in regulations) for that purpose, whether or not such assistance is also needed to enable him to carry out his normal daily functions; except that the amounts to be excluded shall be subject to such reasonable limits as the Commissioner of Social Security may prescribe. Notwithstanding the provisions of subparagraph (B), an individual whose services or earnings meet such criteria shall be found not to be disabled. The Commissioner of Social Security shall make determinations under this title with respect to substantial gainful activity, without regard to the legality of the activity.

(F) Notwithstanding the provisions of subparagraphs (A) through (E), an individual shall also be considered to be disabled for purposes of this title if he is permanently and totally disabled as defined under a State plan approved under title XIV or XVI as in effect for October 1972 and received aid under such plan (on the basis of disability) for December 1973 (and for at least one month prior to July 1973), so long as he is continuously disabled as so defined.

(G) In determining whether an individual's physical or mental impairment or impairments are of a sufficient medical severity that such impairment or impairments could be the basis of eligibility under this section, the Commissioner of Social Security shall consider the combined effect of all of the individual's impairments without regard to whether any such impairment, if considered separately, would be of such severity. If the Commissioner of Social Security does find a medically severe combination of impairments, the combined impact of the impairments shall be considered throughout the disability determination process.

(H)(i) In making determinations with respect to disability under this title, the provisions of sections 221(h), 221(k), and 223(d)(5) shall apply in the same manner as they apply to determinations of disability under title II.

(ii)(I) Not less frequently than once every 3 years, the Commissioner shall review in accordance with paragraph (4) the continued eligibility for benefits under this title of each individual who has not attained 18 years of age and is eligible for such benefits by reason of an impairment (or combination of impairments) which is likely to improve (or, at the option of the Commissioner, which is unlikely to improve).

(II) A representative payee of a recipient whose case is reviewed under this clause shall present, at the time of review, evidence demonstrating that the recipient is, and has been, receiving treatment, to the extent considered medically necessary and available, of the condition which was the basis for providing benefits under this title.

(III) If the representative payee refuses to comply without good cause with the requirements of subclause (II), the Commissioner of Social Security shall, if the Commissioner determines it is in the

best interest of the individual, promptly suspend payment of benefits to the representative payee, and provide for payment of benefits to an alternative representative payee of the individual or, if the interest of the individual under this title would be served thereby, to the individual.

(IV) Subclause (II) shall not apply to the representative payee of any individual with respect to whom the Commissioner determines such application would be inappropriate or unnecessary. In making such determination, the Commissioner shall take into consideration the nature of the individual's impairment (or combination of impairments). Section 1631(c) shall not apply to a finding by the Commissioner that the requirements of subclause (II) should not apply to an individual's representative payee.

(iii) If an individual is eligible for benefits under this title by reason of disability for the month preceding the month in which the individual attains the age of 18 years, the Commissioner shall redetermine such eligibility—

(I) by applying the criteria used in determining initial eligibility for individuals who are age 18 or older; and

(II) either during the 1-year period beginning on the individual's 18th birthday or, in lieu of a continuing disability review, whenever the Commissioner determines that an individual's case is subject to a redetermination under this clause.

With respect to any redetermination under this clause, paragraph (4) shall not apply.

(iv)(I) Except as provided in subclause (VI), not later than 12 months after the birth of an individual, the Commissioner shall review in accordance with paragraph (4) the continuing eligibility for benefits under this title by reason of disability of such individual whose low birth weight is a contributing factor material to the Commissioner's determination that the individual is disabled.

(II) A review under subclause (I) shall be considered a substitute for a review otherwise required under any other provision of this subparagraph during that 12-month period.

(III) A representative payee of a recipient whose case is reviewed under this clause shall present, at the time of review, evidence demonstrating that the recipient is, and has been, receiving treatment, to the extent considered medically necessary and available, of the condition which was the basis for providing benefits under this title.

(IV) If the representative payee refuses to comply without good cause with the requirements of subclause (III), the Commissioner of Social Security shall, if the Commissioner determines it is in the best interest of the individual, promptly suspend payment of benefits to the representative payee, and provide for payment of benefits to an alternative representative payee of the individual or, if the interest of the individual under this title would be served thereby, to the individual.

(V) Subclause (III) shall not apply to the representative payee of any individual with respect to whom the Commissioner determines such application would be inappropriate or unnecessary. In making such determination, the Commissioner shall take into consideration the nature of the individual's impairment (or combination of impairments). Section 1631(c) shall not apply to a finding

by the Commissioner that the requirements of subclause (III) should not apply to an individual's representative payee.

(VI) Subclause (I) shall not apply in the case of an individual described in that subclause who, at the time of the individual's initial disability determination, the Commissioner determines has an impairment that is not expected to improve within 12 months after the birth of that individual, and who the Commissioner schedules for a continuing disability review at a date that is after the individual attains 1 year of age.

(I) In making any determination under this title with respect to the disability of an individual who has not attained the age of 18 years and to whom section 221(h) does not apply, the Commissioner of Social Security shall make reasonable efforts to ensure that a qualified pediatrician or other individual who specializes in a field of medicine appropriate to the disability of the individual (as determined by the Commissioner of Social Security) evaluates the case of such individual.

(J) Notwithstanding subparagraph (A), an individual shall not be considered to be disabled for purposes of this title if alcoholism or drug addiction would (but for this subparagraph) be a contributing factor material to the Commissioner's determination that the individual is disabled.

(4) A recipient of benefits based on disability under this title may be determined not to be entitled to such benefits on the basis of a finding that the physical or mental impairment on the basis of which such benefits are provided has ceased, does not exist, or is not disabling only if such finding is supported by—

(A) in the case of an individual who is age 18 or older—

(i) substantial evidence which demonstrates that—

(I) there has been any medical improvement in the individual's impairment or combination of impairments (other than medical improvement which is not related to the individual's ability to work), and

(II) the individual is now able to engage in substantial gainful activity; or

(ii) substantial evidence (except in the case of an individual eligible to receive benefits under section 1619) which—

(I) consists of new medical evidence and a new assessment of the individual's residual functional capacity, and demonstrates that—

(aa) although the individual has not improved medically, he or she is nonetheless a beneficiary of advances in medical or vocational therapy or technology (related to the individual's ability to work), and

(bb) the individual is now able to engage in substantial gainful activity, or

(II) demonstrates that—

(aa) although the individual has not improved medically, he or she has undergone vocational therapy (related to the individual's ability to work), and

(bb) the individual is now able to engage in substantial gainful activity; or

(iii) substantial evidence which demonstrates that, as determined on the basis of new or improved diagnostic tech-

niques or evaluations, the individual's impairment or combination of impairments is not as disabling as it was considered to be at the time of the most recent prior decision that he or she was under a disability or continued to be under a disability, and that therefore the individual is able to engage in substantial gainful activity; or

(B) in the case of an individual who is under the age of 18—

(i) substantial evidence which demonstrates that there has been medical improvement in the individual's impairment or combination of impairments, and that such impairment or combination of impairments no longer results in marked and severe functional limitations; or

(ii) substantial evidence which demonstrates that, as determined on the basis of new or improved diagnostic techniques or evaluations, the individual's impairment or combination of impairments, is not as disabling as it was considered to be at the time of the most recent prior decision that the individual was under a disability or continued to be under a disability, and such impairment or combination of impairments does not result in marked and severe functional limitations; or

(C) in the case of any individual, substantial evidence (which may be evidence on the record at the time any prior determination of the entitlement to benefits based on disability was made, or newly obtained evidence which relates to that determination) which demonstrates that a prior determination was in error.

Nothing in this paragraph shall be construed to require a determination that an individual receiving benefits based on disability under this title is entitled to such benefits if the prior determination was fraudulently obtained or if the individual is engaged in substantial gainful activity, cannot be located, or fails, without good cause, to cooperate in a review of his or her entitlement or to follow prescribed treatment which would be expected (i) to restore his or her ability to engage in substantial gainful activity, or (ii) in the case of an individual under the age of 18, to eliminate or improve the individual's impairment or combination of impairments so that it no longer results in marked and severe functional limitations. Any determination under this paragraph shall be made on the basis of all the evidence available in the individual's case file, including new evidence concerning the individual's prior or current condition which is presented by the individual or secured by the Commissioner of Social Security. Any determination made under this paragraph shall be made on the basis of the weight of the evidence and on a neutral basis with regard to the individual's condition, without any initial inference as to the presence or absence of disability being drawn from the fact that the individual has previously been determined to be disabled.

Eligible Spouse

(b) For purposes of this title, the term "eligible spouse" means an aged, blind, or disabled individual who is the husband or wife

of another aged, blind, or disabled individual, and who, in a month, is living with such aged, blind, or disabled individual on the first day of the month or, in any case in which either spouse files an application for benefits, on the first day of the month following the date the application is filed, or, in any case in which either spouse requests restoration of eligibility under this title during the month, at the time the request is filed. If two aged, blind, or disabled individuals are husband and wife as described in the preceding sentence, only one of them may be an "eligible individual" within the meaning of section 1611(a).

Definition of Child

(c) For purposes of this title, the term "child" means an individual who is neither married nor (as determined by the Commissioner of Social Security) the head of a household, and who is (1) under the age of eighteen, or (2) under the age of twenty-two and (as determined by the Commissioner of Social Security) a student regularly attending a school, college, or university, or a course of vocational or technical training designed to prepare him for gainful employment.

Determination of Marital Relationships

(d) In determining whether two individuals are husband and wife for purposes of this title, appropriate State law shall be applied; except that—

(1) if a man and woman have been determined to be husband and wife under section 216(h)(1) for purposes of title II they shall be considered (from and after the date of such determination or the date of their application for benefits under this title, whichever is later) to be husband and wife for purposes of this title, or

(2) if a man and woman are found to be holding themselves out to the community in which they reside as husband and wife, they shall be so considered for purposes of this title notwithstanding any other provision of this section.

United States

(e) For purposes of this title, the term "United States", when used in a geographical sense, means the 50 States and the District of Columbia.

Income and Resources of Individuals Other Than Eligible Individuals and Eligible Spouses

(f)(1) For purposes of determining eligibility for and the amount of benefits for any individual who is married and whose spouse is living with him in the same household but is not an eligible spouse, such individual's income and resources shall be deemed to include any income and resources of such spouse, whether or not available to such individual, except to the extent determined by the Commissioner of Social Security to be inequitable under the circumstances.

(2)(A) For purposes of determining eligibility for and the amount of benefits for any individual who is a child under age 18, such individual's income and resources shall be deemed to include any income and resources of a parent of such individual (or the spouse of such a parent) who is living in the same household as such individual, whether or not available to such individual, except to the extent determined by the Commissioner of Social Security to be inequitable under the circumstances.

(B) Subparagraph (A) shall not apply in the case of any child who has not attained the age of 18 years who—

- (i) is disabled;
- (ii) received benefits under this title, pursuant to section 1611(e)(1)(B), while in an institution described in section 1611(e)(1)(B);
- (iii) is eligible for medical assistance under a State home care plan approved by the Secretary under the provisions of section 1915(c) relating to waivers, or authorized under section 1902(e)(3); and
- (iv) but for this subparagraph, would not be eligible for benefits under this title.

(3) For purposes of determining eligibility for and the amount of benefits for any individual who is an alien, such individual's income and resources shall be deemed to include the income and resources of his sponsor and such sponsor's spouse (if such alien has a sponsor) as provided in section 1621. Any such income deemed to be income of such individual shall be treated as unearned income of such individual.

(4) For purposes of paragraphs (1) and (2), a spouse or parent (or spouse of such a parent) who is absent from the household in which the individual lives due solely to a duty assignment as a member of the Armed Forces on active duty shall, in the absence of evidence to the contrary, be deemed to be living in the same household as the individual.

REHABILITATION SERVICES FOR BLIND AND DISABLED INDIVIDUALS

SEC. 1615. [42 U.S.C. 1382d] (a) In the case of any blind or disabled individual who—

- (1) has not attained age 16; and

[(b) Repealed.]

[(c) Repealed.]

(d) The Commissioner of Social Security is authorized to reimburse the State agency administering or supervising the administration of a State plan for vocational rehabilitation services approved under title I of the Rehabilitation Act of 1973 for the costs incurred under such plan in the provision of rehabilitation services to individuals who are referred for such services pursuant to subsection (a) (1),⁹ in cases where the furnishing of such services results in the performance by such individuals of substantial gainful

activity for a continuous period of nine months, (2) in cases where such individuals receive benefits as a result of section 1631(a)(6) (except that no reimbursement under this subsection shall be made for services furnished to any individual receiving such benefits for any period after the close of such individual's ninth consecutive month of substantial gainful activity or the close of the month with which his or her entitlement to such benefits ceases, whichever first occurs), and (3) in cases where such individuals, without good cause, refuse to continue to accept vocational rehabilitation services or fail to cooperate in such a manner as to preclude their successful rehabilitation. The determination that the vocational rehabilitation services contributed to the successful return of an individual to substantial gainful activity, the determination that an individual, without good cause, refused to continue to accept vocational rehabilitation services or failed to cooperate in such a manner as to preclude successful rehabilitation, and the determination of the amount of costs to be reimbursed under this subsection shall be made by the Commissioner of Social Security in accordance with criteria determined by the Commissioner in the same manner as under section 222(d)(1).

(e) The Commissioner of Social Security may reimburse the State agency described in subsection (d) for the costs described therein incurred in the provision of rehabilitation services—

- (1) for any month for which an individual received—
 - (A) benefits under section 1611 or 1619(a);
 - (B) assistance under section 1619(b); or
 - (C) a federally administered State supplementary payment under section 1616 of this Act or section 212(b) of Public Law 93–66; and
- (2) for any month before the 13th consecutive month for which an individual, for a reason other than cessation of disability or blindness, was ineligible for—

 - (B) assistance under section 1619(b); or
 - (C) a federally administered State supplementary payment under section 1616 of this Act or section 212(b) of Public Law 93–66.

OPTIONAL STATE SUPPLEMENTATION

SEC. 1616. [42 U.S.C. 1382e] (a) Any cash payments which are made by a State (or political subdivision thereof) on a regular basis to individuals who are receiving benefits under this title or who would but for their income be eligible to receive benefits under this title, as assistance based on need in supplementation of such benefits (as determined by the Commissioner of Social Security), shall be excluded under section 1612(b)(6) in determining the income of such individuals for purposes of this title and the Commissioner of Social Security and such State may enter into an agreement which satisfies subsection (b) under which the Commissioner of Social Security will, on behalf of such State (or subdivision) make such supplementary payments to all such individuals.

(b) Any agreement between the Commissioner of Social Security and a State entered into under subsection (a) shall provide—

(1) that such payments will be made (subject to subsection (c)) to all individuals residing in such State (or subdivision) who are receiving benefits under this title, and

(2) such other rules with respect to eligibility for or amount of the supplementary payments, and such procedural or other general administrative provisions, as the Commissioner of Social Security finds necessary (subject to subsection (c)) to achieve efficient and effective administration of both the program which the Commission conducts under this title and the optional State supplementation.

At the option of the State (but subject to paragraph (2) of this subsection), the agreement between the Commissioner of Social Security and such State entered into under subsection (a) shall be modified to provide that the Commissioner of Social Security will make supplementary payments, on and after an effective date to be specified in the agreement as so modified, to individuals receiving benefits determined under section 1611(e)(1)(B).

(c)(1) Any State (or political subdivision) making supplementary payments described in subsection (a) may at its option impose as a condition of eligibility for such payments, and include in the State's agreement with the Commissioner of Social Security under such subsection, a residence requirement which excludes individuals who have resided in the State (or political subdivision) for less than a minimum period prior to application for such payments.

(2) Any State (or political subdivision), in determining the eligibility of any individual for supplementary payments described in subsection (a), may disregard amounts of earned and unearned income in addition to other amounts which it is required or permitted to disregard under this section in determining such eligibility, and shall include a provision specifying the amount of any such income that will be disregarded, if any.

(3) Any State (or political subdivision) making supplementary payments described in subsection (a) shall have the option of making such payments to individuals who receive benefits under this title under the provisions of section 1619, or who would be eligible to receive such benefits but for their income.

(d)(1) Any State which has entered into an agreement with the Commissioner of Social Security under this section which provides that the Commissioner of Social Security will, on behalf of the State (or political subdivision), make the supplementary payments to individuals who are receiving benefits under this title (or who would but for their income be eligible to receive such benefits), shall, in accordance with paragraph (5), pay to the Commissioner of Social Security an amount equal to the expenditures made by the Commissioner of Social Security as such supplementary payments, plus an administration fee assessed in accordance with paragraph (2) and any additional services fee charged in accordance with paragraph (3).

(2)(A) The Commissioner of Social Security shall assess each State an administration fee in an amount equal to—

- (i) the number of supplementary payments made by the Commissioner of Social Security on behalf of the State under this section for any month in a fiscal year; multiplied by
- (ii) the applicable rate for the fiscal year.

(B) As used in subparagraph (A), the term “applicable rate” means—

- (i) for fiscal year 1994, \$1.67;
- (ii) for fiscal year 1995, \$3.33;
- (iii) for fiscal year 1996, \$5.00;
- (iv)¹⁰ for fiscal year 1997, \$5.00;
- (v) for fiscal year 1998, \$6.20;
- (vi) for fiscal year 1999, \$7.60;
- (vii) for fiscal year 2000, \$7.80;
- (viii) for fiscal year 2001, \$8.10;
- (ix) for fiscal year 2002, \$8.50; and
- (x) for fiscal year 2003 and each succeeding fiscal year—

(I) the applicable rate in the preceding fiscal year, increased by the percentage, if any, by which the Consumer Price Index for the month of June of the calendar year of the increase exceeds the Consumer Price Index for the month of June of the calendar year preceding the calendar year of the increase, and rounded to the nearest whole cent; or

(II) such different rate as the Commissioner determines is appropriate for the State.

(C) Upon making a determination under subparagraph (B)(x)(II)¹¹, the Commissioner of Social Security shall promulgate the determination in regulations, which may take into account the complexity of administering the State’s supplementary payment program.

(D) All fees assessed pursuant to this paragraph shall be transferred to the Commissioner of Social Security at the same time that amounts for such supplementary payments are required to be so transferred.

(3)(A) The Commissioner of Social Security may charge a State an additional services fee if, at the request of the State, the Commissioner of Social Security provides additional services beyond the level customarily provided, in the administration of State supplementary payments pursuant to this section.

(B) The additional services fee shall be in an amount that the Commissioner of Social Security determines is necessary to cover all costs (including indirect costs) incurred by the Federal Government in furnishing the additional services referred to in subparagraph (A).

(4)¹²(A) The first \$5 of each administration fee assessed pursuant to paragraph (2), upon collection, shall be deposited in the gen-

¹⁰ Section 516(a)(1)(A) of the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1998 (Public Law 105-78) amends this subparagraph by striking “and” at the end of clause (iii), by striking clause (iv) and inserting clauses (iv) through (x). These amendments were duplicative as a result of the amendments made by section 5102(a)(1)(A) of the Balanced Budget Act of 1997 (111 Stat. 595).

¹¹ Section 516(a)(1)(B) of the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1998 (Public Law 105-78; 111 Stat. 1518) amends subparagraph (C) by striking “(B)(iv)” and inserting “(B)(x)(II)”. This amendment was already executed by section 5102(a)(1)(B) of the Balanced Budget Act of 1997 (111 Stat. 595).

(B) That portion of each administration fee in excess of \$5, and 100 percent of each additional services fee charged pursuant to paragraph (3), upon collection for fiscal year 1998 and each subsequent fiscal year, shall be credited to a special fund established in the Treasury of the United States for State supplementary payment fees. The amounts so credited, to the extent and in the amounts provided in advance in appropriations Acts, shall be available to defray expenses incurred in carrying out this title and related laws.

(5)(A)(i) Any State which has entered into an agreement with the Commissioner of Social Security under this section shall remit the payments and fees required under this subsection with respect to monthly benefits paid to individuals under this title no later than—

(I) the business day preceding the date that the Commissioner pays such monthly benefits; or

(II) with respect to such monthly benefits paid for the month that is the last month of the State's fiscal year, the fifth business day following such date.

(ii) The Commissioner may charge States a penalty in an amount equal to 5 percent of the payment and the fees due if the remittance is received after the date required by clause (i).

(B) The Cash Management Improvement Act of 1990 shall not apply to any payments or fees required under this subsection that are paid by a State before the date required by subparagraph (A)(i).

(C) Notwithstanding subparagraph (A)(i), the Commissioner may make supplementary payments on behalf of a State with funds appropriated for payment of benefits under this title, and subsequently to be reimbursed for such payments by the State at such times as the Commissioner and State may agree. Such authority may be exercised only if extraordinary circumstances affecting a State's ability to make payment when required by subparagraph (A)(i) are determined by the Commissioner to exist.

(e)(1) Each State shall establish or designate one or more State or local authorities which shall establish, maintain, and insure the enforcement of standards for any category of institutions, foster homes, or group living arrangements in which (as determined by the State) a significant number of recipients of supplemental security income benefits is residing or is likely to reside. Such standards shall be appropriate to the needs of such recipients and the character of the facilities involved, and shall govern such matters

The amounts so credited, to the extent and in the amounts provided in advance in appropriations Acts, shall be available to defray expenses incurred in carrying out this title and related laws. The amounts so credited shall not be scored as receipts under section 252 of the Balanced Budget and Emergency Deficit Control Act of 1985, and the amounts so credited shall be credited as a discretionary offset to discretionary spending to the extent that the amounts so credited are made available for expenditure in appropriations Acts.

as admission policies, safety, sanitation, and protection of civil rights.

(2) Each State shall annually make available for public review a summary of the standards established pursuant to paragraph (1), and shall make available to any interested individual a copy of such standards, along with the procedures available in the State to insure the enforcement of such standards and a list of any waivers of such standards and any violations of such standards which have come to the attention of the authority responsible for their enforcement.

(3) Each State shall certify annually to the Commissioner of Social Security that it is in compliance with the requirements of this subsection.

(4) Payments made under this title with respect to an individual shall be reduced by an amount equal to the amount of any supplementary payment (as described in subsection (a)) or other payment made by a State (or political subdivision thereof) which is made for or on account of any medical or any other type of remedial care provided by an institution of the type described in paragraph (1) to such individual as a resident or an inpatient of such institution if such institution is not approved as meeting the standards described in such paragraph by the appropriate State or local authorities.

COST-OF-LIVING ADJUSTMENTS IN BENEFITS

SEC. 1617. [42 U.S.C. 1382f] (a) Whenever benefit amounts under title II are increased by any percentage effective with any month as a result of a determination made under section 215(i)—

(1) each of the dollar amounts in effect for such month under subsections (a)(1)(A), (a)(2)(A), (b)(1), and (b)(2) of section 1611, and subsection (a)(1)(A) of section 211 of Public Law 93–66, as specified in such subsections or as previously increased under this section, shall be increased by the amount (if any) by which—

(A) the amount which would have been in effect for such month under such subsection but for the rounding of such amount pursuant to paragraph (2), exceeds

(B) the amount in effect for such month under such subsection; and

(2) the amount obtained under paragraph (1) with respect to each subsection shall be further increased by the same percentage by which benefit amounts under title II are increased for such month, or, if greater (in any case where the increase under title II was determined on the basis of the wage increase percentage rather than the CPI increase percentage), the percentage by which benefit amounts under title II would be increased for such month if the increase had been determined on the basis of the CPI increase percentage, (and rounded, when not a multiple of \$12, to the next lower multiple of \$12), effective with respect to benefits for months after such month.

(b) The new dollar amounts to be in effect under section 1611 of this title and under section 211 of Public Law 93–66 by reason of subsection (a) of this section shall be published in the Federal Register together with, and at the same time as, the material re-

quired by section 215(i)(2)(D) to be published therein by reason of the determination involved.

(c) Effective July 1, 1983—

(1) each of the dollar amounts in effect under subsections (a)(1)(A) and (b)(1) of section 1611, as previously increased under this section, shall be increased by \$240 (and the dollar amount in effect under subsection (a)(1)(A) of section 211 of Public Law 93–66, as previously so increased, shall be increased by \$120); and

(2) each of the dollar amounts in effect under subsections (a)(2)(A) and (b)(2) of section 1611, as previously increased under this section, shall be increased by \$360.

OPERATION OF STATE SUPPLEMENTATION PROGRAMS

SEC. 1618. [42 U.S.C. 1382g] (a) In order for any State which makes supplementary payments of the type described in section 1616(a) (including payments pursuant to an agreement entered into under section 212(a) of Public Law 93–66), on or after June 30, 1977, to be eligible for payments pursuant to title XIX with respect to expenditures for any calendar quarter which begins—

(1) after June 30, 1977, or, if later,

(2) after the calendar quarter in which it first makes such supplementary payments, such State must have in effect an agreement with the Commissioner of Social Security whereby the State will—

(3) continue to make such supplementary payments, and

(4) maintain such supplementary payments at levels which are not lower than the levels of such payments in effect in December 1976, or, if no such payments were made in that month, the levels for the first subsequent month in which such payments were made.

(b)(1) The Commissioner of Social Security shall not find that a State has failed to meet the requirements imposed by paragraph (4) of subsection (a) with respect to the levels of its supplementary payments for a particular month or months if the State's expenditures for such payments in the twelve-month period (within which such month or months fall) beginning on the effective date of any increase in the level of supplemental security income benefits pursuant to section 1617 are not less than its expenditures for such payments in the preceding twelve-month period.

(2) For purposes of determining under paragraph (1) whether a State's expenditures for supplementary payments in the 12-month period beginning on the effective date of any increase in the level of supplemental security income benefits are not less than the State's expenditures for such payments in the preceding 12-month period, the Commissioner of Social Security, in computing the State's expenditures, shall disregard, pursuant to a 1-time election of the State, all expenditures by the State for retroactive supplementary payments that are required to be made in connection with the retroactive supplemental security income benefits referred to in section 5041 of the Omnibus Budget Reconciliation Act of 1990.

(c) Any State which satisfies the requirements of this section solely by reason of subsection (b) for a particular month or months in any 12-month period (described in such subsection) ending on or

after June 30, 1982, may elect, with respect to any month in any subsequent 12-month period (so described), to apply subsection (a)(4) as though the reference to December 1976 in such subsection were a reference to the month of December which occurred in the 12-month period immediately preceding such subsequent period.

(d) The Commissioner of Social Security shall not find that a State has failed to meet the requirements imposed by paragraph (4) of subsection (a) with respect to the levels of its supplementary payments for any portion of the period July 1, 1980, through June 30, 1981, if the State's expenditures for such payments in that twelve-month period were not less than its expenditures for such payments for the period July 1, 1976, through June 30, 1977 (or, if the State made no supplementary payments in the period July 1, 1976, through June 30, 1977, the expenditures for the first twelve-month period extending from July 1 through June 30 in which the State made such payments).

(e)(1) For any particular month after March 1983, a State which is not treated as meeting the requirements imposed by paragraph (4) of subsection (a) by reason of subsection (b) shall be treated as meeting such requirements if and only if—

(A) the combined level of its supplementary payments (to recipients of the type involved) and the amounts payable (to or on behalf of such recipients) under section 1611(b) of this Act and section 211(a)(1)(A) of Public Law 93-66, for that particular month, is not less than—

(B) the combined level of its supplementary payments (to recipients of the type involved) and the amounts payable (to or on behalf of such recipients) under section 1611(b) of this Act and section 211(a)(1)(A) of Public Law 93-66, for March 1983, increased by the amount of all cost-of-living adjustments under section 1617 (and any other benefit increases under this title) which have occurred after March 1983 and before that particular month.

(2) In determining the amount of any increase in the combined level involved under paragraph (1)(B) of this subsection, any portion of such amount which would otherwise be attributable to the increase under section 1617(c) shall be deemed instead to be equal to the amount of the cost-of-living adjustment which would have occurred in July 1983 (without regard to the 3-percent limitation contained in section 215(i)(1)(B)) if section 111 of the Social Security Amendments of 1983 had not been enacted.

(f) The Commissioner of Social Security shall not find that a State has failed to meet the requirements imposed by subsection (a) with respect to the levels of its supplementary payments for the period January 1, 1984, through December 31, 1985, if in the period January 1, 1986, through December 31, 1986, its supplementary payment levels (other than to recipients of benefits determined under section 1611(e)(1)(B)) are not less than those in effect in December 1976, increased by a percentage equal to the percentage by which payments under section 1611(b) of this Act and section 211(a)(1)(A) of Public Law 93-66 have been increased as a result of all adjustments under section 1617(a) and (c) which have occurred after December 1976 and before February 1986.

(g) In order for any State which makes supplementary payments of the type described in section 1616(a) (including payments pursuant to an agreement entered into under section 212(a) of Public Law 93-66) to recipients of benefits determined under section 1611(e)(1)(B), on or after October 1, 1987, to be eligible for payments pursuant to title XIX with respect to any calendar quarter which begins—

(1) after October 1, 1987, or, if later

(2) after the calendar quarter in which it first makes such supplementary payments to recipients of benefits so determined,

such State must have in effect an agreement with the Commissioner of Social Security whereby the State will—

(3) continue to make such supplementary payments to recipients of benefits so determined, and

(4) maintain such supplementary payments to recipients of benefits so determined at levels which assure (with respect to any particular month beginning with the month in which this subsection is first effective) that—

(A) the combined level of such supplementary payments and the amounts payable to or on behalf of such recipients under section 1611(e)(1)(B) for that particular month,

is not less than—

(B) the combined level of such supplementary payments and the amounts payable to or on behalf of such recipients under section 1611(e)(1)(B) for October 1987 (or, if no such supplementary payments were made for that month, the combined level for the first subsequent month for which such payments were made), increased—

(i) in a case to which clause (i) of such section 1611(e)(1)(B) applies or (with respect to the individual or spouse who is in the hospital, home, or facility involved) to which clause (ii) of such section applies, by \$5, and

(ii) in a case to which clause (iii) of such section 1611(e)(1)(B) applies, by \$10.

BENEFITS FOR INDIVIDUALS WHO PERFORM SUBSTANTIAL GAINFUL ACTIVITY DESPITE SEVERE MEDICAL IMPAIRMENT

SEC. 1619. [42 U.S.C. 1382h] (a)(1) Except as provided in section 1631(j), any individual who was determined to be an eligible individual (or eligible spouse) by reason of being under a disability and was eligible to receive benefits under section 1611 (or a federally administered State supplementary payment) for a month and whose earnings in a subsequent month exceed the amount designated by the Commissioner of Social Security ordinarily to represent substantial gainful activity shall qualify for a monthly benefit under this subsection for such subsequent month (which shall be in lieu of any benefit under section 1611) equal to an amount determined under section 1611(b)(1) (or, in the case of an individual who has an eligible spouse, under section 1611(b)(2)), and for purposes of title XIX shall be considered to be receiving supplemental security income benefits under this title, for so long as—

(A) such individual continues to have the disabling physical or mental impairment on the basis of which such individual was found to be under a disability; and

(B) the income of such individual, other than income excluded pursuant to section 1612(b), is not equal to or in excess of the amount which would cause him to be ineligible for payments under section 1611 and such individual meets all other non-disability-related requirements for eligibility for benefits under this title.

(2) The Commissioner of Social Security shall make a determination under paragraph (1)(A) with respect to an individual not later than 12 months after the first month for which the individual qualifies for a benefit under this subsection.

(b)(1) Except as provided in section 1631(j), for purposes of title XIX, any individual who was determined to be a blind or disabled individual eligible to receive a benefit under section 1611 or any federally administered State supplementary payment for a month and who in a subsequent month is ineligible for benefits under this title (and for any federally administered State supplementary payments) because of his or her income shall, nevertheless, be considered to be receiving supplemental security income benefits for such subsequent month provided that the Commissioner of Social Security determines under regulations that—

(A) such individual continues to be blind or continues to have the disabling physical or mental impairment on the basis of which he was found to be under a disability and, except for his earnings, meets all non-disability-related requirements for eligibility for benefits under this title;

(B) the income of such individual would not, except for his earnings and increases pursuant to section 215(i) in the level of monthly insurance benefits to which the individual is entitled under title II that occur while such individual is considered to be receiving supplemental security income benefits by reason of this subsection, be equal to or in excess of the amount which would cause him to be ineligible for payments under section 1611(b) (if he were otherwise eligible for such payments);

(C) the termination of eligibility for benefits under title XIX would seriously inhibit his ability to continue his employment; and

(D) such individual's earnings are not sufficient to allow him to provide for himself a reasonable equivalent of the benefits under this title (including any federally administered State supplementary payments), benefits under title XIX, and publicly funded attendant care services (including personal care assistance), which would be available to him in the absence of such earnings.

(2)(A) Determinations made under paragraph (1)(D) shall be based on information and data updated no less frequently than annually.

(B) In determining an individual's earnings for purposes of paragraph (1)(D), there shall be excluded from such earnings an amount equal to the sum of any amounts which are or would be excluded under clauses (ii) and (iv) of section 1612(b)(4)(B) (or

under clauses (ii) and (iii) of section 1612(b)(4)(A)) in determining his or her income.

(3) In the case of a State that exercises the option under section 1902(f), any individual who—

(A)(i) qualifies for a benefit under subsection (a), or
 (ii) meets the requirements of paragraph (1); and
 (B) was eligible for medical assistance under the State plan approved under title XIX in the month immediately preceding the first month in which the individual qualified for a benefit under such subsection or met such requirements, shall remain eligible for medical assistance under such plan for so long as the individual qualifies for a benefit under such subsection or meets such requirements.

(c) Subsection (a)(2) and section 1631(j)(2)(A) shall not be construed, singly or jointly, to require more than 1 determination during any 12-month period with respect to the continuing disability or blindness of an individual.

(d) The Commissioner of Social Security and the Secretary of Education shall jointly develop and disseminate information, and establish training programs for staff personnel, with respect to the potential availability of benefits and services for disabled individuals under the provisions of this section. The Commissioner of Social Security shall provide such information to individuals who are applicants for and recipients of benefits based on disability under this title and shall conduct such programs for the staffs of the district offices of the Social Security Administration. The Secretary of Education shall conduct such programs for the staffs of the State Vocational Rehabilitation agencies, and in cooperation with such agencies shall also provide such information to other appropriate individuals and to public and private organizations and agencies which are concerned with rehabilitation and social services or which represent the disabled.

MEDICAL AND SOCIAL SERVICES FOR CERTAIN HANDICAPPED PERSONS

SEC. 1620. [42 U.S.C. 1382i] (a) There are authorized to be appropriated such sums as may be necessary to establish and carry out a 3-year Federal-State pilot program to provide medical and social services for certain handicapped individuals in accordance with this section.

(b)(1) The total sum of \$18,000,000 shall be allotted to the States for such program by the Commissioner of Social Security, during the period beginning September 1, 1981, and ending September 30, 1984, as follows:

(A) The total sum of \$6,000,000 shall be allotted to the States for the fiscal year ending September 30, 1982 (which for purposes of this section shall include the month of September 1981).

(B) The total sum of \$6,000,000, plus any amount remaining available (after the application of paragraph (4)) from the allotment made under subparagraph (A), shall be allotted to the States for the fiscal year ending September 30, 1983.

(C) The total sum of \$6,000,000, plus any amount remaining available (after the application of paragraph (4)) from the allotments made under subparagraphs (A) and (B), shall be al-

lotted to the States for the fiscal year ending September 30, 1984.

(2) The allotment to each State from the total sum allotted under paragraph (1) for any fiscal year shall bear the same ratio to such total sum as the number of individuals in such State who are over age 17 and under age 65 and are receiving supplemental security income benefits as disabled individuals in such year (as determined by the Commissioner of Social Security on the basis of the most recent data available) bears to the total number of such individuals in all the States. For purposes of the preceding sentence, the term "supplemental security income benefits" includes payments made pursuant to an agreement under section 1616(a) of this Act or under section 212(b) of Public Law 93-66.

(3) At the beginning of each fiscal year in which the pilot program under this section is in effect, each State that does not intend to use the allotment to which it is entitled for such year (or any allotment which was made to it for a prior fiscal year), or that does not intend to use the full amount of any such allotment, shall certify to the Commissioner of Social Security the amount of such allotment which it does not intend to use, and the State's allotment for the fiscal year (or years) involved shall thereupon be reduced by the amount so certified.

(4) The portion of the total amount available for allotment for any particular fiscal year under paragraph (1) which is not allotted to States for that year by reason of paragraph (3) (plus the amount of any reductions made at the beginning of such year in the allotments of States for prior fiscal years under paragraph (3)) shall be reallocated in such manner as the Commissioner of Social Security may determine to be appropriate to States which need, and will use, additional assistance in providing services to severely handicapped individuals in that particular year under their approved plans. Any amount reallocated to a State under this paragraph for use in a particular fiscal year shall be treated for purposes of this section as increasing such State's allotment for that year by an equivalent amount.

(c) In order to participate in the pilot program and be eligible to receive payments for any period under subsection (d), a State (during such period) must have a plan, approved by the Commissioner of Social Security as meeting the requirements of this section, which provides medical and social services for severely handicapped individuals whose earnings are above the level which ordinarily demonstrates an ability to engage in substantial gainful activity and who are not receiving benefits under section 1611 or 1619 or assistance under a State plan approved under section 1902, and which—

(1) declares the intent of the State to participate in the pilot program;

(2) designates an appropriate State agency to administer or supervise the administration of the program in the State;

(3) describes the criteria to be applied by the State in determining the eligibility of any individual for assistance under the plan and in any event requires a determination by the State agency to the effect that (A) such individual's ability to continue his employment would be significantly inhibited with-

out such assistance and (B) such individual's earnings are not sufficient to allow him to provide for himself a reasonable equivalent of the cash and other benefits that would be available to him under this title and titles XIX and XX in the absence of those earnings;

(4) describes the process by which the eligibility of individuals for such assistance is to be determined (and such process may not involve the performance of functions by any State agency or entity which is engaged in making determinations of disability for purposes of disability insurance or supplemental security income benefits except when the use of a different agency or entity to perform those functions would not be feasible);

(5) describes the medical and social services to be provided under the plan;

(6) describes the manner in which the medical and social services involved are to be provided and, if they are not to be provided through the State's medical assistance and social services programs under titles XIX and XX (with the Federal payments being made under subsection (d) of this section rather than under those titles), specifies the particular mechanisms and procedures to be used in providing such services; and

(7) contains such other provisions as the Commissioner of Social Security may find to be necessary or appropriate to meet the requirements of this section or otherwise carry out its purpose.

(d)(1) From its allotment under subsection (b) for any fiscal year (and any amounts remaining available from allotments made to it for prior fiscal years), the Commissioner of Social Security shall from time to time pay to each State which has a plan approved under subsection (c) an amount equal to 75 per centum of the total sum expended under such plan (including the cost of administration of such plan) in providing medical and social services to severely handicapped individuals who are eligible for such services under the plan.

(2) The method of computing and making payments under this section shall be as follows:

(A) The Commissioner of Social Security shall, prior to each period for which a payment is to be made to a State, estimate the amount to be paid to the State for such period under the provisions of this section.

(B) From the allotment available therefor, the Commissioner of Social Security shall pay the amount so estimated, reduced or increased, as the case may be, by any sum (not previously adjusted under this subsection) by which he finds that his estimate of the amount to be paid the State for any prior period under this section was greater or less than the amount which should have been paid to the State for such period under this section.

(e) Within nine months after the date of the enactment of this section, the Commissioner of Social Security shall prescribe and publish such regulations as may be necessary or appropriate to carry out the pilot program and otherwise implement this section.

(f) Each State participating in the pilot program under this section shall from time to time report to the Commissioner of Social Security on the operation and results of such program in that State, with particular emphasis upon the work incentive effects of the program. On or before October 1, 1983, the Commissioner of Social Security shall submit to the Congress a report on the program, incorporating the information contained in the State reports along with his findings and recommendations.

ATTRIBUTION OF SPONSOR'S INCOME AND RESOURCES TO ALIENS

SEC. 1621. [42 U.S.C. 1382j] (a) For purposes of determining eligibility for and the amount of benefits under this title for an individual who is an alien, the income and resources of any person who (as a sponsor of such individual's entry into the United States) executed an affidavit of support or similar agreement with respect to such individual, and the income and resources of the sponsor's spouse, shall be deemed to be the income and resources of such individual (in accordance with subsections (b) and (c)) for a period of 5 years after the individual's entry into the United States. Any such income deemed to be income of such individual shall be treated as unearned income of such individual.

(b)(1) The amount of income of a sponsor (and his spouse) which shall be deemed to be the unearned income of an alien for any year shall be determined as follows:

(A) The total yearly rate of earned and unearned income (as determined under section 1612(a)) of such sponsor and such sponsor's spouse (if such spouse is living with the sponsor) shall be determined for such year.

(B) The amount determined under subparagraph (A) shall be reduced by an amount equal to (i) the maximum amount of the Federal benefit under this title for such year which would be payable to an eligible individual who has no other income and who does not have an eligible spouse (as determined under section 1611(b)(1)), plus (ii) one-half of the amount determined under clause (i) multiplied by the number of individuals who are dependents of such sponsor (or such sponsor's spouse if such spouse is living with the sponsor), other than such alien and such alien's spouse.

(C) The amount of income which shall be deemed to be unearned income of such alien shall be at a yearly rate equal to the amount determined under subparagraph (B). The period for determination of such amount shall be the same as the period for determination of benefits under section 1611(c).

(2) The amount of resources of a sponsor (and his spouse) which shall be deemed to be the resources of an alien for any year shall be determined as follows:

(A) The total amount of the resources (as determined under section 1613) of such sponsor and such sponsor's spouse (if such spouse is living with the sponsor) shall be determined.

(B) The amount determined under subparagraph (A) shall be reduced by an amount equal to (i) the applicable amount determined under section 1611(a)(3)(B) in the case of a sponsor who has no spouse with whom he is living, or (ii) the applica-

ble amount determined under section 1611(a)(3)(A) in the case of a sponsor who has a spouse with whom he is living.

(C) The resources of such sponsor (and spouse) as determined under subparagraphs (A) and (B) shall be deemed to be resources of such alien in addition to any resources of such alien.

(c) In determining the amount of income of an alien during the period of 5 years after such alien's entry into the United States, the reduction in dollar amounts otherwise required under section 1612(a)(2)(A)(i) shall not be applicable if such alien is living in the household of a person who is a sponsor (or such sponsor's spouse) of such alien, and is receiving support and maintenance in kind from such sponsor (or spouse), nor shall support or maintenance furnished in cash or kind to an alien by such alien's sponsor (to the extent that it reflects income or resources which were taken into account in determining the amount of income and resources to be deemed to the alien under subsection (a) or (b)) be considered to be income of such alien under section 1612(a)(2)(A).

(d)(1) Any individual who is an alien shall, during the period of 5 years after entry into the United States, in order to be an eligible individual or eligible spouse for purposes of this title, be required to provide to the Commissioner of Social Security such information and documentation with respect to his sponsor as may be necessary in order for the Commissioner of Social Security to make any determination required under this section, and to obtain any cooperation from such sponsor necessary for any such determination. Such alien shall also be required to provide to the Commissioner of Social Security such information and documentation as the Commissioner of Social Security may request and which such alien or his sponsor provided in support of such alien's immigration application.

(2) The Commissioner of Social Security shall enter into agreements with the Secretary of State and the Attorney General whereby any information available to such persons and required in order to make any determination under this section will be provided by such persons to the Commissioner of Social Security, and whereby such persons shall inform any sponsor of an alien, at the time such sponsor executes an affidavit of support or similar agreement, of the requirements imposed by this section.

(e) Any sponsor of an alien, and such alien, shall be jointly and severally liable for an amount equal to any overpayment made to such alien during the period of 5 years after such alien's entry into the United States, on account of such sponsor's failure to provide correct information under the provisions of this section, except where such sponsor was without fault, or where good cause for such failure existed. Any such overpayment which is not repaid to the Commissioner of Social Security or recovered in accordance with section 1631(b) shall be withheld from any subsequent payment to which such alien or such sponsor is entitled under any provision of this Act.

(f)(1) The provisions of this section shall not apply with respect to any individual who is an "aged, blind, or disabled individual" for purposes of this title by reason of blindness (as determined under section 1614(a)(2)) or disability (as determined under section

1614(a)(3)), from and after the onset of the impairment, if such blindness or disability commenced after the date of such individual's admission into the United States for permanent residence.

(2) The provisions of this section shall not apply with respect to any alien who is—

(A) admitted to the United States as a result of the application, prior to April 1, 1980, of the provisions of section 203(a)(7) of the Immigration and Nationality Act;

(B) admitted to the United States as a result of the application, after March 31, 1980, of the provisions of section 207(c)(1) of such Act;

(C) paroled into the United States as a refugee under section 212(d)(5) of such Act; or

(D) granted political asylum by the Attorney General.

PART B—PROCEDURAL AND GENERAL PROVISIONS

PAYMENTS AND PROCEDURES

Payment of Benefits

SEC. 1631. [42 U.S.C. 1383] (a)(1) Benefits under this title shall be paid at such time or times and (subject to paragraph (10)) in such installments as will best effectuate the purposes of this title, as determined under regulations (and may in any case be paid less frequently than monthly where the amount of the monthly benefit would not exceed \$10).

(2)(A)(i) Payments of the benefit of any individual may be made to any such individual or to the eligible spouse (if any) of such individual or partly to each.

(ii)(I) Upon a determination by the Commissioner of Social Security that the interest of such individual would be served thereby, such payments shall be made, regardless of the legal competency or incompetency of the individual or eligible spouse, to another individual, or an organization, with respect to whom the requirements of subparagraph (B) have been met (in this paragraph referred to as such individual's "representative payee") for the use and benefit of the individual or eligible spouse.

(II) In the case of an individual eligible for benefits under this title by reason of disability, the payment of such benefits shall be made to a representative payee if the Commissioner of Social Security determines that such payment would serve the interest of the individual because the individual also has an alcoholism or drug addiction condition (as determined by the Commissioner) and the individual is incapable of managing such benefits.

(iii) If the Commissioner of Social Security or a court of competent jurisdiction determines that the representative payee of an individual or eligible spouse has misused any benefits which have been paid to the representative payee pursuant to clause (ii) or section 205(j)(1) or 807, the Commissioner of Social Security shall promptly terminate payment of benefits to the representative payee pursuant to this subparagraph, and provide for payment of benefits to an alternative representative payee of the individual or eligible spouse or, if the interest of the individual under this title would be served thereby, to the individual or eligible spouse.

(iv) For purposes of this paragraph, misuse of benefits by a representative payee occurs in any case in which the representative payee receives payment under this title for the use and benefit of another person and converts such payment, or any part thereof, to a use other than for the use and benefit of such other person. The Commissioner of Social Security may prescribe by regulation the meaning of the term “use and benefit” for purposes of this clause.

(B)(i) Any determination made under subparagraph (A) for payment of benefits to the representative payee of an individual or eligible spouse shall be made on the basis of—

(I) an investigation by the Commissioner of Social Security of the person to serve as representative payee, which shall be conducted in advance of such payment, and shall, to the extent practicable, include a face-to-face interview with such person; and

(II) adequate evidence that such payment is in the interest of the individual or eligible spouse (as determined by the Commissioner of Social Security in regulations).

(ii) As part of the investigation referred to in clause (i)(I), the Commissioner of Social Security shall—

(I) require the person being investigated to submit documented proof of the identity of such person, unless information establishing such identity was submitted with an application for benefits under title II, title VIII, or this title;

(II) verify the social security account number (or employer identification number) of such person;

(III) determine whether such person has been convicted of a violation of section 208, 811, or 1632;

(IV) obtain information concerning whether the person has been convicted of any other offense under Federal or State law which resulted in imprisonment for more than 1 year;

(V) obtain information concerning whether such person is a person described in section 1611(e)(4)(A);

(VI) determine whether payment of benefits to such person has been terminated pursuant to subparagraph (A)(iii), whether the designation of such person as a representative payee has been revoked pursuant to section 807(a), and whether certification of payment of benefits to such person has been revoked pursuant to section 205(j), by reason of misuse of funds paid as benefits under title II, title VIII, or this title, and

(VII) determine whether such person has been convicted (and not subsequently exonerated), under Federal or State law, of a felony provided under clause (xv), or of an attempt or a conspiracy to commit such a felony.

(iii) Benefits of an individual may not be paid to any other person pursuant to subparagraph (A)(ii) if—

(I) such person has previously been convicted as described in clause (ii)(III);

(II) except as provided in clause (iv), payment of benefits to such person pursuant to subparagraph (A)(ii) has previously been terminated as described in clause (ii)(VI), the designation of such person as a representative payee has been revoked pursuant to section 807(a), or certification of payment of benefits

to such person under section 205(j) has previously been revoked as described in section 205(j)(2)(B)(i)(VI);

(III) except as provided in clause (v), such person is a creditor of such individual who provides such individual with goods or services for consideration;

(IV) the person has previously been convicted as described in clause (ii)(IV) of this subparagraph, unless the Commissioner determines that the payment would be appropriate notwithstanding the conviction;

(V) such person is a person described in section 1611(e)(4)(A),

(VI) except as provided in clause (xvii), such person has previously been convicted (and not subsequently exonerated) as described in clause (ii)(VII), or

(VII) such person's benefits under this title, title II, or title VIII are certified for payment to a representative payee during the period for which the individual's benefits would be certified for payment to another person.

(iv) The Commissioner of Social Security shall prescribe regulations under which the Commissioner of Social Security may grant an exemption from clause (iii)(II) to any person on a case-by-case basis if such exemption would be in the best interest of the individual or eligible spouse whose benefits under this title would be paid to such person pursuant to subparagraph (A)(ii).

(v) Clause (iii)(III) shall not apply with respect to any person who is a creditor referred to therein if such creditor is—

(I) a relative of such individual if such relative resides in the same household as such individual;

(II) a legal guardian or legal representative of such individual;

(III) a facility that is licensed or certified as a care facility under the law of a State or a political subdivision of a State;

(IV) a person who is an administrator, owner, or employee of a facility referred to in subclause (III) if such individual resides in such facility, and the payment of benefits under this title to such facility or such person is made only after good faith efforts have been made by the local servicing office of the Social Security Administration to locate an alternative representative payee to whom the payment of such benefits would serve the best interests of such individual; or

(V) an individual who is determined by the Commissioner of Social Security, on the basis of written findings and under procedures which the Commissioner of Social Security shall prescribe by regulation, to be acceptable to serve as a representative payee.

(vi) The procedures referred to in clause (v)(V) shall require the individual who will serve as representative payee to establish, to the satisfaction of the Commissioner of Social Security, that—

(I) such individual poses no risk to the beneficiary;

(II) the financial relationship of such individual to the beneficiary poses no substantial conflict of interest; and

(III) no other more suitable representative payee can be found.

(vii) In the case of an individual described in subparagraph (A)(ii)(II), when selecting such individual's representative payee, preference shall be given to—

(I) a certified community-based nonprofit social service agency (as defined in subparagraph (I));

(II) a Federal, State, or local government agency whose mission is to carry out income maintenance, social service, or health care-related activities;

(III) a State or local government agency with fiduciary responsibilities; or

(IV) a designee of an agency (other than of a Federal agency) referred to in the preceding subclauses of this clause, if the Commissioner of Social Security deems it appropriate,

unless the Commissioner of Social Security determines that selection of a family member would be appropriate.

(viii) Subject to clause (ix), if the Commissioner of Social Security makes a determination described in subparagraph (A)(ii) with respect to any individual's benefit and determines that direct payment of the benefit to the individual would cause substantial harm to the individual, the Commissioner of Social Security may defer (in the case of initial entitlement) or suspend (in the case of existing entitlement) direct payment of such benefit to the individual, until such time as the selection of a representative payee is made pursuant to this subparagraph.

(ix)(I) Except as provided in subclause (II), any deferral or suspension of direct payment of a benefit pursuant to clause (viii) shall be for a period of not more than 1 month.

(II) Subclause (I) shall not apply in any case in which the individual or eligible spouse is, as of the date of the Commissioner's determination, legally incompetent, under the age of 15 years, or described in subparagraph (A)(ii)(II).

(x) Payment pursuant to this subparagraph of any benefits which are deferred or suspended pending the selection of a representative payee shall be made to the individual, or to the representative payee upon such selection, as a single sum or over such period of time as the Commissioner of Social Security determines is in the best interests of the individual entitled to such benefits.

(xi) Any individual who is dissatisfied with a determination by the Commissioner of Social Security to pay such individual's benefits to a representative payee under this title, or with the designation of a particular person to serve as representative payee, shall be entitled to a hearing by the Commissioner of Social Security, and to judicial review of the Commissioner's final decision, to the same extent as is provided in subsection (c).

(xii) In advance of the first payment of an individual's benefit to a representative payee under subparagraph (A)(ii), the Commissioner of Social Security shall provide written notice of the Commissioner's initial determination to make any such payment. Such notice shall be provided to such individual, except that, if such individual—

(I) is under the age of 15,

(II) is an unemancipated minor under the age of 18, or

(III) is legally incompetent,

then such notice shall be provided solely to the legal guardian or legal representative of such individual.

(xiii) Any notice described in clause (xii) shall be clearly written in language that is easily understandable to the reader, shall identify the person to be designated as such individual's representative payee, and shall explain to the reader the right under clause (xi) of such individual or of such individual's legal guardian or legal representative—

(I) to appeal a determination that a representative payee is necessary for such individual,

(II) to appeal the designation of a particular person to serve as the representative payee of such individual, and

(III) to review the evidence upon which such designation is based and submit additional evidence.

(xiv) Notwithstanding the provisions of section 552a of title 5, United States Code, or any other provision of Federal or State law (other than section 6103 of the Internal Revenue Code of 1986 and section 1106(c) of this Act), the Commissioner shall furnish any Federal, State, or local law enforcement officer, upon the written request of the officer, with the current address, social security account number, and photograph (if applicable) of any person investigated under this subparagraph, if the officer furnishes the Commissioner with the name of such person and such other identifying information as may reasonably be required by the Commissioner to establish the unique identity of such person, and notifies the Commissioner that—

(I) such person is described in section 1611(e)(4)(A),

(II) such person has information that is necessary for the officer to conduct the officer's official duties, and

(III) the location or apprehension of such person is within the officer's official duties.

(xv) The felony crimes provided under this clause, whether an offense under State or Federal law, are the following:

(I) Human trafficking, including as prohibited under sections 1590 and 1591 of title 18, United States Code.

(II) False imprisonment, including as prohibited under section 1201 of title 18, United States Code.

(III) Kidnapping, including as prohibited under section 1201 of title 18, United States Code.

(IV) Rape and sexual assault, including as prohibited under sections 2241, 2242, 2243, and 2244 of title 18, United States Code.

(V) First-degree homicide, including as prohibited under section 1111 of title 18, United States Code.

(VI) Robbery, including as prohibited under section 2111 of title 18, United States Code.

(VII) Fraud to obtain access to government assistance, including as prohibited under sections 287, 1001, and 1343 of title 18, United States Code.

(VIII) Fraud by scheme, including as prohibited under section 1343 of title 18, United States Code.

(IX) Theft of government funds or property, including as prohibited under section 641 of title 18, United States Code.

(X) Abuse or neglect, including as prohibited under sections 111, 113, 114, 115, 116, or 117 of title 18, United States Code.

(XI) Forgery, including as prohibited under section 642 and chapter 25 (except section 512) of title 18, United States Code.

(XII) Identity theft or identity fraud, including as prohibited under sections 1028 and 1028A of title 18, United States Code.

The Commissioner of Social Security may promulgate regulations to provide for additional felony crimes under this clause.

(xvi)(I) For the purpose of carrying out the activities required under clause (ii) as part of the investigation under clause (i)(I), the Commissioner may conduct a background check of any individual seeking to serve as a representative payee under this subsection and may disqualify from service as a representative payee any such individual who fails to grant permission for the Commissioner to conduct such a background check.

(II) The Commissioner may revoke certification of payment of benefits under this subsection to any individual serving as a representative payee on or after January 1, 2019 who fails to grant permission for the Commissioner to conduct such a background check.

(xvii)(I) With respect to any person described in subclause (II)—

(aa) clause (ii)(VII) shall not apply; and

(bb) the Commissioner may grant an exemption from the provisions of clause (iii)(VI) if the Commissioner determines that such exemption is in the best interest of the individual entitled to benefits.

(II) A person is described in this subclause if the person—

(aa) is the custodial parent of a minor child for whom the person applies to serve;

(bb) is the custodial spouse of the beneficiary for whom the person applies to serve;

(cc) is the custodial parent of a beneficiary who is under a disability which began before the beneficiary attained the age of 22, for whom the person applies to serve;

(dd) is the custodial court appointed guardian of the beneficiary for whom the person applies to serve;

(ee) is the custodial grandparent of a minor grandchild for whom the person applies to serve;

(ff) is the parent who was previously representative payee for his or her minor child who has since turned 18 and continues to be eligible for such benefit; or

(gg) received a presidential or gubernatorial pardon for the relevant conviction.

(C)(i) In any case where payment is made under this title to a representative payee of an individual or spouse, the Commissioner of Social Security shall establish a system of accountability monitoring whereby such person shall report not less often than annually with respect to the use of such payments. The Commissioner of Social Security shall establish and implement statistically valid procedures for reviewing such reports in order to identify in-

stances in which such persons are not properly using such payments.

(ii) Clause (i) shall not apply in any case where the representative payee is a State institution. In such cases, the Commissioner of Social Security shall establish a system of accountability monitoring for institutions in each State.

(iii) Clause (i) shall not apply in any case where the individual entitled to such payment is a resident of a Federal institution and the representative payee is the institution.

(iv)¹³(I) Clause (i) shall not apply in any case where the representative payee is—

(aa) a parent, or other individual who is a legal guardian of, a minor child entitled to such payment who primarily resides in the same household;

(bb) a parent of an individual entitled to such payment who is under a disability who primarily resides in the same household; or

(cc) the spouse of the individual entitled to such payment.

(II) The Commissioner of Social Security shall establish and implement procedures as necessary for the Commissioner to determine the eligibility of such parties for the exemption provided in subclause (I). The Commissioner shall prescribe such regulations as may be necessary to determine eligibility for such exemption.

(v) Notwithstanding clauses (i), (ii), (iii), and (iv), the Commissioner of Social Security may require a report at any time from any representative payee, if the Commissioner of Social Security has reason to believe that the representative payee is misusing such payments.

(vi) In any case in which the person described in clause (i) or (v) receiving payments on behalf of another fails to submit a report required by the Commissioner of Social Security under clause (i) or (v), the Commissioner may, after furnishing notice to the person and the individual entitled to the payment, require that such person appear in person at a field office of the Social Security Administration serving the area in which the individual resides in order to receive such payments.

(D)(i) Except as provided in the next sentence, a qualified organization may collect from an individual a monthly fee for expenses (including overhead) incurred by such organization in providing services performed as such individual's representative payee pursuant to subparagraph (A)(ii) if the fee does not exceed the lesser of—

(I) 10 percent of the monthly benefit involved, or

(II) \$25.00 per month (\$50.00 per month in any case in which an individual is described in subparagraph (A)(ii)(II)).

A qualified organization may not collect a fee from an individual for any month with respect to which the Commissioner of Social Security or a court of competent jurisdiction has determined that the organization misused all or part of the individual's benefit, and any amount so collected by the qualified organization for such month shall be treated as a misused part

¹³Margin for clause (iv) is so in law.

of the individual's benefit for purposes of subparagraphs (E) and (F). The Commissioner of Social Security shall adjust annually (after 1995) each dollar amount set forth in subclause (II) of this clause under procedures providing for adjustments in the same manner and to the same extent as adjustments are provided for under the procedures used to adjust benefit amounts under section 215(i)(2)(A), except that any amount so adjusted that is not a multiple of \$1.00 shall be rounded to the nearest multiple of \$1.00. Any agreement providing for a fee in excess of the amount permitted under this clause shall be void and shall be treated as misuse by the organization of such individual's benefits.

(ii) For purposes of this subparagraph, the term "qualified organization" means any State or local government agency whose mission is to carry out income maintenance, social service, or health care-related activities, any State or local government agency with fiduciary responsibilities, or any certified community-based nonprofit social service agency (as defined in subparagraph (I)), if the agency, in accordance with any applicable regulations of the Commissioner of Social Security—

(I) regularly provides services as a representative payee pursuant to subparagraph (A)(ii) or section 205(j)(4) or 807 concurrently to 5 or more individuals; and

(II) demonstrates to the satisfaction of the Commissioner of Social Security that such agency is not otherwise a creditor of any such individual.

The Commissioner of Social Security shall prescribe regulations under which the Commissioner of Social Security may grant an exception from subclause (II) for any individual on a case-by-case basis if such exception is in the best interests of such individual.

(iii) Any qualified organization which knowingly charges or collects, directly or indirectly, any fee in excess of the maximum fee prescribed under clause (i) or makes any agreement, directly or indirectly, to charge or collect any fee in excess of such maximum fee, shall be fined in accordance with title 18, United States Code, or imprisoned not more than 6 months, or both.

(iv) In the case of an individual who is no longer eligible for benefits under this title but to whom any amount of past-due benefits under this title has not been paid, for purposes of clause (i), any amount of such past-due benefits payable in any month shall be treated as a monthly benefit referred to in clause (i)(I).

(E) RESTITUTION.—In cases where the negligent failure of the Commissioner of Social Security to investigate or monitor a representative payee results in misuse of benefits by the representative payee, the Commissioner of Social Security shall make payment to the beneficiary or the beneficiary's representative payee of an amount equal to such misused benefits. In any case in which a representative payee that—

(i) is not an individual (regardless of whether it is a "qualified organization" within the meaning of subparagraph (D)(ii)); or

(ii) is an individual who, for any month during a period when misuse occurs, serves 15 or more individuals who are

beneficiaries under this title, title II, title VIII, or any combination of such titles; misuses all or part of an individual's benefit paid to such representative payee, the Commissioner of Social Security shall pay to the beneficiary or the beneficiary's alternative representative payee an amount equal to the amount of such benefit so misused. The provisions of this subparagraph are subject to the limitations of subparagraph (H)(ii). The Commissioner of Social Security shall make a good faith effort to obtain restitution from the terminated representative payee.

(F)(i)(I) Each representative payee of an eligible individual under the age of 18 who is eligible for the payment of benefits described in subclause (II) shall establish on behalf of such individual an account in a financial institution into which such benefits shall be paid, and shall thereafter maintain such account for use in accordance with clause (ii).

(II) Benefits described in this subclause are past-due monthly benefits under this title (which, for purposes of this subclause, include State supplementary payments made by the Commissioner pursuant to an agreement under section 1616 or section 212(b) of Public Law 93-66) in an amount (after any withholding by the Commissioner for reimbursement to a State for interim assistance under subsection (g) and payment of attorney fees under subsection (d)(2)(B)) that exceeds the product of—

(aa) 6, and

(bb) the maximum monthly benefit payable under this title to an eligible individual.

(ii)(I) A representative payee shall use funds in the account established under clause (i) to pay for allowable expenses described in subclause (II).

(II) An allowable expense described in this subclause is an expense for—

(aa) education or job skills training;

(bb) personal needs assistance;

(cc) special equipment;

(dd) housing modification;

(ee) medical treatment;

(ff) therapy or rehabilitation; or

(gg) any other item or service that the Commissioner determines to be appropriate;

provided that such expense benefits such individual and, in the case of an expense described in item (bb), (cc), (dd), (ff), or (gg), is related to the impairment (or combination of impairments) of such individual.

(III) The use of funds from an account established under clause (i) in any manner not authorized by this clause—

(aa) by a representative payee shall be considered a misapplication of benefits for all purposes of this paragraph, and any representative payee who knowingly misapplies benefits from such an account shall be liable to the Commissioner in an amount equal to the total amount of such benefits; and

(bb) by an eligible individual who is his or her own payee shall be considered a misapplication of benefits for all purposes of this paragraph and in any case in which the individual

knowingly misapplies benefits from such an account, the Commissioner shall reduce future benefits payable to such individual (or to such individual and his spouse) by an amount equal to the total amount of such benefits so misapplied.

(IV) This clause shall continue to apply to funds in the account after the child has reached age 18, regardless of whether benefits are paid directly to the beneficiary or through a representative payee.

(iii) The representative payee may deposit into the account established under clause (i) any other funds representing past due benefits under this title to the eligible individual, provided that the amount of such past due benefits is equal to or exceeds the maximum monthly benefit payable under this title to an eligible individual (including State supplementary payments made by the Commissioner pursuant to an agreement under section 1616 or section 212(b) of Public Law 93–66).

(iv) The Commissioner of Social Security shall establish a system for accountability monitoring whereby such representative payee shall report, at such time and in such manner as the Commissioner shall require, on activity respecting funds in the account established pursuant to clause (i).

(G)(i) In addition to such other reviews of representative payees as the Commissioner of Social Security may otherwise conduct, the Commissioner shall provide for the periodic onsite review of any person or agency that receives the benefits payable under this title (alone or in combination with benefits payable under title II or title VIII) to another individual pursuant to the appointment of the person or agency as a representative payee under this paragraph, section 205(j), or section 807 in any case in which—

(I) the representative payee is a person who serves in that capacity with respect to 15 or more such individuals;

(II) the representative payee is a certified community-based nonprofit social service agency (as defined in subparagraph (I) of this paragraph or section 205(j)(10)); or

(III) the representative payee is an agency (other than an agency described in subclause (II)) that serves in that capacity with respect to 50 or more such individuals.

(ii) Within 120 days after the end of each fiscal year, the Commissioner shall submit to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate a report on the results of periodic onsite reviews conducted during the fiscal year pursuant to clause (i) and of any other reviews of representative payees conducted during such fiscal year in connection with benefits under this title. Each such report shall describe in detail all problems identified in the reviews and any corrective action taken or planned to be taken to correct the problems, and shall include—

(I) the number of the reviews;

(II) the results of such reviews;

(III) the number of cases in which the representative payee was changed and why;

(IV) the number of cases involving the exercise of expedited, targeted oversight of the representative payee by the

Commissioner conducted upon receipt of an allegation of misuse of funds, failure to pay a vendor, or a similar irregularity;

(V) the number of cases discovered in which there was a misuse of funds;

(VI) how any such cases of misuse of funds were dealt with by the Commissioner;

(VII) the final disposition of such cases of misuse of funds, including any criminal penalties imposed; and

(VIII) such other information as the Commissioner deems appropriate.

(H)(i) If the Commissioner of Social Security or a court of competent jurisdiction determines that a representative payee that is not a Federal, State, or local government agency has misused all or part of an individual's benefit that was paid to the representative payee under this paragraph, the representative payee shall be liable for the amount misused, and the amount (to the extent not repaid by the representative payee) shall be treated as an overpayment of benefits under this title to the representative payee for all purposes of this Act and related laws pertaining to the recovery of the overpayments. Subject to clause (ii), upon recovering all or any part of the amount, the Commissioner shall make payment of an amount equal to the recovered amount to such individual or such individual's alternative representative payee.

(ii) The total of the amount paid to such individual or such individual's alternative representative payee under clause (i) and the amount paid under subparagraph (E) may not exceed the total benefit amount misused by the representative payee with respect to such individual.

(I) For purposes of this paragraph, the term "certified community-based nonprofit social service agency" means a community-based nonprofit social service agency which is in compliance with requirements, under regulations which shall be prescribed by the Commissioner, for annual certification to the Commissioner that it is bonded in accordance with requirements specified by the Commissioner and that it is licensed in each State in which it serves as a representative payee (if licensing is available in the State) in accordance with requirements specified by the Commissioner. Any such annual certification shall include a copy of any independent audit on the agency which may have been performed since the previous certification.

(3) The Commissioner of Social Security may by regulations establish ranges of incomes within which a single amount of benefits under this title shall apply.

(4) The Commissioner of Social Security—

(A) may make to any individual initially applying for benefits under this title who is presumptively eligible for such benefits for the month following the date the application is filed and who is faced with financial emergency a cash advance against such benefits, including any federally-administered State supplementary payments, in an amount not exceeding the monthly amount that would be payable to an eligible individual with no other income for the first month of such presumptive eligibility, which shall be repaid through propor-

tionate reductions in such benefits over a period of not more than 6 months; and

(B) may pay benefits under this title to an individual applying for such benefits on the basis of disability or blindness for a period not exceeding 6 months prior to the determination of such individual's disability or blindness, if such individual is presumptively disabled or blind and is determined to be otherwise eligible for such benefits, and any benefits so paid prior to such determination shall in no event be considered overpayments for purposes of subsection (b) solely because such individual is determined not to be disabled or blind.

(5) Payment of the benefit of any individual who is an aged, blind, or disabled individual solely by reason of blindness (as determined under section 1614(a)(2)) or disability (as determined under section 1614(a)(3)), and who ceases to be blind or to be under such disability, shall continue (so long as such individual is otherwise eligible) through the second month following the month in which such blindness or disability ceases.

(6) Notwithstanding any other provision of this title, payment of the benefit of any individual who is an aged, blind, or disabled individual solely by reason of blindness (as determined under section 1614(a)(2)) or disability (as determined under section 1614(a)(3)) shall not be terminated or suspended because the blindness or other physical or mental impairment, on which the individual's eligibility for such benefit is based, has or may have ceased, if—

(A) such individual is participating in a program consisting of the Ticket to Work and Self-Sufficiency Program under section 1148 or another program of vocational rehabilitation services, employment services, or other support services approved by the Commissioner of Social Security, and,

(B) the Commissioner of Social Security determines that the completion of such program, or its continuation for a specified period of time, will increase the likelihood that such individual may (following his participation in such program) be permanently removed from the blindness and disability benefit rolls.

(7)(A) In any case where—

(i) an individual is a recipient of benefits based on disability or blindness under this title,

(ii) the physical or mental impairment on the basis of which such benefits are payable is found to have ceased, not to have existed, or to no longer be disabling, and as a consequence such individual is determined not to be entitled to such benefits, and

(iii) a timely request for review or for a hearing is pending with respect to the determination that he is not so entitled, such individual may elect (in such manner and form and within such time as the Commissioner of Social Security shall by regulations prescribe) to have the payment of such benefits continued for an additional period beginning with the first month beginning after the date of the enactment of this paragraph for which (under such determination) such benefits are no longer otherwise payable, and ending with the earlier of (I) the month preceding the month in

which a decision is made after such a hearing, or (II) the month preceding the month in which no such request for review or a hearing is pending.

(B)(i) If an individual elects to have the payment of his benefits continued for an additional period under subparagraph (A), and the final decision of the Commissioner of Social Security affirms the determination that he is not entitled to such benefits, any benefits paid under this title pursuant to such election (for months in such additional period) shall be considered overpayments for all purposes of this title, except as otherwise provided in clause (ii).

(ii) If the Commissioner of Social Security determines that the individual's appeal of his termination of benefits was made in good faith, all of the benefits paid pursuant to such individual's election under subparagraph (A) shall be subject to waiver consideration under the provisions of subsection (b)(1).

(C) The provisions of subparagraphs (A) and (B) shall apply with respect to determinations (that individuals are not entitled to benefits) which are made on or after the date of the enactment of this paragraph, or prior to such date but only on the basis of a timely request for review or for a hearing.

(8)(A) In any case in which an administrative law judge has determined after a hearing as provided in subsection (c) that an individual is entitled to benefits based on disability or blindness under this title and the Commissioner of Social Security has not issued his final decision in such case within 110 days after the date of the administrative law judge's determination, such benefits shall be currently paid for the months during the period beginning with the month in which such 110-day period expires and ending with the month in which such final decision is issued.

(B) For purposes of subparagraph (A), in determining whether the 110-day period referred to in subparagraph (A) has elapsed, any period of time for which the action or inaction of such individual or such individual's representative without good cause results in the delay in the issuance of the Commissioner's final decision shall not be taken into account to the extent that such period of time exceeds 20 calendar days.

(C) Any benefits currently paid under this title pursuant to this paragraph (for the months described in subparagraph (A)) shall not be considered overpayments for any purposes of this title, unless payment of such benefits was fraudulently obtained.

(9) Benefits under this title shall not be denied to any individual solely by reason of the refusal of the individual to accept an amount offered as compensation for a crime of which the individual was a victim.

(10)(A) If an individual is eligible for past-due monthly benefits under this title in an amount that (after any withholding for reimbursement to a State for interim assistance under subsection (g) and payment of attorney fees under subsection (d)(2)(B)) equals or exceeds the product of—

(i) 3, and

(ii) the maximum monthly benefit payable under this title to an eligible individual (or, if appropriate, to an eligible individual and eligible spouse),

then the payment of such past-due benefits (after any such reimbursement to a State and payment of attorney fees under subsection (d)(2)(B)) shall be made in installments as provided in subparagraph (B).

(B)(i) The payment of past-due benefits subject to this subparagraph shall be made in not to exceed 3 installments that are made at 6-month intervals.

(ii) Except as provided in clause (iii), the amount of each of the first and second installments may not exceed an amount equal to the product of clauses (i) and (ii) of subparagraph (A).

(iii) In the case of an individual who has—

(I) outstanding debt attributable to—

(aa) food,

(bb) clothing,

(cc) shelter, or

(dd) medically necessary services, supplies or equipment, or medicine; or

(II) current expenses or expenses anticipated in the near term attributable to—

(aa) medically necessary services, supplies or equipment, or medicine, or

(bb) the purchase of a home, and

such debt or expenses are not subject to reimbursement by a public assistance program, the Secretary under title XVIII, a State plan approved under title XIX, or any private entity legally liable to provide payment pursuant to an insurance policy, pre-paid plan, or other arrangement, the limitation specified in clause (ii) may be exceeded by an amount equal to the total of such debt and expenses.

(C) This paragraph shall not apply to any individual who, at the time of the Commissioner's determination that such individual is eligible for the payment of past-due monthly benefits under this title—

(i) is afflicted with a medically determinable impairment that is expected to result in death within 12 months; or

(ii) is ineligible for benefits under this title and the Commissioner determines that such individual is likely to remain ineligible for the next 12 months.

(D) For purposes of this paragraph, the term “benefits under this title” includes supplementary payments pursuant to an agreement for Federal administration under section 1616(a), and payments pursuant to an agreement entered into under section 212(b) of Public Law 93–66.

Overpayments and Underpayments

(b)(1)(A) Whenever the Commissioner of Social Security finds that more or less than the correct amount of benefits has been paid with respect to any individual, proper adjustment or recovery shall, subject to the succeeding provisions of this subsection, be made by appropriate adjustments in future payments to such individual or by recovery from such individual or his eligible spouse (or from the estate of either) or by payment to such individual or his eligible spouse, or, if such individual is deceased, by payment—

(i) to any surviving spouse of such individual, whether or not the individual's eligible spouse, if (within the meaning of the first sentence of section 202(i)) such surviving husband or wife was living in the same household with the individual at the time of his death or within the 6 months immediately preceding the month of such death, or

(ii) if such individual was a disabled or blind child who was living with his parent or parents at the time of his death or within the 6 months immediately preceding the month of such death, to such parent or parents.

(B) The Commissioner of Social Security (i) shall make such provision as he finds appropriate in the case of payment of more than the correct amount of benefits with respect to an individual with a view to avoiding penalizing such individual or his eligible spouse who was without fault in connection with the overpayment, if adjustment or recovery on account of such overpayment in such case would defeat the purposes of this title, or be against equity and good conscience, or (because of the small amount involved) impede efficient or effective administration of this title, and (ii) shall in any event make the adjustment or recovery (in the case of payment of more than the correct amount of benefits), in the case of an individual or eligible spouse receiving monthly benefit payments under this title (including supplementary payments of the type described in section 1616(a) and payments pursuant to an agreement entered into under section 212(a) of Public Law 93-66), in amounts which in the aggregate do not exceed (for any month) the lesser of (I) the amount of his or their benefit under this title for that month or (II) an amount equal to 10 percent of his or their income for that month (including such benefit but excluding payments under title II when recovery is made from title II payments pursuant to section 1147 and excluding income excluded pursuant to section 1612(b)), and in the case of an individual or eligible spouse to whom a lump sum is payable under this title (including under section 1616(a) of this Act or under an agreement entered into under section 212(a) of Public Law 93-66) shall, as at least one means of recovering such overpayment, make the adjustment or recovery from the lump sum payment in an amount equal to not less than the lesser of the amount of the overpayment or the lump sum payment, unless fraud, willful misrepresentation, or concealment of material information was involved on the part of the individual or spouse in connection with the overpayment, or unless the individual requests that such adjustment or recovery be made at a higher or lower rate and the Commissioner of Social Security determines that adjustment or recovery at such rate is justified and appropriate. The availability (in the case of an individual who has been paid more than the correct amount of benefits) of procedures for adjustment or recovery at a limited rate under clause (ii) of the preceding sentence shall not, in and of itself, prevent or restrict the provision (in such case) of more substantial relief under clause (i) of such sentence. In making for purposes of this subparagraph a determination of whether an adjustment or recovery would defeat the purpose of this title, the Commissioner of Social Security shall require an individual to provide authorization for the Commissioner to obtain (subject to the cost reimbursement requirements of

section 1115(a) of the Right to Financial Privacy Act) from any financial institution (within the meaning of section 1101(1) of such Act) any financial record (within the meaning of section 1101(2) of such Act) held by the institution with respect to such individual whenever the Commissioner determines that the record is needed in connection with a determination with respect to such adjustment or recovery, under the terms and conditions established under subsection (e)(1)(B).

(2) Notwithstanding any other provision of this section, when any payment of more than the correct amount is made to or on behalf of an individual who has died, and such payment—

(A) is made by direct deposit to a financial institution;

(B) is credited by the financial institution to a joint account of the deceased individual and another person; and

(C) such other person is the surviving spouse of the deceased individual, and was eligible for a payment under this title (including any State supplementation payment paid by the Commissioner of Social Security) as an eligible spouse (or as either member of an eligible couple) for the month in which the deceased individual died,

the amount of such payment in excess of the correct amount shall be treated as a payment of more than the correct amount to such other person. If any payment of more than the correct amount is made to a representative payee on behalf of an individual after the individual's death, the representative payee shall be liable for the repayment of the overpayment, and the Commissioner of Social Security shall establish an overpayment control record under the social security account number of the representative payee.

(3)(A) When any payment of more than the correct amount is made on behalf of an individual who is a represented minor beneficiary for a month in which such individual is in foster care under the responsibility of a State and the State is the representative payee of such individual, the State shall be liable for the repayment of the overpayment, and there shall be no adjustment of payments to, or recovery by the United States from, such individual.

(B) For purposes of this paragraph, the term “represented minor beneficiary”, with respect to an individual for a month, means a child (as defined for purposes of section 475(8)) entitled to benefits under this title for such month whose benefits are certified for payment to a representative payee.

(4) If any overpayment with respect to an individual (or an individual and his or her spouse) is attributable solely to the ownership or possession by such individual (and spouse if any) of resources having a value which exceeds the applicable dollar figure specified in paragraph (1)(B) or (2)(B) of section 1611(a) by \$50 or less, such individual (and spouse if any) shall be deemed for purposes of the second sentence of paragraph (1) to have been without fault in connection with the overpayment, and no adjustment or recovery shall be made under the first sentence of such paragraph, unless the Commissioner of Social Security finds that the failure of such individual (and spouse if any) to report such value correctly and in a timely manner was knowing and willful.

(5)(A) With respect to any delinquent amount, the Commissioner of Social Security may use the collection practices described

in sections 3711(f), 3716, 3717, and 3718 of title 31, United States Code, and in section 5514 of title 5, United States Code, all as in effect immediately after the enactment of the Debt Collection Improvement Act of 1996.

(B) For purposes of subparagraph (A), the term “delinquent amount” means an amount—

(i) in excess of the correct amount of payment under this title;

(ii) paid to a person after such person has attained 18 years of age; and

(iii) determined by the Commissioner of Social Security, under regulations, to be otherwise unrecoverable under this section after such person ceases to be a beneficiary under this title.

(6) For payments for which adjustments are made by reason of a retroactive payment of benefits under title II, see section 1127.

(7) For provisions relating to the cross-program recovery of overpayments made under programs administered by the Commissioner of Social Security, see section 1147.

(8)(A) In the case of payment of less than the correct amount of benefits to or on behalf of any individual, no payment shall be made to such individual pursuant to this subsection during any period for which such individual—

(i) is not an eligible individual or eligible spouse under section 1611(e)(1) because such individual is an inmate of a public institution that is a jail, prison, or other penal institution or correctional facility the purpose of which is to confine individuals as described in clause (ii) or (iii) of section 202(x)(1)(A), or

(ii) is not an eligible individual or eligible spouse under section 1611(e)(4),

until such person is no longer considered an ineligible individual or ineligible spouse under section 1611(e)(1) or 1611(e)(4).

(B) Nothing in subparagraph (A) shall be construed to limit the Commissioner’s authority to withhold amounts, make adjustments, or recover amounts due under this title, title II, or title VIII that would be deducted from a payment that would otherwise be payable to such individual but for such subparagraph.

Hearings and Review

(c)(1)(A) The Commissioner of Social Security is directed to make findings of fact, and decisions as to the rights of any individual applying for payment under this title. Any such decision by the Commissioner of Social Security which involves a determination of disability and which is in whole or in part unfavorable to such individual shall contain a statement of the case, in understandable language, setting forth a discussion of the evidence, and stating the Commissioner’s determination and the reason or reasons upon which it is based. The Commissioner of Social Security shall provide reasonable notice and opportunity for a hearing to any individual who is or claims to be an eligible individual or eligible spouse and is in disagreement with any determination under this title with respect to eligibility of such individual for benefits, or the amount of such individual’s benefits, if such

requests a hearing on the matter in disagreement within sixty days after notice of such determination is received, and, if a hearing is held, shall, on the basis of evidence adduced at the hearing affirm, modify, or reverse his findings of fact and such decision. The Commissioner of Social Security is further authorized, on the Commissioner's own motion, to hold such hearings and to conduct such investigations and other proceedings as the Commissioner may deem necessary or proper for the administration of this title. In the course of any hearing, investigation, or other proceeding, the Commissioner may administer oaths and affirmations, examine witnesses, and receive evidence. Evidence may be received at any hearing before the Commissioner of Social Security even though inadmissible under the rules of evidence applicable to court procedure. The Commissioner of Social Security shall specifically take into account any physical, mental, educational, or linguistic limitation of such individual (including any lack of facility with the English language) in determining, with respect to the eligibility of such individual for benefits under this title, whether such individual acted in good faith or was at fault, and in determining fraud, deception, or intent.

(B)(i) A failure to timely request review of an initial adverse determination with respect to an application for any payment under this title or an adverse determination on reconsideration of such an initial determination shall not serve as a basis for denial of a subsequent application for any payment under this title if the applicant demonstrates that the applicant, or any other individual referred to in subparagraph (A), failed to so request such a review acting in good faith reliance upon incorrect, incomplete, or misleading information, relating to the consequences of reapplying for payments in lieu of seeking review of an adverse determination, provided by any officer or employee of the Social Security Administration or any State agency acting under section 221.

(ii) In any notice of an adverse determination with respect to which a review may be requested under subparagraph (A), the Commissioner of Social Security shall describe in clear and specific language the effect on possible eligibility to receive payments under this title of choosing to reapply in lieu of requesting review of the determination.

(2) Determination on the basis of such hearing, except to the extent that the matter in disagreement involves a disability (within the meaning of section 1614(a)(3)), shall be made within ninety days after the individual requests the hearing as provided in paragraph (1).

(3) The final determination of the Commissioner of Social Security after a hearing under paragraph (1) shall be subject to judicial review as provided in section 205(g) to the same extent as the Commissioner's final determinations under section 205.

Procedures; Prohibitions of Assignments; Representation of Claimants

(d)(1) The provisions of section 207 and subsections (a), (d), and (e) of section 205 shall apply with respect to this part to the same extent as they apply in the case of title II.

(2)(A) The provisions of section 206 (other than subsections (a)(4) and (d) thereof) shall apply to this part to the same extent as they apply in the case of title II, except that such section shall be applied—

(i) by substituting, in subparagraphs (A)(ii)(I) and (D)(i) of subsection (a)(2), the phrase “(as determined before any applicable reduction under section 1631(g), and reduced by the amount of any reduction in benefits under this title or title II made pursuant to section 1127(a))” for the parenthetical phrase contained therein;

(ii) by substituting, in subsections (a)(2)(B) and (b)(1)(B)(i), the phrase “paragraph (7)(A) or (8)(A) of section 1631(a) or the requirements of due process of law” for the phrase “subsection (g) or (h) of section 223”;

(iii) by substituting, in subsection (a)(2)(C)(i), the phrase “under title II” for the phrase “under title XVI”;

(iv) by substituting, in subsection (b)(1)(A), the phrase “pay the amount of such fee” for the phrase “certify the amount of such fee for payment” and by striking, in subsection (b)(1)(A), the phrase “or certified for payment”;

(v) by substituting, in subsection (b)(1)(B)(ii), the phrase “deemed to be such amounts as determined before any applicable reduction under section 1631(g), and reduced by the amount of any reduction in benefits under this title or title II made pursuant to section 1127(a)” for the phrase “determined before any applicable reduction under section 1127(a)”; and

(vi)¹⁴ by substituting, in subsection (e)(1)—

(I) “subparagraphs (B) and (C) of section 1631(d)(2)” for “the preceding provisions of this section”; and

(II) “title XVI” for “this title”.

(B) Subject to subparagraph (C), if the claimant is determined to be entitled to past-due benefits under this title and the person representing the claimant is an attorney, the Commissioner of Social Security shall pay out of such past-due benefits to such attorney an amount equal to the lesser of—

(i) so much of the maximum fee as does not exceed 25 percent of such past-due benefits (as determined before any applicable reduction under section 1631(g) and reduced by the amount of any reduction in benefits under this title or title II pursuant to section 1127(a)), or

(ii) the amount of past-due benefits available after any applicable reductions under sections 1631(g) and 1127(a).

(C)(i) Whenever a fee for services is required to be paid to an attorney from a claimant’s past-due benefits pursuant to subparagraph (B), the Commissioner shall impose on the attorney an assessment calculated in accordance with clause (ii).

(ii)(I) The amount of an assessment under clause (i) shall be equal to the product obtained by multiplying the amount of the representative’s fee that would be required to be paid by subparagraph (B) before the application of this subparagraph, by the percentage specified in subclause (II), except that the maximum

¹⁴Margin for clause (vi) so in law.

amount of the assessment may not exceed \$75. In the case of any calendar year beginning after the amendments made by section 302 of the Social Security Protection Act of 2003 take effect, the dollar amount specified in the preceding sentence (including a previously adjusted amount) shall be adjusted annually under the procedures used to adjust benefit amounts under section 215(i)(2)(A)(ii), except such adjustment shall be based on the higher of \$75 or the previously adjusted amount that would have been in effect for December of the preceding year, but for the rounding of such amount pursuant to the following sentence. Any amount so adjusted that is not a multiple of \$1 shall be rounded to the next lowest multiple of \$1, but in no case less than \$75.

(II) The percentage specified in this subclause is such percentage rate as the Commissioner determines is necessary in order to achieve full recovery of the costs of determining and approving fees to attorneys from the past-due benefits of claimants, but not in excess of 6.3 percent.

(iii) The Commissioner may collect the assessment imposed on an attorney under clause (i) by offset from the amount of the fee otherwise required by subparagraph (B) to be paid to the attorney from a claimant's past-due benefits.

(iv) An attorney subject to an assessment under clause (i) may not, directly or indirectly, request or otherwise obtain reimbursement for such assessment from the claimant whose claim gave rise to the assessment.

(v) Assessments on attorneys collected under this subparagraph shall be deposited as miscellaneous receipts in the general fund of the Treasury.

(vi) The assessments authorized under this subparagraph shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts. Amounts so appropriated are authorized to remain available until expended, for administrative expenses in carrying out this title and related laws.

(D) The Commissioner of Social Security shall notify each claimant in writing, together with the notice to such claimant of an adverse determination, of the options for obtaining attorneys to represent individuals in presenting their cases before the Commissioner of Social Security. Such notification shall also advise the claimant of the availability to qualifying claimants of legal services organizations which provide legal services free of charge.

Applications and Furnishing of Information

(e)(1)(A) The Commissioner of Social Security shall, subject to subparagraph (B) and subsection (j), prescribe such requirements with respect to the filing of applications, the suspension or termination of assistance, the furnishing of other data and material, and the reporting of events and changes in circumstances, as may be necessary for the effective and efficient administration of this title.

(B)(i) The requirements prescribed by the Commissioner of Social Security pursuant to subparagraph (A) shall require that eligibility for benefits under this title will not be determined solely on the basis of declarations by the applicant concerning eligibility fac-

tors or other relevant facts, and that relevant information will be verified from independent or collateral sources and additional information obtained as necessary in order to assure that such benefits are only provided to eligible individuals (or eligible spouses) and that the amounts of such benefits are correct. For this purpose and for purposes of federally administered supplementary payments of the type described in section 1616(a) of this Act (including payments pursuant to an agreement entered into under section 212(a) of Public Law 93–66), the Commissioner of Social Security shall, as may be necessary, request and utilize information available pursuant to section 6103(l)(7) of the Internal Revenue Code of 1954, and any information which may be available from State systems under section 1137 of this Act, and shall comply with the requirements applicable to States (with respect to information available pursuant to section 6103(l)(7)(B) of such Code) under subsections (a)(6) and (c) of such section 1137.

(ii)(I) The Commissioner of Social Security may require each applicant for, or recipient of, benefits under this title to provide authorization by the applicant or recipient (or by any other person whose income or resources are material to the determination of the eligibility of the applicant or recipient for such benefits) for the Commissioner to obtain (subject to the cost reimbursement requirements of section 1115(a) of the Right to Financial Privacy Act) from any financial institution (within the meaning of section 1101(1) of such Act) any financial record (within the meaning of section 1101(2) of such Act) held by the institution with respect to the applicant or recipient (or any such other person) whenever the Commissioner determines the record is needed in connection with a determination with respect to such eligibility or the amount of such benefits.

(II) Notwithstanding section 1104(a)(1) of the Right to Financial Privacy Act, an authorization provided by an applicant or recipient (or any other person whose income or resources are material to the determination of the eligibility of the applicant or recipient) pursuant to subclause (I) of this clause shall remain effective until the earliest of—

(aa) the rendering of a final adverse decision on the applicant's application for eligibility for benefits under this title;

(bb) the cessation of the recipient's eligibility for benefits under this title; or

(cc) the express revocation by the applicant or recipient (or such other person referred to in subclause (I)) of the authorization, in a written notification to the Commissioner.

(III)(aa) An authorization obtained by the Commissioner of Social Security pursuant to this clause shall be considered to meet the requirements of the Right to Financial Privacy Act for purposes of section 1103(a) of such Act, and need not be furnished to the financial institution, notwithstanding section 1104(a) of such Act.

(bb) The certification requirements of section 1103(b) of the Right to Financial Privacy Act shall not apply to requests by the Commissioner of Social Security pursuant to an authorization provided under this clause.

(cc) A request by the Commissioner pursuant to an authorization provided under this clause is deemed to meet the requirements

of section 1104(a)(3) of the Right to Financial Privacy Act and the flush language of section 1102 of such Act.

(IV) The Commissioner shall inform any person who provides authorization pursuant to this clause of the duration and scope of the authorization.

(V) If an applicant for, or recipient of, benefits under this title (or any such other person referred to in subclause (I)) refuses to provide, or revokes, any authorization made by the applicant or recipient for the Commissioner of Social Security to obtain from any financial institution any financial record, the Commissioner may, on that basis, determine that the applicant or recipient is ineligible for benefits under this title, determine that adjustment or recovery on account of an overpayment with respect to the applicant or recipient would not defeat the purpose of this title, or both.

(iii)(I) The Commissioner of Social Security may require each applicant for, or recipient of, benefits under this title to provide authorization by the applicant, recipient or legal guardian (or by any other person whose income or resources are material to the determination of the eligibility of the applicant or recipient for such benefits) for the Commissioner to obtain from any payroll data provider (as defined in section 1184(c)(1)) any record held by the payroll data provider with respect to the applicant or recipient (or any such other person) whenever the Commissioner determines the record is needed in connection with a determination of initial or ongoing eligibility or the amount of such benefits.

(II) An authorization provided by an applicant, recipient or legal guardian (or any other person whose income or resources are material to the determination of the eligibility of the applicant or recipient) under this clause shall remain effective until the earliest of—

(aa) the rendering of a final adverse decision on the applicant's application for eligibility for benefits under this title;

(bb) the cessation of the recipient's eligibility for benefits under this title;

(cc) the express revocation by the applicant, or recipient (or such other person referred to in subclause (I)) of the authorization, in a written notification to the Commissioner; or

(dd) the termination of the basis upon which the Commissioner considers another person's income and resources available to the applicant or recipient.

(III) The Commissioner of Social Security is not required to furnish any authorization obtained pursuant to this clause to the payroll data provider.

(IV) The Commissioner shall inform any person who provides authorization pursuant to this clause of the duration and scope of the authorization.

(V) If an applicant for, or recipient of, benefits under this title (or any such other person referred to in subclause (I)) refuses to provide, or revokes, any authorization required by subclause (I), paragraph (2)(B) and paragraph (10) shall not apply to such applicant or recipient beginning with the first day of the first month in which he or she refuses or revokes such authorization.

(C) For purposes of making determinations under section 1611(e), the requirements prescribed by the Commissioner of Social Security pursuant to subparagraph (A) of this paragraph shall require each administrator of a nursing home, extended care facility, or intermediate care facility, within 2 weeks after the admission of any eligible individual or eligible spouse receiving benefits under this title, to transmit to the Commissioner a report of the admission.

(2)(A) In case of the failure by any individual to submit a report of events and changes in circumstances relevant to eligibility for or amount of benefits under this title as required by the Commissioner of Social Security under paragraph (1), or delay by any individual in submitting a report as so required, the Commissioner of Social Security (in addition to taking any other action the Commissioner may consider appropriate under paragraph (1)) shall reduce any benefits which may subsequently become payable to such individual under this title by—

- (i) \$25 in the case of the first such failure or delay,
 - (ii) \$50 in the case of the second such failure or delay, and
 - (iii) \$100 in the case of the third or a subsequent such failure or delay,
- except where the individual was without fault or good cause for such failure or delay existed.

(B) For purposes of subparagraph (A), the Commissioner of Social Security shall find that good cause exists for the failure of, or delay by, an individual in submitting a report of an event or change in circumstances relevant to eligibility for or amount of benefits under this title in any case where—

- (i) the individual (or another person referred to in paragraph (1)(B)(iii)(I)) has provided authorization to the Commissioner to access payroll data records related to the individual; and
- (ii) the event or change in circumstance is a change in the individual's employer.

(3) The Commissioner of Social Security shall provide a method of making payments under this title to an eligible individual who does not reside in a permanent dwelling or does not have a fixed home or mailing address.

(4) A translation into English by a third party of a statement made in a foreign language by an applicant for or recipient of benefits under this title shall not be regarded as reliable for any purpose under this title unless the third party, under penalty of perjury—

- (A) certifies that the translation is accurate; and
- (B) discloses the nature and scope of the relationship between the third party and the applicant or recipient, as the case may be.

(5) In any case in which it is determined to the satisfaction of the Commissioner of Social Security that an individual failed as of any date to apply for benefits under this title by reason of misinformation provided to such individual by any officer or employee of the Social Security Administration relating to such individual's eligibility for benefits under this title, such individual shall be deemed to have applied for such benefits on the later of—

(A) the date on which such misinformation was provided to such individual, or

(B) the date on which such individual met all requirements for entitlement to such benefits (other than application therefor).

(6) In any case in which an individual visits a field office of the Social Security Administration and represents during the visit to an officer or employee of the Social Security Administration in the office that the individual's visit is occasioned by—

(A) the receipt of a notice from the Social Security Administration indicating a time limit for response by the individual, or

(B) the theft, loss, or nonreceipt of a benefit payment under this title,

the Commissioner of Social Security shall ensure that the individual is granted a face-to-face interview at the office with an officer or employee of the Social Security Administration before the close of business on the day of the visit.

(7)(A)(i) The Commissioner of Social Security shall immediately redetermine the eligibility of an individual for benefits under this title if there is reason to believe that fraud or similar fault was involved in the application of the individual for such benefits, unless a United States attorney, or equivalent State prosecutor, with jurisdiction over potential or actual related criminal cases, certifies, in writing, that there is a substantial risk that such action by the Commissioner of Social Security with regard to recipients in a particular investigation would jeopardize the criminal prosecution of a person involved in a suspected fraud.

(ii) When redetermining the eligibility, or making an initial determination of eligibility, of an individual for benefits under this title, the Commissioner of Social Security shall disregard any evidence if there is reason to believe that fraud or similar fault was involved in the providing of such evidence.

(B) For purposes of subparagraph (A), similar fault is involved with respect to a determination if—

(i) an incorrect or incomplete statement that is material to the determination is knowingly made; or

(ii) information that is material to the determination is knowingly concealed.

(C) If, after redetermining the eligibility of an individual for benefits under this title, the Commissioner of Social Security determines that there is insufficient evidence to support such eligibility, the Secretary may terminate such eligibility and may treat benefits paid on the basis of such insufficient evidence as overpayments.

(8)(A) The Commissioner of Social Security shall request the Immigration and Naturalization Service or the Centers for Disease Control to provide the Commissioner of Social Security with whatever medical information, identification information, and employment history either such entity has with respect to any alien who has applied for benefits under title XVI to the extent that the information is relevant to any determination relating to eligibility for such benefits under title XVI.

(B) Subparagraph (A) shall not be construed to prevent the Commissioner of Social Security from adjudicating the case before receiving such information.

(9) Notwithstanding any other provision of law, the Commissioner shall, at least 4 times annually and upon request of the Immigration and Naturalization Service (hereafter in this paragraph referred to as the "Service"), furnish the Service with the name and address of, and other identifying information on, any individual who the Commissioner knows is not lawfully present in the United States, and shall ensure that each agreement entered into under section 1616(a) with a State provides that the State shall furnish such information at such times with respect to any individual who the State knows is not lawfully present in the United States.

(10) An individual who has authorized the Commissioner of Social Security to obtain records from a payroll data provider under paragraph (1)(B)(iii) (or on whose behalf another person described in subclause (I) of such paragraph has provided such authorization) shall not be subject to a penalty under section 1129A for any omission or error with respect to such individual's wages as reported by the payroll data provider.

Furnishing of Information by Other Agencies

(f) The head of any Federal agency shall provide such information as the Commissioner of Social Security needs for purposes of determining eligibility for or amount of benefits, or verifying other information with respect thereto.

Reimbursement to States for Interim Assistance Payments

(g)(1) Notwithstanding subsection (d)(1) and subsection (b) as it relates to the payment of less than the correct amount of benefits, the Commissioner of Social Security may, upon written authorization by an individual, withhold benefits due with respect to that individual and may pay to a State (or a political subdivision thereof if agreed to by the Commissioner of Social Security and the State) from the benefits withheld an amount sufficient to reimburse the State (or political subdivision) for interim assistance furnished on behalf of the individual by the State (or political subdivision).

(2) For purposes of this subsection, the term "benefits" with respect to any individual means supplemental security income benefits under this title, and any State supplementary payments under section 1616 or under section 212 of Public Law 93-66 which the Commissioner of Social Security makes on behalf of a State (or political subdivision thereof), that the Commissioner of Social Security has determined to be due with respect to the individual at the time the Commissioner of Social Security makes the first payment of benefits with respect to the period described in clause (A) or (B) of paragraph (3). A cash advance made pursuant to subsection (a)(4)(A) shall not be considered as the first payment of benefits for purposes of the preceding sentence.

(3) For purposes of this subsection, the term "interim assistance" with respect to any individual means assistance financed from State or local funds and furnished for meeting basic needs (A) during the period, beginning with the month following the month

in which the individual filed an application for benefits (as defined in paragraph (2)), for which he was eligible for such benefits, or (B) during the period beginning with the first month for which the individual's benefits (as defined in paragraph (2)) have been terminated or suspended if the individual was subsequently found to have been eligible for such benefits.

(4) In order for a State to receive reimbursement under the provisions of paragraph (1), the State shall have in effect an agreement with the Commissioner of Social Security which shall provide—

(A) that if the Commissioner of Social Security makes payment to the State (or a political subdivision of the State as provided for under the agreement) in reimbursement for interim assistance (as defined in paragraph (3)) for any individual in an amount greater than the reimbursable amount authorized by paragraph (1), the State (or political subdivision) shall pay to the individual the balance of such payment in excess of the reimbursable amount as expeditiously as possible, but in any event within ten working days or a shorter period specified in the agreement; and

(B) that the State will comply with such other rules as the Commissioner of Social Security finds necessary to achieve efficient and effective administration of this subsection and to carry out the purposes of the program established by this title, including protection of hearing rights for any individual aggrieved by action taken by the State (or political subdivision) pursuant to this subsection.

(5) The provisions of subsection (c) shall not be applicable to any disagreement concerning payment by the Commissioner of Social Security to a State pursuant to the preceding provisions of this subsection nor the amount retained by the State (or political subdivision).

Payment of Certain Travel Expenses

(h) The Commissioner of Social Security shall pay travel expenses, either on an actual cost or commuted basis, to individuals for travel incident to medical examinations requested by the Commissioner of Social Security in connection with disability determinations under this title, and to parties, their representatives, and all reasonably necessary witnesses for travel within the United States (as defined in section 1614(e)) to attend reconsideration interviews and proceedings before administrative law judges with respect to any determination under this title. The amount available under the preceding sentence for payment for air travel by any person shall not exceed the coach fare for air travel between the points involved unless the use of first-class accommodations is required (as determined under regulations of the Commissioner of Social Security) because of such person's health condition or the unavailability of alternative accommodations; and the amount available for payment for other travel by any person shall not exceed the cost of travel (between the points involved) by the most economical and expeditious means of transportation appropriate to such person's health condition, as specified in such regulations. The amount

available for payment under this subsection for travel by a representative to attend an administrative proceeding before an administrative law judge or other adjudicator shall not exceed the maximum amount allowable under this subsection for such travel originating within the geographic area of the office having jurisdiction over such proceeding.

Payment to States With Respect to Certain Unnegotiated Checks

(i)(1) The Secretary of the Treasury shall, on a monthly basis, notify the Commissioner of Social Security of all benefit checks issued under this title which include amounts representing State supplementary payments as described in paragraph (2) and which have not been presented for payment within one hundred and eighty days after the day on which they were issued.

(2) The Commissioner of Social Security shall from time to time determine the amount representing the total of the State supplementary payments made pursuant to agreements under section 1616(a) of this Act and under section 212(b) of Public Law 93-66 which is included in all such benefit checks not presented for payment within one hundred and eighty days after the day on which they were issued, and shall pay each State (or credit each State with) an amount equal to that State's share of all such amount. Amounts not paid to the States shall be returned to the appropriation from which they were originally paid.

(3) The Commissioner of Social Security, upon notice from the Secretary of the Treasury under paragraph (1), shall notify any State having an agreement described in paragraph (2) of all such benefit checks issued under that State's agreement which were not presented for payment within one hundred and eighty days after the day on which they were issued.

(4) The Commissioner of Social Security shall, to the maximum extent feasible, investigate the whereabouts and eligibility of the individuals whose benefit checks were not presented for payment within one hundred and eighty days after the day on which they were issued.

Application and Review Requirements for Certain Individuals

(j)(1) Notwithstanding any provision of section 1611 or 1619, any individual who—

(A) was an eligible individual (or eligible spouse) under section 1611 or was eligible for benefits under or pursuant to section 1619, and

(B) who, after such eligibility, is ineligible for benefits under or pursuant to both such sections for a period of 12 consecutive months (or 24 consecutive months, in the case of such an individual whose ineligibility for benefits under or pursuant to both such sections is a result of being called to active duty pursuant to section 12301(d) or 12302 of title 10, United States Code, or section 502(f) of title 32, United States Code),

may not thereafter become eligible for benefits under or pursuant to either such section until the individual has reapplied for benefits under section 1611 and been determined to be eligible for benefits under such section, or has filed a request for reinstatement of eligi-

bility under subsection (p)(2) and been determined to be eligible for reinstatement.

(2)(A) Notwithstanding any provision of section 1611 or section 1619 (other than subsection (c) thereof), any individual who was eligible for benefits pursuant to section 1619(b), and who—

(i)(I) on the basis of the same impairment on which his or her eligibility under such section 1619(b) was based becomes eligible (other than pursuant to a request for reinstatement under subsection (p)) for benefits under section 1611 or 1619(a) for a month that follows a period during which the individual was ineligible for benefits under sections 1611 and 1619(a), and

(II) has earned income (other than income excluded pursuant to section 1612(b)) for any month in the 12-month period preceding such month that is equal to or in excess of the amount that would cause him or her to be ineligible for payments under section 1611(b) for that month (if he or she were otherwise eligible for such payments); or

(ii)(I) on the basis of the same impairment on which his or her eligibility under such section 1619(b) was based becomes eligible under section 1619(b) for a month that follows a period during which the individual was ineligible under section 1611 and section 1619, and

(II) has earned income (other than income excluded pursuant to section 1612(b)) for such month or for any month in the 12-month period preceding such month that is equal to or in excess of the amount that would cause him or her to be ineligible for payments under section 1611(b) for that month (if he or she were otherwise eligible for such payments);

shall, upon becoming eligible (as described in clause (i)(I) or (ii)(I)), be subject to a prompt review of the type described in section 1614(a)(4).

(B) If the Commissioner of Social Security determines pursuant to a review required by subparagraph (A) that the impairment upon which the eligibility of an individual is based has ceased, does not exist, or is not disabling, such individual may not thereafter become eligible for a benefit under or pursuant to section 1611 or section 1619 until the individual has reapplied for benefits under section 1611 and been determined to be eligible for benefits under such section.

Notifications to Applicants and Recipients

(k) The Commissioner of Social Security shall notify an individual receiving benefits under section 1611 on the basis of disability or blindness of his or her potential eligibility for benefits under or pursuant to section 1619—

(1) at the time of the initial award of benefits to the individual under section 1611 (if the individual has attained the age of 18 at the time of such initial award), and

(2) at the earliest time after an initial award of benefits to an individual under section 1611 that the individual's earned income for a month (other than income excluded pursuant to section 1612(b)) is \$200 or more, and periodically thereafter so

long as such individual has earned income (other than income so excluded) of \$200 or more per month.

(1) is written in simple and clear language, and

(2) includes the address and telephone number of the local office of the Social Security Administration which serves the recipient.

In the case of any such notice which is not generated by a local servicing office, the requirements of paragraph (2) shall be treated as satisfied if such notice includes the address of the local office of the Social Security Administration which services the recipient of the notice and a telephone number through which such office can be reached.

Reinstatement of Eligibility on the Basis of Blindness or Disability

(p)(1)(A) Eligibility for benefits under this title shall be reinstated in any case where the Commissioner determines that an individual described in subparagraph (B) has filed a request for reinstatement meeting the requirements of paragraph (2)(A) during the period prescribed in subparagraph (C). Reinstatement of eligibility shall be in accordance with the terms of this subsection.

(B) An individual is described in this subparagraph if—

(i) prior to the month in which the individual files a request for reinstatement—

(I) the individual was eligible for benefits under this title on the basis of blindness or disability pursuant to an application filed therefor; and

(II) the individual thereafter was ineligible for such benefits due to earned income (or earned and unearned income) for a period of 12 or more consecutive months;

(ii) the individual is blind or disabled and the physical or mental impairment that is the basis for the finding of blindness or disability is the same as (or related to) the physical or mental impairment that was the basis for the finding of blindness or disability that gave rise to the eligibility described in clause (i);

(iii) the individual's blindness or disability renders the individual unable to perform substantial gainful activity; and

(iv) the individual satisfies the nonmedical requirements for eligibility for benefits under this title.

(C)(i) Except as provided in clause (ii), the period prescribed in this subparagraph with respect to an individual is 60 consecutive months beginning with the month following the most recent month for which the individual was eligible for a benefit under this title (including section 1619) prior to the period of ineligibility described in subparagraph (B)(i)(II).

(ii) In the case of an individual who fails to file a reinstatement request within the period prescribed in clause (i), the Commissioner may extend the period if the Commissioner determines that the individual had good cause for the failure to so file.

(2)(A)(i) A request for reinstatement shall be filed in such form, and containing such information, as the Commissioner may prescribe.

(ii) A request for reinstatement shall include express declarations by the individual that the individual meets the requirements specified in clauses (ii) through (iv) of paragraph (1)(B).

(B) A request for reinstatement filed in accordance with subparagraph (A) may constitute an application for benefits in the case of any individual who the Commissioner determines is not eligible for reinstated benefits under this subsection.

(3) In determining whether an individual meets the requirements of paragraph (1)(B)(ii), the provisions of section 1614(a)(4) shall apply.

(4)(A) Eligibility for benefits reinstated under this subsection shall commence with the benefit payable for the month following the month in which a request for reinstatement is filed.

(B)(i) Subject to clause (ii), the amount of the benefit payable for any month pursuant to the reinstatement of eligibility under this subsection shall be determined in accordance with the provisions of this title.

(ii) The benefit under this title payable for any month pursuant to a request for reinstatement filed in accordance with paragraph (2) shall be reduced by the amount of any provisional benefit paid to such individual for such month under paragraph (7).

(C) Except as otherwise provided in this subsection, eligibility for benefits under this title reinstated pursuant to a request filed under paragraph (2) shall be subject to the same terms and conditions as eligibility established pursuant to an application filed therefor.

(5) Whenever an individual's eligibility for benefits under this title is reinstated under this subsection, eligibility for such benefits shall be reinstated with respect to the individual's spouse if such spouse was previously an eligible spouse of the individual under this title and the Commissioner determines that such spouse satisfies all the requirements for eligibility for such benefits except requirements related to the filing of an application. The provisions of paragraph (4) shall apply to the reinstated eligibility of the spouse to the same extent that they apply to the reinstated eligibility of such individual.

(6) An individual to whom benefits are payable under this title pursuant to a reinstatement of eligibility under this subsection for twenty-four months (whether or not consecutive) shall, with respect to benefits so payable after such twenty-fourth month, be deemed for purposes of paragraph (1)(B)(i)(I) to be eligible for such benefits on the basis of an application filed therefor.

(7)(A) An individual described in paragraph (1)(B) who files a request for reinstatement in accordance with the provisions of paragraph (2)(A) shall be eligible for provisional benefits payable in accordance with this paragraph, unless the Commissioner determines that the individual does not meet the requirements of paragraph (1)(B)(i) or that the individual's declaration under paragraph (2)(A)(ii) is false. Any such determination by the Commissioner shall be final and not subject to review under paragraph (1) or (3) of subsection (c).

(B)(i) Except as otherwise provided in clause (ii), the amount of a provisional benefit for a month shall equal the amount of the monthly benefit that would be payable to an eligible individual under this title with the same kind and amount of income.

(ii) If the individual has a spouse who was previously an eligible spouse of the individual under this title and the Commissioner determines that such spouse satisfies all the requirements of section 1614(b) except requirements related to the filing of an application, the amount of a provisional benefit for a month shall equal the amount of the monthly benefit that would be payable to an eli-

gible individual and eligible spouse under this title with the same kind and amount of income.

(C)(i) Provisional benefits shall begin with the month following the month in which a request for reinstatement is filed in accordance with paragraph (2)(A).

(ii) Provisional benefits shall end with the earliest of—

(I) the month in which the Commissioner makes a determination regarding the individual's eligibility for reinstated benefits;

(II) the fifth month following the month for which provisional benefits are first payable under clause (i); or

(III) the month in which the Commissioner determines that the individual does not meet the requirements of paragraph (1)(B)(i) or that the individual's declaration made in accordance with paragraph (2)(A)(ii) is false.

(D) In any case in which the Commissioner determines that an individual is not eligible for reinstated benefits, any provisional benefits paid to the individual under this paragraph shall not be subject to recovery as an overpayment unless the Commissioner determines that the individual knew or should have known that the individual did not meet the requirements of paragraph (1)(B).

(8) For purposes of this subsection other than paragraph (7), the term "benefits under this title" includes State supplementary payments made pursuant to an agreement under section 1616(a) of this Act or section 212(b) of Public Law 93-66.

(c) Any person or entity convicted of a violation of subsection (a) of this section or of section 208 may not be certified as a representative payee under section 1631(a)(2).

DETERMINATIONS OF MEDICAID ELIGIBILITY

SEC. 1634. [42 U.S.C. 1383c] (a) The Commissioner of Social Security may enter into an agreement with any State which wishes to do so under which he will determine eligibility for medical assistance in the case of aged, blind, or disabled individuals under such State's plan approved under title XIX. Any such agreement shall provide for payments by the State, for use by the Commissioner of Social Security in carrying out the agreement, of an amount equal to one-half of the cost of carrying out the agreement, but in computing such cost with respect to individuals eligible for benefits under this title, the Commissioner of Social Security shall include only those costs which are additional to the costs incurred in carrying out this title.

(b)(1) An eligible disabled widow or widower (described in paragraph (2)) who is entitled to a widow's or widower's insurance benefit based on a disability for any month under section 202(e) or (f) but is not eligible for benefits under this title in that month, and who applies for the protection of this subsection under paragraph (3), shall be deemed for purposes of title XIX to be an individual with respect to whom benefits under this title are paid in that month if he or she—

(A) has been continuously entitled to such widow's or widower's insurance benefits from the first month for which the increase described in paragraph (2)(C) was reflected in such benefits through the month involved, and

(B) would be eligible for benefits under this title in the month involved if the amount of the increase described in paragraph (2)(C) in his or her widow's or widower's insurance benefits, and any subsequent cost-of-living adjustments in such benefits under section 215(i), were disregarded.

(2) For purposes of paragraph (1), the term “eligible disabled widow or widower” means an individual who—

(A) was entitled to a monthly insurance benefit under title II for December 1983,

(B) was entitled to a widow's or widower's insurance benefit based on a disability under section 202(e) or (f) for January 1984 and with respect to whom a benefit under this title was paid in that month, and

(C) because of the increase in the amount of his or her widow's or widower's insurance benefits which resulted from the amendments made by section 134 of the Social Security Amendments of 1983 (Public Law 98–21) (eliminating the additional reduction factor for disabled widows and widowers under age 60), was ineligible for benefits under this title in the first month in which such increase was paid to him or her (and in which a retroactive payment of such increase for prior months was not made).

(3) This subsection shall only apply to an individual who files a written application for protection under this subsection, in such manner and form as the Commissioner of Social Security may prescribe, no later than July 1, 1988.

(4) For purposes of this subsection, the term “benefits under this title” includes payments of the type described in section 1616(a) or of the type described in section 212(a) of Public Law 93–66.

(c) If any individual who has attained the age of 18 and is receiving benefits under this title on the basis of blindness or a disability which began before he or she attained the age of 22—

(1) becomes entitled, on or after the effective date of this subsection, to child's insurance benefits which are payable under section 202(d) on the basis of such disability or to an increase in the amount of the child's insurance benefits which are so payable, and

(2) ceases to be eligible for benefits under this title because of such child's insurance benefits or because of the increase in such child's insurance benefits,

such individual shall be treated for purposes of title XIX as receiving benefits under this title so long as he or she would be eligible for benefits under this title in the absence of such child's insurance benefits or such increase.

(d)(1) This subsection applies with respect to any person who—

(A) applies for and obtains benefits under subsection (e) or (f) of section 202 (or under any other subsection of section 202 if such person is also eligible for benefits under such subsection (e) or (f)) being then not entitled to hospital insurance benefits under part A of title XVIII, and

(B) is determined to be ineligible (by reason of the receipt of such benefits under section 202) for supplemental security income benefits under this title or for State supplementary payments of the type described in section 1616(a) (or payments of the type described in section 212(a) of Public Law 93–66).

(2) For purposes of title XIX, each person with respect to whom this subsection applies—

(A) shall be deemed to be a recipient of supplemental security income benefits under this title if such person received such a benefit for the month before the month in which such person began to receive a benefit described in paragraph (1)(A), and

(B) shall be deemed to be a recipient of State supplementary payments of the type referred to in section 1616(a) of this Act (or payments of the type described in section 212(a) of Public Law 93–66) if such person received such a payment for the month before the month in which such person began to receive a benefit described in paragraph (1)(A),

for so long as such person (i) would be eligible for such supplemental security income benefits, or such State supplementary payments (or payments of the type described in section 212(a) of Public Law 93–66), in the absence of benefits described in paragraph (1)(A), and (ii) is not entitled to hospital insurance benefits under part A of title XVIII.

PROHIBITION AGAINST ANY FEDERAL INTERFERENCE

SEC. 1801. [42 U.S.C. 1395] Nothing in this title shall be construed to authorize any Federal officer or employee to exercise any supervision or control over the practice of medicine or the manner in which medical services are provided, or over the selection, tenure, or compensation of any officer or employee of any institution, agency, or person providing health services; or to exercise any supervision or control over the administration or operation of any such institution, agency, or person.

FREE CHOICE BY PATIENT GUARANTEED

SEC. 1802. [42 U.S.C. 1395a] (a) **BASIC FREEDOM OF CHOICE.**—Any individual entitled to insurance benefits under this title may obtain health services from any institution, agency, or person qualified to participate under this title if such institution, agency, or person undertakes to provide him such services.

(b) **USE OF PRIVATE CONTRACTS BY MEDICARE BENEFICIARIES.**—

(1) **IN GENERAL.**—Subject to the provisions of this subsection, nothing in this title shall prohibit a physician or practitioner from entering into a private contract with a medicare beneficiary for any item or service—

(A) for which no claim for payment is to be submitted under this title, and

(B) for which the physician or practitioner receives—
 (i) no reimbursement under this title directly or on a capitated basis, and
 (ii) receives no amount for such item or service from an organization which receives reimbursement for such item or service under this title directly or on a capitated basis.

(2) BENEFICIARY PROTECTIONS.—

(A) IN GENERAL.—Paragraph (1) shall not apply to any contract unless—

(i) the contract is in writing and is signed by the medicare beneficiary before any item or service is provided pursuant to the contract;
 (ii) the contract contains the items described in subparagraph (B); and
 (iii) the contract is not entered into at a time when the medicare beneficiary is facing an emergency or urgent health care situation.

(B) ITEMS REQUIRED TO BE INCLUDED IN CONTRACT.—

Any contract to provide items and services to which paragraph (1) applies shall clearly indicate to the medicare beneficiary that by signing such contract the beneficiary—

(i) agrees not to submit a claim (or to request that the physician or practitioner submit a claim) under this title for such items or services even if such items or services are otherwise covered by this title;
 (ii) agrees to be responsible, whether through insurance or otherwise, for payment of such items or services and understands that no reimbursement will be provided under this title for such items or services;
 (iii) acknowledges that no limits under this title (including the limits under section 1848(g)) apply to amounts that may be charged for such items or services;
 (iv) acknowledges that Medigap plans under section 1882 do not, and other supplemental insurance plans may elect not to, make payments for such items and services because payment is not made under this title; and
 (v) acknowledges that the medicare beneficiary has the right to have such items or services provided by other physicians or practitioners for whom payment would be made under this title.

Such contract shall also clearly indicate whether the physician or practitioner is excluded from participation under the medicare program under section 1128.

(iii) a copy of the affidavit is filed with the Secretary no later than 10 days after the first contract to which such affidavit applies is entered into.

(C) ENFORCEMENT.—If a physician or practitioner signing an affidavit under subparagraph (B) knowingly and willfully submits a claim under this title for any item or service provided during the applicable 2-year period (or receives any reimbursement or amount described in paragraph (1)(B) for any such item or service) with respect to such affidavit—

(i) this subsection shall not apply with respect to any items and services provided by the physician or practitioner pursuant to any contract on and after the date of such submission and before the end of such period; and

(ii) no payment shall be made under this title for any item or service furnished by the physician or practitioner during the period described in clause (i) (and no reimbursement or payment of any amount described in paragraph (1)(B) shall be made for any such item or service).

(D) APPLICABLE 2-YEAR PERIODS FOR EFFECTIVENESS OF AFFIDAVITS.—In this subsection, the term “applicable 2-year period” means, with respect to an affidavit of a physician or practitioner under subparagraph (B), the 2-year period beginning on the date the affidavit is signed and includes each subsequent 2-year period unless the physician or practitioner involved provides notice to the Secretary (in a form and manner specified by the Secretary), not later than 30 days before the end of the previous 2-year period, that the physician or practitioner does not want to extend the application of the affidavit for such subsequent 2-year period.

(4) LIMITATION ON ACTUAL CHARGE AND CLAIM SUBMISSION REQUIREMENT NOT APPLICABLE.—Section 1848(g) shall not apply with respect to any item or service provided to a medicare beneficiary under a contract described in paragraph (1).
